LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

CANONS OF POLICE ETHICS

Article 1: Primary Responsibility of Job

The primary responsibility of the police service, and of the individual officer, is the protection of people of the United States through the upholding of laws. Chief among these laws is the Constitution of the United States and its Amendments. The law enforcement officer always represents the whole of the community and its legally expressed will and is never the arm of any political party or clique.

Article 2: Limitations of Authority

The first duty of a law enforcement officer, as upholder of the law, is to know its bounds upon him in enforcing it. Because he represents the legal will of the community, be it local, state, or federal, he must be aware of the limitations and proscriptions which the people, through the law, have placed upon him. He must recognize the genius of the American system of government which gives to no man, groups of men, or institutions, absolute power; and he must ensure that he, as a prime defender of that system, does not pervert its character.

Article 3: Duty to be Familiar with the Law and with Responsibilities of Self and Other Public Officials

The law enforcement officer shall assiduously apply himself to the study of the principles of the laws which he is sworn to uphold. He will make certain of his responsibilities in the particulars of their enforcement, seeking aid from his superiors in matters of technicality or principle when these are not clear to him. He will make special effort to fully understand his relationship to other public officials, including other law enforcement agencies, particularly on matters of jurisdiction, both geographically and substantively.

Article 4: Utilization of Proper Means to Gain Proper Ends

The law enforcement officer shall be mindful of his responsibility to pay strict attention to the selection of means in discharging the duties of his office. Violations of law or disregard for public safety and property on the part of an officer are intrinsically wrong; they are self-defeating in that they instill in the public mind a like disposition. The employment of illegal means, no matter how worthy the end, is certain to encourage disrespect for the law and its officers. If the law is to be honored, it must be by those who enforce it.

Article 5: Cooperation with Public Officials in the Discharge of Their Authorized Duties

The law enforcement officer shall cooperate fully with other public officials in the discharge of authorized duties, regardless of party affiliation or personal prejudice. He shall be meticulous, however, in assuring himself of the propriety, under the law, of such actions and shall guard against the use of his office or person, whether knowingly or unknowingly, in any improper or illegal action. In any situation open to question, he shall seek authority from his superior officer, giving him a full report of the proposed service or action.

Article 6: Private Conduct

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

The law enforcement officer shall be mindful of his special identification by the public as an upholder of the law. Laxity of conduct or manner in private life, expressing either disrespect for the law or seeking to gain special privilege, cannot but reflect upon the police officer and the police service. The community and the service require that the law enforcement officer lead the life of a decent and honorable person. Following the career of a police officer gives no person special perquisites. It does give the satisfaction and pride of following and furthering an unbroken tradition of safeguarding the American republic. The officer who reflects upon this tradition will not degrade it. Rather, he will so conduct his private life that the public will regard him as an example of stability, fidelity, and morality.

Article 7: Conduct Toward the Public

The law enforcement officer, mindful of his responsibility to the whole community, shall deal with individuals of the community in a manner calculated to instill respect for its laws and its police service. The law enforcement officer shall conduct his official life in a manner such as will inspire confidence and trust. Thus, he will be neither overbearing nor subservient, as no individual citizen has an obligation to stand in awe of him nor a right to command him. The officer will give service where he can, and will require compliance with the law. He will do neither from personal preference or prejudice but rather as a duly appointed officer of the law discharging his sworn obligation.

Article 8: Conduct in Arresting and Dealing with Law Violators

The law enforcement officer shall use his powers of arrest strictly in accordance with the law and with due regard to the rights of the citizen concerned. His office gives him no right to prosecute the violator nor to mete out punishment for the offense. He shall, at all times, have a clear appreciation of his responsibilities and limitations regarding detention of the violator. He shall conduct himself in such a manner as will minimize the possibility of having to use force. To this end, he shall cultivate a dedication to the service of the people and the equitable upholding of their laws, whether in the handling of law violators or in dealing with the law abiding.

Article 9: Gifts and Favors

The law enforcement officer, representing government, bears the heavy responsibility of maintaining, in his own conduct, the honor and integrity of all government institutions. He shall, therefore, guard against placing himself in a position in which any person can expect special consideration or in which the public can reasonably assume that special consideration is being given. Thus, he should be firm in refusing gifts, favors or gratuities, large or small, which can, in the public mind, be interpreted as capable of influencing his judgment in the discharge of his duties.

Article 10: Presentation of Evidence

The law enforcement officer shall be concerned equally in the prosecution of the wrong-doer and the defense of the innocent. He shall ascertain what constitutes evidence and shall present such evidence impartially and without malice. In so doing, he will ignore social, political, and all other distinctions among the persons involved, strengthening the tradition of the reliability and integrity of an officer's word.

© 1995-2014 Lexipol, LLC

Article 11: Attitude Toward Profession

The law enforcement officer shall regard the discharge of his duties as a public trust and recognize his responsibility as a public servant. By diligent study and sincere attention to self-improvement, he shall strive to make the best possible application of science to the solution of crime, and in the field of human relationships, shall strive for effective leadership and public influence in matters affecting public safety. He shall appreciate the importance and responsibility of his office and shall hold police work to be an honorable profession rendering valuable service to his community and country.

The manual provides for a strategic response by all employees and assigns specific responsibilities in the event the plan is activated.

120.2 ACTIVATING THE EMERGENCY PLAN

The Emergency Management Plan can be activated in a number of ways. The Chief of Police or his designee, Emergency Management Coordinator, or the highest ranking official on-duty may activate the Emergency Management Plan in response to a major emergency.

120.3 LOCATION OF MANUALS

The manual for the employees is available in City Hall at the Emergency Management Coordinator's Office, Police Administration, in the Shift Commander's office and in Dispatch.

120.4 PLAN REVIEW

At least once every two years the Emergency Management Coordinator should conduct a review of the Emergency Management Plan, incorporating a full or partial exercise, tabletop or command staff discussion. Supervision Staffing Levels

122.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that proper supervision is available for all shifts. The Department intends to balance employee needs against the need to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the need to meet the operational requirements of the Department.

122.2 MINIMUM STAFFING LEVELS

Minimum staffing levels should result in the scheduling of at least one shift commander on-duty whenever possible. The shift commander may be a corporal, sergeant, or the patrol captain.

122.2.1 SUPERVISION DEPLOYMENTS

In order to accommodate training and other unforeseen circumstances, an officer may be used as field supervisors in place of a field sergeant.

Shift Commanders

124.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with department policies, procedures, practices, functions and objectives. To accomplish this goal, a Sergeant heads each watch.

124.2 DESIGNATION AS ACTING SHIFT COMMANDER

When a Sergeant is unavailable for duty as Shift Commander, in most instances the senior qualified corporal shall be designated as acting Shift Commander. This policy does not preclude designating a less senior corporal as an acting Shift Commander when operational needs require or training permits.

When the Sergeant is on-duty or returns to duty, the Corporal shall fall in line with the rest of the patrolmen on shift, unless otherwise directed by the shift commander.

200.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial and reasonable manner.

200.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Force - The application of physical techniques or tactics, chemical agents or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed or restrained.

Exclusions from Force definition:

(a) **Soft-Hand** application of control does not constitute force within this chapter.

(b) **The threat of force** through the display of a weapon or commentary does not constitute force within this chapter.

200.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

200.2.1 DUTY TO INTERCEDE

Any officer present and observing another officer using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force. An officer who observes another employee use force that exceeds the degree of force permitted by law should promptly report these observations to a supervisor.

200.2.2 EXCESSIVE FORCE PROHIBITED

It is the policy of the City of Aransas Pass, Police Department to prohibit the use of excessive force by the law enforcement staff within its jurisdiction against any individual engaged in nonviolent civil rights demonstrations.

200.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

200.3.1 USE OF FORCE TO EFFECT AN ARREST

An officer may use reasonable force to effect an arrest, search, prevent escape or overcome resistance. If it is not reasonably apparent to the person to be arrested, or it is not reasonably impracticable to do so, officers should make clear their intent to arrest or search the person and identify themselves as peace officers before using force (Tex. Penal Code § 9.51).

200.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include, but are not limited to:

(a) Immediacy and severity of the threat to officers or others.

(b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.

© 1995-2014 Lexipol, LLC

(c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).

(d) The effects of drugs or alcohol.

(e) Subject's mental state or capacity.

(f) Proximity of weapons or dangerous improvised devices.

(g) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.

(h) The availability of other options and their possible effectiveness.

(i) Seriousness of the suspected offense or reason for contact with the individual.

(j) Training and experience of the officer.

(k) Potential for injury to officers, suspects and others.

(l) Whether the person appears to be resisting, attempting to evade arrest by flight or is attacking the officer.

(m) The risk and reasonably foreseeable consequences of escape.

(n) The apparent need for immediate control of the subject or a prompt resolution of the situation.

(o) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.

(p) Prior contacts with the subject or awareness of any propensity for violence.

(q) Any other exigent circumstances.

200.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

(a) The degree to which the application of the technique may be controlled given the level of resistance.

(b) Whether the person can comply with the direction or orders of the officer.

(c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

© 1995-2014 Lexipol, LLC

200.3.4 CAROTID CONTROL HOLD

The proper application of the carotid control hold may be effective in restraining a violent or combative individual. However, due to the potential for injury, the use of the carotid control hold is subject to the following:

(a) The officer shall have successfully completed department-approved training in the use and application of the carotid control hold.

(b) The carotid control hold may only be used when circumstances perceived by the officer at the time indicate that such application reasonably appears necessary to control a person in any of the following circumstances:

1. The subject is violent or physically resisting.
2. The subject, by words or actions, has demonstrated an intention to be violent and reasonably appears to have the potential to harm officers, him/herself or others.

(c) The application of a carotid control hold on the following individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective, or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of applying a carotid control hold:

1. Females who are known to be pregnant
2. Elderly individuals
3. Obvious juveniles

(d) Any individual who has had the carotid control hold applied, regardless of whether he/she was rendered unconscious, shall be promptly examined by paramedics or other qualified medical personnel and should be monitored until examined by paramedics or other appropriate medical personnel.

(e) The officer shall inform any person receiving custody, or any person placed in a position of providing care, that the individual has been subjected to the carotid control hold and whether the subject lost consciousness as a result.

(f) Any officer attempting or applying the carotid control hold shall promptly notify a supervisor of the use or attempted use of such hold.

(g) The use or attempted use of the carotid control hold shall be thoroughly documented by the officer in any related reports.

200.4 DEADLY FORCE APPLICATIONS

Use of deadly force is justified in the following circumstances:

(a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes would be an imminent threat of death or serious bodily injury.

© 1995-2014 Lexipol, LLC

(b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the person has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the subject is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes any of the following:

1. The person has a weapon or is attempting to access one and it is reasonable to believe the person intends to use it against the officer or another.
2. The person is capable of causing serious bodily injury or death without a weapon and it is reasonable to believe the person intends to do so.

200.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective. Officers should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

Officers shall not put themselves in danger of being struck by the vehicle which may heighten the level of force to be applied.

200.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report approved by the department, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the Department requires the completion of additional use of force report forms, as specified in department policy, procedure or law.

200.5.1 NOTIFICATION TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

(a) The application caused a visible injury.

(b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.

(c) The individual subjected to the force complained of injury or continuing pain.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(d) The individual indicates intent to pursue litigation.

(e) Any application of the or control device.

(f) Any application of a restraint device other than handcuffs, shackles or belly chains.

(g) The individual subjected to the force was rendered unconscious.

(h) An individual was struck or kicked.

(i) An individual alleges any of the above has occurred.

In all other use of force situations, not requiring an immediate report to a supervisor, the officer shall report the use of force on department approved forms and submit said report to their supervisor for later review.

200.6 MEDICAL CONSIDERATION

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor, or if not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. **Calls involving these persons should be considered medical emergencies.** Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

200.7 SUPERVISOR RESPONSIBILITY

When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.

(b) Ensure that any injured parties are examined and treated.

(c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her *Miranda* rights, the following shall apply:

1. The content of the interview should not be summarized or included in any related criminal charges.
2. The fact that a recorded interview was conducted should be documented in a property or other report.
3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.

(d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.

(e) Identify any witnesses not already included in related reports.

(f) Review and approve all related reports.

(g) Determine if there is any indication that the subject may pursue civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.

(h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

200.7.1 SHIFT COMMANDER RESPONSIBILITY

The shift commander or the patrol sergeant/captain shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues. All use of force situations shall be investigated by a patrol sergeant or captain. Once that investigation is complete, the use of force review report shall be turned over to the Chief of Police or his designee for final review and approval.

© 1995-2014 Lexipol, LLC

200.8 ANNUAL USE OF FORCE REPORT

The patrol commander shall submit an annual Use of Force Report to the Chief of Police. The report should be based on the Use of Force Forms submitted to the patrol commander throughout the year. In compiling the annual report, the patrol Commander should consider reviewing:

(a) The type of force used.

(b) Whether the force used was effective in controlling the individual.

(c) The location (premise type) where the force was used.

(d) The number of officers present when the force was used.

(e) The identity and number of officers who used force.

(f) Precipitating events leading to the use of force.

(g) The type of offense or arrest.

(h) Whether alcohol and/or narcotics were involved.

(i) The report should analyze the use of force incidents to determine whether:

1. Any policies need revision.
2. Additional training is needed and the scope of the training required.
3. Any equipment changes that may be needed.
4. Any changes in methods of operation or response that may be needed.

200.9 TRAINING

Officers will receive periodic training on this policy and demonstrate their knowledge and understanding.

Handcuffing and Restraints

204.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

204.2 POLICY

The Aransas Pass Police Department authorizes the use of restraint devices inaccordance with this policy, the Use of Force Policy and departmenttraining. Restraint devices shall not be used to punish, to displayauthority or as a show of force.

204.3 USE OF RESTRAINTS

Only members who have successfully completed Aransas Pass Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

204.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

204.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety.

No person who is in labor, delivery or recovering from delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary to prevent escape or injury (Tex. Local Gov't. Code § 361.082).

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

204.3.3 RESTRAINT OF JUVENILES
A juvenile under 10 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

204.3.4 NOTIFICATIONS
Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail.

204.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS
Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

204.5 APPLICATION OF SPIT HOODS/MASKS/SOCKS
Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of restrained individuals due to the potential for impaired or distorted vision on the part of the individual. Officers should avoid comingling individuals wearing spit hoods with other detainees.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

204.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

204.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

(a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.

(b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers).

(c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

204.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints the following guidelines should be followed:

(a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.

(b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.

(d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.

(e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.

(f) When transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Under no circumstances shall an individual be hogtied.

204.8 REQUIRED DOCUMENTATION

If an individual is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If an individual is arrested, the use of restraints other than handcuffs shall be documented in the related report. The officer should include, as appropriate:

(a) The amount of time the suspect was restrained.

(b) How the suspect was transported and the position of the suspect.

(c) Observations of the suspect’s behavior and any signs of physiological problems.

(d) Any known or suspected drug use or other medical problems.

Control Devices and Techniques

206.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

206.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Aransas Pass Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

206.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

206.4 RESPONSIBILITIES

206.4.1 SHIFT COMMANDER RESPONSIBILITIES

The Shift Commander may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

206.4.2 ARMORER RESPONSIBILITIES

The Armorer shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

In addition to regular supervisory inspections, every control device will be periodically inspected by the Armorer or the designated instructor for a particular control device. The inspection shall be documented.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

206.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Armorer for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

In lieu of a damage report form, the officer may utilize department email or an inner office memorandum.

206.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

206.6 TEAR GAS GUIDELINES

Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Shift Commander, Incident Commander or Crisis Response Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

206.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

206.7.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

© 1995-2014 Lexipol, LLC

OC spray carried shall not be flammable and should be compatible for use in combination with a conducted energy device.

206.7.2 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Accidental discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

206.7.3 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

206.8 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner’s expense. Information regarding the method of notice and the individuals notified should be included in related reports.

206.9 KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

206.9.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

© 1995-2014 Lexipol, LLC

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

(a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.

(b) The suspect has made credible threats to harm him/herself or others.

(c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.

(d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

206.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

(a) Distance and angle to target.

(b) Type of munitions employed.

(c) Type and thickness of subject's clothing.

(d) The subject's proximity to others.

(e) The location of the subject.

(f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

206.9.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Officers will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the officer shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

206.10 TRAINING FOR CONTROL DEVICES

The Training Coordinator shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

(a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.

(b) All training and proficiency for control devices will be documented in the officer's training file.

(c) Officers who fail to demonstrate proficiency with the control device or knowledge of this department's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this department's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

206.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Conducted Energy Device

208.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of the TASER® device.

208.2 POLICY

The TASER device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

208.2.1 DEFINITIONS

CED is Conducted Energy Device

Taser is a CED and refers to CED in use throughout this policy section.

208.3 ISSUANCE AND CARRYING TASER DEVICES

Only members who have successfully completed department-approved training may be issued and carry the TASER device.

TASER devices are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department's inventory.

Officers shall only use the TASER device and cartridges that have been issued by the Department. Uniformed officers who have been issued the TASER device shall wear the device in an approved holster on their person. Non-uniformed officers may secure the TASER device in the driver's compartment of their vehicle.

Members carrying the TASER device should perform a spark test on the unit prior to every shift.

When carried while in uniform, officers shall carry the TASER device in a weak-side holster on the side opposite the duty weapon.

(a) All TASER devices shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.

(b) Whenever practicable, officers should carry two or more cartridges on their person when carrying the TASER device.

(c) Officers shall be responsible for ensuring that their issued TASER device is properly maintained and in good working order.

(d) Officers should not hold both a firearm and the TASER device at the same time.

208.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the TASER device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(a) Provide the individual with a reasonable opportunity to voluntarily comply.

(b) Provide other officers and individuals with a warning that the TASER device may be deployed.

If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the TASER device. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the TASER device in the related report.

208.5 USE OF THE TASER DEVICE

The TASER device has limitations and restrictions requiring consideration before its use. The TASER device should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER device is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

208.5.1 APPLICATION OF THE TASER DEVICE

The TASER device may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

(a) The subject is violent or is physically resisting.

(b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the TASER device to apprehend an individual.

208.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the TASER device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

(a) Individuals who are known to be pregnant.

(b) Elderly individuals or obvious juveniles.

(c) Individuals with obviously low body mass.

© 1995-2014 Lexipol, LLC

(d) Individuals who are handcuffed or otherwise restrained.

(e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.

(f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the TASER device in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The TASER device shall not be used to psychologically torment, elicit statements or to punish any individual.

208.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the TASER device probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

208.5.4 MULTIPLE APPLICATIONS OF THE TASER DEVICE

Officers should apply the TASER device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER device against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the TASER device appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the TASER device, including:

(a) Whether the probes are making proper contact.

(b) Whether the individual has the ability and has been given a reasonable opportunity to comply.

(c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one TASER device at a time against a single subject.

© 1995-2014 Lexipol, LLC

208.5.5 ACTIONS FOLLOWING DEPLOYMENTS
Officers shall notify a supervisor of all TASER device discharges. Confetti tags should be collected and the expended cartridge, along with both probes and wire, should be submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

208.5.6 DANGEROUS ANIMALS
The TASER device may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

208.5.7 OFF-DUTY CONSIDERATIONS
Officers are not authorized to carry department TASER devices while off-duty.

Officers shall ensure that TASER devices are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

208.6 DOCUMENTATION
Officers shall document all TASER device discharges in the related arrest/crime report and the TASER device report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, laser activation and arcing the device will also be documented on the report form.

208.6.1 TASER DEVICE FORM
Items that shall be included in the TASER device report form are:

(a) The type and brand of TASER device and cartridge and cartridge serial number.

(b) Date, time and location of the incident.

(c) Whether any display, laser or arc deterred a subject and gained compliance.

(d) The number of TASER device activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.

(e) The range at which the TASER device was used.

(f) The type of mode used (probe or drive-stun).

(g) Location of any probe impact.

(h) Location of contact in drive-stun mode.

(i) Description of where missed probes went.

(j) Whether medical care was provided to the subject.

(k) Whether the subject sustained any injuries.

(l) Whether any officers sustained any injuries.

© 1995-2014 Lexipol, LLC

The Training Coordinator should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Training Coordinator should also conduct audits of data downloads and reconcile TASER device report forms with recorded activations. TASER device information and statistics, with identifying information removed, should periodically be made available to the public.

208.6.2 REPORTS
The officer should include the following in the arrest/crime report:

(a) Identification of all personnel firing TASER devices

(b) Identification of all witnesses

(c) Medical care provided to the subject

(d) Observations of the subject's physical and physiological actions

(e) Any known or suspected drug use, intoxication or other medical problems

208.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove TASER device probes from a person's body. Used TASER device probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by TASER device probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

(a) The person is suspected of being under the influence of controlled substances and/or alcohol.

(b) The person may be pregnant.

(c) The person reasonably appears to be in need of medical attention.

(d) The TASER device probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).

(e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

© 1995-2014 Lexipol, LLC

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER device.

208.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER device may be used. A supervisor should respond to all incidents where the TASER device was activated.

A supervisor should review each incident where a person has been exposed to an activation of the TASER device. The device's onboard memory should be downloaded through the data port by a supervisor or the armorer and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

208.9 TRAINING

Personnel who are authorized to carry the TASER device shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the TASER device as a part of their assignment for a period of six months or more shall be recertified by a department-approved TASER device instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued TASER devices should occur every year. A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Training Coordinator. All training and proficiency for TASER devices will be documented in the officer's training file.

Command staff, supervisors and investigators should receive TASER device training as appropriate for the investigations they conduct and review.

Officers who do not carry TASER devices should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Training Coordinator is responsible for ensuring that all members who carry TASER devices have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of TASER devices during training could result in injury to personnel and should not be mandatory for certification.

The Training Coordinator should ensure that all training includes:

(a) A review of this policy.

(b) A review of the Use of Force Policy.

(c) Performing weak-hand draws or cross-draws to reduce the possibility of accidentally drawing and firing a firearm.

(d) Target area considerations, to include techniques or options to reduce the accidental application of probes near the head, neck, chest and groin.

© 1995-2014 Lexipol, LLC

(e) Handcuffing a subject during the application of the TASER device and transitioning to other force options.

(f) De-escalation techniques.

(g) Restraint techniques that do not impair respiration following the application of the TASER device.

Officer-Involved Shooting

210.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured as the result of an officer-involved shooting. The intent of this policy is to ensure that such incidents be investigated in a fair and impartial manner.

210.2 INVESTIGATION RESPONSIBILITY

This department will request the assistance of the Texas Rangers or Texas DPS for investigating officer-involved shootings.

210.3 TYPES OF INVESTIGATIONS

Officer-involved shootings involve several separate investigations. The investigations may include:

(a) A criminal investigation of the incident by the agency having jurisdiction where the incident occurred. This department may relinquish its criminal investigation to an outside agency with the approval of the Chief of Police or a Division Commander.

(b) A criminal investigation of the involved officer(s) conducted by an outside agency.

(c) A civil investigation to determine potential liability conducted by the involved officer's agency.

(d) An administrative investigation conducted by the involved officer's agency, to determine if there were any violations of department policy.

210.4 JURISDICTION

Jurisdiction is determined by the location of the shooting and the agency employing the involved officer(s). The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings:

210.4.1 ARANSAS PASS POLICE DEPARTMENT OFFICER_DEPUTY WITHIN THIS JURISDICTION

The Aransas Pass Police Department is responsible for the criminal investigation of the suspect's actions, the civil investigation and the administrative investigation. The criminal investigation of the officer-involved shooting will be conducted by this department or an uninvolved allied agency.

210.4.2 ALLIED AGENCY'S OFFICER WITHIN THIS JURISDICTION

The Aransas Pass Police Department is responsible for the criminal investigation of the suspect's actions. The criminal investigation of the officer-involved shooting will be conducted by this department or an uninvolved allied agency. The officer's employing agency will be responsible for any civil and/or administrative investigation(s).

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

210.4.3 ARANSAS PASS POLICE DEPARTMENT OFFICER_DEPUTY IN ANOTHER JURISDICTION

The agency where the incident occurred has criminal jurisdiction and is responsible for the criminal investigation of the incident. That agency may relinquish its criminal investigation of the suspect(s) to another agency. The Aransas Pass Police Department will conduct timely civil and/or administrative investigations.

210.4.4 INVESTIGATION RESPONSIBILITY MATRIX

The following table identifies the possible scenarios and responsibilities for the investigation of officer-involved shootings:

	Criminal Investigation of Suspect(s)	**Criminal Investigation of Officer(s)**	**Civil Investigation**	**Administrative Investigation**
APPD Officer in This Jurisdiction	APPD Investigators	APPD Investigators or Allied Agency	APPD Civil Liability Team	APPD Internal Affairs Unit
Allied Agency's Officer in This Jurisdiction	APPD Investigators	APPD Investigators or Allied Agency	Involved Officer's Department	Involved Officer's Department
APPD Officer in Another Jurisdiction	Agency where incident occurred	Decision made by agency where incident occurred	APPD Civil Liability Team	APPD Internal Affairs Unit

210.5 THE INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting:

210.5.1 DUTIES OF INITIAL ON-SCENE SUPERVISOR

Upon arrival at the scene of an officer-involved shooting, the first uninvolved supervisor should:

(a) Take all reasonable steps to obtain emergency medical attention for all apparently injured individuals.

(b) Attempt to obtain a brief overview of the situation from any non-shooter officer(s).

    1. In the event that there are no non-shooter officers, the supervisor should attempt to obtain a brief voluntary overview from one shooter officer.

(c) If necessary, the supervisor may administratively order any officer from this department to immediately provide public safety information necessary to secure the scene and pursue suspects.

    1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of shots fired, parameters of the incident scene, identity of known witnesses and similar information.

© 1995-2014 Lexipol, LLC

(d) Absent a voluntary statement from any officer(s), the initial on-scene supervisor should not attempt to order any officer to provide other than public safety information.

(e) Provide all available information to the Shift Commander and Dispatch. If feasible, sensitive information should be communicated over secure networks.

(f) Take command of and secure the incident scene with additional personnel until relieved by a detective supervisor or other assigned personnel.

(g) As soon as practicable, shooter officers should respond or be transported (separately, if feasible) to the station for further direction.

1. Each involved officer should be given an administrative order not to discuss the incident with other involved officers pending further direction from a supervisor.
2. When an officer's weapon is taken or left at the scene (e.g., evidence), the officer will be provided with a comparable replacement weapon or transported to the station by other officers.

210.5.2 SHIFT COMMANDER DUTIES

Upon learning of an officer-involved shooting, the Shift Commander shall be responsible for coordinating all aspects of the incident until relieved by the Chief of Police or a Division Commander.

210.5.3 NOTIFICATIONS

The following person(s) shall be notified as soon as practicable:

- Chief of Police
- Assistant Chief of Police
- Criminal Investigations Division Commander
- Allied agency investigators (if appropriate)
- Internal Affairs Investigator
- City Manager / Civil Liability Response Team
- Psychological/peer support personnel
- Medical Examiner or Justice of the Peace (if necessary)
- Officer representative (if requested)

All outside inquiries about the incident shall be directed to the Chief of Police.

210.5.4 MEDIA RELATIONS

A single press release shall be prepared with input and concurrence from the supervisor and agency representative responsible for each phase of the investigation. This release will be available to the Chief of Police for release to the media.

© 1995-2014 Lexipol, LLC

It will be the policy of this department to not release the identities of involved officers absent their consent or as required by law. Moreover, no involved officer shall be subjected to contact from the media and no involved officer shall make any comments to the press unless authorized by the Chief of Police.

Law enforcement officials receiving inquiries regarding incidents occurring in other agency jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

210.5.5 INVOLVED OFFICERS

Once the involved officer(s) have arrived at the station, the Shift Commander should admonish each officer that the incident shall not be discussed except with authorized personnel or representatives. The following shall be considered for the involved officer:

(a) Any request for department or legal representation will be accommodated. However, no involved officer shall be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.

(b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.

(c) Discussions with department representatives (e.g., employee association) will be privileged only as to the discussion of non-criminal information.

(d) A psychotherapist shall be provided by the Department to each involved officer, or any other officer upon request.

    1. Interviews with a licensed psychotherapist will be considered privileged and will not be disclosed except to the extent that the officer is or is not fit for return to duty.

    2. An interview or session with a licensed psychotherapist may take place prior to the involved officer providing a formal interview or report, but the involved officers shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.

(e) Although the Department will honor the sensitivity of communications with peer counselors, there is no legal privilege to such. Peer counselors are cautioned against discussing the facts of any incident with an involved or witness officer.

Care should be taken to preserve the integrity of any physical evidence present on the officer's equipment or clothing, such as blood or fingerprints, until investigators or the evidence management technician can properly retrieve it.

Detectives shall make reasonable accommodations to address the officer's physical and emotional needs.

© 1995-2014 Lexipol, LLC

Each involved officer shall be given reasonable paid administrative leave following an officer-involved shooting. It shall be the responsibility of the Patrol Division Commander to make schedule adjustments to accommodate such leave.

210.6 THE SHOOTING INCIDENT CRIMINAL INVESTIGATION

210.6.1 DETECTIVE PERSONNEL

Once notified of an officer-involved shooting, it shall be the responsibility of the Criminal Investigations Division supervisor to assign appropriate detective personnel to handle the investigation of related crimes. Detectives will be assigned to work with investigators from an allied agency should this investigation be assumed by another agency. Detectives may be assigned to separately handle the investigation of any related crimes not being investigated by the allied agency.

All related department reports except administrative and/or privileged reports will be forwarded to the investigations division commander for approval. Privileged reports shall be maintained exclusively by those personnel authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

210.6.2 CRIMINAL INVESTIGATION

This department may utilize an allied agency to conduct an independent criminal investigation into the circumstances of any officer-involved shooting involving injury or death.

If available, detective personnel from this department may be assigned to partner with investigators from the allied agency to avoid duplicate efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators will be given the next opportunity to interview involved officers in order to provide them with an opportunity to give a voluntary statement. The following shall be considered for the involved officer:

(a) Supervisors and Internal Affairs Unit personnel should not participate directly in any voluntary interview of officers. This will not prohibit such personnel from monitoring such interviews or indirectly providing areas for inquiry.

(b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney, prior to speaking with criminal investigators. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

(c) Any voluntary statement provided by the officer(s) will be made available for inclusion in the administrative or other related investigations.

(d) Absent consent from the involved officer or as required by law, no administratively coerced statement(s) will be provided to any criminal investigators.

© 1995-2014 Lexipol, LLC

210.6.3 REPORTS BY INVOLVED OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved officers to provide sufficient information for related criminal reports in order to facilitate the apprehension and prosecution of those individuals.

While the involved officer may write the report, it is generally recommended that such reports be completed by assigned investigators who should interview involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activity by involved suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures. They should also be included for reference in the investigation of the officer-involved shooting.

210.6.4 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or other major incident may be lost or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

(a) Identify all persons present at the scene and in the immediate area.

    1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.

    2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department personnel.

    1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in a department vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.

(c) Assign available personnel to promptly contact the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to contact with officers.

© 1995-2014 Lexipol, LLC

210.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting, this department will conduct an internal administrative investigation to determine conformance with department policy. This investigation will be conducted under the supervision of the Internal Affairs Investigator and will be considered a confidential peace officer personnel file.

(a) Any officer involved in a shooting may be administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.

(b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.

    1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interview.

(c) In the event that an involved officer has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.

    1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.

    2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

    3. Administrative interview(s) should be recorded by the investigator. The officer may also record the interview.

    4. The officer shall be informed of his/her *Garrity* rights and, assuming there is no voluntary waiver, will then be given an administrative order to provide full and truthful answers to all questions.

    5. The administrative interview shall be considered part of the officer's confidential personnel file.

    6. The Internal Affairs Investigator shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

7. The completed administrative investigation shall be submitted to the Use of Deadly Force Review Board, which will restrict its findings as to whether there was compliance with department policy on use of deadly force.
8. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.
9. The administrative investigation will not include any polygraph examination unless it is requested by the employee or otherwise authorized under Tex. Gov't Code § 614.063.

210.8 CIVIL LIABILITY RESPONSE

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation; the person assigned to this task shall be given reasonable access to all other investigations.

210.9 AUDIO AND VIDEO RECORDINGS

Any officer involved in an incident may be permitted to review available Mobile Audio Video (MAV) or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV or other video or audio recordings with approval of assigned investigators or a supervisor.

Any MAV and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the District Attorney or City Attorney's Office as appropriate.

Use of Force Review Boards

212.1 PURPOSE AND SCOPE

This policy establishes a process for the Aransas Pass Police Department to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

212.2 POLICY

The Aransas Pass Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

212.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment in any case.

212.4 REVIEW BOARD

The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training or recreational use.

The Chief of Police may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Administration Division Commander will convene the Use of Force Review Board as necessary. It will be the responsibility of the Division Commander or supervisor of the involved employee to notify the Administration Division Commander of any incidents requiring board review. The involved employee's Division Commander or supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

212.4.1 COMPOSITION OF THE BOARD

The Administration Division Commander should select five Use of Force Review Board members from the following, as appropriate:

- Training Coordinator
- Non-administrative supervisor
- A peer officer
- A sworn peace officer from an outside law enforcement agency
- Department instructor for the type of weapon, device or technique used

The senior ranking command representative who is not in the same division as the involved employee will serve as chairperson.

212.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges, the decision not to file criminal charges or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer's decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with the department's disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement and any applicable state or federal law.

The board shall make one of the following recommended findings:

(a) The employee's actions were within department policy and procedure.

(b) The employee's actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

The Chief of Police shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure and will determine whether any additional

actions, investigations or reviews are appropriate. The Chief of Police's final findings will be forwarded to the involved employee's Division Commander for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.

Vehicle Pursuits

214.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to minimize the potential for pursuit-related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

214.1.1 PHILOSOPHY

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the risk to public safety created by vehicle pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicle pursuit due to the risk involved. This includes circumstances where department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicle pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officers' conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An unreasonable individual's desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

214.2 DEFINITIONS

Vehicle Pursuit - An event involving one or more law enforcement officers attempting to apprehend a suspect who is attempting to avoid arrest while operating a motor vehicle by using high speed or other evasive tactics, such as disregarding traffic warning signs, stop signs, red lights, driving off a roadway, turning suddenly or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

Blocking or Vehicle Intercept - A low-speed coordinated maneuver where two or more law enforcement vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop, with the goal of containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Boxing In - A tactic designed to stop a violator's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention Technique (PIT) - A low-speed maneuver intended to terminate the pursuit by causing the violator's vehicle to spin out and come to a stop.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

Ramming - The deliberate act of impacting a violator's vehicle with another vehicle to functionally damage of otherwise force the violator's vehicle to stop.

Roadblocks - A tactic designed to stop a violator's vehicle by intentionally placing a vehicle or other immovable object in the path of the violator's vehicle.

Spikes or Tack Strips - A device that extends across the roadway and is designed to puncture the tires of the pursued vehicle.

214.3 OFFICER RESPONSIBILITIES

It shall be the policy of this department that a vehicle pursuit shall be conducted only with red light and siren unless exempt under Tex. Transp. Code § 546.004. The following policy is established to provide officers with guidelines for driving with due regard and caution for the safety of all persons using the highway as required by Tex. Transp. Code § 546.005.

214.3.1 WHEN TO INITIATE A PURSUIT

Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle.

The following factors individually and collectively shall be considered in deciding whether to initiate or continue a pursuit:

(a) Seriousness of the known or reasonably suspected crime and its relationship to community safety.

(b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.

(c) Apparent nature of the fleeing suspect (e.g., whether the suspect represents a serious threat to public safety).

(d) The identity of the suspect has been verified and there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.

(e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones) and the speed of the pursuit relative to these factors.

(f) Pursuing officer's familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor and the driving capabilities of the pursuing officers under the conditions of the pursuit.

(g) Weather, traffic and road conditions that unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect's escape.

(h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.

© 1995-2014 Lexipol, LLC

(i) Vehicle speeds.

(j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).

(k) Availability of other resources, such as aircraft assistance.

(l) The police unit is carrying passengers other than police officers. Pursuits should not be undertaken with a prisoner in the pursuit vehicle unless exigent circumstances exist, and then only after the need to apprehend the suspect is weighed against the safety of the prisoner in transport.

214.3.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

The above factors on when to initiate a pursuit are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves and the public when electing to continue a pursuit. In the context of this policy, the term "terminate" shall be construed to mean discontinue or to stop chasing the fleeing vehicle.

In addition to the factors listed above, the following factors should also be considered in deciding whether to terminate a pursuit:

(a) Distance between the pursuing officers and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.

(b) Pursued vehicle's location is no longer definitely known.

(c) Officer's pursuit vehicle sustains damage that renders it unsafe to drive.

(d) Extended pursuits of violators for misdemeanors not involving violence or risk of serious harm (independent of the pursuit) are discouraged.

(e) Hazards to uninvolved bystanders or motorists.

(f) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, officers should strongly consider discontinuing the pursuit and apprehending the offender at a later time.

(g) Directed by a supervisor.

214.3.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.

© 1995-2014 Lexipol, LLC

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

(a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.

(b) Pursuit speeds have exceeded the driving ability of the officer.

(c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

214.4 PURSUIT UNITS

Pursuit units should be limited to two vehicles (two units) and an uninvolved supervisor monitoring the pursuit; however, the number of units involved will vary with the circumstances. An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspect(s). All other officers shall stay out of the pursuit but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

At no time should the officers involved in the pursuit leave the City of Aransas Pass completely unattended during a pursuit. A minimum of one officer shall remain within the City Limits, if the pursuit is covered by at least two law enforcement police units.

214.4.1 MOTORCYCLE OFFICERS

If applicable, a distinctively marked patrol vehicle equipped with emergency overhead lighting should replace a police motorcycle as primary and/or secondary pursuit unit as soon as practicable.

214.4.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Vehicles not equipped with red light and siren are generally prohibited from initiating or joining in any pursuit. Officer(s) in such vehicles, however, may become involved in emergency activities involving serious crimes or life-threatening situations. Those officers should terminate their involvement in any pursuit immediately upon arrival of a sufficient number of emergency law enforcement vehicles or any law enforcement aircraft.

214.4.3 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing officer will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect(s) without unreasonable danger to themselves or other persons.

The primary unit should notify Dispatch that a vehicle pursuit has been initiated and as soon as practicable provide information including, but not limited to:

(a) Reason for the pursuit.

(b) Location and direction of travel.

© 1995-2014 Lexipol, LLC

(c) Speed of the fleeing vehicle.

(d) Description of the fleeing vehicle and license number, if known.

(e) Number of occupants.

(f) The identity or description of the known occupants.

(g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

Unless relieved by a supervisor or secondary unit, the officer in the primary unit shall be responsible for the broadcasting of the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary unit should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit to minimize distractions and allow the primary unit to concentrate foremost on safe pursuit tactics.

214.4.4 SECONDARY UNIT(S) RESPONSIBILITIES

The second officer in the pursuit is responsible for the following:

(a) Immediately notifying the dispatcher of entry into the pursuit.

(b) Remaining at a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit.

(c) Broadcasting the progress of the pursuit unless the situation indicates otherwise.

214.4.5 PURSUIT DRIVING TACTICS

The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

(a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles so they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.

(b) Because intersections can present increased risks, the following tactics should be considered:

1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
2. Pursuing units should exercise due caution when proceeding through controlled intersections.

(c) As a general rule, officers should not pursue a vehicle driving the wrong way on a roadway, highway or freeway. In the event that the pursued vehicle does so, the following tactics should be considered:

1. Requesting assistance from an air unit.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

2. Maintaining visual contact with the pursued vehicle by paralleling on the correct side of the roadway.
3. Requesting other units to observe exits available to the suspect(s).

(d) Notifying the Texas Highway Patrol or other law enforcement agency if it appears that the pursuit may enter their jurisdiction and conveying to that agency the reason for the pursuit.

(e) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit.

214.4.6 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed by a supervisor.

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road, unless an emergency still exists.

The primary unit and secondary unit should be the only units operating under emergency conditions (emergency lights and siren) unless other units are assigned to the pursuit.

214.4.7 PURSUIT TRAILING

In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspect(s).

The term trail means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units to clearly indicate an absence of participation in the pursuit.

214.4.8 AIRCRAFT ASSISTANCE

When available, aircraft assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, it should assume control over the pursuit. The primary and secondary ground units should consider the participation of aircraft assistance when determining whether to continue the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide officers and supervisors with details of upcoming traffic congestion, road hazards or other pertinent information to evaluate whether to continue the pursuit. If ground units are not within visual contact and the air unit determines that it is unsafe to continue the pursuit, the air unit should recommend terminating the pursuit.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

Since the Aransas Pass Police Department does not have an aircraft division, policies and procedures on aircraft involvement in a pursuit may vary depending on the agency supplying the aircraft. Further, when using an outside agency's aircraft for a pursuit, video evidence from that agency's aircraft shall be requested as evidence in the criminal case to ensue.

214.5 SUPERVISORY CONTROL AND RESPONSIBILITY

It is the policy of this department that available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

(a) Upon becoming aware of a pursuit, immediately ascertaining all reasonably available information to continuously assess the situation and the risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established department guidelines.

(b) Trail, but not engage in the pursuit, when appropriate, to provide on-scene supervision.

(c) Exercise management and control of the pursuit even if not engaged in it.

(d) Ensuring that no more than the number of required police units needed are involved in the pursuit under the guidelines set forth in this policy.

(e) Direct that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy.

(f) Ensure that aircraft assistance is requested if available.

(g) Ensure that the proper radio channel is being used.

(h) Ensure the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.

(i) Control and manage APPD units when a pursuit enters another jurisdiction.

(j) Prepare a post-pursuit critique and analysis of the pursuit for training purposes and policy compliance.

214.5.1 SHIFT COMMANDER RESPONSIBILITY

Upon becoming aware that a pursuit has been initiated, the Shift Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Shift Commander has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Shift Commander shall review all pertinent reports for content and forward them to the Patrol Division Commander.

© 1995-2014 Lexipol, LLC

214.6 COMMUNICATIONS

If the pursuit is confined within the City limits, radio communication will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communication to an emergency channel most accessible by participating agencies and units.

214.6.1 DISPATCH RESPONSIBILITIES

Upon notification that a pursuit has been initiated, Dispatch will be responsible for the following:

(a) Coordinate communications among the involved units and personnel.

(b) Notify and coordinate with other involved or affected agencies as practicable.

(c) Ensure that a field supervisor is notified of the pursuit.

(d) Assign an incident number and log all pursuit activities.

(e) Broadcast pursuit updates as well as other pertinent information as necessary.

(f) Notify the Patrol Division Commander as soon as practicable.

214.6.2 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating the vehicle. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

214.7 INTER-JURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist. Notification to another jurisdiction shall include the reason for the pursuit.

214.7.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Aransas Pass Police Department officers will discontinue the pursuit when another agency has assumed the pursuit, unless continued assistance of the Aransas Pass Police Department is requested by the agency assuming the pursuit. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of officers at the termination of a pursuit initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific and subject to this pursuit policy. Because of communication limitations between local agencies, a request for another agency's assistance will mean that its officers will assume responsibilities for the pursuit. For the same reasons, when a pursuit leaves another jurisdiction and a request for assistance is made to this department, the other agency should relinquish control.

214.7.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider these additional factors:

(a) Ability to maintain the pursuit.

(b) Reason(s) for the pursuit and circumstances serious enough to continue the pursuit.

(c) Adequate staffing to continue the pursuit.

(d) The public's safety within this jurisdiction.

(e) Safety of the pursuing officers.

As soon as practicable, a supervisor or the Shift Commander should review a request for assistance from another agency. The Shift Commander or supervisor, after consideration of the above factors, may decline to assist in or assume the other agency's pursuit.

Assistance to a pursuing allied agency by officers of this department will terminate at the City limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

214.8 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, road spikes, blocking, boxing, PIT (Pursuit Intervention Technique), ramming or roadblock procedures.

214.8.1 WHEN USE AUTHORIZED

Use of pursuit intervention tactics should be employed only after approval of a supervisor. In deciding whether to use intervention tactics, officers/supervisors should balance the risks of

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With these risks in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances apparent to the officer at the time of the decision.

It is imperative that officers act within the bounds of legality, good judgment and accepted practices.

214.8.2 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances dictate that such use reasonably appears necessary to protect life. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

214.8.3 INTERVENTION STANDARDS

Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force and are subject to department policies guiding such use. Officers who have not received department-approved training in the application and use of any intervention tactic or equipment shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

(a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved this technique should only be employed by officers who have received training in such tactics and after giving consideration to the following:

    1. When the need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risks of injury or death to occupants of the suspect vehicle, officers or other members of the public.
    2. When all other reasonable intervention techniques have failed or reasonably appear ineffective.
    3. When employing the blocking maneuver does not unreasonably increase the risk to officer safety.
    4. When the target vehicle is stopped or traveling at a low speed.
    5. At no time should civilian vehicles be used to deploy this technique.

(b) Only those officers trained in the use of the Pursuit Intervention Technique (PIT) will be authorized to use this procedure and only then with approval of a supervisor upon

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

consideration of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public and occupants of the pursued vehicle.

(c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer's disposal have been exhausted. This tactic should be reserved for situations where there does not appear to be another reasonable alternative method. This policy is an administrative guide to direct officers in their decision-making process before ramming another vehicle. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized. When ramming is used as a means to stop a fleeing vehicle, one or more of the following factors should be present:

1. The suspect is an actual or suspected felon who reasonably appears to represent a serious threat to the public if not apprehended.
2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner.

(d) As with all intervention techniques, pursuing officers should obtain supervisor approval before attempting to box a suspect vehicle during a pursuit. The use of such a technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions apparent at the time as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle.

(e) The use of spike strips should be approved in advance by a supervisor and deployed only when it is reasonably apparent that only the pursued vehicle will be affected by their use. Officers should carefully consider the limitations of such devices as well as the potential risk to officers, the public and occupants of the pursued vehicle. If the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials or a school bus transporting children, officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.

(f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor and only then under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risk of injury or death to occupants of the pursued vehicle, officers or other members of the public.

214.8.4 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

Unless relieved by a supervisor, the primary officer should coordinate efforts to apprehend the suspect(s) following the pursuit. Officers should consider the safety of the public and the involved officers when formulating plans to contain and capture the suspect.

214.9 REPORTING AND REVIEW REQUIREMENTS

All appropriate reports should be completed to comply with appropriate local and state regulations:

(a) The primary officer shall complete appropriate crime/arrest reports.

(b) The primary officer or supervisor shall complete the appropriate pursuit report.

(c) After first obtaining available information, the on-duty field supervisor shall promptly complete a Supervisor's Log or interoffice memorandum, briefly summarizing the pursuit to the Chief of Police or authorized designee. This memo should minimally contain the following information:

1. Date and time of pursuit.
2. Length of pursuit.
3. Involved units and officers.
4. Initial reason for pursuit.
5. Starting and termination points.
6. Disposition: arrest, citation or other release. Arrestee information should be provided if applicable.
7. Injuries and/or property damage.
8. Medical treatment.
9. Name of supervisor at scene.
10. A preliminary determination that the pursuit appears to be in compliance with this policy or additional review and/or follow-up is warranted.

(d) After receiving copies of reports, logs, and other pertinent information the Patrol Division Commander shall conduct or assign the completion of a post-pursuit review as appropriate to the circumstances.

(e) Annually, the Chief of Police should direct a documented review and analysis of department vehicle pursuits. The review and analysis minimally should include information about policy suitability, policy compliance and training needs.

214.9.1 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all sworn members of this department will participate no less than annually in regular and periodic department training addressing this policy and the importance of vehicle safety and protecting the public at all times. Training will

include a recognition of the need to balance the known offense and the need for immediate capture against the risk to officers and others.

214.9.2 POLICY REVIEW

Each sworn member of this department shall certify in writing that they have received, read and understand this policy initially and upon any amendments.

Foot Pursuit Policy

216.1 PURPOSE AND SCOPE

Foot pursuits are inherently dangerous and require common sense, sound tactics and heightened officer safety awareness. This policy sets forth guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot by balancing the objective of apprehending the suspect with the risk of potential injury to the officer, the public or the suspect.

216.1.1 POLICY

It is the policy of this department when deciding to initiate or continue a foot pursuit that officers must continuously balance the objective of apprehending the suspect with the risk and potential for injury to department personnel, the public or the suspect.

Officers are expected to act reasonably based on the totality of the circumstances. Absent exigent circumstances, the safety of department personnel and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department personnel.

216.2 DECISION TO PURSUE

Officers may be justified in initiating a foot pursuit of any individual the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as the sole justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits potentially place department personnel and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to pursuit based upon the circumstances and resources available, such as the following:

(a) Containment of the area.

(b) Canine search.

(c) Saturation of the area with patrol personnel.

(d) Aerial support.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(e) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the pursuit.

216.3 GUIDELINES FOR FOOT PURSUIT

Unless the officer reasonably believes that exigent circumstances exist (e.g. a serious threat to the safety of personnel or members of the public), officers should consider alternatives to engaging in or continuing a foot pursuit under the following conditions:

(a) When directed by a supervisor to terminate the foot pursuit. Such an order shall be considered mandatory.

(b) When the officer is acting alone.

(c) When two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.

(d) The officer is unsure of his/her location and direction of travel.

(e) When pursuing multiple suspects and the pursuing officers do not reasonably believe that they would be able to control the suspect(s) should a confrontation occur.

(f) When the physical condition of the officers renders them incapable of controlling the suspect if apprehended.

(g) When the officer loses radio contact with Dispatch or with backup officers.

(h) When the suspect enters a building, structure, confined space or a wooded or otherwise isolated area and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the pursuit and coordinating containment pending the arrival of sufficient officers.

(i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.

(j) The officer reasonably believes that the danger to the pursuing officers or to the public outweighs the objective of immediate apprehension.

(k) The officer loses possession of his/her firearm or other essential equipment.

(l) The officer or a third party is injured during the pursuit, requiring immediate assistance and there are no other emergency personnel available to render aid.

(m) The suspect's location is no longer definitely known.

© 1995-2014 Lexipol, LLC

(n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department personnel or the public if the suspect is not immediately apprehended.

(o) The officer's ability to safely continue the pursuit is impaired by inclement weather, darkness or other conditions.

216.4 RESPONSIBILITIES IN FOOT PURSUITS

216.4.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should broadcast the following information as soon as it becomes practicable and available:

(a) Unit identifier.

(b) Location and direction of travel.

(c) Reason for the foot pursuit.

(d) Number of suspects and description.

(e) Whether the suspect is known or believed to be armed.

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify Dispatch of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary.

216.4.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

© 1995-2014 Lexipol, LLC

Any officer who is in a position to intercept a fleeing suspect or who can assist the primary officer with the apprehension of the suspect, shall act reasonably and in accordance with department policy, based upon available information and his/her own observations.

216.4.3 SUPERVISOR RESPONSIBILITY

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the pursuit. The supervisor shall continuously assess the situation to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-pursuit activity.

216.4.4 DISPATCH RESPONSIBILITIES

Upon being notified or becoming aware that a foot pursuit is in progress, Dispatch personnel shall, as soon as practicable, notify the field supervisor and provide available information. In addition, Dispatch personnel are also responsible for the following:

(a) Clear the radio channel of non-emergency traffic.

(b) Repeat the transmissions of the pursuing officer as needed.

(c) Ensure that a field supervisor is notified of the pursuit.

(d) Relay all pertinent information to responding personnel.

(e) Contact additional resources as directed by a supervisor.

(f) Coordinate response of additional resources to assist with the foot pursuit.

216.5 REPORTING

The initiating officer shall complete the appropriate crime/arrest reports documenting, at minimum, the following:

(a) The reason for initiating the foot pursuit.

(b) The identity of involved personnel.

(c) The course and approximate distance of the pursuit.

(d) Whether a suspect was apprehended as well as the means and methods used.

    1. Any use of force shall be reported and documented in compliance with the department Use of Force Policy.

(e) Any injuries or property damage.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

In any case in which a suspect is not apprehended and there is insufficient information to warrant further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

Patrol Function

300.1 PURPOSE AND SCOPE

The purpose of this policy is to define the functions of the patrol unit of the Department to ensure intra-department cooperation and information sharing.

300.1.1 FUNCTION

Officers will generally patrol in clearly marked vehicles, patrol assigned jurisdictional areas of Aransas Pass, respond to calls for assistance, act as a deterrent to crime, enforce state and local laws and respond to emergencies 24 hours per day seven days per week.

Patrol will generally provide the following services within the limits of available resources:

(a) Patrol that is directed at the prevention of criminal acts, traffic violations and collisions, the maintenance of public order and the discovery of hazardous situations or conditions.

(b) Crime prevention activities such as residential inspections, business inspections and community presentations.

(c) Calls for service, both routine and emergency in nature.

(d) Investigation of both criminal and non-criminal acts.

(e) The apprehension of criminal offenders.

(f) Community oriented policing and problem solving activities such as citizen assists and individual citizen contacts of a positive nature.

(g) The sharing of information between the Patrol and other division within the Department, as well as other outside governmental agencies.

(h) The application of resources to specific problems or situations within the community, which may be improved or resolved by community oriented policing and problem solving strategies.

(i) Traffic direction and control.

(j) Traffic investigations.

300.1.2 TERRORISM

It is the goal of the Aransas Pass Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a written report or Field Interview (FI). The supervisor should ensure that all terrorism-related reports and FIs are forwarded to the Criminal Investigations Division Commander in a timely fashion.

300.2 PATROL INFORMATION SHARING PROCEDURES

The following guidelines are intended to develop and maintain intra-department cooperation and information flow between the various divisions of the Aransas Pass Police Department.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

300.2.1 CRIME ANALYSIS UNIT
The Crime Analysis Unit (CAU) will be the central unit for information exchange. Criminal information and intelligence reports can be submitted to the Records Section for distribution to all divisions within the Department through daily and special bulletins. Officers need to advise records which reports need to be specifically broadcasted out and to whom. If an item requires immediately rebroadcast, officer shall submit such information to dispatch.

300.2.2 CRIME REPORTS
A crime report may be completed by any patrol officer who receives criminal information. The report will be processed and forwarded to the appropriate bureau for retention or follow-up investigation. Crime reports assigned shall be completed by the officers end of duty unless otherwise directed by the shift commander.

300.2.3 PATROL BRIEFINGS
Patrol supervisors, detective sergeants and special unit sergeants are encouraged to share information as much as possible. All supervisors and/or officers will be provided an opportunity to share information at the daily patrol briefings as time permits. Patrol briefings shall commence at the beginning of an officer's shift. The prior patrol shift commander or senior most officer is responsible for maintaining that pertinent information is passed along.

300.2.4 INFORMATION CLIPBOARDS
Several information clipboards will be maintained in the briefing room and will be available for review by officers from all divisions within the Department. These will include, but not be limited to, the patrol check clipboard, the wanted persons clipboard and the written directive clipboard.

Due to the advent of email, email may be used in place of informational clipboards and to aid in the reduction of wasted paper.

300.2.5 BULLETIN BOARDS
A bulletin board will be kept in the briefing room and the Criminal Investigations Division for display of suspect information, intelligence reports and photographs. New Departmental Directives will be made available for patrol supervisors and will be discussed at briefings and shift meetings. A copy of the Departmental Directive will be placed on the briefing room clipboard. Patrol scheduling and other pertinent information pertaining to patrol shall be made available on this bulletin board.

300.3 CROWDS, EVENTS AND GATHERINGS
Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety

concerns before taking enforcement action. Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws, such as Tex. Penal Code § 42.03 (Obstructing Highway or Other Passageway), when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

Briefing Training

302.1 PURPOSE AND SCOPE

Briefing training is generally conducted at the beginning of the officer's assigned shift. Briefing provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct briefing; however officers may conduct briefing for training purposes with supervisor approval.

Briefing should accomplish, at a minimum, the following basic tasks:

(a) Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles and major investigations.

(b) Notifying officers of changes in schedules and assignments.

(c) Notifying officers of new Departmental Directives or changes in Departmental Directives.

(d) Reviewing recent incidents for training purposes.

(e) Providing training on a variety of subjects.

302.2 PREPARATION OF MATERIALS

The supervisor conducting Briefing is responsible for preparation of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to a subordinate officer in his/her absence or for training purposes.

302.3 RETENTION OF BRIEFING TRAINING RECORDS

Briefing training materials and a curriculum or summary shall be documented by the shift supervisor. As needed, some briefing training information may need to be turned over to the Training Coordinator for inclusion in training records as appropriate.

302.4 REPORTS

During briefing, the shift supervisor shall go over rejected or otherwise returned reports. These reports shall be corrected, completed, or resubmitted as required by the division which returned or rejected the report. All reports in this category shall be completed before commencing shift, unless otherwise directed by the shift supervisor.

302.5 EMAIL

All staff shall check their department issued email regularly. While on shift, department email shall be checked at the beginning and the end of shift.

Mobile Audio Video

304.1 PURPOSE AND SCOPE

The Aransas Pass Police Department has equipped each marked patrol car with a Mobile Audio and Video (MAV) recording system. The MAV is designed to assist and complement patrol officers in the performance of their duties. The MAV is used to record certain activities by providing a visual and/or audio record. Video recordings are intended to provide an unbiased visual/audio record of the incident and to supplement the officer's report.

In lieu of the MAV system, officers are also equipped with a body worn camera system manufactured by Taser. The optimal preference is that officers utilize both camera systems. However, if unavailable or down, the department gives preference to utilization of the Taser Camera systems.

304.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

In-car camera system and Mobile Audio Video (MAV) system - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor. Taser Axon Flex and On-Body camera systems are included within this definition.

MAV technician - Personnel certified or trained in the operational use and repair of MAVs, duplicating methods, storage and retrieval methods and procedures, and who have a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

304.2 POLICY

It is the policy of the Aransas Pass Police Department to use mobile audio and video technology to more effectively fulfill the department’s mission and to ensure these systems are used securely and efficiently.

304.2.1 SURREPTITIOUS USE OF THE AUDIO RECORDER

Texas law permits an individual to surreptitiously record any conversation in which one party to the conversation has given his/her permission (Tex. Penal Code § 16.02).

Members of the Department may surreptitiously record any conversation during the course of a criminal investigation in which the officer reasonably believes that such a recording will be beneficial to the investigation.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

Members shall not surreptitiously record another department member without a court order or authorization of the Chief of Police.

304.3 OFFICER RESPONSIBILITIES

Prior to going into service, each officer will properly equip him/herself to record audio and video in the field. At the end of the shift, each officer will follow the established procedures for providing to the Department any recordings or used media and any other related equipment. Each officer should have adequate recording media for the entire duty assignment. In the event an officer works at a remote location and reports in only periodically, additional recording media may be issued. Only Aransas Pass Police Department- identified and labeled media with tracking numbers is to be used.

At the start of each shift, officers should test the MAV system’s operation in accordance with manufacturer specifications and department operating procedures and training.

System documentation is accomplished by the officer recording his/her name, serial number, badge or PIN number and the current date and time at the start and again at the end of each shift. If the system is malfunctioning, the officer shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.

304.3.1 TASER CAMERA MALFUNCTION

Officers shall test each Taser Camera System at the beginning of their shift and insure that the unit is working properly. Any Taser Camera System found to be malfunctioning shall be removed from inventory and turned into either the MAV Technician or the officer's shift Commander.

304.3.2 ACTIVATION OF THE TASER CAMERA SYSTEM

Activation rules shall remain the same as it pertains to the MAV. However, the Taser Camera System currently does not self-activate. Officers shall activate the Taser Camera System manually before contact with the public is made, before a traffic stop is effected, and upon receipt of a dispatched call. The Taser Camera System shall not be interrupted until the entire event has concluded.

304.4 ACTIVATION OF THE MAV

The MAV system is designed to turn on whenever the unit's emergency lights are activated. The system remains on until it is turned off manually. The audio portion is independently controlled and should be activated manually by the officer whenever appropriate. When audio is being recorded, the video will also record.

304.4.1 REQUIRED ACTIVATION OF MAV

This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes its use would be appropriate and/or valuable to document an incident.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MAV. The MAV system should be activated in any of the following situations:

(a) All field contacts involving actual or potential criminal conduct, within video or audio range:

1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
2. Priority responses
3. Vehicle pursuits
4. Suspicious vehicles
5. Arrests
6. Vehicle searches
7. Physical or verbal confrontations or use of force
8. Pedestrian checks
9. DWI/DUI investigations including field sobriety tests
10. Consensual encounters
11. Crimes in progress
12. Responding to an in-progress call

(b) All self-initiated activity in which an officer would normally notify Dispatch

(c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:

1. Family violence calls
2. Disturbance of peace calls
3. Offenses involving violence or weapons

(d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

(e) Any other circumstance where the officer believes that a recording of an incident would be appropriate

304.4.2 CESSATION OF RECORDING

Once activated, the MAV system should remain on until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed.

© 1995-2014 Lexipol, LLC

304.4.3 WHEN ACTIVATION IS NOT REQUIRED
Activation of the MAV system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.

No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when lawfully authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation.

304.4.4 SUPERVISOR RESPONSIBILITIES
Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of Dispatch.

At reasonable intervals, supervisors should validate that:

(a) Beginning and end-of-shift recording procedures are followed.

(b) Logs reflect the proper chain of custody, including:

1. The tracking number of the MAV system media.
2. The date it was issued.
3. The law enforcement operator or the vehicle to which it was issued.
4. The date it was submitted.
5. Law enforcement operators submitting the media.
6. Holds for evidence indication and tagging as required.

(c) The operation of MAV systems by new employees is assessed and reviewed no less than biweekly.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, department-involved collisions), a supervisor shall respond to the scene and ensure that the appropriate supervisor, MAV technician or crime scene investigator properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

Supervisors may activate the MAV system remotely to monitor a developing situation, such as a chase, riot or an event that may threaten public safety, officer safety or both, when the purpose is to obtain tactical information to assist in managing the event. Supervisors shall not remotely activate the MAV system for the purpose of monitoring the conversations or actions of an officer.

304.5 REVIEW OF MAV RECORDINGS
All recording media, recorded images and audio recordings are the property of the Department. Dissemination outside of the agency is strictly prohibited, except to the extent permitted or required by law.

© 1995-2014 Lexipol, LLC

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the department MAV technician or forensic media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations:

(a) For use when preparing reports or statements

(b) By a supervisor investigating a specific act of officer conduct

(c) By a supervisor to assess officer performance

(d) To assess proper functioning of MAV systems

(e) By a department investigator who is participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation

(f) By department personnel who request to review recordings.

(g) By an officer who is captured on or referenced in the video or audio data and reviews and uses such data for any purpose relating to his/her employment

(h) By court personnel through proper process or with permission of the Chief of Police or the authorized designee

(i) By the media through proper process or with permission of the Chief of Police or the authorized designee or in compliance with a Public Records Act request

(j) To assess possible training value

(k) Recordings may be shown for training purposes. If an involved officer objects to showing a recording, staff will determine if the training value outweighs the officer's objection.

(l) By a supervisor during periodic reviews for compliance with racial profiling laws (Tex. Code of Crim. Pro. art. 2.132(d))

Employees desiring to view any previously uploaded or archived MAV recording should submit a request in writing to the Shift Commander. Approved requests should be forwarded to the MAV technician for processing.

In no event shall any recording be used or shown for the purpose of intentionally ridiculing or embarrassing any employee.

304.6 DOCUMENTING MAV USE

If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report. If a citation is issued, the officer shall make a notation on the back of the records copy of the citation indicating that the incident was recorded.

© 1995-2014 Lexipol, LLC

304.7 RECORDING MEDIA STORAGE AND INTEGRITY

Once submitted for storage, all recording media will be labeled and stored in a designated secure area. All recording media that is not booked as evidence will be retained as required by the established records retention schedule.

304.7.1 COPIES OF ORIGINAL RECORDING MEDIA

Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Chief of Police or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

304.7.2 MAV RECORDINGS AS EVIDENCE

Officers who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense, potential claim against the officer, or against the Aransas Pass Police Department should indicate this in an appropriate report. Officers should ensure relevant recordings are preserved.

304.7.3 REQUESTING MAV VIDEO FOR CASE

Anytime an incident has been recorded and the video and audio will be needed for criminal prosecution, the officer responsible for his/her own video shall file an email report to the MAV Technician / Video Evidence Manager so that the video can be assigned to the appropriate case, downloaded for preservation, and ultimately forwarded to the appropriate prosecutor's office. This email report shall be completed by the end of the officers regularly assigned shift.

304.8 CUSTODIAN OF VIDEO EVIDENCE

The video custodian of video evidence shall be designated by the chief of police or his designee. The custodian of video evidence shall maintain a log of all video evidence. The log may be written or in the form of digital media. Only the custodian of video evidence shall compile video evidence for attachment to case records. Any officer within the department may request that a video evidence be attached to a case record.

304.9 SYSTEM OPERATIONAL STANDARDS

(a) MAV system vehicle installations should be based on officer safety requirements and the vehicle and device manufacturer’s recommendations.

(b) The MAV system should be configured to minimally record for 30 seconds prior to an event.

(c) The MAV system may not be configured to record audio data occurring prior to activation.

(d) Unless the transmitters being used are designed for synchronized use, only one transmitter, usually the primary initiating officer’s transmitter, should be activated at a scene to minimize interference or noise from other MAV transmitters.

© 1995-2014 Lexipol, LLC

(e) Officers using digital transmitters that are synchronized to their individual MAV shall activate both audio and video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.

(f) With the exception of law enforcement radios or other emergency equipment, other electronic devices should not be used inside MAV-equipped law enforcement vehicles to minimize the possibility of causing electronic or noise interference with the MAV system.

(g) Officers shall not erase, alter, reuse, modify or tamper with MAV recordings. Only a supervisor, MAV technician or other authorized designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.

(h) To prevent damage, original recordings shall not be viewed on any equipment other than the equipment issued or authorized by the MAV technician.

304.10 MAV TECHNICIAN RESPONSIBILITIES

The MAV technician is responsible for:

(a) Ordering, issuing, retrieving, storing, erasing and duplicating of all recorded media.

(b) Collecting all completed media for oversight and verification of wireless downloaded media. Once collected, the MAV technician:

1. Ensures it is stored in a secure location with authorized controlled access.
2. Makes the appropriate entries in the chain of custody log.

(c) Erasing of media:

1. Pursuant to a court order.
2. In accordance with established records retention policies, including reissuing all other media deemed to be of no evidentiary value.

(d) Assigning all media an identification number prior to issuance to the field:

1. Maintaining a record of issued media.

(e) Ensuring that an adequate supply of recording media is available.

(f) Managing the long-term storage of media that has been deemed to be of evidentiary value in accordance with the department evidence storage protocols and the records retention schedule.

304.11 TRAINING

All members who are authorized to use the MAV system shall successfully complete an approved course of instruction prior to its use.

Search and Seizure

306.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Aransas Pass Police Department personnel to consider when dealing with search and seizure issues.

306.2 POLICY

It is the policy of the Aransas Pass Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

In accordance with the Training Policy, the Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

306.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

306.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

(a) Members of this department will strive to conduct searches with dignity and courtesy.

(b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.

(c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.

(d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.

(e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:

1. Another officer or a supervisor should witness the search.
2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

306.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

Cite and Release Policy

308.1 PURPOSE AND SCOPE

Tex. Code of Crim. Pro. art. 14.06 permits law enforcement agencies to use citation release procedures in lieu of arrest for Class A, B and C misdemeanor offenses with certain exceptions.

308.2 TYPES OF RELEASE BY CITATION

Citation releases are authorized by Tex. Code of Crim. Pro. art. 14.06. Release by citation for misdemeanor offenses can be accomplished in two separate ways:

(a) A field release is when the violator is released in the field without being transported to a jail facility.

(b) A jail release is when a violator is released after being transported to the jail and booked.

308.2.1 DISCRETION TO ARREST

While this department recognizes the statutory power of peace officers to make arrests throughout the state, officers are encouraged to use sound discretion in the enforcement of the law. On-duty arrests will not generally be made outside the jurisdiction of this department except in cases of hot and/or fresh pursuit, while following up on crimes committed within the City, or while assisting another agency. On-duty officers who discover criminal activity outside the jurisdiction of the City should, when circumstances permit, consider contacting the agency having primary jurisdiction before attempting an arrest.

Off-duty officers observing criminal activity should generally take enforcement action only when it reasonably appears that imminent risk to life or property exists and the reasonable opportunity does not exist to contact the law enforcement agency with primary jurisdiction. In such situations the involved officer shall clearly identify him/herself as a police officer.

It is recommended that full time regular and honorably retired officers commissioned by this department carry their department approved and/or issued on-duty or off-duty firearm for events that may arise and require their immediate intervention. It is further recommended that these officers remain armed while traveling about the United States of America in accordance with federal law. (USCODE Title 18, Part I, Chpt. 44, Sec. 926B)

Officers are authorized to use verbal or written warnings to resolve minor traffic and criminal violations when appropriate.

308.3 DEPARTMENT PROCEDURE

The following procedure will be followed to comply with this law.

308.3.1 FIELD CITATIONS

Upon obtaining satisfactory identification and verifying that there are no outstanding warrants for the individual, officers may issue citations for certain Class A and B misdemeanors to all persons, if the person to be cited resides in the county in which the offense occurred (Tex. Code of Crim.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

Pro. art. 14.06(c)). With the exception of an offense under Tex. Penal Code § 49.02, officers may issue a citation to all persons for Class C misdemeanors (Tex. Code of Crim. Pro. art. 14.06(b)). Officers may also release subjects who were taken into custody on a private person's arrest for a misdemeanor offense, whenever appropriate.

Officers may issue a citation in place of taking a child into custody for public intoxication (Tex. Penal Code § 49.02), but only if the officer releases the child to the child's parent, guardian, custodian or other responsible adult in accordance with Tex. Code of Crim. Pro. art. 45.058. The officer should receive supervisor approval prior to making such a release.

308.3.2 JAIL RELEASE

In certain cases, it may be impracticable to release a person arrested for misdemeanor offenses in the field. The person arrested may instead be released after booking at the jail, with Shift Commander approval.

Any person arrested for a misdemeanor offense shall be released on his/her written promise to appear after the booking procedure is completed, unless disqualified for reasons below.

308.3.3 DISQUALIFYING CIRCUMSTANCES

A person arrested for a misdemeanor shall be released on a notice to appear unless one of following situations is present:

(a) The person arrested is so intoxicated that he/she could be a danger to him/herself or to others. Release may occur as soon as this condition no longer exists.

(b) The person arrested requires medical examination or medical care or is otherwise unable to care for his/her own safety.

    1. An arrestee shall not be released from custody for the sole purpose of allowing that person to obtain medical care and with the intention of immediately re-arresting the same individual upon discharge from the hospital unless it can be determined that the hospital can bill and collect from a third-party payment source.

(c) There are one or more outstanding arrest warrants for the person.

(d) The person could not provide satisfactory evidence of personal identification.

(e) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by the immediate release of the person arrested.

(f) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.

(g) The person arrested demands to be taken before a magistrate or has refused to sign the notice to appear.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(h) There is reason to believe the person would not appear at the time and place specified in the notice to appear. The basis for this determination shall be specifically stated.

When a person is arrested on a misdemeanor offense and is not released by criminal citation, the reason for non-release shall be noted on the booking form. This form shall be submitted to the Shift Commander for approval and included with the case file in the Records Section.

308.3.4 OTHER REASONS FOR NON-RELEASE

If the person arrested is not released for one or more of the disqualifying circumstances listed above, the Shift Commander shall state specifically on the booking form the reason for non-release. Such reasons for non-release may include:

(a) Previous failure to appear is on record.

(b) The person lacks ties to the area, such as a residence, job or family.

(c) Unusual circumstances lead the officer responsible for the releasing the prisoner to conclude that he/she should be held for further investigation.

308.3.5 INSTRUCTIONS TO CITED PERSON

The citing officer shall, at the time he/she asks the defendant to sign the notice to appear, call attention to the time and place for appearance and take any other steps he/she deems necessary to ensure that the defendant understands his/her written promise to appear (Tex. Code of Crim. Pro. art. 14.06).

308.4 CHILD CITATIONS

Completion of criminal citations for juveniles is generally not appropriate with the following exceptions:

- Misdemeanor traffic violations of the Texas Transportation Code.
- Violations of Class C misdemeanors, other than an offense under Tex. Penal Code § 49.02, if the child resides in the county where the offense occurred (Tex. Code of Crim. Pro. art. 14.06(b)).

All other misdemeanor violations for juveniles shall be documented with a case number and the case should be referred to the Criminal Investigations Division for further action including diversion.

308.5 REQUESTING CASE NUMBERS

Many cases involving a criminal citation release can be handled without requesting a case number. Traffic situations and local code violations can be documented on the reverse side of the records copy of the citation. Most penal code sections will require a case number to document the incident properly in a report. This section does not preclude an officer from requesting a case number if he/she feels the situation should be documented more thoroughly in a case report.

Custodial Searches

312.1 PURPOSE AND SCOPE

The purpose of this policy is to establish consistent department procedures regarding frisks (pat-down searches), searches incident to arrest, booking and strip searches of arrested persons-arraignment detainees.

312.1.1 DEFINITIONS

Definitions related to this policy include:

Custody search - An in-custody search of an individual and of his/her property, shoes and clothing, including pockets, cuffs and folds on the clothing, to remove all weapons, dangerous items and contraband.

Physical body cavity search - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of an individual, and the vagina of a female person.

Strip search - A search that requires an individual to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus or outer genitalia. This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

312.2 DEFINITIONS OF SEARCHES

Frisk (Pat-Down Search) - This is a limited type of search used by officers in the field when an officer has a reasonable suspicion that an individual may be in possession of a weapon or other potentially dangerous item. Unlike a full search, a frisk is generally limited to a patting down of the outer clothing or the area immediately accessible to the individual to check for the possible presence of a weapon or items that could pose a danger to the officer or others.

Booking Search - This search involves a thorough search of an arrested individual's clothing. All pockets, cuffs and folds on the clothing are checked to locate all personal property, contraband or weapons. The prisoner's personal property is taken and inventoried.

Strip Search or Visual Body Cavity Search - This is a search that requires a person to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks or genitalia.

Physical Body Cavity Search - This is a search that includes physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of a person, and the vagina of a female.

312.3 FRISKS (PAT-DOWN SEARCHES)

(a) When any officer has reasonable suspicion to believe that a person being lawfully detained may possess weapons or other dangerous items, or when the officer reasonably believes

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

that the individual may present a threat to officer safety, that officer may conduct a frisk of the individual.

(b) Prior to detaining any individual in any police vehicle, an officer should conduct a frisk of that individual.

(c) Whenever practicable, a frisk of an individual should be conducted by an officer of the same sex as the person being frisked. Absent the availability of a same-sex officer, it is recommended that a witness officer be present during any frisk of an individual who is the opposite sex of the officer conducting the frisk.

312.4 BOOKING SEARCHES

A thorough search shall be conducted on each arrested person prior to the person being transported to jail. Officers shall also search their patrol vehicle before and after transporting an arrested person to ensure that no weapons or contraband are available to or were left by the arrested person. A follow-up search of each arrested person should be performed upon entry into a jail facility prior to the booking process (37 Tex. Admin. Code § 265.2(a)).

312.4.1 PROPERTY

Members shall take reasonable care in handling the property of an individual in custody to avoid discrepancies or losses. Property retained for safekeeping shall be kept in a secure location until the individual is released or transferred.

Some property may not be accepted by a facility or agency that is taking custody of an individual from this department, such as weapons or large items. These items should be retained for safekeeping in accordance with the Property and Evidence Policy.

All property shall be inventoried by objective description (this does not include an estimated value). The individual from whom it was taken shall be required to sign the completed inventory. If the individual's signature cannot be obtained, the inventory shall be witnessed by another department member. The inventory should include the case number, date, time, member's Aransas Pass Police Department identification number and information regarding how and when the property may be released.

312.4.2 VERIFICATION OF MONEY

All money shall be counted in front of the individual from whom it was received. When possible, the individual shall initial the dollar amount on the inventory. Additionally, all money should be placed in a separate envelope and sealed. Negotiable checks or other instruments and foreign currency should also be sealed in an envelope with the amount indicated but not added to the cash total. All envelopes should clearly indicate the contents on the front. The department member sealing it should place his/her initials across the sealed flap. Should any money be withdrawn or added, the member making such change shall enter the amount below the original entry and initial it. The amount of money in the envelope should always be totaled and written on the outside of the envelope.

312.5 STRIP SEARCHES

No individual in temporary custody at any Aransas Pass Police Department facility shall be subjected to a strip search unless there is reasonable suspicion based upon specific and articulable facts to believe the individual has a health condition requiring immediate medical attention or is concealing a weapon or contraband. Factors to be considered in determining reasonable suspicion include, but are not limited to:

(a) The detection of an object during a custody search that may be a weapon or contraband and cannot be safely retrieved without a strip search.

(b) Circumstances of a current arrest that specifically indicate the individual may be concealing a weapon or contraband.

    1. A felony arrest charge or being under the influence of a controlled substance should not suffice as reasonable suspicion absent other facts.

(c) Custody history (e.g., past possession of contraband while in custody, assaults on department members, escape attempts).

(d) The individual's actions or demeanor.

(e) Criminal history (i.e., level of experience in a custody setting).

No transgender or intersex individual shall be searched or examined for the sole purpose of determining the individual's genital status. If the individual's genital status is unknown, it may be determined during conversations with the person, by reviewing medical records, or as a result of a broader medical examination conducted in private by a medical practitioner (28 CFR 115.115).

312.5.1 STRIP SEARCH PROCEDURES

Strip searches at Aransas Pass Police Department facilities shall be conducted as follows (28 CFR 115.115):

(a) Written authorization from the Shift Commander shall be obtained prior to the strip search.

(b) All employees involved with the strip search shall be of the same sex as the person being searched, unless the search is conducted by a medical practioner (28 CFR 115.115).

(c) All strip searches shall be conducted in a professional manner under sanitary conditions and in a secure area of privacy so that the search cannot be observed by persons not participating in the search. The search shall not be reproduced through a visual or sound recording.

(d) Whenever possible, a second member of the same sex should be present during the search for security and as a witness to the finding of evidence.

(e) Members conducting a strip search shall not touch the breasts, buttocks or genitalia of the individual being searched.

(f) The primary member conducting the search shall prepare a written report to include:

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

1. The facts that led to the decision to perform a strip search.
2. The reasons less intrusive methods of searching were not used or were insufficient.
3. The written authorization for the search, obtained from the Shift Commander.
4. The name of the individual who was searched.
5. The name and sex of the members who conducted the search.
6. The name, sex and role of any person present during the search.
7. The time and date of the search.
8. The place at which the search was conducted.
9. A list of the items, if any, that were recovered
10. The facts upon which the member based his/her belief that the individual was concealing a weapon or contraband.

(g) No member should view an individual's private underclothing, buttocks, genitalia or female breasts while that individual is showering, performing bodily functions or changing clothes, unless he/she otherwise qualifies for a strip search. However, if serious hygiene or health issues make it reasonably necessary to assist the individual with a shower or a change of clothes, a supervisor should be contacted to ensure reasonable steps are taken to obtain the individual's consent and/or otherwise protect his/her privacy and dignity.

(h) A copy of the written authorization shall be retained and made available upon request to the individual or the individual’s authorized representative.

312.5.2 SPECIAL CIRCUMSTANCE FIELD STRIP SEARCHES

A strip search may be conducted in the field only with Shift Commander authorization and only in exceptional circumstances, such as when:

(a) There is probable cause to believe that the individual is concealing a weapon or other dangerous item that cannot be recovered by a more limited search.

(b) There is probable cause to believe that the individual is concealing controlled substances or evidence that cannot be recovered by a more limited search, and there is no reasonable alternative to ensure the individual cannot destroy or ingest the substance during transportation.

These special-circumstance field strip searches shall only be authorized and conducted under the same restrictions as the strip search procedures in this policy, except that the Shift Commander authorization does not need to be in writing.

312.6 PHYSICAL BODY CAVITY SEARCH

Physical body cavity searches shall be subject to the following:

© 1995-2014 Lexipol, LLC

(a) No individual shall be subjected to a physical body cavity search without written approval of the Shift Commander and only upon a search warrant or approval of legal counsel. A copy of any search warrant and the results of the physical body cavity search shall be included with the related reports and made available, upon request, to the individual or authorized representative (except for those portions of the warrant ordered sealed by a court).

(b) Only a physician may conduct a physical body cavity search.

(c) Except for the physician conducting the search, persons present must be of the same sex as the individual being searched. Only the necessary department members needed to maintain the safety and security of the medical personnel shall be present.

(d) Privacy requirements, including restricted touching of body parts and sanitary condition requirements, are the same as required for a strip search.

(e) All such searches shall be documented, including:

1. The facts that led to the decision to perform a physical body cavity search of the individual.
2. The reasons less intrusive methods of searching were not used or were insufficient.
3. The Shift Commander’s approval.
4. A copy of the search warrant.
5. The time, date and location of the search.
6. The medical personnel present.
7. The names, sex and roles of any department members present.
8. Any contraband or weapons discovered by the search.

(f) A copy of the written authorization shall be retained and shall be made available to the individual who was searched or other authorized representative upon request.

312.7 TRAINING

The Training Coordinator shall ensure members have training that includes (28 CFR 115.115):

(a) Conducting searches of cross-gender individuals.

(b) Conducting searches of transgender and intersex individuals.

(c) Conducting searches in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs.

Temporary Holding Facility

314.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines and procedures for the booking, housing, security and release of prisoners at the Aransas Pass Police Department Temporary Holding Facility.

In addition to this policy, the Aransas Pass Police Department shall maintain the Operations and Procedures Manual to guide the operation of the Temporary Holding Facility.

The Department shall maintain custody of inmates in accordance with this policy, the Operations and Procedures Manual and in accordance with applicable law.

314.1.1 SUPERVISION OF PRISONERS

No prisoner will be held in a Temporary Holding Facility unless there is a designated employee or dispatcher who remains within the police building who can supervise the Temporary Holding Facility and respond to emergencies within the facility. This person will be designated by the Temporary Holding Facility supervisor and must not leave the police building while prisoners are in custody. Whenever one or more female inmates are in custody, there shall be at least one female employee who shall, in like manner, be immediately available and accessible to the females.

314.1.2 DETENTION OF PRISONERS IN THE TEMPORARY HOLDING FACILITY

It is the policy of the Aransas Pass Police Department that prisoners detained in the Temporary Holding Facility shall be released or transported to another facility, per the provisions of this manual, as soon as possible and practicable.

314.1.3 NON-DETAINABLE PRISONERS

Arrestees who fall within the following classifications should not be detained in the Temporary Holding Facility. They should be transported to the county jail, a designated medical facility or the county mental health facility as appropriate:

(a) Any person who is injured or who has any other medical condition, including pregnant females who may require medical attention, supervision or medication during confinement.

(b) Any person who has claimed, or is known to be afflicted with or displays symptoms of any communicable disease.

(c) Any person suffering from a severe mental disorder.

(d) Any combative or unruly person who is likely to cause damage to the facility or severely disrupt the good order of the Temporary Holding Facility.

(e) A prisoner who is or may be contemplating suicide.

(f) Any person suspected of being under the influence of a hallucinogen, hyperglycemic agent, psychotropic medication, sedative, tranquilizer, anti-neoplastic (cancer) drug, research medication or any person suffering from withdrawals of any of the above.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

314.1.4 DETAINABLE PRISONERS

Arrestees who fall within the following classifications may be detained in the Aransas Pass Police Department Temporary Holding Facility with the approval of the Shift Commander. This includes those arrested and detained pending:

(a) Posting of bail.

(b) Release on Personal Recognizance (P.R.).

(c) Release on citation in accordance with the Cite and Release Policy in this manual.

(d) Transportation to the County Jail.

(e) In-custody interview or other investigation.

314.1.5 INTOXICATED PERSONS

Prisoners who are to be held in the Temporary Holding Facility and who present a threat to their own safety or the safety of others due to their state of intoxication should be placed in a sobering cell until their condition allows for continued processing. The following guidelines apply when placing any prisoner in a sobering cell:

(a) Placement of a prisoner into the cell requires approval of the Shift Commander.

(b) A cell log shall be initiated every time a prisoner is placed into the cell. The log shall be maintained for the entire time the prisoner is housed in the cell.

(c) A safety check consisting of direct visual observation sufficient to assess the prisoner's well-being and behavior shall occur at least once every hour. Each safety check shall be documented in the cell log. Supervisors shall check the logs for completeness twice a shift.

(d) Under no circumstances shall a prisoner be held in a sobering cell for more than six hours without being evaluated by qualified medical personnel to ensure that the prisoner does not have an urgent medical issue.

(e) Prisoners will be removed from the cell when they no longer pose a threat to their own safety or the safety of others and are able to continue processing.

314.1.6 TRANSPORTATION OF PRISONERS

Generally and when circumstances permit, prisoners of the opposite sex, or adult and juvenile prisoners, should not be transported in the same vehicle unless they are physically separated by a solid barrier. If segregating prisoners is not practicable, officers should be alert to inappropriate physical or verbal contact between them and take appropriate action as necessary.

Whenever a prisoner is to be transported from the Temporary Holding Facility to another facility by a member of this department, the transporting officer shall be responsible for the following:

(a) Verify that the identity of each prisoner to be transported matches the booking paperwork.

© 1995-2014 Lexipol, LLC

(b) Ensure that all pertinent documentation accompanies the prisoner, such as copies of booking forms, medical records when appropriate, an itemized list of the prisoner's property and warrant copies.

(c) Ensure that any known or suspected threat or danger the prisoner may pose, such as escape risk, suicide potential, medical condition or intellectual disability is recorded on the prisoner's booking documentation and is transported with the prisoner to the next facility. The transporting officer shall ensure such threat or danger is communicated to intake personnel at the facility (Tex. Code of Crim. Pro. art. 16.22).

314.1.7 PRISONER WITH ORTHOPEDIC OR PROSTHETIC APPLIANCE

Subject to safety and security concerns, persons who are detained in the Temporary Holding Facility shall be permitted to retain possession of an orthopedic or prosthetic appliance if it is prescribed or recommended and fitted by a physician. However, if the appliance presents a risk of bodily harm to any person or is a risk to the security of the facility, the appliance shall be removed from the prisoner and booked for safekeeping but shall be promptly returned if it is later determined that such risk no longer exists.

Whenever a prosthetic or orthopedic appliance is removed from a prisoner the Shift Commander shall be promptly apprised of the reason for the removal. If it is determined that the appliance will not be returned, the prisoner shall be examined as soon as practicable by a physician but no later than 24 hours after removal, to determine if the removal will be injurious to the health or safety of the prisoner.

If the examining physician determines that removal is or will be injurious to the health or safety of the prisoner and the appliance cannot be returned because of safety or security concerns the prisoner should be transferred to an appropriate medical detention facility or Sheriff's department.

314.2 DEPARTMENT ORGANIZATION AND RESPONSIBILITY

The following responsibilities for the Temporary Holding Facility operations have been established:

(a) Facility Administrator: The Chief of Police shall be the facility administrator officially charged, by law, with the administration of the Temporary Holding Facility.

(b) Temporary Holding Facility Manager: The patrol commander will be assigned the responsibility for planning, managing, administrative functions, review of the facility manual and the operation of the Temporary Holding Facility.

(c) Maintenance Manager: The department custodian will be responsible for the physical maintenance, cleanliness and supply of the Temporary Holding Facility. The Records Supervisor will be responsible to the Facility Manager.

(d) Temporary Holding Facility Supervisor: The employee with 24-hour-per-day functional responsibility for the Temporary Holding Facility will be the Shift Commander. Any other supervisor may provide assistance as needed.

© 1995-2014 Lexipol, LLC

(e) Custodial Personnel: Custodial personnel shall be those on-duty sergeants, corporals, officers, detectives or other designated employees who possess a basic jailer proficiency certificate.

314.3 PRISONER MONITORING AND CLASSIFICATION

314.3.1 MONITORING OF PRISONERS

All prisoners shall be visually checked no less than once every hour. Visual checks shall be performed at least every 30 minutes on inmates known to be assaultive, potentially suicidal, mentally ill or who have demonstrated bizarre behavior. This check will be conducted through direct visual observation without the aid of surveillance cameras. There shall be a two-way voice communication capability between the inmates and staff at all times (37 Tex. Admin. Code § 275.1). These checks will be documented in the Temporary Holding Facility Log or other check sheet designed for that purpose.

314.3.2 LOG ENTRIES AND SECURITY CHECKS

(a) All adult bookings should be logged into the Temporary Holding Facility Log. The following entries are to be completed by the booking officer and personnel responsible for maintaining prisoners in the facility:

1. Case number
2. Date/time of booking
3. Charges
4. Arrestee's name
5. Arresting officer's name
6. Date and time of release

(b) The log shall be kept in the booking area of the Temporary Holding Facility. It is the responsibility of the Facility Supervisor to ensure that all appropriate entries are made.

(c) The Shift Commander should make periodic checks to ensure the log and security checks are made on time.

(d) The Facility Manager should review all Temporary Holding Facility Logs and shall report to the Facility Administrator as required.

(e) All logs and reports should be maintained in the Records Section for inspection by the Facility Manager, Facility Administrator or other officials as may be required.

In lieu of a written log, the officer and dispatch should use CRIMES reporting systems for booking entries and log entries.

© 1995-2014 Lexipol, LLC

314.3.3 PRISONER CLASSIFICATION, SCREENING AND SEGREGATION

It is the policy of the Aransas Pass Police Department Temporary Holding Facility to segregate prisoners in compliance with the requirements noted in 37 Tex. Admin. Code § 271.1.

(a) It is necessary to establish a prisoner classification procedure wherein each prisoner will be evaluated, prior to housing, according to categories of sex, age, criminal sophistication, seriousness of crime charged, assaultive/non-assaultive behavior, medical problems, mental state, developmental disabilities and sexual orientation, and housed in order to provide for the safety of prisoners and staff.

(b) As part of the booking procedure, the booking officer should evaluate each incoming prisoner using the prisoner classification and screening form. This form shall be completed in its entirety in order to properly assign prisoners according to sex, age, criminal sophistication, seriousness of crime charged, physical or mental health needs, assaultive/non-assaultive behavior and other criteria to ensure the safety of the prisoner and staff.

(c) All employees with information relevant to a prisoner's risk of suicide shall ensure such information is provided to a supervisor and the prisoner's booking officer. During the booking procedure, the booking officer shall ask the prisoner if he/she is contemplating suicide. The officer shall evaluate the prisoner for other signs or indications the prisoner may be suicidal. If there is any suspicion the prisoner may be suicidal, he/she shall be transported to the county jail or the appropriate mental health facility. The receiving staff shall be notified in writing (e.g., noted on the booking sheet) that the prisoner may be suicidal.

(d) It is the responsibility of the arresting officer's supervisor to ensure that the prisoner classification and screening form has been properly completed. After completing the form, the arresting officer's supervisor will be required to authorize, on a case-by-case basis, the placement of each prisoner in the Temporary Holding Facility who is not immediately released or transported to the county jail or other appropriate facility.

    1. The prisoner will then be housed or transported.
    2. The completed classification form will be attached to the arrest report, booking forms and fingerprints as applicable.
    3. The prisoner classification form should be retained in the prisoner's arrest file.

(e) During the booking procedure, the booking officer shall evaluate each incoming prisoner to determine any apparent medical or health issues. The prisoner's responses to such questions and the officer's observations shall be documented in the appropriate form. The booking officer shall promptly notify his/her supervisor of any conditions which may warrant immediate medical attention or other appropriate action.

(f) Before placing any prisoner into a temporary holding cell with any other prisoner, members shall consider whether the prisoner may be at a high risk of being sexually abused based on all available known information (28 CFR 115.141).

© 1995-2014 Lexipol, LLC

(g) If a prisoner will be housed overnight in the same cell with any other prisoner, he/she shall be screened to assess his/her risk of being sexually abused by other prisoners or of being sexually abusive toward other prisoners. Members shall ask the prisoner about his/her own perception of vulnerability and shall consider the following criteria to screen prisoners for risk of sexual victimization, including (28 CFR 115.141):

1. Whether the prisoner has a known or apparent mental, physical or developmental disability
2. The age of the prisoner
3. The physical build and appearance of the prisoner
4. Whether the prisoner has previously been incarcerated
5. The nature of the prisoner's alleged offense and criminal history

(h) Any prisoner identified as being at a high risk for sexual victimization shall be provided with heightened protection. This may include continuous, direct sight and sound supervision, single-cell housing or placement in a cell that is actively monitored on video by a staff member who is available to immediately intervene, unless no such option is reasonably feasible (28 CFR 115.113; 28 CFR 115.141).

314.3.4 TEMPORARY DETENTION OF JUVENILES

Juveniles who are detained by this department will be processed and handled in accordance with the Temporary Custody of Juveniles Policy. Juveniles will not be permitted in the Temporary Holding Facility.

314.3.5 TEMPORARY DETENTION OF FEMALES

Whenever one or more female prisoners are in custody, there shall be at least one female employee who shall be available and accessible to the female prisoner(s). Male employees are not to search or enter the cell of a female prisoner unless another female employee is present. Female inmates shall be separated by sight and sound from male inmates whenever possible.

In the event there is not a female employee readily available to conduct searches and hourly safety inspections, the female prisoner shall be transported to the County Jail or released pursuant to another lawful process (e.g., citation or P.R. release).

314.3.6 RESTRAINT OF PREGNANT ARRESTEES

No arrestee who is in labor, delivery or recovering from delivery shall be restrained unless a supervisor determines that the use of the restraints is necessary to (Tex. Local. Gov't. § 361.082):

(a) Ensure the safety and security of the woman or her infant, the jail or medical personnel or any member of the public.

(b) Prevent a substantial risk that the woman will attempt escape.

© 1995-2014 Lexipol, LLC

The type and manner in which the restraint is used must be the least restrictive available under the circumstances to ensure safety and security or to prevent escape.

314.4 TEMPORARY HOLDING FACILITY SEARCHES

Immediately upon securing their weapons, officers bringing prisoners into the Temporary Holding Facility shall thoroughly search prisoners. All arrestees brought into the Temporary Holding Facility must be searched by an officer or other authorized employee of the same gender whenever possible before the officer relinquishes control. When a prisoner has been handcuffed, the prisoner should remain handcuffed until the search is substantially completed (37 Tex. Admin. Code § 265.2(a)).

In the case of female prisoners, all searches will be conducted by a female officer or designated female employee whenever possible. Male employees shall remain outside the closed door but available to immediately assist if needed. Should a female prisoner become combative, an officer may be assigned to restrain her until the appropriate search is completed.

Arrestee search procedures and policies are found in the Custody Searches Policy.

314.5 FIRE SAFETY

The Temporary Holding Facility is equipped with strategically located fire extinguishers and smoke detectors, which notify the dispatch office of smoke in the facility. The person designated by the facility supervisor as having responsibility for the Temporary Holding Facility should, at the beginning and end of each shift, inspect the Temporary Holding Facility to ensure:

(a) No flammable materials are stored in the detention area.

(b) Fire extinguishers are serviceable.

(c) Cell keys are available in the Shift Commander's office and Dispatch for emergency use.

(d) First-aid kits are readily available and completely stocked.

(e) Smoke detectors are operational.

314.6.3 EMERGENCY EVACUATION

When time permits, all prisoners will be restrained as deemed necessary by the officer conducting the evacuation. The evacuation will be conducted in an orderly fashion by one of the routes posted in the Temporary Holding Facility.

314.6.4 EVACUATION FORMATION AREA

All prisoners will form in the designated location where they will be held until the Temporary Holding Facility can again be safely occupied, or in the case of an emergency of a long duration, until they can be transported to another facility.

If possible, juveniles are to be kept separate from adult prisoners; females are to be kept separate from male prisoners.

Only after the safety and security of the prisoners is assured will those personnel who are not detailed to prisoner security participate in fire suppression or other emergency activities.

314.6.5 CITY-WIDE OR REGIONAL DISASTERS

In cases of City-wide or regional disasters, the Shift Commander may authorize the release of prisoners detained for misdemeanors or felonies involving property crimes only. Every available effort will be made to continue the custody of violent felons or felons accused of violent crimes to ensure the safety of the public.

314.6.6 FIRST-AID/PROFESSIONAL MEDICAL ATTENTION

As necessary, evacuating personnel will apply first-aid techniques to those prisoners injured because of the emergency or injured during the evacuation procedure, until professional medical aid arrives to assist.

314.6.7 REPORTS

The Shift Commander will ensure that any emergency evacuation of the Temporary Holding Facility is documented and that copies of those reports are forwarded to the Temporary Holding Facility Manager and Temporary Holding Facility Administrator.

314.7 PRISONER TELEPHONE CALLS

Every prisoner, whether adult or juvenile, detained in the Temporary Holding Facility shall be entitled to at least two completed telephone calls immediately upon being booked and no later than four hours after arrival (37 Tex. Admin. Code § 291.1(1)).

If it is determined that the person is a custodial parent with responsibility for a minor child, the person shall be entitled to make two additional telephone calls for the purpose of arranging care for the minor child.

There is no obligation for the officer to make a call on a prisoner's behalf, for example in the case of a person who is so intoxicated that he/she cannot make a call. An officer is not required to wake an intoxicated person four hours after booking so that they may complete a call.

© 1995-2014 Lexipol, LLC

There is also no limit on the amount of time a prisoner's phone call can last. A prisoner should be given sufficient time on the phone to contact whomever he/she desires and to arrange for necessary items because of his/her arrest. The phone calls are not intended to be lengthy conversations and the officer may use his/her judgment in determining the duration of the calls.

314.7.1 TELEPHONE CALL PROCEDURES

The Department will pay the cost of local calls. Long-distance calls must be paid by the prisoners using calling cards or by calling collect (37 Tex. Admin. Code § 291.1).

Calls between the prisoner and his/her attorney shall be deemed confidential and shall not be monitored, intentionally overheard or recorded.

314.7.2 ONGOING TELEPHONE ACCESS

Once a prisoner has completed telephone calls and it appears that the individual is not going to be released or transferred to another custodial facility, reasonable efforts should be made to provide the prisoner with ongoing access to a telephone, as practicable. In providing access to a telephone, legitimate law enforcement interests, such as officer safety, effect on ongoing criminal investigations and logistics, should be balanced against the prisoner's desire for phone access.

314.8 HANDLING OF INMATE'S PROPERTY

Officers shall take care in the handling of inmate's property to avoid discrepancies or losses.

Any personal property belonging to the inmate but retained by the officer for safekeeping, shall be kept in a secure location until the inmate is released or transferred. Smaller items such as a driver's license, pocket knife, wallet, prescription medications and other similar property, shall be placed in a property bag and sealed. A list of the property, including detailed descriptions of prescription medications, shall be included on the booking form. Any property too large to be kept in the Temporary Holding Facility shall be booked into property for safekeeping. Inmate property that is too large or will not otherwise be accepted by a receiving facility in the event of an inmate transfer should be booked for safekeeping.

Property belonging to the inmate but retained by the officer as evidence shall be booked according to procedures. The inmate shall be advised that such property will be kept as evidence and where demanded, the officer will issue the inmate a receipt. Such receipt may be a copy of the property booking form, written out in the officer's handwriting or typed for his/her personal signature. It should include the description of the property (but not its value), the case number, date, time, officer's badge number and signature. Where a receipt is issued, it should be mentioned in the arrest report.

314.8.1 VERIFICATION OF PRISONER'S MONEY

All money belonging to the prisoner and retained by the officer shall be counted in front of the prisoner. When possible, the prisoner should initial the dollar amount on the booking sheet. Additionally, all money should be placed in a separate envelope and sealed. Negotiable checks or other instruments and foreign currency should also be sealed in an envelope with the amount indicated but not added to the cash total. Rings and other jewelry of apparent value or small

© 1995-2014 Lexipol, LLC

enough to be easily lost should also be sealed in an envelope. All envelopes should clearly indicate the contents on the front. The person sealing it should place his/her initials across the sealed flap. Should any money be withdrawn or added to the cash envelope, the officer making such change shall enter the amount below the original entry and initial it. The total amount of money in the envelope should always be computed and written on the outside of the envelope.

314.8.2 RELEASE OF PRISONER'S PROPERTY

Release of any prisoner's property to any person requires the recipient's signature on the appropriate form. Any request for release of property by a prisoner must be made in writing on the booking sheet.

When a prisoner is released from custody, all property will be returned to him/her and he/she will be required to sign the back of the booking sheet.

If a prisoner is released to the court or an officer of another agency, all property will be released to that officer, who will be required to verify and sign for the property. The officer transporting prisoners to court is required to obtain the receiving officer's signature on the booking form as notice of receipt of the prisoner's property.

Any alleged shortage or discrepancy shall be brought to the attention of the Shift Commander, who will interview the prisoner claiming the shortage prior to his/her release. The Shift Commander shall ensure that a search for the alleged missing items is complete and shall attempt to prove or disprove the claim. A written claim by the prisoner shall be requested where the discrepancy cannot be resolved.

314.9 TEMPORARY HOLDING FACILITY PROCEDURES

314.9.1 SECURITY

(a) Firearms, deadly weapons or any type of explosive device shall not be permitted within the secure area of the Temporary Holding Facility. Weapons should be properly secured in the gun lockers outside of the secure area of the Temporary Holding Facility. An exception may occur only during emergencies upon approval of the Facility Administrator, Facility Manager or Shift Commander.

(b) All perimeter doors to the Temporary Holding Facility shall be kept locked at all times except during routine cleaning, when no prisoners are present, or in the event of an emergency, such as an evacuation.

(i) Complete the Aransas Pass Police Department booking form or County Intake Form.

(j) In the case of an arrest involving an intoxicated person, complete a Detoxification Assessment Form.

(k) Before the booking procedure is completed, the arresting or booking officer will log the prisoner into the Temporary Holding Facility Log. This procedure is to be completed regardless of the time the prisoner is to be held in the facility and shall include those prisoners whose admittance is for booking only.

314.9.3 HOLDING CELL SECURITY

(a) Prior to placing a prisoner into a cell, the cell shall be searched to ensure there are no weapons or contraband present and to ensure the cell is clean and sanitary. If other

© 1995-2014 Lexipol, LLC

prisoners are present in the cell, this inspection shall be done visually without removing other prisoners.

(b) If the booking officer is alone, any other prisoners in a cell should be directed to stand against the far wall of the cell prior to opening the cell door.

(c) Keys shall be returned to their secure location prior to the officer leaving the building.

(d) Access to the booking and holding cell area is restricted to officers who are in the process of or assisting with the booking or release of prisoners, or personnel who are conducting prisoner checks.

(e) Maintenance and/or cleaning personnel shall be accompanied at all times by an officer when inside the Temporary Holding Facility.

314.9.4 HOLDING CELLS AND PRISONER BEDDING

(a) Temporary Holding Facility cells have toilets and water available at all times. Prisoners will not be placed in cells where toilet or water service is not available.

(c) Clean bedding should be stored in the Temporary Holding Facility storage room.

(d) Blankets that have been used by a prisoner should be placed in the laundry bin by the officer releasing the prisoner.

(e) Used bedding will be cleaned, as needed, upon the direction of the Temporary Holding Facility Manager. It is the manager or the authorized designee's responsibility to ensure that adequate supplies of clean blankets are available in the storage room for issue as needed.

314.9.5 PRISONER FOOD SERVICE

(a) Prisoner food will be prepared on-site or purchased from a retail or commercial food provider.

(c) Attorneys must produce a current identification card from a recognized state bar association as well as other matching appropriate identification.

(d) Interviews between attorneys and clients shall not be monitored or recorded.

314.9.7 VISITORS

Since the Aransas Pass Police Department jail is only a temporary holding facility, visitation for inmates is prohibited unless absolutely needed and approved by the shift commander or command staff supervisor.

314.9.8 MEDICATION

The Temporary Holding Facility is generally not appropriate for holding persons who will require medication during the period of their detention. It is preferable that persons requiring medication be housed at another facility.

Exceptions may be made by the Shift Commander or another supervisor only under unusual circumstances. A supervisor authorizing this type of detention shall note in the booking log the unusual circumstances necessitating the detention, the maximum period of the detention and sign the booking entry.

Prisoners who require medication during their detention will require a pre-booking medical examination. Only medication approved by the medical professional conducting the pre-booking examination may be provided to the prisoner. This includes any medication in the possession of the prisoner or provided by a friend or relative. The medication shall be dispensed by an officer as directed by the medical professional conducting the pre-booking examination.

The directions relating to the dispensing of the medication will be maintained with the medication, and a copy retained with the booking record. The prisoner's medication will be kept secure in the medication cabinet and transferred with the prisoner or provided to the prisoner on release.

A notation on the facility log or jail check sheet will be made listing the type, date and time of any dispensing of medication and signed by the officer dispensing the medication.

Officers will observe the prisoner take the medication. If the medication is not taken as directed, a supervisor shall be immediately notified. Medication shall not be returned to the container.

314.9.9 MEDICAL CARE

Should a prisoner be injured or become ill during incarceration, appropriate medical aid will be summoned. A supervisor shall meet with those providing medical aid at the Temporary Holding Facility to allow access to the prisoner. The decision to transport a prisoner to a hospital will be the decision of the paramedic. The method and means of transportation is subject to the approval of the supervisor. If any prisoner is transported while still in custody, the prisoner will be accompanied by an officer. If the prisoner is incarcerated for a misdemeanor, the supervisor may release the prisoner to facilitate medical care and transport.

314.9.10 RELEASE OF PRISONERS

(a) Prior to removing a prisoner from a cell for release, the releasing officer will compare the intake photograph of the prisoner with the individual being released to ensure proper identity. If any questions exist regarding proper identification, a supervisor should be summoned to the Temporary Holding Facility.

(b) The Temporary Holding Facility should be inspected for damage, trash, or other items left behind prior to the release or transportation of any prisoner.

(c) Any damages should be noted and, if necessary, an additional crime report completed. If additional charges are warranted, they will be made. Photographic evidence should be obtained and documented to support additional charges.

(d) Prisoners should be required to clean cells prior to release or transportation. If a prisoner refuses, he/she may not be compelled to clean up nor may his/her release be delayed to accomplish this.

(e) Prisoners shall be released in accordance with state law. The releasing officer will be responsible for the following:

1. All proper reports and forms shall be completed prior to release.

314.9.11 FACILITY SANITATION AND MAINTENANCE

The Temporary Holding Facility shall be kept clean, sanitary and well maintained at all times.

The Shift Commander should inspect the Temporary Holding Facility at the beginning and end of each shift to ensure that the detention area is clean and maintained to an acceptable level of cleanliness. The Temporary Holding Facility shall be cleaned, as necessary, in order to provide a proper custodial and working environment. Any maintenance problems will be reported to the jail supervisor.

© 1995-2014 Lexipol, LLC

314.9.12 DEATH OF A PRISONER
In the event of a fatal injury or death of a prisoner while in custody of this department, the Shift Commander shall be notified and he/she will make the appropriate additional notifications as directed in the Temporary Holding Facility Manual.

In accordance with available resources, safety and security, the religious beliefs and needs of all prisoners should be reasonably accommodated, including reasonable access to clergy members and spiritual advisers, volunteer religious organizations, faith and morals-based programs and other secular volunteer programs. No prisoner shall be required to participate in any such program.

314.10 PRISONER ESCAPES
In the event of an attempted escape from the holding facility, the following measures should be taken to thwart the attempt:

(a) The Temporary Holding Facility video system will be monitored by Dispatch.

(b) If an escape attempt is underway, with or without an officer present, Dispatch should perform the following actions in sequential order:

1. Broadcast an immediate alarm over the radio system.
2. Notify the Shift Commander, other supervisors and other resources as directed by supervisors, to immediately respond to the Temporary Holding Facility to prevent the escape and/or assist the officer involved.
3. Announce the escape attempt on the internal communication system of the Temporary Holding Facility.
4. Alert administrative personnel of the attempted escape using appropriate communication systems.

(c) All available personnel are to respond to aid in prevention of an escape.

(d) If the escape is successful, Dispatch will complete a TCIC/NCIC teletype broadcast to surrounding agencies. The teletype, with the approval of a supervisor, provides a physical description of the escapee(s), the reason for his/her detention, whether the escapee is armed and if there are injuries related to the escape.

314.10.1 USE OF FORCE TO PREVENT ESCAPE OR CAPTURE ESCAPEES
Officers attempting to prevent the escape shall use only that amount of force that reasonably appears necessary, given the facts and circumstances perceived by the officer at the time of the event, to accomplish a legitimate law enforcement purpose.

314.11 POST-ESCAPE INCIDENT ACTIONS
Once the escape has been thwarted or escapees recaptured, Dispatch will announce via internal intercom and alpha page signifying an end to the alert. The Shift Commander will ensure all

persons notified of the event, including the Division Commanders and the Chief of Police, are notified of the resolution of the event.

The Shift Commander will ensure that reports and any other necessary documentation of the escape, or attempted escape, are completed. This documentation includes, at a minimum:

(a) Additional charges being filed against those involved in the incident, when applicable.

Temporary Custody of Juveniles

316.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Aransas Pass Police Department (42 USC § 5633).

316.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent or alien juvenile who may be legally held for his/her own safety or welfare or any juvenile 9 years old or younger. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian or other responsible person.

Juvenile offender - A juvenile 10 to 16 years of age who is alleged to have committed an offense that would subject an adult to arrest or a 17 year old in custody for such an offense committed before 17 years of age (a non-status offense) (Tex. Fam. Code § 51.02).

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

(a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.

(b) A juvenile handcuffed to a rail.

(c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.

(d) A juvenile being processed in a secure booking area when an unsecure booking area is available.

(e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.

(f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.

Sight and sound separation - Located or arranged to prevent physical, visual or auditory contact.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender as defined in Tex. Fam. Code § 51.02. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This also includes any juvenile in custody for an offense that would not subject an adult to arrest but qualifies as delinquent conduct or conduct indicating a need for supervision (CINS) under Tex. Fam. Code § 52.01.

316.2 POLICY

The Aransas Pass Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Aransas Pass Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

316.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Aransas Pass Police Department:

(a) Unconscious

(b) Seriously injured

(c) A known suicide risk or obviously severely emotionally disturbed

(d) Significantly intoxicated

(e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Aransas Pass Police Department unless they have been evaluated by a qualified medical and/or mental health professional.

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

316.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Aransas Pass Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Aransas Pass Police Department without authorization of the arresting officer's supervisor or the Shift Commander.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Aransas Pass Police Department (42 USC § 5633).

Officers may issue a warning notice for offenses according to department disposition guidelines (Tex. Fam. Code § 52.01). If a juvenile offender or status offender will not be released from custody the officer shall transport the juvenile to the designated juvenile processing office for disposition according to the department's disposition guidelines.

316.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Aransas Pass Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (42 USC § 5633).

316.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (42 USC § 5633).

316.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Aransas Pass Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody under the authority of a juvenile court order for a criminal offense or when the juvenile has committed an offense that would subject an adult to arrest (Tex. Fam. Code § 52.01).

Once a juvenile offender has been placed into custody, the officer must make one of the following dispositions of the juvenile offender without delay (Tex. Fam. Code § 52.02):

(a) Release the juvenile to a parent, guardian, custodian or other responsible adult on that person's promise to bring the juvenile to court on request.

    1. In cases of Class C misdemeanors occurring on school property or a school vehicle, a citation may not be issued but officers may proceed pursuant to Tex. Educ. Code § 37.145 (School staff must file complaint) or Tex. Code of Crim. Pro. art. 45.058 (Rules on taking juvenile into custody.), as applicable.

(b) Bring the juvenile before an office, official or facility designated by the county juvenile board.

(c) Bring the juvenile to a medical facility if the juvenile is believed to suffer from a serious physical condition or illness that requires prompt treatment.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(d) Release the juvenile without court referral under department guidelines (Tex. Fam. Code § 52.03).

Officers taking a juvenile into custody for an alleged offense shall ensure the case is referred to the juvenile court unless another disposition is authorized under department guidelines, and the custody was properly documented (Tex. Fam. Code § 52.03).

316.4.4 JUVENILE SPECIAL CIRCUMSTANCE CUSTODY

Special circumstances may permit taking custody of juveniles. These instances include:

(a) An officer who has probable cause to believe that a juvenile is in violation of the compulsory school attendance law under Tex. Educ. Code § 25.085 may take the juvenile into custody for the purpose of returning the juvenile to his/her school campus to ensure the juvenile's compliance with compulsory school attendance laws (Tex. Fam. Code § 52.01(e)).

(b) A juvenile taken into custody on reasonable grounds that the juvenile has been operating a motor vehicle in a public place while having any detectable amount of alcohol in the juvenile's system may:

1. Be taken to a place to obtain a specimen of the juvenile's breath or blood under the implied consent laws of this state.
2. Have breath alcohol testing and video recording of the juvenile in an adult processing office (Tex. Fam. Code § 52.02(c)). If the breath testing equipment is located in the Temporary Holding Facility, adult offenders should be locked down while the juvenile is being processed. The juvenile may only remain in the Temporary Holding Facility for as long as it takes to satisfy the mandatory 15-minute observation period and to administer the test.

(c) A juvenile may be taken into temporary custody to take the juvenile’s fingerprints when the officer has probable cause to believe the juvenile has engaged in delinquent conduct and that the juvenile’s fingerprints will match other fingerprints found at the scene (Tex. Fam. Code § 58.0021).

(d) A juvenile may be taken into temporary custody for purposes of obtaining the juvenile’s photograph when there is probable cause to believe that the juvenile has engaged in delinquent conduct and that the photograph will be of material assistance in the investigation of that delinquent conduct (Tex. Fam. Code § 58.0021).

316.5 ADVISEMENTS

Officers who take a juvenile into custody shall promptly advise the juvenile’s parent, guardian or custodian as well as the office or official designated by the county juvenile board of the reason for taking the juvenile into custody (Tex. Fam. Code § 52.02).

(a) Identifying information about the juvenile being held.

(b) Date and time of arrival and release from the Aransas Pass Police Department.

(c) Shift Commander notification and approval to temporarily hold the juvenile.

(d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender or non-offender.

316.6.1 RETENTION OF JUVENILE CUSTODY LOG

The Shift Commander should ensure that the juvenile custody log is retained and submitted as required by the local auditing entity.

316.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (42 USC § 5633). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Aransas Pass Police Department shall maintain a constant, immediate presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

316.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Aransas Pass Police Department shall ensure the following:

(a) The Shift Commander should be notified if it is anticipated that a juvenile may need to remain at the Aransas Pass Police Department more than four hours. This will enable the Shift

Commander to ensure no juvenile is held at the Aransas Pass Police Department more than six hours.

(b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.

(c) Personal visual checks and significant incidents/activities shall be noted on the log.

(d) There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware. Therefore, an employee should inform a juvenile under his/her care that the juvenile will be monitored at all times, unless he/she is using the toilet. This does not apply to surreptitious and legally obtained recorded interrogations.

(e) Juveniles shall have reasonable access to toilets and wash basins.

(f) Food should be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile.

(g) Juveniles shall have reasonable access to a drinking fountain or water.

(h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.

(i) Juveniles should have privacy during family, guardian and/or lawyer visits.

(j) Juveniles should be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody.

(k) Blankets should be provided as reasonably necessary.

(l) Adequate shelter, heat, light and ventilation should be provided without compromising security or enabling escape.

(m) Juveniles shall have adequate furnishings, including suitable chairs or benches.

(n) Juveniles shall have the right to the same number of telephone calls as an adult in custody.

(o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse.

316.8.1 MEDICAL CLEARANCE, WHEN NOT REQUIRED BY POLICY

A juvenile who requires or requests medical clearance/treatment, outside the scope of this policy section and during the juvenile's detention or transfer to a secured, approved detention facility, shall be accompanied by an adult parent or legal guardian. The juvenile's parent or guardian must approve the medical treatment before such treatment can be rendered. Further, the parent or guardian authorizing the treatment shall be responsible for any costs associated with such treatment.

To accompany the juvenile in custody means that the parent will follow the officer/ambulance or meet the officer/ambulance at the medical facility where the juvenile will be receiving treatment.

316.9 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Aransas Pass Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Shift Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse.

316.10 PERSONAL PROPERTY

The officer taking custody of a juvenile offender or status offender at the Aransas Pass Police Department shall ensure a thorough search of the juvenile’s property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile’s presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Aransas Pass Police Department.

316.11 JUVENILE PROCESSING OFFICE

Juvenile offenders and status offenders shall be kept primarily in juvenile processing offices and shall remain there while at the Aransas Pass Police Department unless removal is necessary for transportation, restroom visits, etc. Separate processing offices should be available for juvenile offenders and status offenders. A juvenile processing office is restricted to facilitating (Tex. Fam. Code § 52.025):

(a) Return of the juvenile to the custody of a parent, guardian, custodian or other responsible adult upon that person's promise to bring the child before the juvenile court as requested by the court.

(b) Completion of essential forms and records required by the juvenile court or the Texas Family Code.

(c) Photographing and fingerprinting if authorized by law.

(d) Issuance of warnings as required or permitted by law.

(e) Receipt of a statement by the juvenile in accordance with Tex. Fam. Code § 51.095.

316.11.1 JUVENILE PROCESSING OFFICE PROCEDURE

A thorough inspection of the juvenile processing office shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to the use of a juvenile processing office (Tex. Fam. Code § 52.025):

(a) The juvenile processing office rooms must remain unlocked for status offenders (Tex. Code of Crim. Pro. art. 45.058). The room may be locked for juvenile offenders but only when authorized by the county board and department protocol.

    1. Locking the door should generally only be done for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of escape, or harm to him/ herself or others.

    2. Members of this department should not lock the door for convenience when non-secure custody is, or later becomes, a reasonable option.

(b) Direct personal supervision as described in non-secure custody shall be maintained even when the door is locked for a juvenile offender.

(c) Juveniles are entitled to be accompanied by parents, guardians, custodians or an attorney (Tex. Fam. Code § 52.025).

(d) A parent has the right to communicate in person privately with the juvenile for reasonable periods of time while the juvenile is in the juvenile processing office. The time, place and conditions of the private, in-person communication may be regulated to maintain the safety and security of the facility (Tex. Fam. Code § 61.103).

(e) The juvenile shall constantly be monitored by an officer or police department employee.

(f) Initial placement and removal shall be logged.

(g) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).

(h) Restrained juveniles shall not be mixed with unrestrained juveniles.

316.12 SUICIDE ATTEMPT, DEATH OR SERIOUS INJURY OF A JUVENILE

The Shift Commander will ensure procedures are in place to address the suicide attempt, death or serious injury of any juvenile held at the Aransas Pass Police Department. The procedures will address:

(a) Immediate notification of the on-duty supervisor, Chief of Police and Criminal Investigations Division supervisor.

(b) Notification of the parent, guardian or person standing in loco parentis, of the juvenile.

(c) Notification of the appropriate prosecutor.

© 1995-2014 Lexipol, LLC

(d) Notification of the City Attorney.

(e) Evidence preservation.

(f) Notification of the Justice of Peace and/or Medical Examiner

(g) Notification of the juvenile court

(h) Notification to the Attorney General and the written report of the cause of death for the Attorney General as applicable no later than the 30th day after the date on which the juvenile in custody died (Tex. Code of Crim. Pro. art. 49.18(b)).

316.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

Officers may obtain a written, oral or recorded statement from a juvenile in custody if the applicable procedural safeguards are followed (Tex. Fam. Code § 51.095).

316.14 RESTRICTION ON FINGERPRINTING AND PHOTOGRAPHING

As a general rule, only a juvenile offender may be fingerprinted or photographed and only for a felony offense or a Class B misdemeanor or above (Tex. Fam. Code § 58.002).

Exceptions to the general rule include fingerprinting and photographing of a juvenile (Tex. Fam. Code § 58.002; Tex. Fam. Code § 58.0021; Tex. Fam. Code § 58.0022):

(a) Who is not in custody with a parent or guardian's voluntary written consent.

(b) For inclusion in the missing child information clearinghouse (Tex. Code of Crim. Pro. art. 63.003).

(c) Who is a runaway, when it is necessary to identify him/her.

316.15 REQUIRED SCHOOL NOTIFICATION

An officer who arrests any person for any felony or any misdemeanor listed in Tex. Code of Crim. Pro. art. 15.27, or who refers a juvenile to the agency designated by the juvenile board shall attempt to determine the person’s school enrollment status and advise the appropriate school official of the arrest or referral within 24 hours or by the next school day, whichever is earliest.

Within seven days of the officer’s initial notice to the school the Records Section shall mail the required notice, including details of the arrest or referral as required by Tex. Code of Crim. Pro. art. 15.27, to the designated school official.

Detentions And Photographing Detainees

318.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for conducting field interviews (FI) and pat-down searches, and the taking and retention of photographs of persons detained in the field but not arrested. Due to a variety of situations confronting the officer, the decision to conduct an FI or to photograph a field detainee shall be left to the discretion of the involved officer, based on the totality of the circumstances available to him/her at the time of the detention.

318.2 DEFINITIONS

Detention - Occurs when an officer intentionally, through words, actions or physical force causes an individual to reasonably believe he/she is being required to restrict his/her movement. Detentions also occur when an officer actually restrains a person's freedom of movement.

Consensual Encounter - Occurs when an officer contacts an individual but does not create a detention through words, actions or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field Interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual's identity and resolving the officer's suspicions.

Field Photographs - Posed photographs taken of a person during a contact, detention or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-Down Search - This type of search is used by officers in the field to check an individual for weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee or others.

Reasonable Suspicion - Occurs when, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

318.3 FIELD INTERVIEWS

Officers may stop individuals for the purpose of conducting an FI where reasonable suspicion is present. In justifying the stop, the officer should be able to point to specific facts which, when taken together with rational inferences, reasonably warrant the stop. Such facts include, but are not limited to, the following:

(a) The appearance or demeanor of an individual suggests that he/she is part of a criminal enterprise or is engaged in a criminal act.

(b) The actions of the suspect suggest that he/she is engaged in a criminal activity.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(c) The hour of day or night is inappropriate for the suspect's presence in the area.

(d) The suspect's presence in the particular area is suspicious.

(e) The suspect is carrying a suspicious object.

(f) The suspect's clothing bulges in a manner that suggests he/she is carrying a weapon.

(g) The suspect is located in proximate time and place to an alleged crime.

(h) The officer has knowledge of the suspect's prior criminal record or involvement in criminal activity.

318.3.1 INITIATING A FIELD INTERVIEW

An officer may initiate the stop of a person when there is articulable, reasonable suspicion to do so. A person, however, should not be detained longer than is reasonably necessary to resolve the officer’s suspicions.

Nothing in this policy is intended to discourage consensual contacts. Frequent and random casual contacts with consenting individuals are encouraged by the Aransas Pass Police Department to strengthen our community involvement, community awareness and problem identification.

318.3.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may be lost or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigators to utilize available personnel for the following:

(a) Identify all persons present at the scene and in the immediate area.

1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department personnel.

1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in a department vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.

318.4 PAT-DOWN SEARCHES

A pat-down search of a detained subject may be conducted whenever an officer reasonably believes that the person may possess an object that can be utilized as an offensive weapon

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

or whenever the officer has a reasonable fear for his/her own safety or the safety of others. Circumstances that may establish justification for performing a pat-down search include, but are not limited to, the following:

(a) The type of crime suspected, particularly in crimes of violence where, the use or threat of deadly weapons is involved.

(b) Where more than one suspect must be handled by a single officer.

(c) The hour of the day and the location or neighborhood where the stop takes place.

(d) Prior knowledge of the suspect's use of force and/or propensity to carry deadly weapons.

(e) The appearance and demeanor of the suspect.

(f) Visual indications which suggest that the suspect is carrying a firearm or other weapon.

(g) The age and gender of the suspect.

Whenever possible, pat-down searches should be performed by officers of the same gender.

318.5 FIELD PHOTOGRAPHS

Before photographing any field detainee, the officer shall carefully consider, among other things, the factors listed below.

318.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject of the photograph knowingly and voluntarily gives consent.

318.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based on reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. Mere knowledge or suspicion of gang membership or affiliation is not a sufficient justification for taking a photograph without consent. The officer must be able to articulate facts that reasonably indicate that the subject was involved in, or was about to become involved in, criminal conduct.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

318.6 SUPERVISOR RESPONSIBILITY

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph. Access to field photographs shall be strictly limited to law enforcement purposes.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

318.7 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Shift Commander with either an associated FI card or other memorandum explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Shift Commander should review and forward the photograph to one of the following locations:

(a) If the photo and associated FI or memorandum is relevant to criminal street gang enforcement, the Shift Commander will forward the photo and documents to the Gang Supervisor. The Gang Supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Street Gangs Policy.

(b) Photographs that do not qualify for criminal street gang file retention or that are not evidence in an investigation with an assigned case number should be forwarded to the Records Section. These photographs will be purged as described in Detentions and Photographing Detainees Policy.

When a photograph is taken in association with a particular case, the detective may use the photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs will be kept in the Records Section and stored electronically.

318.7.1 PURGING THE FIELD PHOTO FILE

The Records Supervisor will be responsible for ensuring that photographs retained by the Records Section that are more than one year old and no longer serve a law enforcement purpose are periodically purged and destroyed. Photographs that continue to serve a legitimate law enforcement purpose may be retained longer than one year provided a notation of that fact is added to the file for each additional year they are retained. Access to the FI photo file shall be strictly limited to law enforcement purposes.

A photograph may be retained as an updated photograph in a prior booking file if the person depicted in the photograph has been booked at the Aransas Pass Police Department and the booking file remains in the Records Section.

318.8 PHOTO REVIEW POLICY

Any person who has been the subject of a field photograph or an FI by this agency during any contact other than an arrest may file a written request within 30 days of the contact requesting a review of the status of the photograph/FI card. The request shall be directed to the office of the Chief of Police who will ensure that the status of the photograph or FI card is properly reviewed according to this policy. Upon a verbal request, the Department will send a request form to the requesting party along with a copy of this policy.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

318.8.1 REVIEW PROCESS

Upon receipt of a written request, the Chief of Police or authorized designee will permit the individual to appear in person. Any minor must be accompanied by a parent or legal guardian for a review of the status of the photograph/FI card.

Such a meeting will generally be scheduled during regular business hours within 30 days of the receipt of the written request. An extension of the 30-day limit may be made either upon the mutual convenience of the parties or if, at the discretion of the Chief of Police, there appears to be an ongoing legitimate law enforcement interest which warrants a delay. If the delay could jeopardize an ongoing investigation, nothing in this policy shall require the Chief of Police to disclose the reason(s) for the delay.

A meeting for the review of the status of any non-arrest photograph/FI card is not intended to be a formal hearing but simply an informal opportunity for the individual to meet with the Chief of Police or authorized designee to discuss the matter.

After carefully considering the information available, the Chief of Police or authorized designee will determine, generally within 30 days of the original meeting, whether the photograph/FI card was obtained in accordance with existing law and Aransas Pass Police Department policy and, even if properly obtained, then whether there is any ongoing legitimate law enforcement interest in retaining the photograph/FI card.

If the Chief of Police or authorized designee determines that the photograph/FI card was obtained in accordance with existing law and department policy and that there is an ongoing legitimate law enforcement interest in retaining the non-arrest photograph, the photograph/FI card shall be retained according to this policy and applicable law.

If the Chief of Police or authorized designee determines that the original legitimate law enforcement interest in retaining a non-arrest photograph no longer exists or that it was obtained in violation of existing law or Aransas Pass Police Department policy, the original photograph will be destroyed or returned to the person photographed, if requested. All other associated reports or documents, however, will be retained according to department policy and applicable law.

If the Chief of Police or authorized designee determines that the original legitimate law enforcement interest in retaining a non-arrest FI card no longer exists or that the original FI card was not obtained in accordance with established law or Aransas Pass Police Department policy, the original FI card may only be destroyed upon the execution of a full and complete waiver of liability by the individual (and guardian if a minor) who was the subject of that field contact.

If the Chief of Police or authorized designee determines that any involved Aransas Pass Police Department personnel violated existing law or department policy, the Chief of Police or authorized designee shall initiate a separate internal investigation which may result in additional training, discipline or other appropriate action for the involved employee(s).

The person photographed or interviewed will be informed in writing within 30 days of the Chief of Police's determination whether the photograph/FI card will be retained. This does not entitle

any person to any discovery or access to any law enforcement records not otherwise authorized by law.

Hearing Impaired/Disabled Communications

320.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

320.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - These are used to communicate with people who are deaf, hard of hearing or have impaired speech. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; use of a notepad and pen or pencil to exchange written notes; use of a computer or typewriter; use of an assistive listening system or device to amplify sound; use of a teletypewriter (TTY), videophones (video relay service or VRS); or use of a qualified interpreter.

Deaf or hard of hearing - An individual who has or is regarded as having substantially limited hearing with or without assistance. This includes a person who is legally blind and has a hearing impairment of such severity that the person cannot understand most speech, even with the use of optimum amplification (Tex. Hum. Res. Code § 81.001).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters. Qualified interpreters should hold a current certification issued by the Board for Evaluation of Interpreters or another current certificate approved by the Texas Commission for the Deaf and Hard of Hearing (Tex. Hum. Res. Code § 82.001).

320.2 POLICY

It is the policy of the Aransas Pass Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

320.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Patrol Division Commander or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(a) Working with the City ADA coordinator regarding the Aransas Pass Police Department's efforts to ensure equal access to services, programs and activities.

(b) Developing reports, new procedures, or recommending modifications to this policy.

(c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.

(d) Ensuring that a list of qualified interpreter services is maintained and available to each Shift Commander and Dispatch Supervisor. The list should include information regarding the following:

1. Contact information
2. Availability

(e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.

(f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.

(g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

320.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

(a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.

(b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).

(c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).

(d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

320.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

(a) The methods of communication usually used by the individual.

(b) The nature, length and complexity of the communication involved.

(c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Aransas Pass Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

320.6 TYPES OF ASSISTANCE AVAILABLE

Aransas Pass Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

320.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

320.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

(a) Available within a reasonable amount of time but in no event longer than one hour if requested.

(b) Experienced in providing interpretation services related to law enforcement matters.

(c) Familiar with the use of VRS and/or video remote interpreting services.

(d) Certified in either American Sign Language (ASL) or Signed English (SE).

(e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

(f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

320.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

320.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

320.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

(a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.

(b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

320.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

320.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

320.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

(a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.

(b) Exchange of written notes or communications.

(c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.

(d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.

(e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

320.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual

© 1995-2014 Lexipol, LLC

has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

320.15 ARRESTS AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

320.16 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

320.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

320.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

(a) Awareness and understanding of this policy and related procedures, related forms and available resources.

(b) Procedures for accessing qualified interpreters and other available resources.

(c) Working with in-person and telephone interpreters and related equipment.

The Training Coordinator shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals who are disabled should receive refresher training at least once every two years thereafter. The Training Coordinator shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

320.18.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

(a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.

(b) ASL syntax and accepted abbreviations.

(c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.

(d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all Dispatch members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.

Child Safety Policy

322.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse Policy and the Elder Abuse Policy.

322.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Aransas Pass Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected.

322.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any other children or dependent adults who are without appropriate supervision. The following steps should be taken:

(a) Inquire about and confirm the location of any children or dependent adults.

(b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.

(c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Adoption Date: 2014/11/07

322.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children or dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

(a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.

    1. Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.

    2. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.

(b) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.

(c) Notify Child Protective Services, if appropriate.

(d) Notify the field supervisor or Shift Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

322.3.2 DURING THE BOOKING PROCESS

During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

© 1995-2014 Lexipol, LLC

322.3.3 REPORTING

(a) For all arrests where children are present or living in the household, the reporting member will document the following information:

1. Name
2. Sex
3. Age
4. How, where and with whom or which agency the child was placed

(b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:

1. Name
2. Sex
3. Age
4. Whether he/she reasonably appears able to care for him/herself
5. Disposition or placement information if he/she is unable to care for him/herself

322.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

322.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should consider contacting the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

322.5 TRAINING

The Training Coordinator is responsible to ensure that all members of this department who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.

Ride-Along Policy

324.1 PURPOSE AND SCOPE

The Ride-Along Program provides an opportunity for citizens to experience the law enforcement function first hand. This policy provides the requirements, approval process and hours of operation for the Ride-Along Program.

324.1.1 ELIGIBILITY

The Aransas Pass Police Department Ride-Along Program is offered to residents, students and those employed within the City. Every attempt will be made to accommodate interested persons. However any applicant may be disqualified without cause.

The following factors may be considered in disqualifying an applicant and are not limited to:

- Being under 18 years of age if not currently enrolled in the Aransas Pass PD Explorer Program
- Prior criminal history
- Pending criminal action
- Pending lawsuit against the Department
- Denial by any supervisor

324.1.2 AVAILABILITY

Approved riders may ride along anytime of the week, day or night. All riders must receive initial approval from the Chief of Police and shall be approved prior to each event by the patrol shift commander, thereafter.

324.2 PROCEDURE TO REQUEST A RIDE-ALONG

Generally, ride-along requests will be scheduled by the Shift Commander. The participant will complete the ride-along waiver form which has been approved by the Chief of Police. Information requested will include a valid driver's license, address and telephone number. If the participant is under 18 years of age, a parent/guardian must be present to complete the Ride-Along Form.

The Shift Commander will schedule a date, based on availability, at least one week after the date of application. If approved, a copy will be forwarded to the respective Shift Commander as soon as possible for his/her scheduling considerations.

If the ride-along is denied after the request has been made, a representative of the Department will contact the applicant and advise him/her of the denial.

324.2.1 PROGRAM REQUIREMENTS

Once approved, civilian ride-alongs will be allowed to ride no more than twice every six months. An exception would apply to the following: cadets, explorers, chaplains, reserves, police applicants and all others with approval of the Shift Commander.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

An effort will be made to ensure that no more than one citizen will participate in a ride-along during any given time period. Normally, no more than one ride-along will be allowed in the officer's vehicle at a given time.

Ride-along requirements for police cadets are covered in the Police Cadet Policy.

324.2.2 SUITABLE ATTIRE

Any person approved to ride along is required to be suitably dressed in a collared shirt, blouse or jacket, slacks and shoes. Sandals, T-shirts, tank tops, shorts and ripped or torn blue jeans are not permitted. Hats and ball caps will not be worn in the police vehicle. The Shift Commander or field supervisor may refuse a ride-along to anyone not properly dressed.

324.2.3 PEACE OFFICER RIDE-ALONGS

Off-duty members of this department or any other law enforcement agency will not be permitted to ride-along with on-duty officers without the expressed consent of the Shift Commander. In the event that such a ride-along is permitted, the off-duty employee shall not be considered on-duty and shall not represent him/herself as a peace officer or participate in any law enforcement activity except as emergency circumstances may require. The peace officer, if currently employed full-time as a peace officer within another Texas Police agency, may carry a firearm that is concealed.

324.2.4 RIDE-ALONG CRIMINAL HISTORY CHECK

All ride-along applicants are subject to a criminal history check. The criminal history check may include a local records check and a Department of Criminal Justice Information System check prior to approval as a ride-along with a law enforcement officer (provided that the ride-along is not an employee of the Aransas Pass Police Department).

324.3 OFFICER'S RESPONSIBILITY

The officer shall advise the dispatcher that a ride-along is present in the vehicle before going into service. Officers shall consider the safety of the ride-along at all times.

Officers should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon as practicable have another police unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

The Shift Commander is responsible for maintaining and scheduling ride-alongs. In lieu of a written schedule or log, the shift commander may rely upon the dispatchers log for ride-along records.

324.4 CONTROL OF RIDE-ALONG

The assigned employee shall maintain control over the ride-along at all times and instruct him/her in the conditions that necessarily limit his/her participation. These instructions should include:

(a) The ride-along will follow the directions of the officer.

(b) The ride-along will not become involved in any investigation, handling of evidence, discussions with victims or suspects or handling any police equipment.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(c) The ride-along may terminate the ride at any time and the officer may return the observer to his/her home or to the station if the ride-along interferes with the performance of the officer's duties.

(d) Ride-alongs may be allowed to continue riding during the transportation and booking process provided this does not jeopardize their safety.

(e) Officers will not allow any ride-alongs to be present in any residences or situations that would jeopardize their safety or cause undue stress or embarrassment to a victim or any other citizen.

(f) Under no circumstance shall a civilian ride-along be permitted to enter a private residence or other establishment not readily open to the public with an officer without the expressed consent of the resident or other authorized person over the residence or establishment.

News Media Relations

326.1 PURPOSE AND SCOPE

This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

326.2 RESPONSIBILITIES

The ultimate authority and responsibility for the release of information to the media shall remain with the Chief of Police. In situations not warranting immediate notice to the Chief of Police and in situations where the Chief of Police has given prior approval, Division Commanders, Shift Commanders and designated Media Relations Officer(s) may prepare and release information to the media in accordance with this policy and the applicable law.

326.2.1 MEDIA REQUEST

Any media request for information or access to a law enforcement situation shall be referred to the designated department media representative, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, employees shall consider the following:

(a) At no time shall any employee of this department make any comment or release any official information to the media without prior approval from the Chief of Police or the designated department media representative.

(b) In situations involving multiple law enforcement agencies, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.

(c) Under no circumstance should any member of this department make any comment(s) to the media regarding any law enforcement incident not involving this department without prior approval of the Chief of Police.

326.3 MEDIA ACCESS

Authorized members of the media shall be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities subject to the following conditions:

(a) The media representative shall produce valid press credentials that shall be prominently displayed at all times while in areas otherwise closed to the public.

(b) Media representatives may be prevented from interfering with emergency operations and criminal investigations.

1. Reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should be coordinated through the Chief of Police or other designated spokesperson.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

2. Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Shift Commander. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR § 91.137).

(c) No member of this department who is under investigation shall be subjected to media visits or interviews without the consent of the involved employee.

(d) Media interviews with individuals who are in custody shall not be permitted without the approval of the Chief of Police and the express consent of the person in custody.

A tactical operation should be handled in the same manner as a crime scene, except the news media should be permitted within the outer perimeter of the scene, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through the Chief of Police or the designated media relations officer.

326.4 SCOPE OF INFORMATION SUBJECT TO RELEASE

The Department will maintain a daily information log of significant law enforcement activities that shall be made available, upon request, to media representatives through the Shift Commander. This log will generally contain the following information:

(a) The date, time, location, case number, type of crime, extent of injury or loss and names of individuals (except confidential informants) involved in crimes occurring within this jurisdiction unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.

(b) The date, time, location, case number, name, age (excluding birth date) and charges for each person arrested by this department unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.

(c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident subject to the restrictions of this policy and applicable law.

At no time shall identifying information pertaining to a juvenile arrestee, victim or witness be publicly released without prior approval of a competent court.

Information concerning incidents involving certain sex crimes and other offenses set forth in Tex. Code of Crim. Pro. art. 57.02 shall be restricted in accordance with applicable statutory provisions.

© 1995-2014 Lexipol, LLC

Identifying information concerning deceased individuals shall not be released to the media until notification of next of kin or release of information is otherwise cleared through the Medical Examiner's Office or Justice of the Peace.

Any requests for copies of related reports or additional information not contained in this log shall be referred to the designated department media representative, the custodian of records, or if unavailable, to the Shift Commander. Such requests will generally be processed in accordance with the provisions of the Public Information Act (Tex. Gov't Code Chapter 552).

326.4.1 RESTRICTED INFORMATION

It shall be the responsibility of the authorized employee dealing with media requests to ensure that restricted information is not inappropriately released to the media by this department (See Release of Records and Information and Peace Officer Personnel Files policies). When in doubt, authorized and available legal counsel should be obtained. Examples of such restricted information include, but are not limited to:

(a) Confidential peace officer personnel information.

    1. The identities of officers involved in a shooting or other major incident may only be released to the media pursuant to consent of the involved officer or upon a formal request filed and processed in accordance with the Public Information Act.

(b) Copies of traffic accident reports (except to those authorized pursuant to Tex. Transp. Code § 550.065).

(c) Criminal history information.

(d) Information that would tend to endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.

(e) Information pertaining to pending litigation involving this department.

(f) Information obtained in confidence.

(g) Any information that is otherwise privileged or restricted under state or federal law.

326.4.2 RESTRICTED INFORMATION

To protect the safety and rights of officers and other persons, advance information should not be provided to the news media regarding search warrant or arrest warrant actions planned by law enforcement personnel, nor should media representatives be solicited or invited to be present. Any exceptions require prior approval of the Chief of Police.

Racial- or Bias-Based Profiling

328.1 PURPOSE AND SCOPE

This policy provides guidance to department members and establishes appropriate controls to ensure that employees of the Aransas Pass Police Department do not engage in racial- or bias-based profiling or violate any related laws while serving the community.

328.1.1 DEFINITIONS

Definitions related to this policy include:

Racial- or bias-based profiling - An inappropriate reliance on factors such as race, ethnicity, national origin, religion, sex, sexual orientation, economic status, age, cultural group, disability or affiliation with any other similar identifiable group as a factor in deciding whether to take law enforcement action or to provide service (Tex. Code of Crim. Pro. art. 3.05; Tex. Code of Crim. Pro. art. 2.132).

Motor Vehicle Stop - Includes the term enforcement stop and shall mean an occasion in which a peace officer stops a motor vehicle for an alleged violation of a law or ordinance.

Race or Ethinicity - Means of a particular descent, including Caucasian, African, Hispanic, Asian, Native American, or Middle Eastern descent.

328.2 POLICY

The Aransas Pass Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly and without discrimination toward any individual or group.

Race, ethnicity or nationality, religion, sex, sexual orientation, economic status, age, cultural group, disability or affiliation with any other similar identifiable group shall not be used as the basis for providing differing levels of law enforcement service or the enforcement of the law (Tex. Code of Crim. Pro., art. 2.131).

328.2.1 RECORDED CONTACTS

All motor vehicle stops shall be audio and video recorded in accordance with Policy 304 of this manual.

328.3 RACIAL- OR BIAS-BASED PROFILING PROHIBITED

Racial- or bias-based profiling is strictly prohibited. However, nothing in this policy is intended to prohibit an officer from considering factors such as race or ethnicity in combination with other legitimate factors to establish reasonable suspicion or probable cause (e.g., suspect description is limited to a specific race or group).

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

328.4 MEMBER RESPONSIBILITY

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any known instances of racial- or bias-based profiling to a supervisor.

328.4.1 REASON FOR DETENTION

Officers detaining a person shall be prepared to articulate sufficient reasonable suspicion to justify a detention, independent of the individual's membership in a protected class.

To the extent that written documentation would otherwise be completed (e.g., arrest report, Field Interview (FI) card), the involved officer should include those facts giving rise to the officer's reasonable suspicion or probable cause for the detention, as applicable.

Nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

328.4.2 REPORTING TRAFFIC STOPS

Any officer conducting an enforcement stop on any motor vehicle shall collect the following information relating to the stop (Tex. Code of Crim. Pro art. 2.132; Tex. Code of Crim. Pro. art. 2.133):

(a) The location of the stop

(b) The initial reason for the stop

(c) The physical description of the driver, including:

2. The person's race or ethnicity as stated by the person or as best as can be determined by the officer

(d) Whether the officer knew the race or ethnicity of the detained person before the stop

(e) Whether an arrest was made and, if so, for what offense

(f) Whether the officer conducted a search and, if so, whether the search was based on consent, probable cause or reasonable suspicion, incident to arrest, contraband or evidence in plain view, the result of towing the vehicle for evidence or safekeeping or any other reason

(g) Whether any contraband or evidence was discovered and whether it was in plain view

(h) A description of any contraband or evidence located

328.5 SUPERVISOR RESPONSIBILITY

Supervisors shall monitor those individuals under their command for any behavior that may conflict with the purpose of this policy and shall handle any alleged or observed violation of this policy in accordance with the Personnel Complaints Policy.

© 1995-2014 Lexipol, LLC

(a) Supervisors should discuss any issues with the involved officer and his/her supervisor in a timely manner.

(b) In instances where officers record their public contacts, supervisors should periodically review the recordings to ensure compliance with racial profiling laws (Tex. Code Crim. Pro. art. 2.132(d)) and this policy.

1. Supervisors should document these periodic reviews.
2. Recordings that capture a potential instance of racial- or bias-based profiling should be appropriately retained for administrative investigation purposes.

(c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.

(d) Supervisors should ensure that no retaliatory action is taken against any member of this department who discloses information concerning racial- or bias-based profiling.

328.5.1 SUPERVISORY REVIEW OF MAV RECORDINGS
When reviewing MAV recordings held within the departments digital online evidence room, the supervisor shall make a notation on each video reviewed. The notation shall identify the supervisor involved in the review process and state that the review was performed in accordance with the racial profiling policies of this department.

328.5.2 INTERNAL INVESTIGATION
Supervisors initiating formal investigations into violations of this policy shall follow the investigative procedures outlined in Policy 900 of this manual.

328.5.3 DISCIPLINARY AND CORRECTIVE ACTIONS
Any department officer who is found, after investigation, to have engaged in racial profiling in violation of this General Order may be subject to disciplinary action, up to and including termination. Disciplinary Or corrective actions may include diversity, sensitivity or other appropriate training or counseling, as determined by the Chief of Police.

328.6 STATE REPORTING

The Chief of Police shall submit to the Texas Commission on Law Enforcement (TCOLE) and each governing body served by this agency an annual report of the information required in Tex. Code of Crim. Pro. art 2.132(b)(6).

Further, unless exempt under Tex. Code of Crim. Pro. art 2.135, prior to March 1 of each year, the Chief of Police shall provide to TCOLE and to each governing body served by this agency a report containing an analysis of the information required by Tex. Code of Crim. Pro. art 2.133 (Tex. Code of Crim. Pro. art 2.134).

These reports may not include identifying information about any officer who made a motor vehicle stop or about an individual who was stopped or arrested by any officer (Tex. Code of Crim. Pro. art. 2.132; Tex. Code of Crim. Pro. art 2.134).

© 1995-2014 Lexipol, LLC

328.7 ADMINISTRATION

Each year, the Patrol Division Commander shall review the efforts of the Department to prevent racial- or bias-based profiling and submit an overview, including public concerns and complaints, to the Chief of Police. This report should not contain any identifying information regarding any specific complaint, citizen or officers. It should be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service.

Supervisors shall review the administrative overview report and the annual report submitted to TCLOSE and the governing body and discuss the results with those they are assigned to supervise.

328.8 TRAINING

All sworn members of this department will be scheduled to attend TCLEOSE-approved training on the subject of racial- and bias-based profiling. This training shall be completed no later than the second anniversary of the date the officer was licensed, or the date the officer applies for an intermediate proficiency certificate, whichever date is earlier. A person who on September 1, 2001, held a TCLEOSE intermediate proficiency certificate, or who had held a peace officer license issued by TCLEOSE for at least two years, shall complete a TCLEOSE training and education program on racial profiling not later than September 1, 2003.

Each member of this department undergoing initial TCLEOSE-approved training will thereafter be required to complete an approved refresher course every five years or sooner if deemed necessary, in order to keep current with changing racial issues and cultural trends.

328.8.1 TRAINING FOR THE CHIEF OF POLICE

The Chief of Police shall, in completing the training required by Section 96.641, Texas Education Code, complete the program on racial profiling established by the Bill Blackwood Law Enforcement Management Institute of Texas (LEMIT), not later than September 1, 2003.

328.8.2 TRAINING OR EDUCATION FOR THE PUBLIC

The Aransas Pass Police Department shall provide education to the public concerning the racial profiling and complaint policy. The primary method of public education shall be through the departments official online website www.ap-police.com/policy . The racial profiling and complaint policy is also publicly accessible in the lobby of the police department, and it explains the complaint process and affords all people an opportunity to file a racial profiling complaint in writing. Other educational methods may be utilized to inform the public, including news media, civic presentations, and/or public meetings.

328.9 RACIAL PROFILING COMPLAINT PROCESS

Arrest or Detention of Foreign Nationals

330.1 PURPOSE AND SCOPE

The Vienna Convention on Consular Relations, sets forth certain rights of foreign nationals from member countries when they are arrested, detained or imprisoned by U.S. law enforcement officials in this country. This policy provides direction to officers when considering a physical arrest or detention of a foreign national. All foreign service personnel shall be treated with respect and courtesy, regardless of the level of established immunity. As noted herein, the United States is a party to several bilateral agreements that obligate authorities to notify the consulate upon the person's detention, regardless of whether the detained person requests that his/her consulate be notified. The list of specific countries that the United States is obligated to notify is listed on the U.S. Department of State website.

330.1.1 DEFINITIONS

Foreign National - Is anyone who is not a citizen of the United States. A person with dual U.S. and foreign citizenship is not a foreign national.

Immunity - Refers to various protections and privileges extended to the employees of foreign governments who are present in the U.S. as official representatives of their home governments. These privileges are embodied in international law and are intended to ensure the efficient and effective performance of their official “missions#? (i.e., embassies and consulates) in foreign countries. Proper respect for the immunity to which an individual is entitled is necessary to ensure that U.S. diplomatic relations are not jeopardized and to maintain reciprocal treatment of U.S. personnel abroad.

Although immunity may preclude U.S. courts from exercising jurisdiction, it is not intended to excuse unlawful activity. It is the policy of the U.S. Department of State’s Office of Foreign Missions (OFM) that illegal acts by foreign service personnel should always be pursued through proper channels. Additionally, the host country’s right to protect its citizens supersedes immunity privileges. Peace officers may intervene to the extent necessary to prevent the endangerment of public safety or the commission of a serious crime, regardless of immunity claims.

330.2 ARREST OR DETENTION OF FOREIGN NATIONALS

Officers should take appropriate enforcement action for all violations observed, regardless of claims of diplomatic or consular immunity received from violators. A person shall not, however, be subjected to in-custody arrest when diplomatic or consular immunity is claimed by the individual or suspected by the officer, and the officer has verified or reasonably suspects that the claim of immunity is valid.

330.3 LEVELS OF IMMUNITY

The specific degree of immunity afforded to foreign service personnel within the U.S. is directly related to their function and position in this country.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

330.3.1 DIPLOMATIC AGENTS
Diplomatic agents (e.g., ambassadors and United Nations representatives) are afforded the highest levels of immunity. They are exempt from arrest or detention and are immune from all criminal (and most civil) prosecution by the host state. The family members of diplomatic agents enjoy these same immunities. Currently there are no diplomatic agents permanently assigned to Texas; but they do occasionally visit the state.

330.3.2 CONSULAR OFFICERS
Consular officers are the ranking members of consular posts who perform various formal functions on behalf of their own governments. Typical titles include consul general, consul and vice consul. These officials are immune from arrest or detention, except pursuant to a felony warrant. They are only immune from criminal and civil prosecution arising from official acts. Official acts immunity must be raised as an affirmative defense in the court of jurisdiction, and its validity is determined by the court. Under this defense, the prohibited act itself must have been performed as an official function. It is not sufficient that the consular agent was on-duty or in an official capacity at the time of the violation. The family members of consular officers generally enjoy no immunity, however, any family member who enjoys a higher level of immunity is issued an identification card by the Department of State (DOS) enumerating any privileges or immunities on the back of the card. Examples are consular officers and family members from Russia or China.

330.3.3 HONORARY CONSULS
Honorary consuls are part-time employees of the country they represent and are either permanent residents of the U.S. or U.S. nationals (unlike career consular officers, who are foreign nationals on temporary assignment to the U.S.). Honorary consuls may be arrested and detained; limited immunity for official acts may be available as a subsequent defense. Family members have no immunity. There are less than 100 honorary consuls in Texas.

330.4 IDENTIFICATION
All diplomatic and consular personnel who are entitled to immunity are registered with the Department of State and are issued distinctive identification cards by the Department of State Protocol Office. These cards are the best means of identifying foreign service personnel. They include a photograph, identifying information, and, on the reverse side, a brief description of the bearer’s immunity status. Unfortunately, these identification cards are not always promptly issued by the Department of State. In addition to the Department of State identification card, Foreign Service personnel should also have a driver license issued by the Department of State Diplomatic Motor Vehicle Office (DMVO), which in most circumstances replaces the operator’s license issued by the state.

330.4.1 VEHICLE REGISTRATION
Vehicles that are owned by foreign missions or foreign service personnel and their dependents are registered with the Department of State OFM and display distinctive red, white and blue license plates. Vehicles assigned to diplomatic or consular officers will generally have license plate labels with the words “diplomat#? or “consul.#? Vehicles owned by honorary consuls are not issued OFM

license plates; but may have Texas license plates with an “honorary consul#? label. A driver’s identity or immunity status should not be presumed from the type of license plates displayed on the vehicle. The status of an OFM license plate should be run via the National Law Enforcement Telecommunications System (NLETS), designating “U.S.#? as the state, if the officer has reason to question the legitimate possession of the license plate.

330.5 ENFORCEMENT PROCEDURES

The following procedures provide a guideline for handling incidents involving foreign nationals:

330.5.1 CITABLE OFFENSES

An enforcement document shall be issued at the scene for all violations warranting such action, regardless of the violator’s immunity status. The issuance of a citation is not considered an arrest or detention under current Department of State guidelines. Whenever the equivalent of a notice to appear is issued to an immunity claimant, these additional procedures shall be followed by the arresting officer:

(a) Identification documents are to be requested of the claimant.

(b) The title and country represented by the claimant are to be recorded on the back of the officer’s copy of the Notice to Appear for later reference. Do not include on the face of the notice to appear.

(c) The claimant shall be requested to sign the notice to appear. If the claimant refuses, the identity and immunity status of the individual shall be conclusively established.

(d) Verified diplomatic agents and consular officers, including staff and family members from countries with which the U.S. has special agreements, are not required to sign the Notice to Appear. The word “refused#? shall be entered in the signature box, and the violator shall be released.

(e) Verified consular staff members, excluding those from countries with which the U.S. has special agreements, are generally obligated to sign the notice to appear but a signature shall not be required if their immunity status is uncertain.

(f) All other claimants are subject to the provisions of policy and procedures outlined in this chapter.

(g) The violator shall be provided with the appropriate copy of the notice to appear.

330.5.2 IN-CUSTODY ARRESTS

Diplomatic agents and consular officers are immune from arrest or detention unless they have no identification and the detention is to verify their diplomatic status. Proper identification of immunity claimants is imperative in potential in-custody situations. Claimants who are not entitled to immunity shall be placed in custody in accordance with the provisions outlined in Policy Manual § 330.7.1 of this policy.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

A subject who is placed under arrest and claims diplomatic or consular immunity shall not be physically restrained before verification of the claim unless restraint is necessary for the protection of the officer or others.

A supervisor shall be promptly notified and should respond to the scene when possible.

Field verification of the claimant's identity is to be attempted as follows:

(a) Identification cards issued by the Department of State Protocol Office are the only valid evidence of diplomatic or consular immunity. The following types of identification cards are issued: Diplomatic (blue bordered), Consular (red bordered), Official (green bordered). The Department of State identification cards are 3-3/4 inches by 1-1/2 inches and contain a photograph of the bearer.

(b) Initiate telephone verification with the Department of State. Newly arrived members of diplomatic or consular missions may not yet have official Department of State identity documents. Verify immunity by telephone with the Department of State any time an individual claims immunity and cannot present satisfactory identification, the officer has reason to doubt the claim of immunity, or there is a possibility of physical arrest. Law enforcement personnel should use the following numbers in order of preference:

and, Department of State license indicia on the vehicle. All these items are only an indication that the bearer may have some form of immunity.

Subjects verified through the above procedures as being officials entitled to immunity (diplomatic agent, consular officers and consular staff and family members from countries with which the U.S. has special agreements) may not be arrested. The procedures below shall be followed. These procedures should also be used in the event immunity cannot be verified but another form of identification indicates that immunity is probable.

If the release of the violator will not create an additional hazard, adequate information to properly identify the violator shall be obtained then the official shall be released. A supervisor's approval for the release shall be obtained whenever possible. The necessary release documents and/or a Certificate of Release Form should only be issued under the proper conditions.

If the violator appears to have been driving while under the influence, field sobriety tests, including Preliminary Alcohol Screening (PAS) device tests and chemical tests should be offered and obtained whenever possible, however, these tests cannot be compelled. The subject shall not be permitted to drive. A supervisor's approval for release shall be obtained whenever possible and alternative transportation should be arranged.

All facts of the incident shall be documented in accordance with this policy in a Driving While Intoxicated (DWI) Arrest-Investigation Report and/or any other relevant report form. Notwithstanding the field release of the subject, prosecution is still appropriate and should be pursued by the command concerned. If the violator is either stopped or issued a "Notice to Appear#? for a violation of Tex. Penal Code §§ 49.031, 49.04, 49.07 or 49.08, while operating a motor vehicle, the officer shall either complete a notice to appear or a written report documenting the incident.

This department shall then contact the Department of State, as soon as practicable to verify the violator's status and immunity. Within five working days of the stop, this department shall send to the Bureau of Diplomatic Security Office of Foreign Missions of the Department of State a copy of the notice to appear and any accident or other written report documenting the incident (Tex. Transp. Code § 543.011 et seq.). The Department of State will take appropriate sanctions against errant foreign service personnel, even where prosecution is not undertaken by the agency.

330.6 TRAFFIC COLLISIONS

Persons involved in traffic collisions who possess a Department of State OFM Diplomatic Driver License issued by the DMVO, shall have "D#? coded in the license "class#? box of the Traffic Collision Report. The actual driver license class (e.g., 1, 2, 3, or A, B, C, M) shall be entered in the miscellaneous box on page two of the traffic report. If subsequent prosecution of the claimant is anticipated, the claimant's title, country and type of identification presented should be recorded for future reference. Issuance of a citation to, or arrest of, an immunity claimant at the accident scene should be handled in accordance with the procedures specified in Policy Manual § 330.5 of this policy.

330.6.1 VEHICLES
Vehicles which are owned by subjects with full immunity may not be searched, stored or impounded without the owner's permission. Such permission may be assumed if the vehicle has been stolen. These vehicles may, however, be towed the necessary distance to remove them from obstructing traffic or creating any other hazard.

330.6.2 REPORTS
A photocopy of each traffic collision report involving an identified diplomat and/or immunity claimant shall be forwarded to the office of the Chief of Police within 48 hours whether the claim is verified. The words "Immunity Claim#? shall be marked on the photocopy, together with a notation of the claimant's title, country and type of identification presented, if applicable. In addition to the report, a follow-up cover memorandum should be submitted if the violation was flagrant, if the claimant was uncooperative or if there were any other unusual aspects of the enforcement contact that should be reported to the Department of State for further action. The Shift Commander/ supervisor apprised of the incident/accident shall also send a copy of all documents and reports submitted by the investigating officer along with any supervisor's notes, materials and/or logs to the Chief of Police's office within 48 hours of the incident. The Chief of Police's office will check to ensure that notification of the Department of State and all necessary follow-up occur.

330.7 FOREIGN NATIONALS WHO DO NOT CLAIM IMMUNITY
These policies and procedures apply to foreign nationals who do not claim diplomatic or consular immunity.

Officers shall arrest foreign nationals only under the following circumstances:

(a) There is a valid warrant issued for the person's arrest.

(b) There is probable cause to believe that the foreign national has violated a federal criminal law, a state law or a local ordinance.

(c) Officers shall not arrest foreign nationals solely for alleged undocumented entry into the U.S. unless the undocumented entry is committed in the officer's presence.

After a lawful detention or criminal arrest, officers may detain foreign nationals solely for alleged undocumented presence in the U.S. if the U.S. Immigration and Customs Enforcement (ICE) is contacted and can respond to take custody within a reasonable time. Officers shall not arrest foreign nationals for undocumented presence. Federal courts have consistently held that undocumented presence is not a crime but a federal civil violation only enforceable by federal officers.

- Officers shall not stop or detain persons solely for determining immigration status.
- International treaty obligations provide for notification of foreign governments when foreign nationals are arrested or otherwise detained in the U.S.
- Whenever an officer arrests and incarcerates a foreign national or detains a foreign national for investigation for over two hours, the officer shall promptly advise the individual that he/

she is entitled to have his/her government notified of the arrest or detention. If the individual wants his/her government notified, the officer shall begin the notification process.

330.7.1 ARREST PROCEDURE

Whenever an officer physically arrests or detains an individual for criminal investigation and the officer reasonably believes the person to be a foreign national, the officer shall inquire to determine the person's citizenship.

If the individual indicates that he/she is other than a U.S. citizen, the officer shall advise the individual that he/she has a right to have the nearest appropriate embassy or consulate notified of the arrest/detention (Vienna Convention on Consular Relations, Art. 36, (1969)).

If the individual requests such notification, the officer shall contact Dispatch as soon as practicable and request the appropriate embassy/consulate be notified. Officers shall provide Dispatch with the following information concerning the individual:

- Country of citizenship
- Full name of individual, including paternal and maternal surname, if used
- Date of birth or age
- Current residence
- Time, date, place, location of incarceration/detention and the 24-hour telephone number of the place of detention if different from the Department itself.

If the individual claims citizenship of one of the countries for which notification of the consulate/embassy is mandatory, officers shall provide Dispatch with the information above as soon as practicable, regardless of whether the individual desires that the embassy/consulate be notified. This procedure is critical because of treaty obligations with the particular countries. The list of countries and jurisdictions that require notification can be found on the U.S. Department of State website.

330.7.2 DOCUMENTATION

Officers shall document on the face page and in the narrative of the appropriate Arrest-Investigation Report the date and time Dispatch was notified of the foreign national's arrest/detention and his/her claimed nationality.

Immigration Violations

332.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Aransas Pass Police Department for investigating and enforcing immigration laws.

332.2 POLICY

It is the policy of the Aransas Pass Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their immigration status.

332.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and without regard to race, color or national origin in any way that would violate the United States or Texas Constitutions.

332.4 ENFORCEMENT

An officer may detain an individual when there are facts supporting a reasonable suspicion that the individual entered into the United States in violation of a federal criminal law. Federal authorities shall be notified as soon as possible and the detained individual shall be immediately released if the federal authorities do not want the person held. An officer should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

332.4.1 CIVIL VS. CRIMINAL FEDERAL OFFENSES

An individual who enters into the United States illegally has committed a misdemeanor (8 USC § 1325(a)). Generally, an alien who initially made a legal entry into the United States but has remained beyond what is a legal period of time has committed a federal civil offense.

Reasonable suspicion that a criminal immigration violation has occurred shall not be based on race, color, national origin or any other generalization that would cast suspicion on or stigmatize any person, except to the extent permitted by the United States or Texas Constitutions. Instead, the totality of circumstances shall be used to determine reasonable suspicion, and shall include factors weighing for and against reasonable suspicion.

Factors that may be considered in determining reasonable suspicion that a criminal immigration violation has occurred may include, but are not limited to:

(a) An admission that the person entered the United States illegally.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(b) Reason to suspect that the person possesses immigration documentation that is forged, altered or otherwise indicative that the person is not legally present in the United States.

(c) While a lack of English proficiency may be considered, it should not be the sole factor in establishing reasonable suspicion. When practicable, reasonable effort should be made to accommodate persons with limited English proficiency.

(d) Other factors based upon training and experience.

332.4.2 IMMIGRATION CHECKS

Immigration status may be determined through any of the following sources:

(a) A law enforcement officer who is authorized by the federal government under 8 USC § 1357 to verify or ascertain an alien's immigration status (sometimes referred to as a 287(g) certified officer)

(b) Immigration and Customs Enforcement (ICE)

(c) U.S. Customs and Border Protection (CBP)

An officer shall verify from a 287(g) certified officer, ICE or CBP whether a person’s presence in the United States relates to a federal civil violation or a criminal violation.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request ICE or CBP to respond to the location to take custody of the detained person. In addition, the officer should notify a supervisor as soon as practicable. No individual who is otherwise ready to be released should continue to be detained only because questions about the individual’s status are unresolved.

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities or the potential to obstruct a separate investigation outweigh the need for the detention.

332.4.3 SUPERVISOR RESPONSIBILITIES

When notified that an officer has detained a person and established probable cause to believe the person has violated a criminal immigration offense, the supervisor should:

(a) Confirm that the detained person’s immigration status was properly verified.

(b) Ensure that the detained person is taken into custody when appropriate. Take any additional steps necessary that may include, but are not limited to:

1. Transfer to federal authorities.
2. Lawful arrest for a criminal offense or warrant.

332.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT

Generally, an officer will not need to notify ICE when booking arrestees at the county jail. Immigration officials routinely interview suspected undocumented aliens who are booked into the county jail on criminal charges. Notification will be handled according to jail operation

procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

332.6 ICE REQUEST FOR ASSISTANCE

Requests by ICE, or any other federal agency, for assistance from this department should be directed to a supervisor. The Department may provide available support services, such as traffic control or peacekeeping efforts, to ICE or other federal agencies.

332.7 INFORMATION SHARING

No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373):

(a) Sending information to, or requesting or receiving such information from ICE

(b) Maintaining such information in department records

(c) Exchanging such information with any other federal, state or local government entity

332.7.1 IMMIGRATION HOLDS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 unless the person has been charged with a federal crime or the detainer is accompanied by a warrant, affidavit of probable cause, or removal order. Notification to the federal authority issuing the detainer should be made prior to the release.

332.8 U VISA AND T VISA NON-IMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)). A law enforcement certification for a U visa may be completed by an officer in order for a U visa to be issued.

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)). A law enforcement declaration for a T visa may be completed by an officer in order for a T visa to be issued.

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Criminal Investigations Division supervisor assigned to oversee the handling of any related case. The Criminal Investigations Division supervisor should:

(a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.

(b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.

(c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.

© 1995-2014 Lexipol, LLC

1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.

(d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

332.9 TRAINING

The Training Coordinator shall ensure that all appropriate members receive immigration training.

Private Persons Arrests

334.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to state law.

334.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

All officers shall advise citizens of the right to make a private person’s arrest, including advice on how to safely execute such an arrest. In all situations, officers should use sound discretion in determining whether to advise an individual of the arrest process.

(a) When advising any individual regarding the right to make a private person’s arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.

(b) Private individuals should be discouraged from using force to effect a private person’s arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

334.3 ARRESTS BY PRIVATE PERSONS

A private person may arrest another under the following circumstances:

(a) Any person, may, without a warrant, arrest an offender when the offense is committed in his/her presence or within his/her view, and if the offense is one classed as a felony or as an offense against the public peace (Tex. Code of Crim. Pro. art. 14.01).

(b) Any person with reasonable grounds to believe property is stolen may seize the stolen property and the person suspected of committing the theft and bring the person and the property before a magistrate or to a peace officer for that purpose (Tex. Code of Crim. Pro. art. 18.16).

(c) A person who reasonably believes that another has stolen or is attempting to steal property is privileged to detain that person in a reasonable manner and for a reasonable time to investigate ownership of the property (Tex. Civ. Prac. and Rem. Code § 124.001).

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed. The felony must in fact have taken place.

334.4 OFFICER RESPONSIBILITIES

Any officer presented with a private person wishing to make an arrest must determine whether there is reasonable cause to believe that such an arrest would be lawful.

(a) Should any officer determine there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual

Adoption Date: 2014/11/07

beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.

1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual. The officer must include the basis of such a determination in a related report.
2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.

(b) Whenever an officer determines that there is reasonable cause to believe a private person's arrest is lawful, the officer may exercise any of the following options:

1. Take the individual into physical custody for booking.
2. Release the individual pursuant to a Notice to Appear.
3. Release the individual and instruct the arresting party/victim to contact the Aransas Pass Municipal Court for further criminal prosecution procedures.

334.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a municipal complaint packet or criminal complaint and provide a statement to an investigator, when required.

In addition to the Private Person's required documentation, officers shall complete a report regarding the circumstances and disposition of the incident.

Mobile Data Terminal Use

336.1 PURPOSE AND SCOPE

The Mobile Data Terminal (MDT) accesses confidential records from the State of Texas, Department of Public Safety databases. Employees using the MDT shall comply with all appropriate federal and state rules and regulations.

336.2 MDT USE

The MDT shall be used for official police communications only. Messages that are of a sexual, racist or offensive nature, or are otherwise critical of any member of the Department are strictly forbidden. Department personnel should remain cognizant of the fact that all MDT communications are subject to an Open Records Request. MDT use is also subject to the Department Technology Use Policy.

Messages may be reviewed by supervisors at any time without prior notification. Employees generating or transmitting messages not in compliance with this policy are subject to discipline or termination.

All calls dispatched to patrol units should be communicated by voice and MDT unless otherwise authorized by the Shift Commander.

336.2.1 USE WHILE DRIVING

Use of the MDT by the vehicle operator should generally be limited to times when the vehicle is stopped. When the vehicle is in motion, the operator should only attempt to read messages that are likely to contain information that is required for immediate enforcement, investigative or safety needs.

Short transmissions, such as a license plate check, are permitted if they can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

336.2.2 DOCUMENTATION OF ACTIVITY

MDT's and voice transmissions are used to record the officer's daily activity. To ensure the most accurate recording of these activities, the following are required:

(a) All contacts or activity shall be documented at the time of the contact.

(b) Whenever the activity or contact is initiated by voice, it shall be entered into the Computer Aided Dispatch (CAD) system by a dispatcher.

(c) Whenever the activity or contact is not initiated by voice, the officer shall record it on the MDT.

336.2.3 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted verbally over the police radio and through the MDT system.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

Officers responding to in-progress calls shall advise changes in status verbally over the radio to assist other officers responding to the same incident.

Other changes in status may be entered by depressing the appropriate keys on the MDT's.

336.2.4 EMERGENCY ACTIVATION ON MDT
If the emergency button is depressed on the MDT, the dispatcher will call the unit and ask if the unit is Code 4. If there is no emergency, then he/she should answer "Code 4" and all units will resume their normal activity. If there is no response or the officer answers in some other way, the dispatcher shall proceed as follows:

(a) If the unit is not on a call, send available units to assist in locating the unit that is transmitting the emergency. When a location is known, immediately dispatch the nearest available unit Code 3.

(b) Notify the Shift Commander of the incident without delay.

Units not responding to the emergency shall refrain from transmitting on the radio until there is a Code 4, unless they are themselves handling an emergency.

336.3 MDT CONSIDERATIONS

336.3.1 NON-FUNCTIONING MDT
Whenever possible, officers will not use units with malfunctioning MDTs. Whenever officers must drive a unit in which the MDT is not working, they shall notify Dispatch. It shall be the responsibility of Dispatch to record all information that will then be transmitted verbally over the police radio.

336.3.2 BOMB CALLS
When investigating reports of possible bombs, officers will turn off their MDTs. Operating the MDT may cause some devices to detonate.

336.3.3 MDT SECURITY
All MDT's shall be securely locked into place inside the patrol vehicle at all times. When the patrol vehicle is down for service, the MDT shall be removed and turned into the patrol division commander.

Officers shall take appropriate measures to safeguard information on the MDT. Information on the MDT shall not be shared or viewed by others within the public. Safety measures to secure such data would include: putting the MDT screen down when not in use, locking the MDT's operating system, and obstructing the MDT's screen from view by prisoners or outsiders.

336.4 VIOLATIONS OF THIS POLICY
Because of the seriousness of the consequences of breaching the security and privacy of Criminal Justice Records, any violation of this policy or procedure will be dealt with accordingly. Disciplinary action for such violations may include immediate termination of employment.

Patrol Rifles

338.1 PURPOSE AND SCOPE

In order to more effectively and accurately address the increasing level of firepower and body armor utilized by criminal suspects, the Aransas Pass Police Department will make patrol rifles available to qualified patrol officers as an additional and more immediate tactical resource.

338.2 PATROL RIFLE

338.2.1 DEFINITION

Patrol Rifle - An authorized weapon which is owned by the Department and which is made available to properly trained and qualified officers as a supplemental resource to the duty handgun or shotgun. No personally owned rifles may be carried for patrol duty unless pre-approved in writing by the Chief of Police and through the department Armorer.

338.3 SPECIFICATIONS

Only weapons and ammunition that meet agency authorized specifications, approved by the Chief of Police and issued by the Department, may be used by officers in their law enforcement responsibilities. The authorized patrol rifle issued by the Department is the AR-15.

338.4 RIFLE MAINTENANCE

(a) Primary responsibility for maintenance of patrol rifles shall fall on the Armorer, who shall inspect and service each patrol rifle on a monthly basis.

(b) Each patrol officer carrying a patrol rifle may be required to field strip and clean an assigned patrol rifle as needed.

(c) Each patrol officer shall be responsible for promptly reporting any damage or malfunction of an assigned patrol rifle to a supervisor.

(d) Any patrol rifle found to be unserviceable shall be removed from service. The rifle shall be clearly labeled as "out of service" and details regarding the weapon's condition shall be included on the label.

(e) Each patrol rifle shall be subject to inspection by a supervisor or the Armorer at any time.

(f) No modification shall be made to any patrol rifle without prior written authorization from the Armorer, including personally owned patrol rifles.

338.5 TRAINING

Officers shall not carry or utilize the patrol rifle unless they have successfully completed department training. This training shall consist of an initial 8-hour patrol rifle user’s course and qualification score with a certified patrol rifle instructor. Officers shall thereafter be required to

Adoption Date: 2014/11/07

successfully complete quarterly training and the yearly firearms proficiency qualification conducted by a certified patrol rifle instructor (37 Tex. Admin. Code § 217.21).

Any officer who fails to qualify or who fails to successfully complete two or more department sanctioned training/qualification sessions within a calendar year will no longer be authorized to carry the patrol rifle without again successfully completing the initial course and qualification.

338.6 DEPLOYMENT OF THE PATROL RIFLE

Officers may deploy the patrol rifle in any circumstance where the officer can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

(a) Situations where the officer reasonably anticipates an armed encounter.

(b) When an officer is faced with a situation that may require the delivery of accurate and effective fire at long range.

(c) Situations where an officer reasonably expects the need to meet or exceed a suspect's firepower.

(d) When an officer reasonably believes that there may be a need to fire on a barricaded suspect or a suspect with a hostage.

(e) When an officer reasonably believes that a suspect may be wearing body armor.

(f) When authorized or requested by a supervisor.

(g) When needed to euthanize an animal.

338.7 DISCHARGE OF THE PATROL RIFLE

The discharge of the patrol rifle shall be governed by the Department's Use of Deadly Force Policy.

338.8 PATROL READY

Any qualified officer carrying a patrol rifle in the field shall maintain the weapon in a patrol ready condition until deployed. A rifle is considered in a patrol ready condition when it has been inspected by the assigned officer, the fire selector switch is in the safe position, the chamber is empty and a fully loaded magazine is inserted into the magazine well.

338.9 RIFLE STORAGE

(a) When not in use, patrol rifles will be stored in the department armory in rifle racks or other designated locker, assessable to patrol.

(b) At the start of each assigned shift, any qualified, on-duty officer may contact the Shift Commander for access to the department armory.

(c) The last three digits of the assigned patrol rifle serial number will be recorded on the Daily Activity Log kept by dispatch.

Adoption Date: 2014/11/07

(d) When not deployed, in-service patrol rifles should be secured in the vehicle in a locked gun rack or locked in the trunk.

(e) At the end of the assigned officer's shift, the patrol rifle will be returned and secured in the department armory or other designated locker.

Traffic Function and Responsibility

340.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment, and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations but also in terms of traffic-related needs.

340.2 TRAFFIC OFFICER_DEPUTY DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Aransas Pass Police Department. Information provided by the Texas Department of Public Safety is a valuable resource for traffic accident occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident-causing violations during high-accident hours and at locations of occurrence. All officers will take directed enforcement action on request and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

340.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance (Tex. Transp. Code § 720.002). The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

340.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

340.3.2 CITATIONS

Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

(a) Explanation of the violation or charge.

(b) Court appearance procedure including the optional or mandatory appearance by the motorist.

(c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

(d) The court contact information.

340.3.3 TRAFFIC CITATION COURT JURISDICTION

An officer who issues a traffic citation shall ensure that the citation is properly directed to the court having jurisdiction over the violation within the county where the offense was committed (Tex. Transp. Code § 543.006).

340.3.4 REFUSAL TO SIGN TRAFFIC CITATION

A person who refuses to sign a traffic citation, and thereby declines to make a written promise to appear in court, may immediately be taken before a magistrate (Tex. Transp. Code § 543.002(a)(2)).

340.3.5 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses outlined in the Texas Transportation Code or Texas Penal Code. These physical arrest cases usually deal with, but are not limited to:

(a) Vehicular manslaughter.

(b) Felony and misdemeanor driving under the influence of alcohol/drugs.

(c) Felony or misdemeanor hit-and-run.

(d) Refusal to sign Notice to Appear.

(e) Any other traffic offense, other than speeding and/or the open container law, at the reasonable discretion of the officer.

340.3.6 NOTICE TO APPEAR REQUIRED

An officer is required to issue a Notice to Appear when the offense charged is speeding or a violation of the open container law, and the person makes a written promise to appear in court (Tex. Transp. Code § 543.004).

© 1995-2014 Lexipol, LLC

340.4 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 43 Tex. Admin Code § 25.1).

Although intended primarily for use while performing traffic-related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

340.4.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or any time high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

340.4.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

High-visibility vests shall be maintained in the trunk of each patrol and investigation unit and in the side box of each police motorcycle. Each vest should be stored inside the re-sealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored in the vehicle.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Patrol Commander should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

Traffic Citations

342.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the collection of data, the procedure for dismissal, correction and voiding of traffic citations.

342.2 RESPONSIBILITIES

The Patrol Commander shall be responsible for the development and design of all Department traffic citations in compliance with state law and the Texas Judicial Council.

The Records Section shall be responsible for the supply and accounting of all traffic citations issued to employees of this department. Citations will be kept in a secure location and issued to officers by Records Section staff. Officers will sign for the citation books when issued.

In lieu of a citation book, officers within the Aransas Pass Police Department may check out and utilize the electronic ticket writers provided. Officers shall create a unique password to log into the electronic ticket writer and take appropriate measure to insure that no one else is able to obtain access into the officers' electronic ticket writer account.

342.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to the Shift Commander. Upon a review of the circumstances involving the issuance of the traffic citation, the Shift Commander may request the Patrol Division Commander to recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate, the officer may request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Patrol Division Commander for review.

342.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the municipal court.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

342.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the officer issuing the citation shall submit a written complaint attached to the traffic citation. The complaint shall outline the data needing correction. The ticket and complaint shall then be turned into the municipal court.

342.6 DISPOSITION OF TRAFFIC CITATIONS

The court and file copies of all traffic citations issued by members of this department shall be forwarded to the employee’s immediate supervisor for review. The citation copies shall then be filed with the Records Section.

Upon separation from employment with this department, all employees issued traffic citation books shall return any unused citations to the Records Section.

342.7 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile's age, place of residency and the type of offense should be considered before issuing the juvenile a citation.

48-Hour Parking Violations

344.1 PURPOSE AND SCOPE

This policy provides procedures for the removal, recording and storage of vehicles parked in violation of the 48-hour parking and abandoned vehicle laws under the authority of Tex. Transp. Code § 683.011(a).

344.1.1 DEFINITION

Pursuant to Tex. Transp. Code § 683.002, a motor vehicle is abandoned if:

(a) It is inoperable, is more than five years old and has been left unattended on public property for more than 48 hours.

(b) It has remained illegally on public property for more than 48 hours.

(c) It has remained on private property without the consent of the owner or person in charge of the property for more than 48-hours.

(d) It has been left unattended on the right-of-way of a designated county, state or federal highway for more than 48 hours.

(e) It has been left unattended for more than 24-hours on the right-of-way of a turnpike project constructed and maintained by the Texas Turnpike Authority Division of the Texas Department of Transportation or a controlled access highway.

(f) It is considered an abandoned commercial motor vehicle under Tex. Transp. Code § 644.153(r).

344.2 MARKING VEHICLES

Vehicles suspected of being in violation of the City of Aransas Pass 48 hour parking and abandoned vehicle laws shall be marked with a window sticker and noted on the Aransas Pass Police Department RMS reporting system.

A visible chalk mark should be placed on the left rear tire tread at the fender level unless missing tires or other vehicle conditions prevent marking. Any deviation in markings shall be noted on the Marked Vehicle Card. If chalk is not available, officers shall take appropriate steps in documenting how they know the vehicle has remained undisturbed for the time required.

If the marked vehicle has been moved and no further violation remains, no further officer action is required and the report surrounding the 48-hour violation can be dismissed.

Parking citations for the 48-hour parking ordinance shall not be issued when the vehicle is stored for the 48-hour parking violation.

344.2.1 MARKED VEHICLE FILE

Each patrol officer shall be responsible for maintaining a file for all Marked Vehicle Cards issued for vehicles he/she is following up on.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

Each patrol officer shall be responsible for the follow up investigation of all 48-hour parking violations marked by the officer.

344.2.2 VEHICLE STORAGE

Any vehicle in violation shall be stored by the authorized towing service and a vehicle storage report shall be completed by the officer authorizing the storage of the vehicle.

The storage report form shall be submitted to the Records Section immediately following the storage of the vehicle. It shall be the responsibility of the Records Section to immediately notify the Texas Crime Information Center (TCIC). Notification may also be made to the National Law Enforcement Telecommunications System (NLETS).

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the Records Section to determine the names and addresses of any individuals having an interest in the vehicle through Texas Law Enforcement Telecommunications System (TLETS) computers. Notice to all such individuals shall be sent certified mail pursuant to Tex. Transp. Code § 683.012.

Traffic Collision Response And Reporting

346.1 PURPOSE AND SCOPE

The public safety responsibilities of law enforcement include responding to traffic collisions, providing aid and assistance, documentation of the incident and identification of criminal activity.

The Aransas Pass Police Department prepares traffic collision reports in compliance with the Tex. Transp. Code § 550.041 and as a public service makes traffic collision reports available to the community with some exceptions.

346.2 CALL RESPONSE

Officers should respond without delay when dispatched to a traffic collision. A traffic collision with injuries reported may include a Code-3 response, if the officer reasonably believes such a response is appropriate.

346.2.1 RESPONSE CONSIDERATIONS

An officer responding to and upon arrival at a collision, should consider the following:

(a) The most appropriate route to the incident.

(b) Proper placement of the emergency vehicle to provide protection for officers and the scene.

(c) Additional support that may be necessary (e.g., traffic control, medical aid, ambulance and tow vehicles).

(d) Providing first aid to any injured parties if it can be done safely, and obtaining medical assistance as necessary.

(e) Provision of traffic control and protection of the scene.

(f) Clearance of the roadway.

346.3 COLLISION INVESTIGATION

Investigation of traffic collisions should include, as a minimum:

(a) Identification and interview of all involved parties.

(b) Identification and interview of any witnesses.

(c) Determination if any crime has occurred and taking appropriate enforcement action.

(d) Identify and protect items of apparent evidentiary value.

(e) Documentation of the incident as necessary (e.g., statements, measurements, photographs, collection of evidence and reporting) on appropriate report forms.

346.4 TAKING ENFORCEMENT ACTION

Officers typically cannot make an arrest for a Class C misdemeanor which did not occur in their presence. After a thorough investigation, in which physical evidence or independent witness

statements indicate a violation of the Transportation Code that led to the accident, officers may issue a citation to the offending driver (Tex. Transp. Code § 550.041).

Accidents involving more serious violations, such as Driving While Intoxicated, Involuntary Manslaughter and Intoxication Assault or Intoxication Manslaughter, shall be enforced immediately. If a driver subject to enforcement is admitted to a hospital, a supervisor shall be contacted to determine the best enforcement option.

346.5 TRAFFIC COLLISION REPORTING

All traffic collision reports taken by members of this department shall be documented on the forms adopted by the Texas Department of Transportation (TXDOT). Reports shall be forwarded to the records division after entry into the RMS system. The Patrol Commander will be responsible for monthly and quarterly reports on traffic collision statistics to be forwarded to the Chief of Police, if requested.

All traffic collision reports taken by members of this department involving injury, death or more than $1,000 in property damage must be submitted to TXDOT no later than the 10th day after the collision (Tex. Transp. Code § 550.062(a) and (b)). It shall be the responsibility of the Patrol Commander to ensure that the traffic collision reports are submitted to TXDOT as required.

346.5.1 MODIFICATIONS TO TRAFFIC COLLISION REPORTS

A change or modification of a written report prepared by a peace officer that alters a material fact in the report may be made only by the peace officer who prepared the report. A written supplemental report may be made by any authorized employee (Tex. Transp. Code § 550.068).

346.6 REPORTING SITUATIONS

346.6.1 TRAFFIC COLLISIONS INVOLVING CITY VEHICLES

Traffic collision investigation reports shall be taken when a City-owned vehicle is involved in a traffic collision upon a roadway or highway wherein any damage or injury results. A general information report may be taken in lieu of a traffic collision report at the direction of a supervisor when the collision occurs on private property or does not involve another vehicle. Whenever there is damage to a City vehicle, a Vehicle Damage Report shall be completed and forwarded to the Chief of Police.

Photographs of the collision scene and vehicle damage shall be taken.

346.6.2 TRAFFIC COLLISIONS WITH POLICE DEPARTMENT EMPLOYEES

When an employee of this department, either on- or off-duty, is involved in a traffic collision within the jurisdiction of the Aransas Pass Police Department resulting in a serious injury or fatality, the Patrol Commander or the Shift Commander, may notify the Texas Highway Patrol for assistance.

The term serious injury is defined as any injury that may result in a fatality.

© 1995-2014 Lexipol, LLC

346.6.3 TRAFFIC COLLISIONS WITH OTHER CITY EMPLOYEES OR OFFICIALS
The Patrol Commander or on-duty Shift Commander may request assistance from the Texas Highway Patrol for the investigation of any traffic collision involving any City official or employee where a serious injury or fatality has occurred.

346.6.4 TRAFFIC COLLISIONS ON PRIVATE PROPERTY
Traffic collision reports shall be taken for traffic collisions occurring on private property when the accident results in injury to, or death, of any person or total property damage to an apparent extent of $1,000 or more. This does not apply to privately owned residential parking areas or a privately owned parking lot where a fee is charged for parking or storing a vehicle (Tex. Transp. Code § 550.041).

An Incident Report may be taken at the discretion of any supervisor.

346.6.5 TRAFFIC COLLISIONS DAMAGING FENCES
An officer who responds to, or investigates, a traffic collision involving a fence that the officer reasonably believes is intended to enclose livestock or other animals is required to (Tex. Local Gov't Code § 370.004):

(a) Immediately determine the owner of the land on which the damaged fence is located.

(b) Notify the owner of the type and extent of the damage if the owner has registered as required by Tex. Local Gov't Code § 370.004 (c).

346.6.6 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS
Traffic collision reports may be taken when they occur on a roadway or highway within the jurisdiction of this department under any of the following circumstances (Tex. Transp. Code § 550.041):

(a) When there is a death or injury to any person involved in the collision.

(b) Property damage exceeding $1,000 to any one party to the collision.

346.7 NOTIFICATION OF TRAFFIC BUREAU SUPERVISION
In the event of a serious injury or death-related traffic collision, the Shift Commander shall notify the Patrol Commander to relate the circumstances of the traffic collision to the Chief of Police

346.8 REPORTING CONFORMITY RESPONSIBILITY
The Patrol Commander will be responsible for distribution of the Collision Investigation Manual. The Patrol Commander will receive all changes in the state manual and ensure conformity with this policy. All collision reporting shall be made on forms approved by the Department of Public Safety (Tex. Transp. Code § 550.063).

Disabled Vehicles

348.1 PURPOSE AND SCOPE

Law enforcement agencies having responsibility for traffic enforcement may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

348.2 OFFICER RESPONSIBILITY

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practicable.

348.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of department resources and the vulnerability of the disabled motorist.

348.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair. In using push bumpers, officers shall first obtain recorded consent or in times when the possibility of damage is outweighed by the safety risk of leaving the vehicle in the roadway.

348.4 PUBLIC ACCESS TO THIS POLICY

Pursuant to Chapter 552, Tex. Gov't Code, this written policy is available upon request.

Vehicle Towing and Release Policy

350.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Aransas Pass Police Department.

350.2 RESPONSIBILITIES

The responsibilities of those employees storing or impounding a vehicle are as follows:

350.2.1 COMPLETION OF VEHICLE IMPOUND REPORTS

Department members requesting storage of a vehicle shall complete a Vehicle Impound Report, including a description of property within the vehicle. A copy is to be given to the tow truck operator and the original is to be submitted to the Records Section as soon as practicable after the vehicle is stored.

If the vehicle is abandoned and to be stored, the vehicle shall be entered into the TCIC stored or abandoned vehicle file.

Approved storage forms shall be promptly attached to the digital case file so that they are immediately available for release or for information should inquiries be made.

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the Records Section to determine the names and addresses of any individuals having an interest in the vehicle through TCIC. Notice to all such individuals shall be sent by certified mail within 10 days of impound (Tex. Transp. Code § 683.012(b)(1)).

350.2.2 REMOVAL OF VEHICLE DISABLED IN A TRAFFIC COLLISION

When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the rotational list of towing companies maintained in Dispatch.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call the official towing garage for the City of Aransas Pass. The officer will then store the vehicle using a Vehicle Impound Report.

Dispatchers, when directing a towing company to remove a vehicle involved in a collision and abandoned on private property, should provide the towing company with the name and telephone number of the property owner or the owner’s agent, if known. Or, if the vehicle is situated in a rural area, should otherwise comply with the provisions of Tex. Occ. Code § 2308.257.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

350.2.3 DRIVING A NON-CITY VEHICLE
Vehicles which have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

350.2.4 DISPATCHER'S RESPONSIBILITIES
Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The officer shall be advised when the request has been made and the towing service has been dispatched.

When there is no preferred company requested, the dispatcher shall call the next firm in rotation from the list of approved towing companies and shall make appropriate entries on that form to ensure the following firm is called on the next request (Tex. Occ. Code § 2308.209).

350.3 TOWING SERVICES
The City of Aransas Pass periodically selects one or more firms to act as official tow services and awards contracts to those firms. Those firms will be used in the following situations:

(a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.

(b) When a vehicle is being held as evidence in connection with an investigation.

(c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal from the streets of vehicles obstructing traffic in violation of state or local regulations.

If more than one firm has been awarded contracts those firms shall be placed in a rotation list. Nothing in this policy shall require the Department to tow a vehicle.

350.4 STORAGE AT ARREST SCENES
Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by storing the arrestee’s vehicle, subject to the exceptions described below. However, a vehicle shall be stored when the community caretaker doctrine would reasonably suggest it. For example, the vehicle would present a traffic hazard if not removed or the vehicle would be in jeopardy of theft or damage if left at the scene in a high-crime area.

Though officers are not required to independently investigate whether alternatives to impoundment exist after an arrest, no impound should occur if other alternatives are available that would ensure the vehicle's protection. The following factors should be considered by officers in determining whether to impound a vehicle pursuant to this policy:

- Whether someone is available at the scene of the arrest to whom the vehicle could be released.
- Whether the vehicle is impeding the flow of traffic or is a danger to public safety.
- Whether the vehicle can be secured.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

- Whether the detention of the arrestee will likely be of such duration as to require protection of the vehicle.
- Whether there is some reasonable connection between the crime/arrest and the vehicle, or the vehicle is related to the commission of another crime (i.e., the vehicle itself has evidentiary value).
- Whether the owner/operator requests that the vehicle be stored.
- Whether the vehicle would be in jeopardy of theft or damage if left at the scene in a high-crime area.

In cases where a vehicle is not stored, the handling employee shall note in the report that the owner was informed that the Department will not be responsible for theft or damages to the vehicle.

350.5 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practicable in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers and to protect the Department against fraudulent claims of lost, stolen or damaged property.

350.6 NOTIFICATION UPON IMPOUND

The vehicle storage facility holding a vehicle that has been impounded by this department is required to provide the registered owner or operator of the vehicle with formal notice of his/her right to a court hearing on whether probable cause existed for the removal of the vehicle (Tex. Occ. Code § 2303.151, Tex. Occ. Code § 2308.454).

If an owner or operator of an impounded vehicle contacts the Department to dispute an impound and it is determined that he/she has not received formal notice from the vehicle storage facility, the owner or operator should be referred to the vehicle storage facility so that he/she may obtain a copy of such notice.

To ensure that the owner or operator of an impounded vehicle has a basic understanding of the remedies available, officers may advise the owner or operator of their right to submit a written request for a hearing to the justice court, per Tex. Occ. Code § 2308.456.

350.7 SECURITY OF VEHICLES AND PROPERTY

After a thorough inventory of the vehicle has been completed and all contraband, evidence and weapons have been removed the officer should make reasonable accommodations to permit a driver or owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions).

Driving While Intoxicated Enforcement

354.1 PURPOSE AND SCOPE

This policy provides for the immediate suspension of Texas driver's licenses in certain Driving While Intoxicated (DWI) cases. Tex. Transp. Code § 724.032 requires that officers immediately suspend driving privileges in certain situations.

354.2 SUSPENSION OF TEXAS DRIVER LICENSES

The driver license of a person suspected of driving while intoxicated of any combination of alcohol, drugs or measurable controlled substance shall immediately be suspended if the person refuses to submit to the taking of a specimen, whether expressly or because of an intentional failure of the person to give the specimen (Tex. Transp. Code § 724.032(a)).

354.3 PEACE OFFICER'S RESPONSIBILITY

In the event of the above situation, the officer, acting on behalf of the Department of Public Safety, Driver License Division, shall do the following (Tex. Transp. Code § 724.032):

(a) Serve notice of the driver license suspension (DIC 25) on the person.

(b) Take possession of any license issued by the state and held by the person arrested.

(c) Issue a temporary driving permit to the person.

(d) Make a written report of the refusal to the director of the Texas Department of Public Safety.

354.4 DEPARTMENT OF PUBLIC SAFETY NOTIFICATION

The officer shall forward to the Department of Public Safety not later than the fifth business day after the date of the arrest (Tex. Transp. Code § 724.032(c)):

(a) A copy of the notice of suspension (DIC 25).

(b) Any license taken by the officer.

(c) A copy of any temporary driving permit issued.

(d) A copy of the refusal report.

354.5.2 TRAFFIC BUREAU RESPONSIBILITY

The Records Division is responsible for the following:

(a) Copies of documents required by Department of Public Safety are to be made for the department files.

2. Arrested person's name.
3. The date the forms were received in the Records Division.
4. The date the forms were returned to the officer for corrections if applicable.
5. The date the appropriate form was mailed to the Department of Public Safety.

If the Department of Public Safety should return the form for corrections, the Records Division must notify the officer who made the arrest of the needed corrections. The officer shall make the corrections by lining out the incorrect information with a single line and initialing above the corrected area, including the date the correction was made. White out and strikeouts are not acceptable forms of correction. The form(s) shall then be returned to the Records Division to be returned to the Department of Public Safety.

Impaired Driving

356.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving while intoxicated (DWI).

356.2 POLICY

The Aransas Pass Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Texas' impaired driving laws.

356.3 INVESTIGATIONS

Officers should not enforce DWI laws to the exclusion of their other duties unless specifically assigned to DWI enforcement. All officers are expected to enforce these laws with due diligence.

356.4 FIELD TESTS

The Patrol Commander should identify the primary field sobriety tests (FSTs) and any approved alternate tests for officers to use when investigating violations of DWI laws.

356.5 CHEMICAL TESTS

A person is deemed to have consented to a chemical test or tests under any of the following (Tex. Transp. Code § 724.011):

(a) The person is arrested by an officer having reasonable grounds to believe the person is DWI (Tex. Transp. Code § 724.012(a)(1)).

(b) The person is a minor and is arrested for operating a motor vehicle in a public place while having any detectable amount of alcohol in the minor's system (Tex. Transp. Code § 724.012(a)(2)).

(c) The person is arrested for DWI and was involved in a motor vehicle accident resulting in a fatality or injury (Tex. Transp. Code § 724.012(b)(1)).

(d) The person is arrested for DWI involving a child passenger (Tex Transp. Code § 724.012(b)(2)).

(e) The person is arrested for DWI and also has a qualifying previous conviction for DWI or equivalent offense (Tex. Transp. Code § 724.012(b)(3)).

(f) The person is dead, unconscious or otherwise incapable of refusal (Tex. Transp. Code § 724.014).

356.5.1 BREATH SAMPLES

The Patrol Commander should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested and that a record of such service and testing is properly maintained.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Patrol Commander.

356.5.2 BLOOD SAMPLES

Only persons authorized by law to withdraw blood shall collect blood samples (Tex. Transp. Code § 724.017). The withdrawal of the blood sample should be witnessed by the assigned officer. However, in cases when the sample is taken by an emergency medical technician-intermediate or an emergency medical technician-paramedic, the assigned officer shall be witness to the withdrawal of the sample and shall immediately take possession of the sample. No officer, even if properly certified, should conduct the blood withdrawal.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be drawn for alternate testing. Unless medical personnel object, two samples should be drawn and retained as evidence, so long as only one puncture is required.

If an arrestee cannot submit to a blood test because he/she is a hemophiliac or is using an anticoagulant, he/she shall not be required to take a blood test. Such inability to take a blood test should not be treated as a refusal. However, the person may be required to complete another available and viable test.

356.5.3 URINE SAMPLES

If a urine test will be performed, the person should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer or jail staff of the same sex as the person giving the sample. The person tested should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the specimen.

The collection kit shall be marked with the person’s name, offense, Aransas Pass Police Department case number and the name of the witnessing officer. The collection kit should be refrigerated pending transportation for testing.

356.6 REFUSALS

When a person refuses to provide a chemical sample, officers should:

(a) Advise the person of the requirement to provide a sample (Tex. Transp. Code § 724.011).

(b) Audio-record the admonishment and the response when it is practicable.

(c) Document the refusal in the appropriate report.

356.6.1 STATUTORY NOTIFICATIONS

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of license suspension upon the person and take possession of any state-issued license to operate a motor vehicle that is held by that person. If prior to the arrest the person held a valid

driver's license, the arresting officer shall issue a temporary driving permit to the person (Tex. Transp. Code § 724.032).

356.6.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

(a) A search warrant has been obtained.

(b) Exigent circumstances exist, the person has been arrested for DWI and the person was involved in an accident in which (Tex. Transp. Code § 724.012(b)(1)):

1. Any individual has died or will die.
2. An individual, other than the arrestee, has suffered serious bodily injury.
3. An individual, other than the arrestee, has suffered bodily injury and has been transported for medical treatment.

(c) Exigent circumstances exist and the person has been arrested for DWI involving a child passenger (Tex. Transp. Code § 724.012(b)(2)).

(d) Exigent circumstances exist, the person is arrested for DWI and also has a qualifying previous conviction for DWI or equivalent offense (Tex. Transp. Code § 724.012(b)(3)).

Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol in the person's bloodstream. Exigency can be established by the existence of special facts, such as a lengthy delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

356.6.3 FORCED BLOOD SAMPLE

If a person indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

(a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.

(b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.

(c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the person to submit to such a sample without physical resistance. This dialogue should be recorded on audio and/or video when practicable.

(d) Ensure that the withdrawal is taken in a medically approved manner.

(e) Supervise any use of force and ensure the forced withdrawal is recorded on audio and/or video when practicable.

Adoption Date: 2014/11/07

1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods. In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood being withdrawn may be permitted.

(f) Monitor and ensure that the type and level of force applied is reasonable under the circumstances.

1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
2. In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood being withdrawn may be permitted.

(g) Ensure the use of force and methods used to accomplish the blood sample draw are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

356.7 ARREST AND INVESTIGATION

356.7.1 STATUTORY WARNING

Before requesting that a person submit to the taking of a breath or blood sample, whether or not consent has been given, the officer shall inform the person orally and in writing of the required information contained in Tex. Transp. Code § 724.015.

356.7.2 OFFICER RESPONSIBILITIES

If a person refuses to submit to a chemical test, the officer shall request that the person sign a statement of refusal (Tex. Transp. Code § 724.031). In addition, the officer shall make a written report of the refusal (Tex. Transp. Code § 724.032).

The officer shall forward a copy of the refusal report along with the following to the Department of Public Safety (DPS) on the prescribed forms within five business days:

(a) A copy of the notice of suspension or denial.

(b) Any license taken by the officer pursuant to this policy.

(c) A copy of any temporary driving permit issued to the person.

356.7.3 ADDITIONAL TESTING
A person who submits to a chemical test at the request of an officer may, on request and within a reasonable time (not to exceed two hours after arrest), have a qualified medical professional of his/her own choosing take an additional specimen of the person's blood for analysis (Tex. Transp. Code § 724.019).

356.7.4 REPORTING
The Patrol Commander shall ensure that the Department complies with all state reporting requirements pursuant to (Tex. Gov't. Code § 411.049).

356.8 RECORDSBUREAU RESPONSIBILITIES
The Records Supervisor will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

356.9 ADMINISTRATIVE HEARINGS
The supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to the DPS.

Any officers who receive notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

Officers called to testify at an administrative hearing should document the hearing date and the DPS file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified. The Records Section should forward this to the prosecuting attorney as part of the case file.

356.10 TRAINING
The Training Coordinator should ensure that officers participating in the enforcement of DWI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DWI investigations. The Training Coordinator should confer with the prosecuting attorney's office and update training topics as needed.

Reporting Police Activity Outside of Jurisdiction

360.1 PURPOSE AND SCOPE

This policy provides general guidelines for reporting police activity while on- or off-duty and occurring outside the jurisdiction of the Aransas Pass Police Department.

360.1.1 ASSISTANCE TO AGENCIES OUTSIDE THE CITY

When an officer is on-duty and is requested by an allied agency to participate in law enforcement activity in another jurisdiction, he/she shall obtain prior approval from the immediate supervisor or the Shift Commander. If the request is of an emergency nature, the officer shall notify Dispatch before responding and thereafter notify a supervisor as soon as practicable.

360.1.2 LAW ENFORCEMENT ACTIVITY OUTSIDE THE CITY

Any on-duty officer, who engages in law enforcement activities of any type outside the immediate jurisdiction of the Aransas Pass shall notify his/her supervisor or the Shift Commander at the earliest possible opportunity. Any off-duty officer who engages in any law enforcement activities, regardless of jurisdiction, shall notify the Shift Commander as soon as practicable.

The supervisor shall determine if a case report or other documentation of the officer's activity is required. The report or other documentation shall be forwarded to the officer's Division Commander.

Mutual Aid and Outside Agency Assistance

362.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to officers when requesting the assistance of, or when answering a request for assistance from another law enforcement agency.

It is the policy of this department to provide assistance whenever possible, consistent with the applicable laws of arrest and detention policies of this department, when another law enforcement agency requests assistance with an arrest or detention of any person. This department may also request an outside agency to provide assistance.

362.1.1 ASSISTING OUTSIDE AGENCIES

Generally, calls for assistance from other agencies are routed to the Shift Commander's office for approval. Any such response to assist an outside agency may be considered for authorization provided the presiding officer of the City has authorized such mutual aid response (Tex. Gov't Code § 418.109).

When an authorized employee of an outside agency requests the assistance of this department in taking a person into custody, available officers shall respond and assist in making a lawful arrest. If an officer receives a request in the field for assistance, that officer shall notify a supervisor. Arrestees may be temporarily detained by our agency until arrangements for transportation are made by the outside agency. Only in exceptional circumstances will this department provide transportation of arrestees to other county facilities.

When such assistance is rendered, a case number will be issued to report action taken by Aransas Pass Police Department personnel. Probation violators temporarily detained by this department will not ordinarily be booked at this department.

Outside assistance amounting to more than an unplanned, immediate and short-term need is governed by Tex. Local Gov't Code § 362.002 and requires legislative action.

362.1.2 REQUESTING ASSISTANCE FROM OUTSIDE AGENCIES

If assistance is needed from another agency, the employee requesting assistance shall first notify a supervisor of his/her intentions. The handling officer or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting officer should secure radio frequencies for use by all involved agencies so that communication can be coordinated as needed. If necessary, reasonable effort should be taken to provide radio equipment capable of communicating on the assigned frequency to any personnel who do not have compatible radios.

362.2 HAZARDOUS MATERIAL TRANSPORTATION EMERGENCIES

The Texas Department of Public Safety will be responsible for on-site coordination of transportation emergencies for all unincorporated areas and may assume the on-site coordination role within cities when requested to do so by local government (37 Tex. Admin. Code § 4.2).

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

362.3 MANDATORY SHARING

Equipment and supplies purchased with federal funds or grants, with contingent sharing requirements, should be documented and updated as necessary by the Training Coordinator. The conditions relative to sharing, the training requirements connected to the use of the supplies and equipment, and those trained in the use of the supplies and equipment should be included in the documentation. Copies of the list should be provided to Dispatch and the Shift Commander to ensure proper use in compliance with agreements.

Off-Duty Law Enforcement Actions

364.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Aransas Pass Police Department with respect to taking law enforcement action while off-duty.

364.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged, particularly when the officer is outside his/her jurisdiction. Reporting and safe monitoring of suspected criminal activity is favored. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat. Officers must remember that their authority to arrest may be limited based upon their jurisdiction.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

364.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal and state law and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms and Qualification Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge and/or identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs that would tend to adversely affect the officer's senses or judgment.

364.4 DECISION TO INTERVENE

Should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

(a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.

(b) The inability to communicate with responding units.

(c) The lack of equipment, such as handcuffs, OC or baton.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(d) The lack of cover.

(e) The potential for increased risk to bystanders if the off-duty officer were to intervene.

(f) Unfamiliarity with the surroundings.

(g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

364.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary, attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Aransas Pass Police Department officer until acknowledged. Official identification should also be displayed, if practicable.

364.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

364.4.3 CIVILIAN RESPONSIBILITIES

Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

364.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

364.5 REPORTING

Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Shift Commander as soon as practicable. The Shift Commander shall determine whether a report should be filed by the employee.

An officer should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

- Retaliation by other prisoners or staff for reporting sexual abuse or sexual harassment
- Staff neglect or violation of responsibilities that may have contributed to sexual abuse or sexual harassment

During intake the Department shall notify all prisoners of the zero-tolerance policy regarding sexual abuse and sexual harassment, and of at least one way to report abuse or harassment to a public or private entity that is not part of the Department and that is able to receive and immediately forward prisoner reports of sexual abuse and sexual harassment to agency officials. This allows the prisoner to remain anonymous (28 CFR 115.132; 28 CFR 115.151).

366.4.1 MEMBER RESPONSIBILITIES

Department members shall accept reports from prisoners and third parties and shall promptly document all reports (28 CFR 115.151).

All members shall report immediately to the Shift Commander any knowledge, suspicion or information regarding:

(a) An incident of sexual abuse or sexual harassment that occurs in the Temporary Holding Facility.

(b) Retaliation against prisoners or the member who reports any such incident.

(c) Any neglect or violation of responsibilities on the part of any department member that may have contributed to an incident or retaliation (28 CFR 115.161).

No member shall reveal any information related to a sexual abuse report to anyone other than to the extent necessary to make treatment and investigation decisions.

366.4.2 SHIFT COMMANDER RESPONSIBILITIES

The Shift Commander shall report to the department's designated investigators all allegations of sexual abuse, harassment, retaliation, neglect or violations leading to sexual abuse, harassment or retaliation. This includes third-party and anonymous reports (28 CFR 115.161).

If the alleged victim is under the age of 18 or considered a vulnerable adult, the Shift Commander shall also report the allegation as required under mandatory reporting laws and department policy.

Upon receiving an allegation that a prisoner was sexually abused while confined at another facility, the Shift Commander shall notify the head of the facility or the appropriate office of the agency where the alleged abuse occurred. The notification shall be made as soon as possible but no later than 72 hours after receiving the allegation. The Shift Commander shall document such notification (28 CFR 115.163).

If an alleged prisoner victim is transferred from the Temporary Holding Facility to a jail, prison or medical facility, the Department shall, as permitted by law, inform the receiving facility of the incident and the prisoner's potential need for medical or social services, unless the prisoner requests otherwise (28 CFR 115.165).

366.5 INVESTIGATIONS

The Department shall promptly, thoroughly and objectively investigate all allegations, including third-party and anonymous reports, of sexual abuse or sexual harassment. Only investigators who have received department-approved special training shall conduct sexual abuse investigations (28 CFR 115.171).

366.5.1 FIRST RESPONDERS

The first officer to respond to a report of sexual abuse or sexual assault shall (28 CFR 115.164):

(a) Separate the parties.

(b) Establish a crime scene to preserve and protect any evidence. Identify and secure witnesses until steps can be taken to collect any evidence.

(c) If the abuse occurred within a time period that still allows for the collection of physical evidence, request that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking or eating.

(d) If the abuse occurred within a time period that still allows for the collection of physical evidence, ensure that the alleged abuser does not take any actions that could destroy

physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking or eating.

If the first responder is not an officer the responder shall request that the alleged victim not take any actions that could destroy physical evidence and should then notify a law enforcement staff member (28 CFR 115.164).

366.5.2 INVESTIGATOR RESPONSIBILITIES

Investigators shall (28 CFR 115.171):

(a) Gather and preserve direct and circumstantial evidence, including any available physical and biological evidence and any available electronic monitoring data.

(b) Interview alleged victims, suspects and witnesses.

(c) Review any prior complaints and reports of sexual abuse involving the suspect.

(d) Conduct compelled interviews only after consulting with prosecutors as to whether compelled interviews may be an obstacle for subsequent criminal prosecution.

(e) Assess the credibility of the alleged victim, suspect or witness on an individual basis and not by the person's status as a prisoner or a member of the Aransas Pass Police Department.

(f) Document in written reports a description of physical, testimonial, documentary and other evidence, the reasoning behind any credibility assessments, and investigative facts and findings.

(g) Refer allegations of conduct that may be criminal to the County and/or DIstrict Attorney for possible prosecution, including any time there is probable cause to believe a prisoner sexually abused another prisoner in the Temporary Holding Facility (28 CFR 115.178).

(h) Cooperate with outside investigators and remain informed about the progress of any outside investigation.

366.5.3 ADMINISTRATIVE INVESTIGATIONS

Administrative investigations shall include an effort to determine whether staff actions or failures to act contributed to the abuse. The departure of the alleged abuser or victim from the employment or control of this department shall not be used as a basis for terminating an investigation (28 CFR 115.171).

366.5.4 SEXUAL ASSAULT AND SEXUAL ABUSE VICTIMS

No prisoner who alleges sexual abuse shall be required to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of such an allegation (28 CFR 115.171(e)).

Prisoner victims of sexual abuse shall receive timely, unimpeded access to emergency medical treatment. Treatment services shall be provided to the victim without financial cost and regardless

of whether the victim names the abuser or cooperates with any investigation arising out of the incident (28 CFR 115.182).

366.5.5 CONCLUSIONS AND FINDINGS

All completed investigations shall be forwarded to the Chief of Police, or if the allegations may reasonably involve the Chief of Police, to the City Manager. The Chief of Police or City Manager shall review the investigation and determine whether any allegations of sexual abuse or sexual harassment have been substantiated by a preponderance of the evidence (28 CFR 115.172).

All personnel shall be subject to disciplinary sanctions up to and including termination for violating this policy. Termination shall be the presumptive disciplinary sanction for department members who have engaged in sexual abuse. All discipline shall be commensurate with the nature and circumstances of the acts committed, the member's disciplinary history and the sanctions imposed for comparable offenses by other members with similar histories (28 CFR 115.176).

All terminations for violations of this policy, or resignations by members who would have been terminated if not for their resignation, shall be criminally investigated unless the activity was clearly not criminal and reported to any relevant licensing body (28 CFR 115.176).

Any contractor or volunteer who engages in sexual abuse shall be prohibited from contact with prisoners and reported to any relevant licensing bodies (28 CFR 115.177). The Chief of Police shall take appropriate remedial measures and consider whether to prohibit further contact with prisoners by a contractor or volunteer.

366.6 RETALIATION PROHIBITED

All prisoners and members who report sexual abuse or sexual harassment or who cooperate with sexual abuse or sexual harassment investigations shall be protected from retaliation (28 CFR 115.167). If any other individual who cooperates with an investigation expresses a fear of retaliation, appropriate measures shall be taken to protect that individual.

The Shift Commander or the authorized designee shall employ multiple protection measures, such as housing changes or transfers for prisoner victims or abusers, removal of alleged abusers from contact with victims, and emotional support services for prisoners or members who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.

The Shift Commander or the authorized designee shall identify a staff member to monitor the conduct and treatment of prisoners or members who have reported sexual abuse and of prisoners who were reported to have suffered sexual abuse. The staff member shall act promptly to remedy any such retaliation. In the case of prisoners, such monitoring shall also include periodic status checks.

366.7 REVIEWS AND AUDITS

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

366.7.1 INCIDENT REVIEWS

An incident review shall be conducted at the conclusion of every sexual abuse investigation, unless the allegation has been determined to be unfounded. The review should occur within 30 days of the conclusion of the investigation. The review team shall include upper-level management officials and seek input from line supervisors and investigators (28 CFR 115.186).

The review shall (28 CFR 115.186):

(a) Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect or respond to sexual abuse.

(b) Consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender or intersex identification, status or perceived status; gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility.

(c) Examine the area in the facility where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse.

(d) Assess the adequacy of staffing levels in that area during different shifts.

(e) Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff.

The review team shall prepare a report of its findings, including any determinations made pursuant to this section and any recommendations for improvement. The report shall be submitted to the Chief of Police and the PREA Coordinator. The Chief of Police or the authorized designee shall implement the recommendations for improvement or shall document the reasons for not doing so (28 CFR 115.186).

366.7.2 DATA REVIEWS

The facility shall conduct an annual review of collected and aggregated incident-based sexual abuse data. The review should include, as needed, data from incident-based documents, including reports, investigation files and sexual abuse incident reviews (28 CFR 115.187).

The purpose of these reviews is to assess and improve the effectiveness of sexual abuse prevention, detection and response policies, practices and training. An annual report shall be prepared that includes (28 CFR 115.188):

(a) Identification of any potential problem areas.

(b) Identification of any corrective actions taken.

(c) Recommendations for any additional corrective actions.

(d) A comparison of the current year’s data and corrective actions with those from prior years.

(e) An assessment of the department’s progress in addressing sexual abuse.

The report shall be approved by the Chief of Police and made readily available to the public through the department website or, if it does not have one, through other means. Material may be

Adoption Date: 2014/11/07

redacted from the reports when publication would present a clear and specific threat to the safety and security of the Temporary Holding Facility. However, the nature of the redacted material shall be indicated.

All aggregated sexual abuse data from Aransas Pass Police Department facilities and private facilities with which it contracts shall be made readily available to the public at least annually through the department website or, if it does not have one, through other means. Before making aggregated sexual abuse data publicly available, all personal identifiers shall be removed (28 CFR 115.189).

366.8 RECORDS

The Department shall retain all written reports from administrative and criminal investigations pursuant to this policy for as long as the alleged abuser is held or employed by the Department, plus five years (28 CFR 115.171).

All other data collected pursuant to this policy shall be securely retained for at least 10 years after the date of the initial collection unless federal, state or local law requires otherwise (28 CFR 115.189).

366.9 TRAINING

All employees, volunteers and contractors who may have contact with prisoners shall receive department-approved training on the prevention and detection of sexual abuse and sexual harassment within this facility. The Training Coordinator shall be responsible for developing and administering this training as appropriate, covering at a minimum (28 CFR 115.131):

- The Department's zero-tolerance policy and prisoners' right to be free from sexual abuse and sexual harassment, and from retaliation for reporting sexual abuse or harassment.
- The dynamics of sexual abuse and harassment in confinement settings, including which prisoners are most vulnerable.
- The right of prisoners and staff members to be free from sexual abuse and sexual harassment, and from retaliation for reporting sexual abuse or harassment.
- Detecting and responding to signs of threatened and actual abuse.
- Communicating effectively and professionally with all prisoners.
- Compliance with relevant laws related to mandatory reporting of sexual abuse to outside authorities.

Investigators assigned to sexual abuse investigations shall also receive training in conducting such investigations in confinement settings. Training should include (28 CFR 115.134):

- Techniques for interviewing sexual abuse victims.
- Proper use of *Miranda* and *Garrity* warnings.
- Sexual abuse evidence collection in confinement settings.

© 1995-2014 Lexipol, LLC

- Criteria and evidence required to substantiate a case for administrative action or prosecution referral.

The Training Coordinator shall maintain documentation that employees, volunteers, contractors and investigators have completed required training and that they understand the training. This understanding shall be documented through individual signature or electronic verification.

All current employees and volunteers who may have contact with prisoners shall be trained within one year of the effective date of the PREA standards. The agency shall provide annual refresher information to all such employees and volunteers to ensure that they understand the current sexual abuse and sexual harassment policies and procedures.

Chapter 4 - Field Response, Investigations and Reporting

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

Officer Response to Calls

400.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to all emergency and non-emergency situations.

400.2 RESPONSE TO CALLS

Officers responding to an emergency call shall proceed immediately. Officers responding to an emergency call Code 3, shall continuously operate emergency lighting equipment and shall sound the siren as reasonably necessary (Tex. Transp. Code § 546.003).

Responding with emergency light(s) and siren does not relieve the operator of an authorized emergency vehicle of the duty to act as a reasonably prudent emergency vehicle operator in like circumstances (Tex. Transp. Code § 546.005). The use of any other warning equipment without emergency lights and siren does not provide any exemption from the Texas Transportation Code.

Officers should only respond Code 3 when so dispatched or when circumstances reasonably indicate an emergency response is required. Officers not responding Code 3 shall observe all traffic laws and proceed without the use of emergency lights and siren.

400.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe there is an imminent threat to the safety of officers or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify Dispatch.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

400.3.1 NUMBER OF UNITS PARTICIPATING

Normally, only those units reasonably necessary should respond to an emergency call Code 3. The Shift Commander or the field supervisor should monitor all emergency responses and reduce or enhance the response as warranted.

400.4 INITIATING CODE 3 RESPONSE

If an officer believes a Code-3 response to any call is appropriate, the officer shall immediately notify Dispatch. Code-3 responses of more than one unit should include, if circumstances permit, coordination of the response by the second responding unit to avoid unanticipated intersecting of response routes. A Code-3 response of more than one unit should initiate notification by

Dispatch of the Shift Commander or field supervisor of the response. The Shift Commander or field supervisor will make a determination regarding the appropriateness of the response and reduce or enhance the response as warranted.

400.5 RESPONSIBILITIES OF RESPONDING OFFICER(S)

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle (Tex. Transp. Code § 546.001).

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify Dispatch. An officer shall also discontinue the Code-3 response when directed by a supervisor.

Upon determining that a Code-3 response is appropriate, an officer shall immediately give the location from which he/she is responding.

400.6 COMMUNICATIONS RESPONSIBILITIES

A dispatcher shall ensure acknowledgment and response of assisting units when an officer requests emergency assistance or available information reasonably indicates that the public is threatened with serious injury or death and immediate police response is needed. In all other circumstances, the dispatcher shall obtain authorization from the Shift Commander or a field supervisor prior to assigning an emergency response. The dispatcher shall:

(a) Attempt to assign the closest available unit to the location requiring assistance.

(b) Immediately notify the Shift Commander.

(c) Confirm the location from which the unit is responding.

(d) Notify and coordinate allied emergency services (e.g., fire and ambulance).

(e) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated.

(f) Control all radio communications during the emergency and coordinate assistance under the direction of the Shift Commander or field supervisor.

400.7 SUPERVISORY RESPONSIBILITIES

Upon being notified that an emergency response has been initiated, the Shift Commander or the field supervisor shall verify the following:

(a) The proper response has been initiated.

(b) No more than those units reasonably necessary under the circumstances are involved in the response.

© 1995-2014 Lexipol, LLC

(c) Affected outside jurisdictions are being notified as practicable.

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned to an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize an emergency response, the Shift Commander or the field supervisor should consider the following:

- The type of call.
- The necessity of a timely response.
- Traffic and roadway conditions.
- The location of the responding units.

400.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In all cases, the officer shall notify the Shift Commander, field supervisor or Dispatch of the equipment failure so that another unit may be assigned to the emergency response.

Report Preparation

402.1 PURPOSE AND SCOPE

Report preparation is a major part of each officer's job. The purpose of reports is to document sufficient information to refresh the officer's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized and on-the-job training.

402.1.1 REPORT PREPARATION

Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard, or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee’s opinions should not be included in reports unless specifically identified as such.

402.2 REQUIRED REPORTING

Written reports are required in all of the following situations, on the appropriate department-approved form, unless otherwise approved by a supervisor.

402.2.1 CRIMINAL ACTIVITY REPORTING

When an employee responds to a call for service or as a result of self-initiated activity becomes aware of any activity where a crime has occurred, the employee is required to document the activity. The fact that a victim is not desirous of prosecution is not an exception to documenting the incident. The following are examples of required documentation:

(a) In every instance where a felony has occurred, the documentation shall take the form of a written crime report.

(b) In every instance where a misdemeanor crime has occurred and the victim desires a report, the documentation shall take the form of a written crime report. If the victim does not desire a report, the incident will be documented on the telecommunicator's log.

(c) In every case where any force is used against any person by police personnel.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(d) All incidents involving family violence or assault.

(e) All arrests.

402.2.2 NON-CRIMINAL ACTIVITY

Incidents that shall be documented using the appropriate approved report form include:

(a) Anytime an officer points a firearm at any person.

(b) Any use of force against any person by a member of this department (see the Use of Force Policy).

(c) Any firearm discharge (see the Firearms and Qualification Policy).

(d) Anytime a person is reported missing, regardless of jurisdiction (see the Missing Person Reporting Policy).

(e) Any found property or found evidence.

(f) Any traffic collisions above the minimum reporting level (see the Traffic Collision Response and Reporting Policy).

(g) Suspicious incidents that may indicate a potential for crimes against children, or that a child's safety is in jeopardy.

(h) All protective custody detentions.

(i) Suspicious incidents that may place the public or others at risk.

(j) Whenever the employee believes the circumstances should be documented or at the direction of a supervisor.

402.2.3 DEATH CASES

Death investigations require specific investigation methods depending on circumstances and should be handled in accordance this department's Death Investigations Policy. An officer handling a death investigation should notify and apprise a supervisor of the circumstances surrounding the incident and a determination will be made on how to proceed. The following cases shall be appropriately investigated and documented using the approved report:

(a) Sudden or accidental deaths.

(b) Suicides

(c) Homicide or suspected homicide.

(d) Unattended deaths (no physician or qualified hospice care during the period immediately preceding death).

(e) Found dead bodies or body parts.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

402.2.4 INJURY OR DAMAGE BY CITY PERSONNEL

Reports shall be taken if an injury occurs that is a result of an act of a City employee. Additionally, reports shall be taken involving damage to City property or City equipment.

402.2.5 MISCELLANEOUS INJURIES

Any injury that is reported to this department shall require a report when:

(a) The injury is a result of drug overdose.

(b) Attempted suicide.

(c) The injury is major/serious, whereas death could result.

(d) The circumstances surrounding the incident are suspicious in nature and it is desirable to record the event.

The above reporting requirements are not intended to be all-inclusive. A supervisor may direct an employee to document any incident he/she deems necessary.

402.2.6 TRAFFIC AND PEDESTRIAN STOPS

Any officer who stops a motor vehicle for an alleged violation of a law or ordinance regulating traffic shall report the information on the approved form unless the Department maintains exemption pursuant to Tex. Code of Crim. Pro. art. 2.135 (Tex. Code of Crim. Pro. art. 2.133(b)).

The Department shall compile and analyze information regarding each contact and shall submit a report no later than March 1 of each year in accordance with Tex. Code of Crim. Pro. art. 2.134(b)).

The above reporting requirements are not intended to be all-inclusive. A supervisor may direct an employee to document any incident he/she deems necessary.

402.3 GENERAL POLICY OF EXPEDITIOUS REPORTING

In general, all officers and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

Unless directed otherwise by the shift commander, all reports shall be complete before the end of the officers assigned shift.

402.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS

Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for consistency.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

402.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS
County, state and federal agency forms may be block-printed as appropriate. In general, the form itself may make the requirement for typing apparent.

402.4 REPORT CORRECTIONS
Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor should complete the Report Correction Form stating the reasons for rejection. The original report and the correction form should be returned to the reporting employee for correction as soon as practicable. It shall be the responsibility of the originating officer to ensure that any report returned for correction is processed in a timely manner.

402.5 REPORT CHANGES OR ALTERATIONS
Reports that have been approved by a supervisor and submitted to the Records Section for filing and distribution shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been submitted to the Records Section may be corrected or modified by the authoring officer only with the knowledge and authorization of the reviewing supervisor.

402.6 ELECTRONIC SIGNATURES
The Aransas Pass Police Department has established an electronic signature procedure for use by all employees of the Aransas Pass Police Department. The Patrol Captain shall be responsible for maintaining the electronic signature system and ensuring that each employee creates a unique, confidential password for his/her electronic signature.

- Employees may only use their electronic signature for official reports or other official communications.
- Each employee shall be responsible for the security and use of his/her electronic signature and shall promptly notify a supervisor if the electronic signature has or may have been compromised or misused.

The electronic signature is defined as an individualized account login to the RMS system which is unique to each officer within the department.

Investigation and Prosecution

404.1 PURPOSE AND SCOPE

When assigned to a case for initial or follow-up investigation, officers and detectives shall proceed with due diligence in evaluating and preparing the case for appropriate clearance or presentation to a prosecutor for filing of criminal charges.

404.2 INITIAL INVESTIGATION

An officer who is responsible for an initial investigation shall complete no less than the following:

(a) Make a preliminary determination if a crime has been committed. This will minimally include the following:

1. Obtain an initial statement from any informants or complainants.
2. Conduct a cursory examination for possible evidence.

(b) If the information indicates a crime has occurred:

1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
2. Determine if additional investigative resources (e.g., detectives or scene processing) assistance is necessary and request assistance as required.
3. If assistance is warranted or if the incident is not routine, notify a supervisor or Shift Commander.
4. Interview all available informants, complainants, witnesses and suspects.
5. Make reasonable attempts to locate and interview all available complainants, witnesses and suspects.
6. Collect any evidence.
7. Take any appropriate law enforcement action.
8. Complete and submit the appropriate reports and documentation.

(c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available and advise the informant or complainant of this information.

An employee who is not an officer assigned to any preliminary investigation is responsible for all investigative steps except making any attempt to locate, contact or interview a suspect or to take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

404.3 FOLLOW-UP INVESTIGATION

Follow-up investigation on all cases is evaluated and assigned by the Criminal Investigations Division Commander based upon caseload, case assignment and an evaluation of case solvability factors.

404.3.1 CASE SOLVABILITY FACTORS

Case solvability factors include, however are not limited to the following:

(a) Reliability of witnesses.

(b) Suspect is named.

(c) Suspect is described.

(d) Suspect's location is known.

(e) Suspect is identified.

(f) Suspect has previously been seen.

(g) Suspect vehicle is described.

(h) Suspect vehicle is identified.

(i) Property is traceable.

(j) Modus operandi is significant.

(k) There is usable physical evidence.

(l) There was limited opportunity for anyone other than the suspect to commit the crime.

(m) The case may be solved with reasonable additional investigative effort.

(n) Other factors that are applicable only in exceptional circumstances include:

1. The case is of significant importance to the community.
2. There is potential imminent danger to victims or witnesses.
3. The seriousness of the offense.
4. There is a characteristic pattern, frequency or modus operandi related to the case.
5. Management decisions to pursue a case regardless of solvability factors.

404.4 MODIFICATION OF CHARGES FILED

Employees are not authorized to recommend to the County and/or District Attorney, City Attorney or to any other official of the court that charges on a pending case be altered or the case dismissed. In all cases resulting in court prosecution, any request to modify the charges filed or to recommend dismissal of charges in a pending case shall be made to the County and/or District Attorney's Office or City Attorney's Office only as authorized by a Division Commander or the Chief of Police.

404.5 TRAINING

Officers shall receive training in preliminary investigation prior to assignment to any investigative duties. Officers assigned to any follow-up or advanced investigation, or upon assignment to detectives, shall have completed training in follow-up investigation or the basic investigators course.

404.6 CUSTODIAL INTERROGATION REQUIREMENTS

Any custodial interrogation of a person who is suspected of having committed any violent felony offense should be electronically recorded (audio/video or both as available) in its entirety, whether or not a written statement is received. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings. If the person expresses the desire to provide a voluntary oral statement during the course of the interrogation, officers should ensure that the requirements of Tex. Code of Crim. Pro. art 38.22 are satisfied to facilitate the admissibility of the statement.

Officers should also consider electronically recording a custodial interrogation, or any investigative interview, for any other offense when the officer reasonably believes it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of an interrogation should be destroyed or altered without written authorization from the County and/or District Attorney and the Criminal Investigations supervisor. Copies of recorded interrogations or interviews may be made in the same or different format, provided they are true, accurate and complete copies and are made only for authorized and legitimate law enforcement purposes.

Officers should continue to prepare written summaries of custodial questioning and investigative interviews and continue to obtain written statements from suspects when applicable.

Crime and Disaster Scene Integrity

406.1 PURPOSE AND SCOPE

The protection and integrity of a crime scene is of the utmost importance for the successful apprehension of criminals and successful prosecution. The integrity of a disaster scene is equally as critical for the protection of life and property and investigation by proper authorities.

406.2 CRIME SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the preservation of the scene. Officers shall also consider officer safety and public safety issues, including rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity of the crime/disaster scene, it shall be maintained until the officer is relieved by a supervisor.

406.2.1 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation, the availability of resources, capacity of personnel and totality of each circumstance:

(a) Ensure no suspects are still within the area.

(b) Broadcast emergency information including all requests for additional assistance.

(c) Provide first aid to injured parties if it can be done safely.

(d) Secure the inner perimeter with crime scene tape.

(e) Protect items of apparent evidentiary value.

(f) Start a chronological log noting critical times and personnel allowed access.

406.2.2 EXECUTION OF HEALTH ORDERS

Any sworn member of this Department is authorized to execute and enforce all orders of the local health officer issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Tex. Health and Safety Code § 81.002 et seq.). In the execution and enforcement of orders, officers are authorized to use reasonable force and shall follow the Use of Force Policy (Tex. Health and Safety Code § 81.083).

406.3 SEARCHES AT CRIME OR DISASTER SCENES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, exigent circumstances will likely no longer exist. Officers should secure the scene and conduct no further search until proper authority for the search is obtained.

406.3.1 CONSENT

Officers should seek consent to search from authorized individuals where possible. However, in the case of serious crimes or major investigations, it may be prudent to obtain a search warrant. Consent may be sought even in cases where a search warrant has been granted.

Rapid Response And Deployment

408.1 PURPOSE AND SCOPE

Violence in schools, workplaces and other locations by any individual or group of individuals presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers as they make decisions in these rapidly unfolding and tense situations.

408.2 POLICY

The policy of this department in dealing with the crisis situation shall be:

(a) To obtain and maintain complete operative control of the incident.

(b) To explore every reasonably available source of intelligence regarding the circumstances, location and suspect(s) in the incident.

(c) To attempt, by every means available, to attain any tactical advantage over the responsible individual(s).

(d) To attempt, whenever feasible, a negotiated surrender of the suspect(s) and release of the hostages through the expertise of the members of this department and others.

(e) When an emergency situation exists, neutralize the threat as rapidly as reasonably possible to minimize injury and loss of life.

Nothing in this policy shall preclude the use of necessary force, deadly or otherwise, by members of this department in protecting themselves or others from death or serious injury.

408.3 PROCEDURE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to immediately eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

When deciding on a course of action officers should consider:

(a) Whether sufficient personnel are available on-scene to advance on the suspect. Any advance on a suspect should be made using two or more officers whenever reasonably possible.

(b) Whether individuals who are under imminent threat can be moved out of danger with reasonable safety.

(c) Whether the officers have the ability to effectively communicate with others in the field.

(d) Whether planned tactics can be effectively deployed.

Adoption Date: 2014/11/07

(e) The availability of rifles, shotguns, shields, control devices and any other appropriate tools, and whether the deployment of these tools will provide tactical advantage.

(f) In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

(g) If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, the officer should take immediate action, if reasonably possible, to stop the threat presented by the suspect while calling for additional assistance.

Hazardous Material Response

410.1 PURPOSE AND SCOPE

Hazardous substances present a potential harm to employees resulting from their exposure. The following is to be the policy of this department.

410.1.1 HAZARDOUS MATERIAL DEFINED

Hazardous material - A substance which, by its nature, containment and reactivity, has the capability of inflicting harm during exposure. It is characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby poses a threat to health when improperly managed (Tex. Health and Safety Code § 501.002).

410.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The Aransas Pass Fire Department is the agency trained and equipped to properly respond and mitigate most hazardous substances and bio-hazards.

A responder entering the area may require decontamination before he/she is allowed to depart the scene and should be evaluated by appropriate technicians and medical professionals for signs of exposure.

The following steps should be considered at any scene involving suspected hazardous materials:

(a) Attempt to identify the type of hazardous substance. Identification may be determined by placard, driver's manifest or statements from the person transporting the material.

(b) Notify the Fire Department.

(c) Provide first aid to injured parties if it can be done safely and without contamination.

(d) Begin evacuation of the immediate area and surrounding areas, dependent on the substance. Voluntary evacuation should be considered; however, depending on the substance, mandatory evacuation may be necessary.

(e) Responders should remain up hill and upwind of the hazard until a zone of entry and a decontamination area is established.

410.3 REPORTING EXPOSURE(S)

Department personnel who believe they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an employee memorandum that shall be forwarded via chain of command to the Commanding Officer. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury, or illness in addition to a crime report or incident report.

410.3.1 SUPERVISOR RESPONSIBILITY

When a supervisor has been informed that an employee has beenexposed to a hazardous material, he/she shall ensure that immediatemedical treatment is obtained and appropriate action is taken to lessenthe exposure.

To ensure the safety of employees, safety equipment is availablethrough supervisory personnel. Safety items not maintained by theDepartment will be obtained through the Fire Department.

Hostages and Barricaded Suspects

412.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

412.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

412.2 POLICY

It is the policy of the Aransas Pass Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

412.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

412.3.1 EMERGENCY COMMUNICATIONS

A supervisor may order the telephone company to disconnect or control telephone lines in order to prevent a suspect from communicating with anyone other than designated personnel in a barricade or hostage situation (Tex. Utilities Code § 186.021).

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

412.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

412.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

(c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(d) Provide responding emergency personnel with a safe arrival route to the location.

(e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.

(f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.

(g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.

(h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Media Relations Officer.

(j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(k) Establish a command post.

412.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

(c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).

(d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.

(e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(f) Provide responding emergency personnel with a safe arrival route to the location.

(g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.

(h) Coordinate pursuit or surveillance vehicles and control of travel routes.

(i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.

(j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.

(k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Media Relations Officer.

(m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

© 1995-2014 Lexipol, LLC

412.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a Crisis Response Unit (CRU) response if appropriate and apprising the CRU Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

(a) Ensure injured persons are evacuated and treated by medical personnel.

(b) Ensure the completion of necessary first responder responsibilities or assignments.

(c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.

(d) Establish a command post location as resources and circumstances permit.

(e) Designate assistants who can help with intelligence information and documentation of the incident.

(f) If it is practicable to do so, arrange for video documentation of the operation.

(g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).

(h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or Dispatch.

(i) Identify a media staging area outside the outer perimeter and have the department Media Relations Officer or a designated temporary media representative provide media access in accordance with the News Media Relations Policy.

(j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.

(k) Debrief personnel and review documentation as appropriate.

412.6 CRISIS RESPONSE UNIT RESPONSIBILITIES

It will be the Incident Commander’s decision, with input from the CRU Commander, whether to deploy the CRU during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the CRU Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the CRU. The Incident Commander and the CRU Commander or the authorized designee shall maintain communications at all times.

Response to Bomb Calls

414.1 PURPOSE AND SCOPE

These guidelines have been prepared to assist officers in their initial response to incidents involving explosives, explosive devices, suspected explosive devices or explosion/bombing incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety shall always be the primary consideration.

414.2 FOUND EXPLOSIVES/SUSPECT DEVICES

When handling an incident involving a suspected explosive device, the following guidelines should be followed:

(a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging. The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.

(b) A minimum perimeter of 300 feet should be established around the location of the device. An access point should be provided for support personnel.

(c) As much information as is available should be promptly relayed to the Shift Commander including:

1. The stated threat.
2. Exact comments.
3. Time of discovery.
4. Exact location of the device.
5. Full description (e.g., size, shape, markings, construction) of the device.

(d) The device should not be touched or moved except by qualified bomb squad personnel.

(e) All equipment within 300 feet of the suspected device that is capable of producing radio frequency energy should be turned off. This includes two-way radios, cell phones and other personal communication devices.

(f) Consideration should be given to evacuating any buildings near the device.

A search of the area should be conducted for secondary devices or other objects that are either hazardous or foreign to the area, and a perimeter should be established around any additional suspicious device found. Explosive or military ordnance of any type should be handled only by the bomb squad or military ordnance disposal team.

414.3 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic incidents, a rapid response may help to minimize injury to victims, contamination of the scene by gathering crowds or additional damage by resulting fires or unstable structures. Whether the explosion was the result of an accident or a criminal act, the responding officers should consider the following actions:

- Assess the scope of the incident, including the number of victims and extent of injuries.
- Assist with first aid (Fire Department has primary responsibility).
- Assist with evacuation of victims (Fire Department has primary responsibility).
- Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, blood borne pathogens, hazardous materials and secondary explosive devices.
- Request additional resources as needed.
- Identify witnesses.
- Preserve evidence.

414.3.1 NOTIFICATIONS

When an explosion has occurred, the following people shall be notified as soon as practicable if their assistance is needed:

(a) Fire Department

(b) Bomb Squad

(c) ATF

(d) Additional officers

(e) Field supervisor

(f) Shift Commander

(g) Detectives

(h) Forensic Science Services

414.3.2 CROWD CONTROL

Only authorized personnel with a legitimate need shall be permitted access to the scene. Spectators and other unauthorized individuals shall be excluded to a safe distance as is reasonably practicable given the available resources and personnel.

414.3.3 SCENE OF INCIDENT

As in any other crime scene, steps should immediately be taken to preserve the scene. The scene could extend over a long distance. Evidence may be imbedded in nearby structures or hanging in trees and bushes.

414.4 BOMB THREATS RECEIVED AT POLICE FACILITY

This procedure should be followed should a bomb threat call be received at the police facility.

414.4.1 BOMB THREATS RECEIVED BY TELEPHONE

The following questions should be asked if a call of a bomb is received at the Police Department:

- When is the bomb going to explode?
- Where is the bomb?
- What kind of bomb is it?
- What does it look like?
- Why did you place the bomb?
- Who are you? (To avoid possible termination of the call this should be the last question asked.)

Attempt to keep the caller on the line as long as possible and obtain expanded answers to these five basic questions.

During this time, document the following:

- Time of the call.
- Exact words of the person as accurately as possible.
- Estimated age and gender of the caller.
- Speech patterns and/or accents.
- Background noises.

If the incoming call is received at the police facility on a recorded line, steps should be taken to ensure that the recording is preserved in accordance with current department evidence procedures.

414.4.2 RESPONSIBILITIES

The employee handling the call shall ensure that the Shift Commander is immediately advised and fully informed of the details. The Shift Commander will then direct and assign officers as required for coordinating a general building search or evacuation as he/she deems appropriate.

414.5 BOMB THREATS AT PUBLIC OR PRIVATE FACILITY

This procedure shall be followed should a bomb threat occur at a private facility or another public facility and the Department is informed of the threat.

414.5.1 BOMB THREAT RESPONSE OPTIONS

The person in charge of the facility has the primary responsibility for all decisions relating to the facility.

The options available for the person in charge of the facility's are, generally:

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(a) No search and no evacuation.

(b) Search without evacuation.

(c) Evacuation without search.

(d) Evacuation and search.

414.5.2 REQUEST FOR ASSISTANCE

Should the person in charge of the facility request assistance, the Shift Commander shall be notified and make the decision whether the Department renders assistance and to what level. Should the information and circumstances indicate a reasonably apparent imminent threat to safety, a more active approach including law enforcement control over a facility may be considered.

414.5.3 EVACUATION OR SEARCH ASSISTANCE

Should the Shift Commander determine that the Department will assist or control a bomb threat incident, the Shift Commander will determine:

(a) The level of assistance.

(b) The plan for assistance.

(c) Whether to evacuate and/or search.

(d) The appropriate support necessary.

Considerations regarding the involvement of facility staff in searching and evacuating is important as a search or evacuation can be difficult without a working familiarity of the facility. The person in charge of the facility should be made aware of the possibility of damage occurring to the facility as a product of a search. Safety of all participants is the paramount concern.

Support consideration should include notification and response, or standby notice, for fire, medical and ambulance.

Aircraft Accidents

416.1 PURPOSE AND SCOPE

This policy describes situations involving aircraft accidents, including responsibilities of personnel, making proper notification and documentation.

416.2 RESPONSIBILITIES

In the event of an aircraft accident the employee responsibilities are as follows:

416.2.1 OFFICER RESPONSIBILITY

Officers should treat an aircraft accident site as a crime scene until it is determined that such is not the case. If a military aircraft is involved, additional dangers, such as live ordnance or hazardous materials, may be present. The scene may require additional security due to the potential presence of confidential equipment or information.

The duties of the field officer at the scene of an aircraft accident include the following:

(a) Determine the nature and extent of the accident.

(b) Request additional personnel and other resources to respond as needed.

(c) Provide assistance for the injured parties until the arrival of fire department personnel and/or other emergency personnel.

(d) Cordon off and contain the area to exclude unauthorized individuals as soon as practicable.

(e) Provide crowd control and other assistance until directed otherwise by a supervisor.

(f) Ensure the Justice of Peace and/or Medical Examiner’s Office is notified if a death occurs.

Entering an aircraft or tampering with parts or debris is only permissible for the purpose of removing injured or trapped occupants, protecting the wreckage from further damage or protecting the public from danger. If possible, the investigating authority should first be consulted before entering or moving any aircraft or any accident debris. Photographs or sketches of the original positions should be made whenever feasible.

The fire department will be responsible for control of the accident scene until the injured parties are cared for and the accident scene has been rendered safe for containment. Thereafter, police personnel will be responsible for preserving the scene until relieved by the investigating authority.

Once the scene is relinquished to the investigating authority, personnel from this agency may assist in containment of the scene until the investigation is completed or assistance is no longer needed.

An airport service worker or the airport manager may respond to the scene to assist the on-scene commander with technical expertise, should it be needed during the operation.

416.2.2 NATIONAL TRANSPORTATION SAFETY BOARD

The National Transportation Safety Board (NTSB) has the primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft incident, the appropriate branch of the military will be involved in the investigation. The NTSB is concerned with several aspects of an accident as described in this section.

Every effort should be made to preserve the scene to the extent possible in the condition in which it was found until such time as NTSB or other authorized personnel arrive to take charge of the scene.

Military personnel will respond to take charge of any military aircraft involved, regardless of any injury or death.

If the accident did not result in a death or injury and the NTSB elects not to respond, the pilot or owner may assume control of the aircraft.

Removal of the wreckage shall be done under the guidance of the NTSB or military authorities or, if the NTSB is not responding for an on-site investigation, at the discretion of the pilot or the owner.

416.2.3 DISPATCH RESPONSIBILITIES

Dispatchers are responsible to make notifications as directed once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage and the type of aircraft involved. Generally, the dispatcher will need to notify the following agencies or individuals when an aircraft accident has occurred.

(a) Fire Department.

(b) The affected airport tower.

(c) Closest military base if a military aircraft is involved.

(d) Ambulances or other assistance as required.

(e) Department of Public Safety.

When an aircraft accident is reported to the Police Department by the airport tower personnel the dispatcher receiving such information should verify that the tower personnel will contact the Texas Department of Transportation Aviation Division, Federal Aviation Administration (FAA) Flight Standards District Office and the NTSB. In the event that airport personnel are not involved, the dispatcher should notify the Texas Department of Transportation Aviation Division, the FAA and the NTSB.

416.2.4 RECORDS SUPERVISOR RESPONSIBILITIES

The Records Supervisor is responsible for the following:

(a) Forward and maintain an approved copy of the accident report to the Texas Department of Transportation Aviation Division.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(b) Forward a copy of the report to the Patrol Division Commander and the manager of the affected airport.

416.2.5 MEDIA RELATIONS OFFICER RESPONSIBILITIES
The Department Media Relations Officer is responsible for the following:

(a) Obtain information for a press release from the on-scene commander or authorized designee.

(b) When practicable, the Department Media Relations Officer should coordinate with the FAA Press Information Officer to prepare a press release for distribution to the media.

Information released to the press regarding any aircraft accident should be handled by the Department Media Relations Officer or in accordance with existing policy.

416.3 DOCUMENTATION

Any aircraft accident within the City, regardless of whether injuries or deaths occur, shall be documented.

Family Violence

418.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce family violence through vigorous enforcement and to address family violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of family violence.

418.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to family violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made. These orders are sometimes referred to as protective orders or emergency order of protection.

418.2 POLICY

The Aransas Pass Police Department's response to incidents of family violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that family violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

418.3 OFFICER SAFETY

The investigation of family violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

418.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating family violence cases:

(a) Calls of reported, threatened, imminent or ongoing family violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.

(b) When practicable, officers should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.

(c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(d) When practicable and legally permitted, video or audio record all significant statements and observations.

(e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Criminal Investigations Division in the event that the injuries later become visible.

(f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.

(g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.

(h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.

(i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.

(j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:

1. Marital status of suspect and victim.
2. Whether the suspect lives on the premises with the victim.
3. Claims by the suspect that the victim provoked or perpetuated the violence.
4. The potential financial or child custody consequences of arrest.
5. The physical or emotional state of either party.
6. Use of drugs or alcohol by either party.
7. Denial that the abuse occurred where evidence indicates otherwise.
8. A request by the victim not to arrest the suspect.
9. Location of the incident (public/private).
10. Speculation that the complainant may not follow through with the prosecution.
11. The racial, cultural, social, professional position or sexual orientation of the victim or suspect.

418.4.1 IF A SUSPECT IS ARRESTED
If a suspect is arrested, officers should:

(a) Advise the victim that there is no guarantee the suspect will remain in custody.

(b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.

(c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

418.4.2 IF NO ARREST IS MADE
If no arrest is made, the officer should:

(a) Advise the parties of any options, including but not limited to:

1. Voluntary separation of the parties.
2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).

(b) Document the resolution in a report.

418.5 VICTIM ASSISTANCE
Victims may be traumatized or confused. Officers should:

(a) Recognize that a victim's behavior and actions may be affected.

(b) Provide the victim with the department's family violence information handout, even if the incident may not rise to the level of a crime.

(c) Alert the victim to any available victim advocates, shelters and community resources.

(d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.

(e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.

(f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.

(g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.

(h) Seek or assist the victim in obtaining an emergency order if appropriate.

418.6 DISPATCH ASSISTANCE
All calls of family violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

418.7 FOREIGN COURT ORDERS

Various types of orders may be issued in family violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

418.8 FIREARMS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

(a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.

(b) Check available records or databases that may show the status or conditions of the order.

(c) Contact the issuing court to verify the validity of the order.

(d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

418.8.1 EMERGENCY PROTECTIVE ORDERS

At the magistration of a person arrested for a family violence offense, an officer should notify a magistrate if the offense involved serious bodily injury to the victim or included the use or exhibition of a deadly weapon so that an Emergency Protective Order can be issued (Tex. Code Crim. Pro. Art. 17.292).

Officers should also consider requesting an Emergency Protective Order on the victim's behalf in the following situations:

- The victim of a felony offense is unable to file or refuses to file.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

- The victim of a misdemeanor offense is unable to file or refuses to file, and the officer has sufficient reason to believe it is imperative to the safety of the victim to file an Emergency Protective Order on the victim's behalf.

418.9 ARRESTS

(a) An officer may make a warrantless arrest if the officer has probable cause to believe a person is about to commit or has committed an offense involving family violence, regardless of whether the alleged offense was committed in the presence of the officer (Tex. Code of Crim. Pro. Art. 14.03).

(b) If probable cause exists to believe an offender has violated a court order, an arrest shall be made if the offense is committed in the presence of the officer (Tex. Code Crim. Pro. Art. 14.03). If the offense is not committed in the presence of the officer, a warrant is not necessary to make an arrest (Tex. Code Crim. Pro. Art. 14.03).

(c) A field release may not be used and a physical arrest should be made when an officer has probable cause to believe than an offense of family violence has occurred resulting in bodily injury to the victim and there is a danger of further bodily injury if the suspect is not arrested (Tex. Code of Crim. Pro. Art. 14.03(a)(2)).

418.9.1 FURTHER DETENTION OF DEFENDANT AFTER BOND POSTED

Any officer making a family violence arrest should evaluate the circumstances to determine if a post-bond hold is reasonable. If so, the officer should request approval from the Shift Commander. If the Shift Commander determines that the hold should exceed four hours, the Shift Commander should notify the magistrate (Tex. Code of Crim. Pro. Art. 17.291).

418.9.2 NOTIFICATION UPON RELEASE OF ARRESTED PERSON

Before releasing a person arrested or held without warrant, the releasing employee shall make a reasonable attempt to give personal notice to the victim, or the victim’s designee, of the offender’s imminent release (Tex. Code of Crim. Pro. Art. 17.29). An attempt to contact is considered reasonable if the employee attempts contact at the victim’s or designee’s last known telephone number or address as shown on the records of the Aransas Pass Police Department.

418.10 REPORTS AND RECORDS

(a) Officers shall attach a Texas Department of Public Safety Family Violence Report to their original offense report prior to submission. The written report shall include (Tex. Code of Crim. Pro. Art. 5.05):

1. The names of the suspect and complainant.
2. The date, time and location of the incident.
3. Any visible or reported injuries.
4. A description of the incident and a statement of its disposition.

Adoption Date: 2014/11/07

5. Whether the suspect is a member of the state military forces or is serving in the armed forces of the United States in an active-duty status.
6. The reasons for filing an Emergency Protective Order on a victim's behalf, if one was filed.

(b) An officer who investigates a family violence incident or who responds to a disturbance call that may involve family violence shall make an oral or electronic report to the Department of Family and Protective Services within 24 hours if the location of the incident or call, or the known address of a person involved in the incident or call, matches the address of a current licensed foster home or a verified agency foster home, as listed in the Texas Crime Information Center (TCIC) system (Tex. Code of Crim. Pro. Art. 5.05).

(c) If a suspect is identified as being a member of the military, the officer shall ensure a copy of the report is provided to the staff judge advocate at Joint Force Headquarters or the provost marshal of the military installation to which the suspect is assigned (Tex. Code of Crim. Pro. Art. 5.05).

(d) The Records Supervisor will maintain records on the number of family violence-related calls reported to the agency and forward such records to the state as required (Tex. Code of Crim. Pro. Art. 5.05).

(e) To ensure that officers responding to a call are aware of the existence and terms of court orders, the Records Supervisor shall establish a procedure to provide adequate information or access to the names of persons protected by the orders and those to whom orders are directed (Tex. Code of Crim. Pro. Art. 17.292; Tex. Fam. Code § 86.001; Tex. Fam. Code § 86.005).

(f) Upon receipt of an original or modified court order, the Records Supervisor should immediately, but no later than 10 days following receipt, enter the information into the statewide law enforcement information system (Tex. Fam. Code § 86.0011).

Sexual Assault Investigations

420.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for members of the Aransas Pass Police Department who are responsible for investigating sexual assault offenses.

420.2 INVESTIGATION CONSIDERATIONS

420.2.1 VICTIM CONFIDENTIALITY

Officers investigating or receiving a report of an alleged sex offense may keep the identity of the victim confidential by providing the victim with a pseudonym form as provided to this department by the Sexual Assault Prevention and Crisis Services Program of the Texas Office of the Attorney General. The victim may choose a pseudonym to be used instead of his/her name (Tex. Code of Crim. Pro. art. 57.02).

420.2.2 OFFICER RESPONSIBILITY

Once the pseudonym form has been completed by the victim and returned to this department, the Department may not be required to disclose the victim's name, address and telephone number. The Department shall also (Tex. Code of Crim. Pro. art. 57.02 (e)):

(a) Remove the victim's name and substitute the pseudonym for the name on all reports, files and records in the Department's possession.

(b) Notify the attorney for the state of the pseudonym and that the victim has elected to be designated by the pseudonym.

(c) Maintain the form in a manner that protects the confidentiality of the information.

420.3 MEDICAL EXAMINATION FOR SEXUAL ASSAULT VICTIMS

Officers investigating or receiving a report of an alleged sex offense that occurred within 96 hours of the offense shall, with the consent of the victim or a person authorized to act on behalf of the victim or an employee of the Department of Family and Protective Services, request a medical examination of the victim (Tex. Code of Crim. Pro. art. 56.06(a)).

If a sexual assault is not reported within 96 hours of the offense the Department may still request a medical examination of the victim provided consent is given by the victim or a person authorized to act on behalf of the victim or an employee of the Department of Family and Protective Services (Tex. Code of Crim. Pro. art. 56.06(b)).

Officers should assure the victim of an alleged sexual offense that the Department will pay for all fees associated with the medical examination. The Department will be entitled to a reimbursement from the Office of the Attorney General upon request, if the examination is performed by a qualified individual (Tex. Code of Crim. Pro. art. 56.06(c)). The Criminal Investigations Division Supervisor is responsible for forwarding any necessary documentation to obtain reimbursement.

420.3.1 SUBMISSION OF SEXUAL ASSAULT EVIDENCE

The Criminal Investigations Division Supervisor shall ensure that collected evidence related to a sexual assault investigation is submitted to an accredited crime laboratory for analysis within 30 days from the date the evidence was received. The submission of evidence should be accompanied by a signed, written certification, stating: "This evidence is being submitted by (name of the person making the submission) in connection with a criminal investigation" (Tex. Gov't. Code § 420.042).

Elder Abuse

422.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with direction and understanding of their role in the prevention, detection and intervention in incidents of elder abuse. It is the policy of the Aransas Pass Police Department to treat reports of violence against elderly persons as a high priority criminal activity that is to be fully investigated regardless of the relationship between the victim and the suspect(s) (Tex. Hum. Res. Code § 40.0527).

422.2 DEFINITIONS

Definitions related to this policy include (Tex. Hum. Res. Code § 48.002).

Dependent adult - A person with a mental, physical or developmental disability that substantially impairs the person's ability to provide adequately for his/her own care or protection, and who is 18 years of age or older.

Elder - Any person 65 years of age or older.

Abuse -

(a) The negligent or willful infliction of injury, unreasonable confinement, intimidation or cruel punishment with resulting physical or emotional harm or pain to an elderly or disabled person by the person's caretaker, family member or other individual who has an ongoing relationship with the person.

(b) Sexual abuse of an elderly or disabled person, including any involuntary or non-consensual sexual conduct that would constitute an offense under Section 21.08, Penal Code (indecent exposure) or Chapter 22, Penal Code (assaultive offenses), committed by the person's caretaker, family member, or other individual who has an ongoing relationship with the person.

Exploitation - The illegal or improper act or process of a caretaker, family member or other individual who has an ongoing relationship with an elderly or disabled person, that involves using or attempting to use, the resources or identifying information of the elderly or disabled person for monetary or personal benefit, profit or gain without the informed consent of the elderly or disabled person.

Protective services agency - A public or private agency, corporation, board or organization that provides protective services to elderly or disabled persons in the state of abuse, neglect or exploitation.

Neglect - The failure to provide for one's self the goods or services, including medical services, which are necessary to avoid physical or emotional harm or pain, or the failure of a caretaker to provide such goods or services.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

422.3 MANDATORY REPORTING REQUIREMENTS

The Aransas Pass Police Department is considered a mandated reporter. If during the course of an investigation an officer has cause to believe that the elderly or disabled person has been abused, neglected or exploited by another person in a manner that constitutes a criminal offense under any law, the officer shall take a report and notify the appropriate state agency (Tex. Hum. Res. Code § 48.051).

In addition, a member shall notify the Texas Department of Family and Protective Services (DFPS) when the member has reasonable cause to believe that a person was the victim of abuse or neglect as a child, and the member determines in good faith that disclosure of the information is necessary to protect the health or safety of an individual age 65 or older (Tex. Fam. Code § 261.101).

422.3.1 RECORDS SECTION RESPONSIBILITY

The Records Section is responsible for the following:

(a) Provide a copy of the elder/dependent abuse report to the Department of Human Services. This requirement is applicable even if the initial call was received from a state agency (Tex. Hum. Res. Code § 48.154).

(b) Retain the original elder/dependent abuse report with the initial case file.

422.4 OFFICER_DEPUTY'S RESPONSE

All incidents involving actual or suspected elder and dependent abuse shall be fully investigated and appropriately documented.

422.4.1 INITIAL RESPONSE

Officers may be called upon to make a forced entry as the first responders to the scene of a suspected elder abuse case. Entry should be immediate when it appears reasonably necessary to protect life or property. When the need for an emergency entry is not evident, officers should seek supervisory approval. Officers must be prepared to provide emergency care pending the arrival of medical personnel, if medical personnel not already present.

422.4.2 STABILIZE THE SITUATION

Officers must quickly assess the situation to ensure the immediate safety of all persons. Officers shall also consider the following:

(a) Attempt to identify the victim, suspect and witnesses as well as the roles and relationships of all parties. Parties should be interviewed separately when possible. Frequently it is wrongfully assumed that elderly persons are incapable of accurately reporting the incident. Do not automatically discount the statement of an elderly person.

(b) Preserve the crime scene where evidence may be present. All persons should be removed from the scene until it has been photographed and processed. Any evidence such, as injuries, that may change in appearance should be photographed immediately.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(c) Assess and define the nature of the problem. Officers should assess the available information to determine the type(s) of abuse that may have taken place or the potential for abuse in the future that may be eliminated by law enforcement intervention.

(d) Make on-scene arrests when appropriate. Immediate arrest of an abuser (especially when the abuser is a family member or caretaker) may leave the elderly victim without necessary support and could result in institutionalization. The effect of an arrest on the victim should be considered and weighed against the assessed risk and the competent victim's desires. The present and future safety of the victim is of utmost importance.

422.4.3 SUPPORT PERSONNEL

The following person(s) should be considered if it appears an in-depth investigation is appropriate:

- Patrol Supervisor
- Detective personnel
- Evidence collection personnel
- Protective Services Agency personnel
- Ombudsman shall be called if the abuse is in a long-term care facility.

422.4.4 PROTECTIVE ORDERS AND EMERGENCY PROTECTIVE ORDERS

In any situation which an officer reasonably believes that an elder or dependant adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the officer may contact Protective Services and request that they obtain a protective order against the person alleged to have committed or threatened such abuse if that person is not in custody. If an offense is taken where it is clear there has been family violence against an elder or dependent adult, upon arrest of the suspect, the officer should seek an Emergency Protective Order.

422.5 ELDER ABUSE REPORTING

Every allegation of elder abuse shall be documented. When documenting elder/dependent abuse cases, the following information should be included in the report:

- Current location of the victim
- Victim's condition/nature and extent of injuries, neglect or loss
- Names of agencies and personnel requested and on-scene
- Any information that indicates a victim or critical witness may suffer from a health condition that may warrant an expedited investigation/prosecution or the preservation of testimony under Tex. Code of Crim. Pro. art. 39.025

Reporting of cases of elder/dependent abuse is confidential and will only be released in accordance with the Security and Release of Records and Information Policy.

422.6 ELDER ABUSE IN A CARE FACILITY

Officers investigating allegations relating to the abuse, neglect or exploitation of an elderly or disabled person in a care facility or under the care of a facility shall notify the Texas Department of Health regardless of whether a crime report was taken (25 Tex. Admin. Code § 1.205).

Child Abuse

424.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Aransas Pass Police Department members are required to notify the Department of Family and Protective Services (DFPS) of suspected child abuse.

424.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency or a law enforcement agency (Tex. Fam. Code § 261.101).

424.2 POLICY

The Aransas Pass Police Department will investigate all reported incidents of alleged criminal child abuse and ensure that DFPS is notified as required by law.

424.3 MANDATORY NOTIFICATION

Members of the Aransas Pass Police Department shall notify DFPS when an allegation has been made of abuse or neglect involving a person responsible for a child's care, custody or welfare. Notification is also mandatory if the allegation relates to a juvenile justice program or facility (Tex. Fam. Code § 261.101; Tex. Fam. Code § 261.105; Tex. Fam. Code § 261.103).

Members of the Aransas Pass Police Department shall also notify DFPS when a child who was taken or retained without the permission of the child's custodian for a period of 48 hours or more is located and it reasonably appears that the child was the victim of abuse or neglect (Tex. Code of Crim. Pro. art. 63.009). The child may be placed into protective custody if necessary pursuant to Chapter 262 of the Texas Family Code (Tex. Code of Crim. Pro. art. 63.009).

In addition, a member shall notify DSPS when the member has reasonable cause to believe that a person was the victim of abuse or neglect as a child, and the member determines in good faith that disclosure of the information is necessary to protect the health or safety of another child (Tex. Fam. Code § 261.101).

For purposes of notification, abuse and neglect includes, but is not limited to, acts or omissions related to impairment to the child's growth, development or psychological functioning, physical injury that results in substantial harm to the child, sexual conduct involving the child, child trafficking or prostitution, use of controlled substances by the child or the use of controlled substances by a person that results in physical, mental or emotional injury to a child; and any other act or omission as provided by Tex. Fam. Code § 261.001.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

424.3.1 NOTIFICATION PROCEDURE
Notification should occur as follows (Tex. Fam. Code § 261.105):

(a) Notification to DFPS shall be made immediately.

(b) The time, date and manner of notification should be documented in the related report.

When the abuse or neglect occurs at a facility or by a person from a facility that requires a state license (e.g., foster homes, group homes, day care), notification shall also be made to the state agency that operates, licenses, certifies or registers the facility in which the alleged abuse or neglect occurred (Tex. Fam. Code § 261.103).

424.4 QUALIFIED INVESTIGATORS
Qualified investigators should be available for child abuse investigations. These investigators should:

(a) Conduct interviews in child appropriate interview facilities.

(b) Be familiar with forensic interview techniques specific to child abuse investigations.

(c) Present all cases of alleged child abuse to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.

(e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.

(f) Participate in or coordinate with multidisciplinary investigative teams as applicable.

424.5 INVESTIGATIONS AND REPORTING
In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.

(b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian and without taking them for a certified forensic interview.

(c) Any relevant statements the child may have made and to whom he/she made the statements.

(d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(f) Whether the child victim was transported for medical treatment or a medical examination.

(g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.

(h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.

(i) Previous addresses of the victim and suspect.

(j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

(k) An allegation that a child has been or may be the victim of criminal conduct that poses an immediate risk of death or serious harm from either physical or sexual abuse shall be conducted jointly by the investigating officer and DFPS (Tex. Fam. Code § 261.301).

(l) The investigatory steps, as set forth in the existing Memorandum of Understanding (MOU) with a child advocacy center should be followed when the terms apply to an allegation of child abuse (Tex. Fam. Code § 264.405).

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

424.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact DFPS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to DFPS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

In Texas, children may only be removed from a parent or guardian in the following situations:

(a) When a court order has been issued authorizing removal.

(b) If there is no time to obtain a court order before taking possession of a child and there is an immediate need to protect the health and safety of that child, an officer may take possession of a child without a court order under the following conditions (Tex. Fam. Code § 262.104):

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

1. On personal knowledge of facts that lead an officer to believe that the child has been the victim of sexual abuse or the parent or person who has possession of the child has permitted the child to remain on premises used for the manufacture of methamphetamine.
2. On information furnished by another that has been corroborated by personal knowledge of the facts and all of which, taken together, lead an officer to believe that the child has been the victim of sexual abuse, or that the parent or person who has possession of the child is currently using a controlled substance or has permitted the child to remain on premises used for the manufacture of methamphetamine.

(c) Without a court order on the voluntary delivery of the child by the parent, managing conservator, possessory conservator, guardian, caretaker or custodian who is presently entitled to possession of the child (Tex. Fam. Code § 262.004).

(d) When, during a criminal investigation relating to a child's custody, an officer discovers that the child is a missing child and believes that a person may flee with or conceal the child (Tex. Fam. Code § 262.007).

424.6.1 SAFE HAVEN LAW

A designated emergency infant care provider shall, without a court order, take possession of a child who appears to be 60 days old or younger if the child is voluntarily delivered to the provider by the child's parent. Providers include hospitals, emergency medical services providers or a child-placing agency licensed by the Department of Protective and Regulatory Services (DPRS) (Tex. Fam. Code § 262.302). The provider shall notify DPRS and DPRS shall assume custody of the child (Tex. Fam. Code § 262.303).

DPRS shall report the child to state or local law enforcement as a potential missing child. A law enforcement agency that receives such a report shall investigate whether the child is reported as missing (Tex. Fam. Code § 262.305).

424.7 INTERVIEWS

424.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

424.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(a) Exigent circumstances exist, such as:

1. A reasonable belief that medical issues of the child need to be addressed immediately.
2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.

(b) A court order or warrant has been issued.

424.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

424.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

424.9.1 SUPERVISOR RESPONSIBILITIES

The Criminal Investigations Division supervisor should:

(a) Work with professionals from the appropriate agencies, including DFPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

(b) Activate any available interagency response when an officer notifies the Criminal Investigations Division Supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.

(c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

424.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

(a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.

(b) Notify the Criminal Investigations Division Supervisor so an interagency response can begin.

424.10 STATE MANDATES AND OTHER RELEVANT LAWS

Texas requires or permits the following:

424.10.1 CHILD SAFETY CHECK ALERT LIST

The Texas Department of Public Safety has created a Child Safety Check Alert List as part of the Texas Crime Information Center (TCIC) to help locate a family for purposes of investigating a report of child abuse or neglect (Tex. Fam. Code § 261.3022(a)).

An officer who encounters either a person alleged to have abused or neglected a child, or a child on the alert list who is the subject of a report of child abuse or neglect that the state is attempting to investigate, shall request information from the person or the child regarding the child's well-being and current residence (Tex. Fam. Code §261.3023(a)).

The officer should investigate whether it is appropriate to take possession of the child without a court order and in accordance with the laws specified in Tex. Fam. Code § 262.104.

The officer should inform a supervisor as soon as practicable when a child on the TCIC Child Safety Check Alert List is located. The circumstances shall be documented in an appropriate report. The officer shall contact TCIC and advise that the child has been located and shall provide the case number related to the incident.

424.10.2 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Release and Security Policy (Tex. Fam. Code § 261.201).

424.10.3 MEMORANDUM OF UNDERSTANDING FOR CHILDREN'S ADVOCACY CENTER

The Criminal Investigations Division Supervisor should ensure that a current copy of the MOU with a children's advocacy center regarding child abuse investigations is available to all department members (Tex. Fam. Code § 264.405).

The Aransas Pass Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. 426.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS

434.2.6 DEATH INVESTIGATION REPORTING

Identity Theft

436.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

436.2 REPORTING

436.2.1 OFFICER RESPONSIBILITIES

In an effort to maintain uniformity in reporting, officers presented with the crime of identity theft (Tex. Penal Code § 32.51 or Tex. Penal Code § 31.17) shall initiate a report for victims if either of the following conditions exist (Tex. Code of Crim. Pro. art. 13.29; Tex. Code of Crim. Pro. art. 13.295):

(a) The offense was committed in the department's jurisdiction.

(b) The victim resides in the department's jurisdiction.

While the crime of identity theft should be reported as specified above, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in our jurisdiction).

436.2.2 CONTENT OF REPORT

Officers investigating an incident of identity theft shall include in their report the type of victim information that was obtained or transferred (Tex. Code of Crim. Pro. art. 2.29; Tex. Code of Crim. Pro. art. 2.295).

Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application) in the report.

Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and the Texas Department of Public Safety, Driver License Division) with all known report numbers.

436.2.3 SPECIFIC VICTIM INFORMATION

Officers should make a notation in the report narrative if the victim is an elderly individual, as defined by Tex. Penal Code § 22.04, since the penalty for offenses committed against an elderly individual is enhanced (Tex. Penal Code § 32.51).

436.2.4 FOLLOW-UP INVESTIGATION

Following supervisory review and department processing, the initial report should be forwarded to the appropriate detective for follow-up investigation and coordination with other agencies and prosecution, as circumstances dictate.

436.3 TRAINING

Basic and intermediate certificate training in compliance with TCLEOSE standards is required for applicable employees (Tex. Occ. Code § 1701.253(i) and 1701.402(f)).

436.4 INFORMATION

The victim should also contact the Federal Trade Commission, which is responsible for receiving and processing complaints under the Identity Theft and Assumption Deterrence Act. The victim can contact the FTC online at http://ftc.gov or by telephone at 1-877-ID Theft (877-438-4338). (b) Providing victim assistance and follow-up as outlined below, including community follow-up.

(c) Educating community and civic groups relating to hate crime laws.

438.5 PROCEDURE FOR INVESTIGATING HATE CRIMES

(b) A supervisor should be notified of the circumstances as soon as practicable.

(c) Once “in progress#? aspects of any such situation have been stabilized (e.g., treatment of victims or apprehension of present suspects), the assigned officer(s) will take all reasonable steps to preserve available evidence that may tend to establish that a hate crime was involved.

(d) The assigned officer(s) will interview available witnesses, victims and others to determine what circumstances, if any, indicate that the situation may involve a hate crime. No victim of or a witness to a hate crime who is not otherwise charged with or convicted of a crime under state law may be detained for or turned over to federal authorities exclusively for any actual or suspected immigration violation.

(e) Depending on the situation, the assigned officer(s) or supervisor may request additional assistance from detectives or other resources to further the investigation.

(f) The assigned officer(s) will include all available evidence indicating the likelihood of a hate crime in the relevant report(s). (g) The assigned officer(s) will provide the victim(s) of any suspected hate crime with a brochure on hate crimes. Such brochures will also be available to members of the public upon request. The assigned officer(s) should also make reasonable efforts to assist the victim(s) by providing information on local assistance programs and organizations.

(h) The assigned officer(s) and supervisor should take reasonable steps to ensure that any such situation does not escalate further (e.g., possible Temporary Restraining Order through the courts or County and/or DIstrict Attorney or City Attorney).

438.5.1 CRIMINAL INVESTIGATIONS DIVISION RESPONSIBILITY

If a case is assigned to the Criminal Investigations Division, the assigned detective will be responsible for following up on the reported hate crime as follows:

Service Animals

440.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcomethe limitations often faced by people with disabilities. The Aransas Pass Police Department recognizesthis need and is committed to making reasonable modifications to itspolicies, practices and procedures in accordance with Title II ofthe Americans with Disabilities Act of 1990 (ADA) to permit the useof service animals that are individually trained to assist a personwith a disability.

440.2 SERVICE ANIMALS

The ADA defines a service animal as any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the owner's disability (28 CFR 35.104).

440.2.1 USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

The following examples are some of the ways service animals may provide assistance:

- Guiding people who are blind or have impaired vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people with limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support by assisting people with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks# providing tactile stimulation to calm a person with post-traumatic stress disorder# assisting people with schizophrenia to distinguish between hallucinations and reality# and helping people with traumatic brain injury to locate misplaced items or to follow daily routines.

440.3 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Aransas Pass Police Department affords to all members of the public.

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations, an officer may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability.

If it is apparent or if an officer is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the officer should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task the animal meets the definition of a service animal. No further question as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service Animals

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner into all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice.

Emergency Detentions

446.1 PURPOSE AND SCOPE

This procedure describes an officer's duties when a person is to be transported for emergency detention to a mental health unit pursuant to Tex. Health and Safety Code § 573.001. The commitment of a person under § 573.001 does not constitute an arrest. If an officer believes that a person falls within the provisions of Tex. Health and Safety Code § 573.001, he/she shall transport that person to the nearest suitable inpatient mental health facility for evaluation and commitment.

446.2 POLICY

It is the policy of the Aransas Pass Police Department to protect the public and individuals through legal and appropriate use of the emergency detention process.

446.3 AUTHORITY

An officer who has reason to believe that an individual is mentally ill and at a substantial risk of harming him/herself or others may take the individual into custody and transport him/her to an inpatient mental health facility or otherwise appropriate facility capable of providing a 48-hour evaluation (Tex. Health and Safety Code § 573.001; Tex. Health and Safety Code § 573.021).

446.3.1 TRANSPORTATION

When transporting any individual on a Tex. Health and Safety Code § 573.001 commitment, the handling officer should have Dispatch or MHMR notify the receiving facility of the estimated time of arrival, the level of cooperation of the patient and whether any special medical care is needed.

Officers may transport patients in the patrol unit and shall secure them in accordance with the handcuffing policy. Violent patients or those who are medically unstable may be restrained and transported by ambulance and ambulance personnel. An officer should accompany a violent patient when transported by ambulance. Additionally, transporting violent patients in a patrol unit equipped with a barrier or cage is generally safer with two officers in the vehicle.

The officer will escort the patient into the facility and place that person in a designated treatment room as directed by a staff member. As soon as a security staff member becomes available, he/she should relieve the officer and physically remain in the treatment room with the patient.

446.3.2 VOLUNTARY EVALUATION

If officers encounter an individual who may qualify for an emergency detention, they may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the individual so desires, the officers should:

(a) Transport the individual to an appropriate facility that is able to conduct the evaluation and admit the individual pursuant to an emergency detention.

(b) If at any point the individual changes his/her mind regarding voluntary evaluation, officers should proceed with the Peace Officer’s Notification of Emergency Detention, if appropriate.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

446.3.3 MENTAL HEALTH DOCUMENTATION

The officer will complete an Application For Detention Form and provide it to the staff member assigned to that patient. The officer will retain a copy of the Application For Detention for inclusion in the case report. The officer shall also provide a verbal summary to an emergency department staff member regarding the circumstances leading to the involuntary detention.

446.3.4 SECURING OF WEAPONS

If a receiving and secured facility prohibits weapons or if an extraordinary event occurs in the treatment facility and officers determine a need to secure their firearms, the firearm shall be secured in the appropriate gun locker at the facility or in the police unit.

446.4 MENTALLY ILL PERSON CHARGED WITH A CRIME

When practicable, any person charged with a crime who also appears to be mentally ill shall first be evaluated by MHMR or a mental health facility. If the patient is to be declined for further mental health treatment, the officer shall then proceed with normal booking procedures. After booking procedures are complete within the Aransas Pass Police Department, staff should make arrangements to expedite the prisoners transportation to the County Jail if applicable.

446.5 CONFISCATION OF FIREARMS AND OTHER WEAPONS

Whenever a person has been detained or apprehended for examination pursuant to Tex. Health and Safety Code § 573.001 and is found to own, have in his/her possession or under his/her immediate control, any firearm or other deadly weapon, the firearm or other deadly weapon shall be confiscated by the handling officer. The firearm or other deadly weapon shall be booked into evidence until further processing.

Officers are cautioned that a search warrant may be needed before entering a residence to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, valid consent).

The handling officer shall further advise the person of the procedure for the return of any firearm or other deadly weapon which has been confiscated.

446.5.1 RETURN OF CONFISCATED FIREARMS AND WEAPONS

(a) Whenever the handling officer has cause to believe that the future return of any confiscated weapon(s) might endanger the person or others, the officer shall detail those facts and circumstances in a report. The report shall be forwarded to the Criminal Investigations Division, which shall be responsible for initiating a petition to the County or District Court for a hearing to determine whether the weapon(s) will be returned.

(b) The petition to the County or District Court shall be initiated within 30 days of the release of the individual from whom such weapon(s) have been confiscated, unless the Department

© 1995-2014 Lexipol, LLC

makes an *ex parte* application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the Department shall send written notice to the individual informing him/her of the right to a hearing on the issue and that he/she has 30 days to confirm with the court clerk any desire for a hearing; failure to do so will result in the forfeiture of any confiscated weapon(s).

(c) If no petition is initiated within the above period, the Department shall make the weapon(s) available for return in accordance with subsection (d) below. If the person does not confirm a desire for a hearing within the prescribed 30 days, the Department may file a petition for an order of default.

(d) Under no circumstances shall any firearm be returned to any individual unless and until such person presents valid identification.

(e) A firearm may not be released until it has been verified that the person receiving the weapon is not prohibited from receiving or possessing the weapon by 18 USC § 922 (d) or Tex. Penal Code § 46.04 and 46.06.

(f) If a firearm or other deadly weapon is not retained as evidence, the Department will retain such firearms or other deadly weapon no longer than 180 days after notice has been provided to the owner that the firearm or other deadly weapon is available for return. At the expiration of such period, the firearm or other deadly weapon may be processed for disposal.

446.6 TRAINING

As a part of advanced officer training programs, this agency will endeavor to include TCLEOSE-approved training on interaction with mentally disabled persons as provided by Tex. Occ. Code § 1701.253.

446.7 DOCUMENTATION

The officer shall complete a Notification of Emergency Detention, provide it to the facility staff member assigned to the individual and retain a copy for inclusion in the case report (Tex. Health and Safety Code § 573.002).

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

446.8 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken into custody on an emergency detention should resolve the criminal matter by issuing a warning or a citation, as appropriate.

When an individual who may qualify for an emergency detention has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

(a) Arrest the individual when there is probable cause to do so.

© 1995-2014 Lexipol, LLC

(b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the emergency detention.

(c) Facilitate the individual's transfer to the jail facility.

(d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for an emergency detention.

In the supervisor's judgment, the individual may be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

446.9 FIREARMS AND OTHER WEAPONS

Whenever an individual is taken into custody for an emergency detention, the handling officers should seek to determine if the individual owns or has access to any firearm or other deadly weapon. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent) (Tex. Health and Safety Code § 573.001).

Officers are cautioned that a search warrant may be needed before seizing weapons or entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent).

The handling officers shall immediately provide the individual a written receipt for the firearm and written notice of the procedure for the return of the firearm (Tex. Health and Safety Code § 573.001; Tex. Code of Crim. Pro. art. 18.191).

446.10 TRAINING

This department will provide training approved by the Texas Commission on Law Enforcement (TCOLE) on interaction with mentally disabled persons, emergency detentions and crisis intervention (Tex. Occ. Code § 1701.352).

Criminal Organizations

448.1 PURPOSE AND SCOPE

It is the policy of this department to establish a procedure for identifying gang members, criminal street gangs, participants of criminal street gangs and patterns of criminal activity as outlined in Tex. Penal Code § 71.02.

The intent of this policy is to provide for the collection and management of criminal street gang information so as to enhance officer safety and the criminal prosecution of criminal street gang participants. This policy is not intended or designed to establish a formal gang intelligence database (Tex. Code of Crim. Pro. art. 61.02).

448.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

448.2 DEFINITIONS

Criminal Street Gang - Three or more persons having a common identifying sign or symbol or an identifiable leadership who continuously or regularly associate in the commission of criminal activities (Tex. Penal Code § 71.01(d)).

Security Threat Groups- "Any group of offenders that TDCJ determines poses a threat to the physical safety of other offenders, staff, or the public due to the organization and activities of said STG."

Gang-Related Crime - Any crime which is committed for the benefit of, at the direction of, or in association with a criminal street gang with the intent to promote, further or assist any criminal street gang.

448.3 IDENTIFICATION OF CRIMINAL STREET GANGS / PARTICIPANTS

The Gang Unit shall be authorized to collect information on individuals who are suspected of participating in a criminal street gang, and on groups that are suspected of being criminal street gangs.

(a) A group of three or more individuals shall be designated a criminal street gang when:

1. They have a common name or common identifying sign or symbol.
2. There is evidence, substantiated by crime and informational reports, that a primary activity of the group is the commission of one or more criminal acts.
3. One or more members individually or collectively have engaged in a pattern of criminal gang activity.

4. A designated representative of the County and/or DIstrict Attorney's Office reviews the available evidence and concurs with a department finding that the group meets the criteria for being a criminal street gang.

(b) An individual shall be designated as a participant in a criminal street gang and included in a gang file when at least two of the following elements have been verified by a Gang Unit member and a reasonable basis for believing such affiliation has been established and approved by a supervisor (Tex. Code of Crim. Pro. art. 61.02(c)(2)):

1. An individual admits membership in a criminal street gang.
2. A reliable informant or known gang member identifies an individual as a participant in a criminal street gang.
3. An informant of previously untested reliability identifies an individual as a participant in a criminal street gang when that identification is corroborated by independent information.
4. An individual resides in or frequents a particular criminal street gang's area, and affects the gang style dress of dress, color of dress, use of jewelry, tattoos, monikers or any other identifiable mannerism associated with that particular criminal street gang, and where the officer documents reasonable suspicion that the individual is involved in criminal gang activity or enterprise.
5. A person has been arrested in the company of identified criminal street gang members for offenses that are consistent with criminal street gang activity or criminal street gang-related crimes.
6. An individual is identified as a gang member in a criminal street gang document or the individual is depicted in a criminal street gang member's photograph(s) in such a manner as to clearly indicate membership in a criminal street gang.
7. An individual otherwise meets the criteria of a criminal street gang participant under the guidelines of a department-approved gang intelligence database and 28 C.F.R. 23.20.

(c) An individual may be designated as a gang affiliate only when the individual is known to affiliate with active criminal gang members and an officer has established that there is reasonable suspicion that the individual is involved in criminal activity. An officer's belief must be premised upon reasoning and logic coupled with sound judgment based upon law enforcement experience, rather than a mere hunch or whim.

448.3.1 SYSTEM ENTRIES

It is the designated supervisor’s responsibility to approve the entry of any information from a report, FI, photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated

supervisor should ensure copies of those documents are retained by the Records Section. Any supporting documentation for an entry shall be retained by the Records Section in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Section are appropriately marked as intelligence information. The Records Supervisor may not purge such documents without the approval of the designated supervisor.

448.3.2 REGIONAL INTELLIGENCE DATABASE ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information into a local or regional criminal intelligence system authorized by Tex. Code of Crim. Pro. art. 61.02(b). Any criminal intelligence system created or maintained under this section should meet or exceed the standards of 28 CFR 23.20. The designated supervisor shall approve entry of information into the local or regional criminal intelligence system only when the information meets the criteria established by Tex. Code of Crim. Pro. art. 61.02(c).

448.4 CRIMINAL STREET GANG TEMPORARY FILE

The Gang Unit Supervisor may maintain a temporary file of reports and FIs that is separate from any criminal gang intelligence database when an individual or group has been identified as a suspected criminal street gang participant or a suspected criminal street gang, but does not meet the criteria necessary for entry into a criminal gang intelligence database.

Inclusion in a temporary file may be done only if there is a reasonable likelihood that, within one year of the contact, the individual or group will meet the criteria for entry into a department-approved criminal gang intelligence database. Reports and FIs will only be included in a temporary gang file with the written authorization of the Gang Unit Supervisor. A temporary file of criminal street gang participants or criminal street gangs shall include:

(a) Names, aliases, monikers, addresses and other relevant identifying information.

(b) Gang name.

(c) Justification used to identify an individual as a criminal street gang participant.

448.6.1 RIGHT TO REQUEST REVIEW OF CRIMINAL INFORMATION

When the parent or guardian of a child who is documented as a criminal street gang member submits a written request challenging the accuracy of the information contained within that file, the Chief of Police, or authorized designee, shall review the information contained within the file. If, after conducting a review of the information, it is determined that the information is not accurate, all records shall be destroyed (Tex. Code of Crim. Pro. art. § 61.08).

448.7 DISSEMINATION OF THE FILE INFORMATION

Access to the informant files shall be restricted to the Chief of Police, Assistant Chief of Police, and the Criminal Investigations Division Commander.

450.3 USE OF INFORMANTS

Before using an individual as a confidential informant, an officer must receive approval from the Criminal Investigations Division Commander. 450.3.1 JUVENILE INFORMANTS

The use of any juvenile informant under 18 is only authorized by court order. The use of juvenile informants under the age of 13 is prohibited.

For purposes of this policy, a "juvenile informant" means any juvenile who participates, on behalf of this department, in a prearranged transaction or series of prearranged transactions with direct face-to-face contact with any party, when the juvenile's participation in the transaction is for the purpose of obtaining or attempting to obtain evidence of illegal activity by a third party, and where the juvenile is participating in the transaction for the purpose of reducing or dismissing a pending juvenile petition.

450.4 GUIDELINES FOR HANDLING CONFIDENTIAL INFORMANTS

All confidential informants are required to sign and abide by the provisions of the department Informant Agreement. The officer using the confidential informant shall discuss each of the provisions of the agreement with the confidential informant.

(h) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.

450.5 NARCOTICS INFORMANT PAYMENT PROCEDURES

The potential payment of large sums of money to any confidential informant must be done in a manner respecting public opinion and scrutiny. Additionally, to maintain a good accounting of such funds requires a strict procedure for disbursements.

450.5.1 PAYMENT PROCEDURE

The amount of funds to be paid to any confidential informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case.
- The significance, value or effect on crime.
- The amount of assets seized.
- The quantity of drugs seized.
- The informant's previous criminal activity.
- The level of risk taken by the informant.

450.5.2 CASH DISBURSEMENT POLICY

The following establishes a cash disbursement policy for confidential informants. No informant will be told in advance or given an exact amount or percentage for services rendered.

(a) When both assets and drugs have been seized, the confidential informant shall receive payment based upon overall value and the purchase price of the drugs seized, not to exceed a maximum of $150,000.

(b) A confidential informant may receive a cash amount for each quantity of drugs seized, regardless of whether assets are also seized, not to exceed a maximum of $30,000.

450.5.3 PAYMENT PROCESS

A check shall be requested, payable to the case agent. The case number shall be recorded justifying the payment. The Chief of Police and the Criminal Investigations Divsion Commander's signatures are required for disbursements over $500. Payments of less than $500 may be paid

in cash out of the Criminal Investigations Division Buy/Expense Petty Cash Fund. The Criminal Investigations Division Commander will be required to sign the voucher for amounts under $500.

The Criminal Investigations Division Buy/Expense Petty Cash Fund is a petty cash fund managed by the Criminal Investigations Division Commander in compliance with department policy on Cash Handling, Security and Management. These funds shall be maintained in a locked cash box secured in a locked cabinet, desk or drawer in the Criminal Investigations Division Commander's office. This office will be secured whenever it is unoccupied.

To complete the transaction with the confidential informant the case agent shall have the confidential informant initial the cash transfer form. The confidential informant will sign the form indicating the amount received, the date and that the confidential informant is receiving funds in payment for information voluntarily rendered in the case. The Aransas Pass Police Department case number shall be recorded on the cash transfer form. A copy of the form will be kept in the confidential informant's file.

If the payment amount exceeds $500, a complete written statement of the confidential informant's involvement in the case shall be placed in the confidential informant's file. This statement shall be signed by the confidential informant verifying the statement as a true summary of his/her actions in the case(s).

Each confidential informant receiving a cash payment shall be informed of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income.

450.5.4 AUDIT OF PAYMENTS

At least once every six months the Chief of Police, or authorized designee shall conduct a thorough audit of all informant funds for accountability and security of the funds. The funds, petty cash records, transfer forms, invoices, receipts and logs will assist with the audit process.

450.5.5 REPORTING OF PAYMENTS

Each confidential informant receiving a cash payment shall be informed of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed $600 in any reporting year, the confidential informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the confidential informant and by doing so jeopardize any investigation, the safety of peace officers or the safety of the confidential informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the confidential informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the confidential informant's file.

Brady Material Disclosure

454.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "*Brady* information#?) to a prosecuting attorney.

454.1.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information** - Information known or possessed by the Aransas Pass Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

454.2 POLICY

The Aransas Pass Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Aransas Pass Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

454.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

454.4 DISCLOSURE OF PERSONNEL INFORMATION

If a member of this department is a material witness in a criminal case, a person or persons designated by the Chief of Police shall examine the personnel file and/or internal affairs file of the officer to determine whether they contain *Brady* information. If *Brady* information is located, the following procedure shall apply:

(a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member shall be notified of the potential presence of *Brady* material in the member's personnel file.

(b) The prosecuting attorney or department counsel should be requested to file a motion in order to initiate an in camera review by the court.

    1. If no motion is filed, the supervisor should work with counsel to determine whether the records should be disclosed to the prosecutor.

(c) The Custodian of Records shall accompany all relevant personnel files during any in camera inspection to address any issues or questions raised by the court.

(d) If the court determines that there is relevant *Brady* material contained in the files, only that material ordered released will be copied and released to the parties filing the motion.

    1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.

(e) If a court has determined that relevant *Brady* information is contained in the member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

The person or persons designated by the Chief of Police should periodically examine the personnel files and/or internal affairs files of all officers who may be material witnesses in criminal cases to determine whether they contain *Brady* information. The obligation to provide *Brady* information is ongoing. If any new *Brady* information is identified, the prosecuting attorney should be notified.

454.5 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

454.6 TRAINING

Department personnel should receive periodic training on the requirements of this policy.

Public Recording of Law Enforcement Activity

455.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

455.2 POLICY

The Aransas Pass Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties

455.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

(a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.

(b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:

1. Tampering with a witness or suspect.
2. Inciting others to violate the law.
3. Being so close to the activity as to present a clear safety hazard to the officers.
4. Being so close to the activity as to interfere with an officer’s effective communication with a suspect or witness.

(c) The individual may not present an undue safety risk to the officers, him/herself or others.

455.4 OFFICER/DEPUTY RESPONSE

Officers should promptly request a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an

Adoption Date: 2014/11/07

individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

455.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

(a) Request any additional assistance as needed to ensure a safe environment.

(b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.

(c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.

(d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.

(e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

455.6 SEIZING RECORDINGS

Officers should not seize recording devices or media unless (42 USC § 2000aa):

(a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.

    1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.

(b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.

(c) The person consents.

    1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.

    2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

Bicycle Patrol

500.1 PURPOSE AND SCOPE

The Aransas Pass Police Department has established the Bicycle Patrol Unit (BPU) for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas. The quiet operation of a bicycle can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

500.2 POLICY

Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control or special events. The use of the patrol bicycle will emphasize their mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Patrol Division Commander.

500.3 SELECTION OF PERSONNEL

Interested sworn personnel, who are off probation, shall submit a notice of interest to their Division Commander. Qualified applicants will be reviewed by the Patrol Division Commander. If needed, an oral board by be assembled at the discretion of the Patrol Division Commander. The oral board will consist of the Patrol Division Commander and another member of the bike patrol division. Interested personnel shall be evaluated by the following criteria:

(a) Recognized competence and ability as evidenced by performance.

(b) Special skills or training as it pertains to the assignment.

(c) Good physical condition.

(d) Willingness to perform duties using the bicycle as a mode of transportation.

500.3.1 BICYCLE PATROL UNIT SUPERVISOR

The Patrol Division Commander may designate a Bicycle Patrol Unit Supervisor.

The Bicycle Patrol Unit supervisor shall have responsibility for the following:

(a) Organizing bicycle patrol training.

(b) Inspecting and maintaining an inventory of patrol bicycles and program equipment.

(c) Scheduling maintenance and repairs.

(d) Evaluating performance of bicycle officers.

(e) Coordinating activities with the Patrol Division.

Adoption Date: 2014/11/07

(f) Inspection and documentation, no less than every three months, to show that bicycles not in active service are in a serviceable condition.

(g) Other activities as required to maintain the efficient operation of the Bicycle Patrol Unit.

500.4 TRAINING

Participants in the program must complete an initial department approved bicycle-training course after acceptance into the program. The initial training shall minimally include the following:

- Bicycle patrol strategies.
- Bicycle safety and accident prevention.
- Operational tactics using bicycles.

500.5 UNIFORMS AND EQUIPMENT

Officers shall wear the department-approved uniform and safety equipment while operating the department bicycle. Safety equipment includes a department-approved helmet, riding gloves, protective eyewear and approved footwear.

The bicycle patrol unit uniform consists of the standard short-sleeve uniform shirt or other department-approved shirt with department badge and patches, and department-approved bicycle patrol pants or shorts.

Optional equipment includes a radio headset and microphone, and a jacket in colder weather. Turtleneck shirts or sweaters are permitted when worn under the uniform shirt.

Bicycle patrol officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers will be responsible for obtaining the necessary forms, electronic ticket writers and other department equipment needed while on bicycle patrol.

500.6 CARE AND USE OF PATROL BICYCLES

Officers will be assigned a specially marked and equipped patrol bicycle, attached gear bag, two batteries and a charger.

Bicycles utilized for uniformed bicycle patrol shall be primarily black or white with a "POLICE" decal affixed to each side of the crossbar or the bike's saddlebag. Every bicycle shall be equipped with front and rear reflectors, front and rear lamps and a siren/horn. Lamps and reflectors must meet legal requirements (Tex. Transp. Code § 551.104).

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bag(s) sufficient to carry all necessary equipment to handle routine patrol calls including report writing, vehicle storage and citations.

Each bicycle gear bag shall include a first aid kit, tire pump, repair tool, tire tube, security lock, equipment information and use manuals. These items are to remain with/on the bicycle at all times.

© 1995-2014 Lexipol, LLC

Each bicycle shall be equipped with a steady or flashing blue warning light that is visible from the front, sides or rear of the bicycle.

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to insure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer, a repair work order will be completed and forwarded to the program supervisor for repair by an approved technician.

Each bicycle will have scheduled maintenance once or twice a year (dependent on use) to be performed by a department-approved repair shop/technician.

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Officers shall not modify the patrol bicycle, remove, modify or add components except with the expressed approval of the bicycle supervisor, or in the event of an emergency.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Bicycles shall be properly secured when not in the officer's immediate presence.

500.7 OFFICER RESPONSIBILITY

Officers must operate the bicycle in compliance with the Transportation Code under normal operation (Tex. Transp. Code § 551.101 et seq.). Officers may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment.

Officers are exempt from the rules of the road under the following conditions (Tex. Transp. Code § 546.002):

(a) In response to an emergency call.

(b) While engaged in rescue operations.

(c) In the immediate pursuit of an actual or suspected violator of the law.

Obtaining Air Support

502.1 PURPOSE AND SCOPE

The use of air support can be invaluable in certain situations. This policy specifies potential situations where the use of air support may be requested and the responsibilities for making a request.

502.2 REQUEST FOR AIR SUPPORT ASSISTANCE

If a supervisor or officer in charge of an incident determines that the use of air support would be beneficial, a request to obtain air support assistance may be made.

502.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for air support, the Shift Commander or authorized designee will call the closest agency having air support available. The Shift Commander on-duty will apprise that agency of the specific details of the incident prompting the request.

502.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Law enforcement air support may be requested under any of the following conditions:

(a) When the aircraft is activated under existing mutual aid agreements.

(b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the aircraft may reduce such hazard.

(c) When the use of aircraft will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community.

(d) When an aircraft is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard.

(e) Vehicle pursuits.

While it is recognized that the availability of air support will generally provide valuable assistance to ground personnel, the presence of air support will rarely replace the need for officers on the ground.

Animal Control

503.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for Animal Control Officers (ACOs) and Aransas Pass Police Department personnel in dealing with animal control related calls for service and to set forth procedures regarding animal control services, the handling of injured animals and the abatement of animal nuisances.

503.1.1 TRAINING

This department's ACOs shall successfully complete the required basic and continuing education animal control courses as approved by the Texas Department of State Health Services.

The basic animal control course shall be completed prior to the ACO's first anniversary. All ACOs shall complete 30 hours of continuing education courses during each 3-year period thereafter (Tex. Health and Safety Code § 829.002).

503.2 ANIMAL CONTROL OFFICER RESPONSIBILITY

The ACO shall be responsible for enforcing local, state and federal laws relating to animals, and is responsible for appropriately resolving or referring animal problems as outlined in this policy. Specifically the ACO is assigned the responsibilities of rabies control as outlined in Tex. Health and Safety Code § 826. The ACO shall be under the operational control of the CID Division Commander. The ACO's assigned working hours will be scheduled by the CID Division Commander.

During hours when the ACO is on-duty, requests for animal control services shall be assigned by Dispatch or the Shift Commander.

Requests for assistance by the ACO shall be acknowledged and responded to promptly.

503.3 OFFICER RESPONSIBILITY

The ACO's are on call 24/7. However, if the ACO is otherwise unavailable, the following animal-related calls for service will be handled by the appropriate on-duty officer.

Officers may be dispatched to animal-related calls and should take appropriate actions to control the situation until the arrival of an ACO. Due to the hazard of handling animals without proper equipment, responding officers generally should not attempt to capture and pick up any animal, but should keep the animal under observation until the arrival of the ACO. The following are examples of when an officer may consider acting before the arrival of the ACO:

(a) When there is a threat to the public safety.

(b) When an animal has bitten someone, officers should take measures to confine the animal to prevent further injury.

(c) When an animal is creating a traffic hazard.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(d) When the owner/handler has been arrested and there is no other alternative placement for the animal.

(e) When the animal is gravely injured.

503.3.1 ANIMAL CRUELTY COMPLAINTS

Officers shall conduct a preliminary investigation on all reports of animal cruelty and forward the information to the ACO for follow-up. Officers shall not hesitate to take any immediate actions deemed necessary. The assistance of an ACO may be requested for the purpose of handling the disposition of any animal(s) associated with the case.

In substantiated cases of animal cruelty, ACO will lead the investigation with criminal law enforcement guidance from the CID division.

503.3.2 STRAY DOGS

If the domesticated animal has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the animal should be released to the owner and a citation may be issued if appropriate. If an animal is taken into custody, it shall be transported to the city animal shelter (8:00 a.m. - 5:00 p.m.), making sure the animal has food, water and bedding.

A Protective Custody form must be completely filled out and placed in the ACO's box. Release of impounded animals requires a fee. Releases will be handled by the ACO or, in his/her absence, by a patrol officer. The Records Section will accept fees and issue receipts.

Once an animal has been taken into custody, all releases should be handled by the city animal shelter. In cases where the ACO is not available, the Shift Commander shall designate an alternate person to transport so that animals are not held in the holding pens unnecessarily or for extended periods.

503.3.3 ANIMAL BITE REPORTS

In the absence of ACO, the patrol officer shall obtain as much information as possible for forwarding to the ACO for follow-up. Officers shall instruct the owner of a biting animal, if contacted, to keep the animal confined on the property until contacted by the ACO. If the animal is a stray, then every effort shall be made to capture and impound the animal immediately.

503.3.4 PUBLIC NUISANCE CALLS RELATING TO ANIMALS

In the absence of the ACO, officers shall obtain and forward to the ACO as much information as possible regarding the nature of the complaint, the complaining person, owner information (if possible) and the location of the problem. Officers will also document any actions taken, citation(s) issued and related report numbers.

In the event responding officers cannot fulfill urgent requests for service because the animal is difficult or dangerous to handle, the ACO may be called. If the ACO is unavailable, the patrol supervisor may request the assistance of an animal control officer from an allied agency.

All requests to call in the ACO must be approved by a field supervisor or the Shift Commander.

503.4 DECEASED ANIMALS

Deceased animals on public property will be removed and properly disposed of by the ACO. Officers may remove deceased animals when the ACO is not on-duty. The deceased animals may be placed in the dead pan of the Animal Control Officer's truck.

(a) For health reasons, deceased animals should be placed in a sealed plastic bag prior to placing in the ACO truck. Large animals should be double-bagged and left next to the ACO truck, out of public view.

(b) Neither the ACO nor any officer will be required to climb onto or under any privately owned structure for the purpose of removing a deceased animal.

503.5 INJURED ANIMALS

When any injured domesticated animal is brought to the attention of a member of this agency, all reasonable attempts shall be made to contact the owner or responsible handler. If the owner or responsible handler of the domesticated animal cannot be determined and the injury is so serious the animal is suffering, the animal may be killed to end its suffering.

When there is a need to kill a seriously injured or dangerous animal, the department's Firearms Policy or euthanasia protocol shall be followed. The decision to dispose of a seriously injured animal will rest with the on-duty Shift Commander.

Injured wildlife should be referred to the Society for the Prevention of Cruelty to Animals (SPCA) of Texas, Marine Mammal Center or Department of Fish and Game, as applicable. The SPCA of Texas will not pick up common pigeons (red legs), starlings, bats or skunks.

When handling dead or injured animals department employees shall attempt to identify and notify the owner of the final disposition of the animal.

Each incident shall be documented, at minimum, to include the name of the reporting party and the veterinary hospital and/or person to whom the animal is released. If the ACO is off-duty, the information will be forwarded for follow-up.

503.6 CITATIONS

It should be at the discretion of the handling officer, ACO, or the field supervisor as to the need for, or advisability of, the issuance of a citation for a violation.

503.7 POST-ARREST PROCEDURES

The arresting officer should make a reasonable effort to ensure that animals or pets under a person’s care will be provided with adequate care when that person is arrested. This is only required when there is no person to provide care and the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animals.

Relatives or neighbors may be contacted, with the owner’s consent, to care for the animals. If no persons can be found or the owner does not consent, the appropriate animal control authority should be notified.

The arresting officer shall complete a Protective Custody form and deliver the completed form to the ACO.

Volunteer Program

604.1 PURPOSE AND SCOPE

It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn officers and civilian personnel. Volunteers can be an important part of any organization and have proven to be a valuable asset to law enforcement agencies. Volunteers help to increase department responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

604.1.1 DEFINITION OF VOLUNTEER

An individual who performs a service for the Department without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid reserve officers, interns, persons providing administrative support and youth involved in a law enforcement Explorer Post, among others.

604.2 VOLUNTEER MANAGEMENT

604.2.1 VOLUNTEER COORDINATOR

The Volunteer Coordinator shall be each division head that employs volunteers. Each volunteer coordinator shall answer to the Chief of Police. The function of the Volunteer Coordinator is to provide a central coordinating point for effective volunteer management within the Department, and to direct and assist staff and volunteer efforts to jointly provide more productive services. The Volunteer Coordinator should work with other department staff on an ongoing basis to assist in the development and implementation of volunteer-staffed positions.

The Volunteer Coordinator or authorized designee, shall be responsible for the following:

(a) Recruiting, selecting and training qualified volunteers for various positions.

(b) Facilitating the implementation of new volunteer activities and assignments.

(c) Maintaining records for each volunteer.

(d) Tracking and evaluating the contribution of volunteers.

(e) Maintaining the volunteer handbook and outlining expectations, policies and responsibilities for all volunteers.

(f) Maintaining a record of volunteer schedules and work hours.

(g) Completion and dissemination as appropriate of all necessary paperwork and information.

(h) Planning periodic recognition events.

(i) Administering discipline when warranted.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(j) Maintaining liaison with other volunteer-utilizing programs in the community and assisting in community-wide efforts to recognize and promote volunteering.

604.2.2 RECRUITMENT

Volunteers should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the Department in serving the public.

Requests for volunteers should be submitted in writing to the Volunteer Coordinator through the requester's immediate supervisor. A complete position description and a requested time frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

604.2.3 SCREENING

All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee should conduct a face-to-face interview with an applicant under consideration.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

(a) Traffic and criminal background check. Fingerprints shall be obtained from all applicants and processed through the Texas Department of Public Safety.

(b) Employment

(c) References

(d) Credit check

A polygraph exam may be required of each applicant depending on the type of assignment.

604.2.4 SELECTION AND PLACEMENT

Service as a volunteer with the Department shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Department, who will normally be the Volunteer Coordinator. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of their position description and agreement of service with the Department. All volunteers shall receive a copy of the Policy Manual and may be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

604.2.5 TRAINING

Volunteers will be provided with an orientation program to acquaint them with the Department, personnel, policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position, and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer, that they are sworn officers or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department.

604.2.6 FITNESS FOR DUTY

No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

(a) Driver license

(b) Medical condition

(c) Arrests

(d) Criminal investigations

All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

604.2.7 DRESS CODE

As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to department-approved dress that is consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn officers. The uniform or identifiable parts of the uniform shall not be worn while off-duty. However, volunteers may choose to wear the uniform while in transit to or from official department assignments or functions, provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while he/she is off duty.

Volunteers shall be required to return any issued uniform or department property at the termination of service.

604.3 SUPERVISION OF VOLUNTEERS

Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer, and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as, and act as, a supervisor of other volunteers provided that the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

(a) Take the time to introduce volunteers to employees on all levels.

(b) Ensure volunteers have work space and necessary office supplies.

(c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

604.4 CONFIDENTIALITY

With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or department policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by department policy and supervisory personnel.

As a condition of volunteer employment, each volunteer is prohibited from disclosing confidential information to unauthorized sources by any means. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

604.5 PROPERTY AND EQUIPMENT

Volunteers will be issued an identification card that must be worn at all times while on-duty.

Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service.

604.5.1 VEHICLE USE

Volunteers shall not drive any City owned department vehicles.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

604.5.2 RADIO AND MDT USAGE
Volunteers shall successfully complete Texas Criminal Justice Information System (CJIS) and radio procedures training prior to using the police radio or MDT, and will comply with all related provisions. The Volunteer Coordinator should ensure that radio and CJIS training is provided for volunteers whenever necessary.

604.6 DISCIPLINARY PROCEDURES/TERMINATION
A volunteer may be removed from the volunteer program at the discretion of the Chief of Police or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing, which shall be limited to a single appearance before the Chief of Police or authorized designee.

Volunteers may resign from volunteer service with the Department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

604.6.1 EXIT INTERVIEWS
Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer's suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

604.7 EVALUATION
An evaluation of the overall volunteer program may be conducted on an annual basis by the Volunteer Coordinator. Regular evaluations may be conducted with volunteers to ensure the best use of human resources available, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum satisfaction on the part of volunteers.

Emergency Utility Service

606.1 PURPOSE AND SCOPE

The City Public Works Department has personnel available to handle emergency calls 24 hours per day. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

606.1.1 BROKEN WATER LINES

The City's responsibility ends at the water meter; any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the City side of the meter, emergency personnel should be called as soon as practicable by Dispatch.

606.1.2 ELECTRICAL LINES

City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The electric company or Public Works should be promptly notified, as appropriate.

606.1.3 RESERVOIRS, PUMPS AND WELLS

The Public Works Department maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

606.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies will be maintained by Dispatch.

606.2 TRAFFIC SIGNAL MAINTENANCE

The City of Aransas Pass contracts with a private maintenance company to furnish maintenance for all traffic signals within the City, other than those maintained by the Texas Department of Transportation (TXDOT).

606.2.1 OFFICER'S RESPONSIBILITY

Upon observing a damaged or malfunctioning signal, the officer will advise the Dispatch of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.

Limited English Proficiency Services

608.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

608.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Aransas Pass Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

608.2 POLICY

It is the policy of the Aransas Pass Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

608.3 LEP COORDINATOR

The Chief of Police shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Patrol Division Commander or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(a) Coordinating and implementing all aspects of the Aransas Pass Police Department's LEP services to LEP individuals.

(b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.

(c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Shift Commander and Dispatch Supervisor. The list should include information regarding the following:

1. Languages spoken
2. Contact information
3. Availability

(d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.

(e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.

(f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.

(g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.

(h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures, or recommending modifications to this policy.

(i) Receiving and responding to complaints regarding department LEP services.

(j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

608.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.

(b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.

(c) The nature and importance of the contact, program, information or service provided.

(d) The cost of providing LEP assistance and the resources available.

608.5 TYPES OF LEP ASSISTANCE AVAILABLE

Aransas Pass Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

608.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

608.7 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

608.8 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

608.9 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

(a) The competence and ability to communicate information accurately in both English and in the target language.

(b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.

(c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

(d) Knowledge of the ethical issues involved when acting as a language conduit.

608.9.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

608.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

608.10 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

608.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Aransas Pass Police Department will take reasonable steps and will work with the Personnel Department to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

608.11.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in Dispatch, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

© 1995-2014 Lexipol, LLC

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

608.12 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

608.13 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

608.14 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

608.15 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

608.16 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

608.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

608.18 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures; including how to access department-authorized telephonic and in-person interpreters and other available resources.

© 1995-2014 Lexipol, LLC

The Training Coordinator shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Coordinator shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

608.18.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Coordinator shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

Communications

612.1 PURPOSE AND SCOPE

The basic function of the communications system is to satisfy the immediate information needs of the law enforcement agency in the course of its normal daily activities and during emergencies. The latter situation places the greatest demand upon the communications system and tests the capability of the system to fulfill its functions. Measures and standards of performance are necessary to assess the effectiveness with which any department, large or small, uses available information technology in fulfillment of its mission.

612.1.1 FCC COMPLIANCE

Aransas Pass Police Department radio operations shall be conducted in accordance with Federal Communications Commission (FCC) procedures and guidelines.

612.2 COMMUNICATION OPERATIONS

This department provides 24-hour telephone service to the public for information or assistance that may be needed in emergencies. The ability of citizens to telephone quickly and easily for emergency service is critical. This department provides access to the 9-1-1 system for a single emergency telephone number. This department has two-way radio capability providing continuous communication between Dispatch and officers.

612.2.1 SECURITY OF DISPATCH CENTER

given it is the responsibility of the Communications Officer to use all resources available to locate the complainant or the incident location.

612.3 RADIO COMMUNICATIONS

Operations are more efficient and officer safety is enhanced when dispatchers, supervisors and fellow officers know the status of officers, their locations and the nature of cases.

612.3.1 OFFICER IDENTIFICATION

Identification systems are based on factors such as beat assignment and officer identification numbers. Employees should use the entire call sign when initiating communication with the dispatcher. The use of the call sign allows for a brief pause so that the dispatcher can acknowledge the appropriate unit. Employees initiating communication with other agencies shall use their entire call sign. This requirement does not apply to continuing conversation between the mobile unit and dispatcher once the mobile unit has been properly identified.

612.4 TELECOMMUNICATOR TRAINING

All personnel hired as telecommunicators shall be trained as necessary in the operation of the communications equipment and in department operations. All telecommunicators are required to be licensed by the Texas Commission on Law Enforcement (TCOLE) (Tex. Occ. Code § 1701.301). In addition, all telecommunicators are required to complete the Basic Telecommunicator and Crisis Communications courses within one year of assignment, and any other mandatory training required by TCOLE (Tex. Occ. Code § 1701.405; Tex. Occ. Code § 1701.352).

Unannounced inspections of evidence storage areas shall be conducted annually as directed by the Chief of Police.

An annual audit of evidence held by the Department shall be conducted by a Division Commander not routinely or directly connected with evidence control, as assigned by the Chief of Police.

Whenever a change is made in personnel who have access to the Property and Evidence Section, an inventory of all evidence/property shall be made by an individual(s) not associated to the Property and Evidence Section or function to ensure that records are correct and all evidence property is accounted for.

Computers and Digital Evidence

702.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs), digital cameras, digital recorders and other electronic devices that are capable of storing digital information, and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

702.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

(a) Photograph each item, front, back and surrounding desktop or office setup, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.

(b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation, such as fingerprints, biological or trace evidence and/or documents.

(c) If the computer is off, do not turn it on.

(d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.

1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
2. Disconnect the power cable from the back of the computer box, or if the computer is a portable notebook style, disconnect any power cable from the case and remove the battery.

(e) Label each item with a case number, evidence sheet number and item number.

(f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.

(g) Lodge all computer items in the Property Room. Do not store computers where normal room temperature and humidity is not maintained.

(h) At minimum, officers should document the following in related reports:

1. Where the computer was located and whether it was in operation.
2. Who was using it at the time.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

3. Who claimed ownership.
4. If it can be determined, how it was being used.

(i) In most cases, when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (e.g., hard drives, tape drives and disk drives) should be seized along with all media. Accessories (e.g., printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture or the equipment is proprietary (e.g. Apple keyboard and mouse) and is necessary for examination of the associated media.

702.2.1 BUSINESS OR NETWORKED COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection or to image only the hard drive of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

702.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, floppy disks, compact discs or any other storage media is required, forward the following items to a computer forensic examiner:

(a) Copy of report(s) involving the computer, including the Evidence/Property sheet.

(b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.

(c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).

(d) A forensic copy of the media will be made and subsequent forensic examination of the copy will be conducted by a trained digital forensic examiner.

702.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media including hard drives, floppy disks, CDs, DVDs, tapes, memory cards or flash memory devices should be seized and stored in a manner that will protect them from damage.

(a) If the media has a write-protection tab or switch, it should be activated.

(b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation, request the Property and Evidence Section to copy the contents to an appropriate form of storage media.

(c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.

© 1995-2014 Lexipol, LLC

(d) Do not leave storage media where it would be subject to excessive heat, such as in a parked vehicle on a hot day.

(e) To prevent damage, use plastic cases or other protective packaging designed to protect the media.

702.4 SEIZING PCDS

Personal communication devices such as cell phones, PDAs or other hand held devices connected to any communication network must be handled with care to preserve evidence that may be on the device, including messages, stored data and/or images.

(a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Un-sent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.

(b) Do not turn the device on or off. The device should be placed in a solid metal container, such as a paint can or in a Faraday Bag, to prevent the device from sending or receiving information from its host network.

(c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead, all the data may be lost.

702.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

702.5.1 COLLECTION OF DIGITAL EVIDENCE

Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

702.5.2 SUBMISSION OF DIGITAL MEDIA

The following are required procedures for the submission of digital media used by cameras or other recorders:

(a) The recording media (e.g., smart card, compact flash card or any other media) shall be brought to the Property and Evidence Section as soon as possible for submission into evidence.

(b) Officers are not authorized to review or copy memory cards. The evidence technicians are the only employees authorized to copy and/or distribute digital media made from the memory cards.

(c) As soon as possible following the collection of evidence, the camera operator is to remove the memory card from his/her digital camera and place the card into a plastic carrier. The

© 1995-2014 Lexipol, LLC

card and carrier are then to be placed into a zip lock-type baggie. The camera operator shall write his/her name and the related case number on the outside of the baggie before placing it in the film drop box along with the evidence form.

(d) Evidence technicians will make a copy of the memory card using appropriate storage media. Once they have verified that the images properly transferred to the storage media, the technicians will erase the memory card for reuse. The storage media will be marked as the original.

(e) Officers requiring a copy of the digital files must request a copy on the evidence form when submitted to evidence.

702.5.3 DOWNLOADING OF DIGITAL FILES

Digital information, such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

(a) Files should not be opened or reviewed prior to downloading and storage.

(b) Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

702.5.4 PRESERVATION OF DIGITAL EVIDENCE

(a) Only evidence technicians are authorized to copy original digital media related to case documentation that is held as evidence. Only digital forensic examiners are authorized to copy original media seized as evidence. The original digital media shall remain in evidence and shall remain unaltered.

(b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.

(c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.

Cash Handling, Security and Management

704.1 PURPOSE AND SCOPE

The proper handling and documentation of cash transactions and the maintenance of accurate records of cash transactions is important to protect the integrity of police operations and to ensure the public trust.

704.2 PETTY CASH FUNDS

Employees designated as fund managers and who are authorized to maintain and manage petty cash funds are the Records Supervisor and Administration Division Commander. These persons may delegate this responsibility to another person in their absence. All funds require the creation and maintenance of an accurate and current transaction ledger and the filing of invoices, receipts and expense reports by the fund manager.

704.3 PETTY CASH TRANSACTIONS

The fund manager shall document all transactions on the ledger and other appropriate forms and each person participating in the transaction shall sign the ledger attesting to the accuracy of the entry. Transactions should include the filing of an appropriate receipt or invoice. Transactions not documented by a receipt, invoice or cash transfer form require an expense report.

704.4 PETTY CASH AUDITS

The manager of a petty cash fund shall audit the fund no less than once every six months. This audit requires that the manager and at least one other person, selected by the fund manager, review the ledger, records, receipts and funds, verifying the accuracy of the accounting. Each participant of the audit shall sign the ledger attesting to the accuracy of all documentation and fund accounting. A discrepancy in the audit requires documentation by those performing the audit and immediate reporting of the discrepancy to the Chief of Police.

Should fund management be transferred to any person, each transfer of this responsibility shall require completion of a separate Petty Cash Audit by those persons involved in the transfer.

A separate audit by the Chief of Police or the City should be completed on a random date approximately once each year on each Petty Cash Fund.

704.5 ROUTINE CASH HANDLING

Members of the Department who are authorized to routinely handle cash as part of their assignment are property officers and the Narcotics Unit Supervisor. Routine cash handling shall be pursuant to their specific policies (see Policy Manual § 700 and 450).

704.6 OTHER CASH HANDLING

Members of the Department who, within the course of their duties come into the possession of cash that is not their property or is outside their defined cash handling duties shall, as soon as

Adoption Date: 2014/11/07

practicable, verify the amount of cash, summon another employee to verify the accounting and process the cash as safekeeping, evidence or found property. Cash in excess of $100 requires immediate notification of a supervisor. Cash in excess of $1,000 requires special handling and accounting by the Shift Commander. Each employee involved in this handling, verification or processing of cash shall complete an appropriate report or record entry, as may be appropriate.

Contraband Forfeiture

708.1 PURPOSE AND SCOPE

This policy describes the authority and procedure for the seizure and liquidation of contraband associated with specified offenses. This policy applies to forfeited or seized contraband in the form of real, personal, tangible or intangible property (Chapter 59, Tex. Code of Crim. Pro.).

708.1.1 DEFINITIONS

Definitions related to this policy include:

Fiscal agent - The person designated by the Chief of Police to be responsible for securing and maintaining seized contraband and distributing any proceeds realized from any forfeiture proceedings. This includes any time the Aransas Pass Police Department seizes property for forfeiture or when the Aransas Pass Police Department is acting as the fiscal agent pursuant to a multi-agency agreement.

Forfeiture - The process by which legal ownership of seized contraband is transferred to a government or other authority.

Forfeiture reviewer - The department member assigned by the Chief of Police who is responsible for reviewing all forfeiture cases and for acting as the liaison between the Department and the assigned attorney.

Property subject to forfeiture - Also referred to as contraband, is property of any nature, including real, personal, tangible or intangible property that is either used or intended to be used in the commission/facilitation of certain offenses, or that has been acquired directly or indirectly through the commission of certain offenses as specified in Tex. Code of Crim. Pro. art. 59.01(2). Contraband may also include proceeds gained from the commission of offenses as specified in Tex. Code of Crim. Pro. art. 59.01(2). However, contraband as defined by Tex. Code of Crim. Pro. art. 59.01(2)(B)(v) related to the Texas Litter Abatement Act only applies to a municipality with a population of 250,000 or more (Tex. Code of Crim. Pro. art. 59.02).

Property subject to forfeiture may also include items associated with a conviction related to gambling, an offense involving a criminal instrument (specially designed, made or adapted for use in the commission of an offense), possession of an obscene device or material, child pornography or for an offense involving a scanning device or a re-encoder (Tex. Code of Crim. Pro. art. 18.18).

Seizure - The act of law enforcement officials taking property, cash or assets that have been used in connection with or acquired by specified illegal activities.

708.2 POLICY

The Aransas Pass Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person’s due process rights.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

It is the policy of the Aransas Pass Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

708.3 CONTRABAND SEIZURE

Property may be seized for forfeiture as provided in this policy.

708.3.1 PROPERTY SUBJECT TO SEIZURE

The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer (Tex. Code of Crim. Pro. art. 59.03):

(a) Property subject to forfeiture seized under the authority of a search warrant or other court order.

(b) Property subject to forfeiture may be seized without warrant under any of the following circumstances:

1. The owner, operator or agent in charge of the property knowingly consents to the seizure.
2. The owner, operator or agent in charge of the property knowingly consented to a search that led to the discovery of the property subject to forfeiture and the seizing officer has a reasonable belief that a substantial connection exists between the property and the criminal activity.
3. The seizure was incident to a lawful arrest, lawful search or lawful search incident to arrest and the seizing officer has a reasonable belief that a substantial connection exists between the property and the criminal activity.

Whenever practicable, obtaining a search warrant or court order for seizure prior to making a seizure is the preferred method.

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

708.3.2 PROPERTY NOT SUBJECT TO SEIZURE

The following property should not be seized for forfeiture:

(a) Cash and property that does not meet the forfeiture attorney’s current minimum forfeiture thresholds should not be seized.

(b) Property when it is reasonably known to the officer that a third party may be an “innocent owner” as defined by Texas law (Tex. Code of Crim. Pro. art.59.02(c); Tex. Code of Crim. Pro. art. 59.02(h); or Tex. Code of Crim. Pro. art. 59.02(i)).

If there is a question as to whether a third party might be an innocent owner, the officer should seek guidance from the forfeiture reviewer or the assigned attorney.

Adoption Date: 2014/11/07

708.3.3 CONTRABAND LOCATED OUT OF STATE

If property subject to seizure is located out of state, the officer making such discovery shall provide the forfeiture attorney with a sworn statement that identifies the contraband and reasons it is subject to seizure so that a notice of intended forfeiture may be filed in the appropriate state court (Tex. Code of Crim. Pro. art. 59.022).

708.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

(a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.

(b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.

(c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, “Seized Subject to Forfeiture.” Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

708.4.1 DOCUMENTATION AND FOLLOW UP

An officer who seizes property subject to forfeiture shall (Tex. Code of Crim. Pro. art. 59.03):

(a) Provide the forfeiture attorney with a sworn statement containing a list of the property seized, an acknowledgement that the officer has seized the property and an explanation of the officer’s reasons for the seizure.

(b) Document an assertion of an interest in, or right to, the property by the person in possession of the property at the time of seizure.

No member may request, require or in any manner induce any person, including a person who asserts an interest in, or right to, the property, to execute a document purporting to waive the person’s interest in, or rights to, property seized under this chapter (Tex. Code of Crim. Pro. art. 59.03).

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

Within 72 hours after the seizure, the officer shall place the property under seal, remove the property to a place ordered by the court or have the property taken into custody by another agency having jurisdiction.

708.4.2 DOCUMENTATION IN SUITS FOR PROCEEDS

An officer who identifies proceeds gained from the commission of an offense specified in Tex. Code of Crim. Pro. art 59.01(2) shall provide the forfeiture attorney for the state with an affidavit identifying the amount of the proceeds and the officer's basis for probable cause to believe the proceeds are contraband subject to forfeiture (Tex. Code of Crim. Pro. art. 59.023).

708.5 PROCEEDS FROM FORFEITURE

With exception as listed in Tex. Code of Crim. Pro. art. 59.06(k), all forfeited contraband shall be administered by the attorney representing the state, acting as the agent of the state, in accordance with accepted accounting practices and with the provisions of any local agreement entered into between the attorney representing the state and law enforcement agencies (Tex. Code of Crim. Pro. art. 59.06). Should questions arise as to whether contraband is subject to forfeiture, the Criminal Investigations Division Supervisor should confer with the attorney representing the state.

708.6 FORFEITURE REVIEWER

The Chief of Police will appoint a forfeiture reviewer. Prior to assuming duties, or as soon as practicable thereafter, the forfeiture reviewer should attend a course approved by the Department on contraband forfeiture.

The responsibilities of the forfeiture reviewer include:

(a) Remaining familiar with forfeiture laws, particularly Tex. Code of Crim. Pro. art. 59.01 et seq., Tex. Code of Crim. Pro. art. 18.18 and the forfeiture policies of the forfeiture attorney's office.

(b) Serving as the liaison between the Department and the forfeiture attorney and ensuring prompt legal review of all seizures.

(c) Making reasonable efforts to obtain annual training that includes best practices in pursuing, seizing and tracking forfeitures.

(d) Reviewing each seizure-related case and deciding whether the seizure is more appropriately made under state or federal seizure laws. The forfeiture reviewer should contact federal authorities when appropriate.

(e) Ensuring that responsibilities, including the designation of a fiscal agent, are clearly established whenever multiple agencies are cooperating in a forfeiture case.

(f) Ensuring that seizure forms are available and appropriate for department use. These should include notice forms, a receipt form and a checklist that provides relevant guidance to officers. The forms should be available in languages appropriate for the region and should contain spaces for:

Adoption Date: 2014/11/07

2. Information as to how ownership or other property interests may have been determined (e.g., verbal claims of ownership, titles, public records).
3. A space for the signature of the person from whom cash or property is being seized.
4. A tear-off portion or copy, which should be given to the person from whom cash or property is being seized, that includes the legal authority for the seizure, information regarding the process to contest the seizure and a detailed description of the items seized.

(g) Ensuring that officers who may be involved in contraband forfeiture receive training in the proper use of the seizure forms and the forfeiture process. The training should be developed in consultation with the appropriate legal counsel and may be accomplished through traditional classroom education, electronic media, Daily Training Bulletins (DTBs) or Departmental Directives. The training should cover this policy and address any relevant statutory changes and court decisions.

(h) Reviewing each contraband forfeiture case to ensure that:

1. Written documentation of the seizure and the items seized is in the case file.
2. Independent legal review of the circumstances and propriety of the seizure is made in a timely manner.
3. Notice of seizure has been given in a timely manner to those who hold an interest in the seized property.
4. Property is promptly released to those entitled to its return.
5. All changes to forfeiture status are forwarded to any supervisor who initiates a forfeiture case.
6. Any cash received is deposited with the fiscal agent.
7. Assistance with the resolution of ownership claims and the release of property to those entitled is provided.
8. Current minimum forfeiture thresholds are communicated appropriately to officers.
9. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.

(i) Ensuring that a written plan is available that enables the Chief of Police to address any extended absence of the forfeiture reviewer, thereby ensuring that contact information for other law enforcement officers and attorneys who may assist in these matters.

© 1995-2014 Lexipol, LLC

(j) Ensuring the process of selling or adding forfeited property to the department's regular inventory is in accordance with all applicable laws and consistent with the department's use and disposition of similar property.

(k) Upon completion of any forfeiture process, ensuring that no property is retained by the Aransas Pass Police Department unless the Chief of Police authorizes in writing the retention of the property for official use.

(l) Reviewing cases for potential "substitute property" that may be forfeitable through the forfeiture attorney when more direct proceeds or property may have been converted into other assets (Tex. Code of Crim. Pro. art. 59.021).

Forfeiture proceeds should be maintained in a separate fund or account subject to appropriate accounting control, with regular reviews or audits of all deposits and expenditures (Tex. Code of Crim. Pro. art. 59.06).

Forfeiture reporting and expenditures should be completed in the manner prescribed by the law and City financial directives (Tex. Code of Crim. Pro. art. 59.06).

708.7 DISPOSITION OF FORFEITED PROPERTY

No member of this department may use property that has been seized for forfeiture until the forfeiture action has been completed and the Chief of Police has given written authorization to retain the property for official use. No department member involved in the decision to seize property should be involved in any decision regarding the disposition of the property.

Proceeds or property received under Tex. Code of Crim. Pro. art. 59.01 et seq. will not be used to (Tex. Code of Crim. Pro. art. 59.06):

(a) Contribute to a political campaign.

(b) Make a donation to any entity, except as provided by Tex. Code of Crim. Pro. art. 59.06(d-2).

(c) Pay expenses related to the training or education of any member of the judiciary.

(d) Pay any travel expenses related to attendance at training or education seminars if the expenses violate generally applicable restrictions established by the commissioner's court or the governing body of the municipality, as applicable.

(e) Purchase alcoholic beverages.

(f) Make any expenditure not approved by the proper authority.

Restoration of Firearm Serial Numbers

710.1 PURPOSE AND SCOPE

The primary purpose for restoring firearm serial numbers is to determine the prior owners or the origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this policy is to develop standards, methodologies and safety protocols for the recovery of obliterated serial numbers from firearms and other objects, using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines.

710.2 PROCEDURE

Any firearm coming into the possession of the Aransas Pass Police Department as evidence and found property, where the serial numbers have been removed or obliterated, will be processed in the following manner:

710.2.1 PRELIMINARY FIREARM EXAMINATION

(a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tabular magazine) as well as the chamber contents.

(b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.

(c) Accurately document the condition of the gun when received. Note the positions of the various components, such as the safety, cylinder, magazine, slide and hammer. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.

(d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects, such as halos on the revolver cylinder face, or other relevant evidence that might be obscured by the fingerprinting chemicals.

710.2.2 PROPERTY BOOKING PROCEDURE

Any employee taking possession of a firearm with removed or obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall indicate on the property form that serial numbers have been removed or obliterated.

710.2.3 OFFICER RESPONSIBILITY

The property and evidence technician receiving a firearm where the serial numbers have been removed or obliterated shall arrange for the firearm to be transported to the Texas Department of Public Safety, Firearms Section, for restoration, and will maintain the chain of evidence.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

710.2.4 DOCUMENTATION

Case reports are prepared in order to document the chain of custody and the initial examination and handling of evidence, from the time it is received or collected until it is released.

This report must include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form or property form depending on the type of evidence.

710.2.5 FIREARM TRACE

After the serial number has been restored (or partially restored) by the Texas Department of Public Safety, Firearms Section, a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) a National Tracing Center (NTC) Obliterated Serial Number Trace Request Form (ATF 3312.1-OBL) will be completed and forwarded to the NTC in Falling Waters, West Virginia or entered into the ATF eTrace system.

710.3 OTHER CONSIDERATIONS

Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to the ATF National Integrated Ballistic Information Network (NIBIN), which uses the Integrated Ballistic Identification System (IBIS) technology to search the national database for comparison with ballistic evidence recovered from other crime scenes.

Registered Offender Information

712.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Aransas Pass Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex offenders.

712.2 POLICY

It is the policy of the Aransas Pass Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

712.3 REGISTRATION

The Criminal Investigations Division Supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Employees assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the Department of Public Safety (DPS) in accordance with Tex. Code of Crim. Pro. Chapter 62.

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

712.3.1 CONTENTS OF REGISTRATION

Employees of the Aransas Pass Police Department who are responsible for registering offenders shall ensure that the information required by DPS is obtained and reported on the applicable form (Tex. Code of Crim. Pro. art. 62.051).

712.3.2 PROOF OF IDENTITY

A person who is required to register as an offender shall provide proof of his/her identity and residence before an employee of the Aransas Pass Police Department may verify the individual's registration form (Tex. Code of Crim. Pro. art. 62.051).

712.4 MONITORING OF REGISTERED OFFENDERS

The Criminal Investigations Division Supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.

(b) Review of information on the DPS Sex Offender Program website.

(c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to DPS.

The Criminal Investigations Division Supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Aransas Pass Police Department personnel, including timely updates regarding new or relocated registrants.

712.5 DISSEMINATION OF PUBLIC INFORMATION

Employees will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Employees who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be provided the DPS Sex Offender Program website or the Aransas Pass Police Department's website.

The Records Supervisor shall release local registered offender information to residents in accordance with Tex. Code of Crim. Pro. art. 62.005 and in compliance with a Public Information Act request.

712.5.1 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

(a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.

(b) The information is provided as a public service and may not be current or accurate.

(c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.

Seat Belts

806.1 PURPOSE AND SCOPE

The use of seat belts and other safety restraints significantly reduces the chance of death or injury in case of a traffic collision. This policy establishes guidelines for seat belt and child-safety seat use to promote maximum operator and passenger safety, thus reducing the possibility of death or injury as the result of a motor vehicle crash. This policy will apply to all employees operating or riding in department vehicles (Tex. Transp. Code § 545.413).

806.1.1 DEFINITION

Child Passenger Safety Seat System - Is an infant or child passenger restraint system that meets the federal standards for crash-tested restraint systems as set by the National Highway Traffic Safety Administration (Tex. Transp. Code § 545.412(f)(1)).

806.2 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department, while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

806.2.1 TRANSPORTING CHILDREN

An approved child passenger safety seat system should be used for all children younger than 8 years of age, unless the child is taller than 4 feet, 9 inches (Tex. Transp. Code § 545.412(a)).

Rear-seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, children and the child passenger safety seat system or booster seat should be secured properly in the front seat of these vehicles, provided this positioning meets the vehicle and child passenger safety seat system manufacturer’s design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the passenger side air bag should be deactivated. In the event this is not possible, officers should consider arranging alternative transportation.

806.3 TRANSPORTING PRISONERS

Whenever possible, arrestees should be secured in the restraint system in the rear seat of a caged patrol vehicle or, when a restraint system is not available, by seat belts. The arrestee should be in a seating position for which seat belts have been provided by the vehicle manufacturer. The restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Persons arrested by this department shall be transported to the appropriate facility without unnecessary delay. Officers transporting arrested persons should not stop to provide law

enforcement assistance but should notify Dispatch so that another officer may be notified to respond.

806.4 INOPERABLE SEAT BELTS

No person shall operate a department vehicle in which the seat belt in the driver's position is inoperable. No person shall be transported in a seating position in which the seat belt is inoperable.

No person shall modify, remove, deactivate or otherwise tamper with the vehicle safety belts, except for vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Employees who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

900.4.1 ASSISTANT CHIEF OF POLICE RESPONSIBILITY

All disciplinary actions and investigations shall be handled primarily by the Assistant Chief of Police. Where stated and referring to the Chief of Police, one may safely assume that responsibility primarily applies to the Assistant Chief of Police.

Further, the Assistant Chief of Police will offer guidance and oversight for the patrol commander and patrol sergeants whom shall bear the majority of disciplinary matters that shall take place. On occasion, the Assistant Chief of Police shall perform and complete disciplinary investigations and measures on his own.

The Chief of Police is the department head of the police department. The Chief of Police's primary responsibility will be to oversee major disciplinary measures or investigations and respond to all final appeals that escalate to the department head level. In the Chief of Police's absence, the Assistant Chief of Police shall hear and decide on final appeals.

All final appeals decided by the Chief of police or Assistant Chief, in his absence, shall be final unless the Chief of Police was the primary official over the investigation and action taken.

(a) Prior to forwarding recommendations to the Chief of Police, the Division Commander may return the entire investigation to the assigned detective or supervisor for further investigation or action.

(b) When forwarding any written recommendation to the Chief of Police, the Division Commander shall include all relevant materials supporting the recommendation. Actual copies of an employee's existing personnel file need not be provided and may be incorporated by reference.

900.5.2 RESPONSIBILITIES OF THE CHIEF OF POLICE

Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials.

The Chief of Police may modify any recommendations and/or may return the file to the Division Commander for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any, to be imposed.

In the event disciplinary action is recommended, the Chief of Police shall provide the employee with written notice of the following information:

(a) Specific charges set forth in separate counts, describing the conduct underlying each count.

(b) A separate recommendation of proposed discipline for each charge.

(c) A statement that the employee has been provided with or given access to all of the materials considered by the Chief of Police in recommending the proposed discipline.

900.6 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a probationary employee is terminated solely for unsatisfactory performance or the failure to meet department standards, the employee shall have no right to appeal and the following shall be considered:

(a) Termination of a probationary employee for failure to pass probation shall be so reflected in the employee's personnel file.

(b) In the event that a probationary employee is disciplined or terminated for misconduct, the employee shall only be entitled to appeal the decision in the same manner as set forth in the appeal procedure above. This appeal process may be held prior to or within a reasonable time after the imposition of discipline.

(c) At all times during any investigation of allegations of misconduct involving a probationary officer, such officer shall be afforded all procedural rights set forth in applicable Department policies.

(d) A probationary employee's appeal of disciplinary action shall be limited to an opportunity for the employee to attempt to establish that the underlying allegations should not be sustained. Nothing in this policy or procedure, however, should be construed to establish any sort of property interest in or right to the employee's continuation of employment.

(e) The burden of proof for any probationary employee's appeal of disciplinary action shall rest with the employee and will require proof by a preponderance of the evidence.

(f) In the event that a probationary employee meets his/her burden of proof in a disciplinary appeal, the Department shall remove all reference to the underlying allegations of misconduct from the employee's personnel file.

(g) In the event that a probationary employee fails to meet his/her burden of proof in a disciplinary appeal, the employee shall have no further right to appeal beyond the Chief of Police.

Personnel Complaints

902.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members and employees of this department. All complaints alleging a violation of law or policy shall be investigated. Additional guidance, provisions, changes or additions may be contained in the Meet and Confer Agreement.

902.1.1 PERSONNEL COMPLAINTS DEFINED

Personnel complaints consist of any allegation of misconduct or improper job performance against any department employee that, if true, would constitute a violation of department policy, federal, state or local law.

Inquiries about employee conduct or performance which, even if true, would not qualify as a violation may be handled informally by a supervisor and shall not be considered a complaint. These may generally include clarifications regarding policy, procedures or the Department's response to specific incidents.

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the complaining party is satisfied that appropriate action has been taken by a department supervisor of rank greater than the accused employee. Informal complaints need not be documented on a personnel complaint form, and the responsible supervisor shall have the discretion to handle the complaint in any manner consistent with this policy.

Formal - A matter in which the complaining party requests further investigation or which a department supervisor determines that further action is warranted. Such complaints may be investigated by a department supervisor of a rank greater than the accused employee or referred to the Internal Affairs Unit depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Internal Affairs Unit, such matters need not be documented as personnel complaints, but may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

902.2 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

902.2.1 AVAILABILITY OF COMPLAINT FORMS

Personnel complaint forms will be maintained in a clearly visible location in the public lobby and on the Aransas Pass Police Department website. Forms may also be available at other government offices and facilities. Personnel complaint forms in languages other than English may also be provided as determined necessary or practicable.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

Each Shift Commander shall be responsible for monitoring public satisfaction or inquiries regarding the personnel complaint process, and shall forward to the Division Commander any suggestions for improvement or changes.

902.2.2 SOURCE OF COMPLAINTS

Complaints will be accepted from the following:

(a) A department employee becoming aware of alleged misconduct shall immediately notify a supervisor.

(b) A supervisor receiving a complaint from any source alleging misconduct of an employee which, if true, could result in disciplinary action.

(c) Anonymous complaints and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.

902.2.3 ACCEPTANCE OF COMPLAINTS

All written complaints will be courteously accepted by any employee and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed verbally, either in person or by telephoning the Department, and will be accepted by any supervisor. If a supervisor is not immediately available to take a verbal complaint, the receiving employee shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor shall complete and submit the Personnel Complaint Form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained. The following should be considered before taking a complaint:

(a) Complaints shall not be prepared unless the alleged misconduct or job performance is of a nature which, if true, would normally result in disciplinary action.

(b) When an uninvolved supervisor or the Shift Commander determines that the reporting person is satisfied that his/her complaint required nothing more than an explanation regarding the proper/improper implementation of department policy or procedure, a complaint need not be taken.

(c) When the complainant is intoxicated to the point where his/her credibility appears to be unreliable, identifying information should be obtained and the person should be provided with a Personnel Complaint Form to be completed and submitted at a later time. However, if the intoxicated person insists on filing the complaint, the complaint shall be taken and properly processed.

(d) Depending on the urgency and seriousness of the allegations involved, complaints from juveniles should generally be taken only with their parents or guardians present and after the parents or guardians have been informed of the circumstances prompting the complaint.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

To merit investigation by this department, all formal complaints must be in writing and signed by the person making the complaint (Tex. Gov't. Code § 614.022). Nothing in this section is intended to preclude a supervisor from serving as the complainant to satisfy the requirements of Tex. Gov't. Code § 614.022 if the original complainant does not want to appear in person and/or reduce the complaint to writing.

902.2.4 COMPLAINT DOCUMENTATION

When a Personnel Complaint Form is completed in person, the complainant should legibly write a detailed narrative of his/her complaint. If circumstances indicate that this is not feasible, the complaint may be dictated to the receiving supervisor. To ensure accuracy in any complaint, it is recommended that a recorded statement be obtained from the reporting party. A refusal by a party to be recorded shall not alone be grounds to refuse a complaint. Whether handwritten or dictated, the complainant's signature should be obtained at the conclusion of the statement. The complainant should be provided with a copy of his/her original complaint.

A copy of the signed Personnel Complaint Form must be given to the officer or employee named in the complaint within a reasonable time after the complaint is filed. (Tex. Gov't. Code § 614.023(a)); a reasonable time may be determined based upon the complexity of the investigation and/or the nature of the complaint.

Formal complaints of alleged misconduct not reported in person shall be documented by a supervisor on a Personnel Complaint Form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

A supervisor shall document informal complaints as a supervisor or Shift Commander log entry.

902.3 INITIAL SUPERVISOR RESPONSIBILITY

A supervisor who becomes aware of alleged misconduct or receives a formal complaint shall take reasonable steps to prevent aggravation of the situation.

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the employee's immediate supervisor. The Chief of Police or authorized designee may, however, direct that another supervisor investigate. The supervisor shall be responsible for the following:

(a) A supervisor receiving a formal complaint involving allegations of a potentially serious nature shall ensure that the Shift Commander, Commanding Officer and Chief of Police are notified as soon as practicable.

(b) A supervisor receiving or initiating any formal complaint shall ensure that a Personnel Complaint Form has been completed as fully as possible. The original complaint form will then be directed to the Commanding Officer of the accused employee, via the chain of command, who will forward a copy of the complaint to the Chief of Police, take any appropriate action, and/or forward the complaint to the Internal Affairs Unit for further action.

© 1995-2014 Lexipol, LLC

1. During the preliminary investigation of any complaint, the supervisor should make every reasonable effort to obtain names, addresses and telephone numbers of additional witnesses.
2. Photographs of alleged injuries as well as accessible areas of non-injury should be taken once immediate medical attention has been provided.
3. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing, or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the employee's Division Commander or the Chief of Police, who will initiate appropriate action.

(c) A supervisor dealing with an accused employee shall ensure that the procedural rights of the employee are followed pursuant to state and federal law.

(d) When the nature of a personnel complaint relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination, the supervisor receiving the complaint shall promptly contact the Chief of Police and obtain direction regarding his/her role in investigation and/or addressing the complaint.

902.4 ASSIGNMENT TO ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature or when circumstances practically dictate that it would impose an unreasonable risk to the Department, the employee, other employees or the public, a supervisor may temporarily assign the accused employee to inactive duty pending completion of the investigation or the filing of administrative charges.

902.4.1 ADMINISTRATIVE LEAVE

An employee placed on administrative leave may be subject to the following guidelines:

(a) Under such circumstances, an employee placed on administrative leave shall continue to receive regular pay and benefits pending the imposition of any discipline.

(b) An employee placed on administrative leave may be required by a supervisor to relinquish any badge, department identification, assigned weapon(s) and any other department equipment.

(c) An employee placed on administrative leave may be ordered to refrain from taking any action as a department employee or in an official capacity. The employee shall be required to continue to comply with all policies and lawful orders of a supervisor.

(d) An employee placed on administrative leave may be temporarily reassigned to a different shift, generally within normal business hours, during the pendency of the investigation. The employee may be required to remain available for contact at all times during such shift and report as ordered.

(e) It shall be the responsibility of the assigning supervisor to promptly notify the employee's Division Commander and the Chief of Police.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(f) At such time as any employee placed on administrative leave is returned to full and regular duty, the employee shall be returned to his/her regularly assigned shift with all badges, identification card and other equipment returned.

902.5 ALLEGATIONS OF CRIMINAL CONDUCT

Where an employee of this department is accused of potential criminal conduct, a separate supervisor or detective shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when an employee is formally accused of criminal conduct. In the event of serious criminal allegations, the Chief of Police may request a criminal investigation by an outside law enforcement or prosecutorial agency be conducted parallel to the administrative investigation.

An employee accused of criminal conduct shall be provided with all rights and privileges afforded to a civilian under the state and federal constitutions. The employee may not be administratively ordered to provide any information to a criminal investigator.

No information or evidence administratively compelled from an employee may be provided to a criminal investigator.

Any law enforcement agency is authorized to release information concerning the arrest or detention of a peace officer, which has not led to a conviction. However, no disciplinary action, other than paid administrative leave shall be taken against the accused employee based solely on an arrest or crime report. An independent administrative investigation shall be conducted based upon the allegations in the report in accordance with department policy.

902.6 ADMINISTRATIVE INVESTIGATION WITH THE EMPLOYEE

Investigations of a minor nature may be assigned to the employee's supervisor. More serious complaints will be assigned to the Internal Affairs Unit for investigation. Whether conducted by a supervisor or a member of the Internal Affairs Unit, the following procedures shall be followed with regard to the accused employee(s):

(a) The investigator shall not be a person who is the complainant, the ultimate decision maker regarding disciplinary action, or a person who has any personal involvement regarding the alleged misconduct.

(b) Not less than 48 hours before an investigator begins the initial interrogation, the investigator must inform the officer in writing of the allegations in the complaint.

(c) An investigator may not interrogate an officer based on a complaint by a complainant who is not a firefighter or peace officer unless the complainant verifies the complaint in writing before a public officer who is authorized by law to take statements under oath.

(d) Interviews of accused employees shall be conducted during reasonable work hours of the employee and, if the employee is off-duty, the employee shall be compensated.

© 1995-2014 Lexipol, LLC

1. Off-duty interviews should only be conducted based on the seriousness of the investigation and other factors that indicate time is of the essence.

(e) An investigator may not interview an officer at that person's home without the officer's prior permission.

(f) No more than two interviewers should ask questions of an accused employee to prevent confusion or misunderstanding.

(g) All interviews shall be for a reasonable period and the employee's personal needs shall be accommodated.

(h) No employee shall be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers. Any employee refusing to answer questions directly related to the investigation may be ordered to answer questions administratively or be subject to discipline for insubordination. Nothing administratively ordered may be provided to a criminal investigator. However, in order to maintain the integrity of each individual employee's statement, involved employees shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

(i) Absent circumstances preventing it, the interviewer should record all interviews of employees and witnesses. The employee may also record the interview. If the employee has been previously interviewed, a copy of that recorded interview shall be provided to the employee prior to any subsequent interview.

(j) If the allegations involve potential criminal conduct, the employee shall be advised of his/her constitutional rights. This admonishment shall be given administratively regardless of whether the employee was advised of these rights during any separate criminal investigation.

(k) All employees subjected to interviews that could result in punitive action shall have the right to have an uninvolved representative or attorney present during the interview.

(l) All employees shall provide complete and truthful responses to questions posed during interviews.

(m) An employee may be compelled to submit to a polygraph examination under the conditions set forth in Tex. Gov't Code § 614.063.

902.6.1 INVESTIGATION OF A COMPLAINT

Whether conducted by a supervisor or an assigned member of the Internal Affairs Unit, the following procedures should be followed with regard to the complainant:

(a) Within three days after assignment, the complainant should be informed of the handling investigator's name and the complaint number.

(b) Interviews of the complainant should be conducted during reasonable hours.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(c) Generally, no more than two interviewers should ask questions of the complaining party to prevent confusion or misunderstanding.

(d) All interviews should be for a reasonable period and the complainant's needs should be accommodated and respected.

(e) No complainant should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers.

(f) Absent circumstances preventing it, the interviewer should record all interviews of the complainant.

902.6.2 ADMINISTRATIVE SEARCHES

Any employee may be compelled to disclose personal financial information pursuant to proper legal process if such information tends to indicate a conflict of interest with official duties, or if the employee is assigned to or being considered for a special assignment with a potential for bribes.

Employees shall have no expectation of privacy when using telephones, computers, radios or other communications provided by the Department.

Assigned lockers and storage spaces may only be administratively searched in the employee's presence, with the employee's consent, with a valid search warrant or where the employee has been given reasonable notice that the search will take place.

All other departmentally assigned areas (e.g., desks, office space and assigned vehicles) may be administratively searched for non-investigative purposes (e.g., obtaining a needed report or radio) by a supervisor and in the presence of an uninvolved witness. An investigative search of such areas shall only be conducted upon a reasonable suspicion that official misconduct is involved.

902.6.3 ADMINISTRATIVE INVESTIGATION FORMAT

Investigations of personnel complaints shall be detailed, complete and essentially follow this format:

Introduction - Include the identity of the employee(s), the identity of the assigned investigator(s), the initial date and source of the complaint.

Synopsis - Provide a very brief summary of the facts giving rise to the investigation.

Summary Of Allegations - List the allegations separately, including applicable policy sections, with a very brief summary of the evidence relevant to each allegation. A separate recommended finding should be provided for each allegation.

Evidence As To Each Allegation - Each allegation should be set forth with the details of the evidence applicable to each one, including comprehensive summaries of employee and witness statements. Other evidence related to each allegation should also be detailed in this section.

Conclusion - A recommendation regarding further action or disposition should be provided.

© 1995-2014 Lexipol, LLC

Exhibits - A separate list of exhibits (e.g., recordings, photos and documents) should be attached to the report.

902.7 DISPOSITION OF PERSONNEL COMPLAINTS

Each allegation shall be classified with one of the following dispositions, based on a finding of fact and considering the totality of circumstances:

Unfounded - When the investigation discloses that the alleged act(s) did not occur or did not involve department personnel. Additionally, complaints that are determined to be frivolous will fall within the classification of unfounded.

Exonerated - When the investigation discloses that the alleged act occurred, but was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully to exonerate the employee.

Sustained - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct. Evidence in a sustained complaint will be weighed by a preponderance of the factual evidence.

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

902.8 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint shall proceed with due diligence. Recognizing that factors such as witness availability and the complexity of allegations will affect each case, every effort should be made to complete each investigation and impose any disciplinary action within a reasonable period following receipt. Investigations should be completed within 90 days of the date when a supervisor or manager from the Department becomes aware of the allegation. The Chief of Police may extend the period to five months if the investigation reasonably requires such an extension, as long as investigations are completed within the 180-day mandate.

Should additional time be required, a written request should be made to the Chief of Police, generally 30 days before the period tolls, requesting an extension. A request for extension should include the reason for the request and the related completion date. Such a request must be approved in writing and a copy provided to the accused employee.

If the nature of the allegation dictates that confidentiality is necessary to maintain the integrity of the investigation, the involved employee need not be notified of the pending investigation unless and until the employee is interviewed or formally charged administratively.

Upon completion, the report should be forwarded through the chain of command to the commanding officer of the involved employee.

© 1995-2014 Lexipol, LLC

Once received, the Chief of Police may accept or modify the classification and the recommendation for disciplinary action contained in the report.

Within 30 days of the final review by the Chief of Police, written notice of the findings shall be sent to the complaining party. This notice shall indicate the findings but will not disclose the amount of discipline, if any has been imposed. The complaining party should also be provided with a copy of his/her original complaint.

Any complaining party who is not satisfied with the findings of the Department concerning his/her complaint, may contact the Chief of Police or the authorized designee to discuss the matter further.

902.8.1 WITHDRAWN COMPLAINTS

If the complainant withdraws the complaint or refuses to further cooperate with the administrative investigation, then the investigation may be closed as incomplete.

If the nature of the allegations can be sufficiently determined without the assistance of the complainant, then the investigation will proceed and be completed as normal.

902.9 CONFIDENTIALITY OF PERSONNEL FILES

All investigations of personnel complaints shall be considered confidential and as protected peace officer personnel files. The contents of such files shall not be revealed to other than the involved employee or authorized personnel, except pursuant to lawful process.

In the event that an accused employee or the representative of such employee knowingly makes false representations regarding any internal investigation, and such false representations are communicated to any media source, the Department may disclose sufficient information from the employee's personnel file to refute false representations.

All records of investigations shall be securely maintained for a period of time no less than the periods indicated below (Tex. Gov't Code § 441.158 and Public Safety Records Retention Schedule § 4075-01):

Grievance Procedure

904.1 PURPOSE AND SCOPE

It is the policy of this department that all grievances be handled quickly and fairly without discrimination against employees who file a grievance whether or not there is a basis for the grievance. Our department's philosophy is to promote a free verbal communication between employees and supervisors.

904.1.1 ADOPTION OF CITY PERSONNEL POLICY ON GRIEVANCE PROCEDURES

All matters pertaining to grievances shall follow the Aransas Pass Personnel Policy, Division 8.

904.2 GRIEVANCE AUDITS

The Training Coordinator shall perform an annual audit of all grievances filed the previous calendar year to evaluate whether or not any policy/procedure changes or training may be appropriate to avoid future filings of grievances. The Training Coordinator shall record these findings in a confidential and generic memorandum to the Chief of Police without including any identifying information from any individual grievance. If the audit identifies any recommended changes or content that may warrant a critical revision to this policy manual, the Training Coordinator should promptly notify the Chief of Police.

Reporting of Employee Convictions

908.1 PURPOSE AND SCOPE

Convictions of certain offenses may restrict or prohibit an employee's ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

908.2 DOMESTIC VIOLENCE CONVICTIONS AND RESTRAINING ORDERS

Texas and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child (18 USC § 922; Tex. Penal Code § 46.04(b); Tex. Penal Code § 46.04(c)).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

908.3 OTHER CRIMINAL CONVICTIONS

State law prohibits any person convicted of the following offenses from being a peace officer in the State of Texas (37 Tex. Admin. Code § 217.1, Tex. Occ. Code § 1701.312, Tex. Occ. Code § 1701.313):

- Any felony offense
- Any Class A misdemeanor offense
- Any Class B misdemeanor offense within the last 10 years with the following exception:
    - The Texas Commission on Law Enforcement Officers Standards and Education (TCLEOSE) may approve the issuance of a peace officer license to a person convicted of a Class B misdemeanor within the last 10 years if the Chief of Police submits a letter to the commission explaining the mitigating circumstances that exist to support licensure.
- Barratry as defined by Tex. Penal Code § 38.12
- Any family violence offense

In addition, state law prohibits any person placed on community supervision or probation for any criminal offense above the grade of a Class B misdemeanor from being a peace officer. If the person has been convicted of a Class B misdemeanor within the last 10 years, the same exception as described above applies.

Convictions of certain violations of the Texas Transportation Code and other provisions of law may also place restrictions on an employee’s ability to fully perform the duties of the job.

Adoption Date: 2014/11/07

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust.

908.3.1 TELECOMMUNICATORS

Any person who has been convicted of a felony offense or convicted of barratry as defined by Tex. Penal Code § 38.12 may not be a telecommunicator in the State of Texas (Tex. Occ. Code § 1701.312; Tex. Occ. Code § 1701.313). In addition, telecommunicators are held to the statutory standards outlined in 37 Tex. Admin. Code § 217.2 with regard to certain misdemeanor offenses.

908.4 REPORTING PROCEDURE

All members of this department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest or conviction, regardless of whether the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

908.4.1 DEPARTMENT RESPONSIBILITY TO REPORT

When a peace officer or county jailer is arrested, the Chief of Police of the arresting agency must report such fact, as mandated by 37 Tex. Admin. Code § 211.28, to TCLEOSE within 30 business days of the arrest.

In addition, the Chief of Police must report the arrest, charge or conviction of any person who is under appointment with this department to TCLEOSE within 30 days of the arrest, as mandated by 37 Tex. Admin. Code § 211.29.

908.4.2 OFFICER RESPONSIBILITY TO REPORT

Any officer employed by the Department must report any arrest, charge or indictment for a criminal offense above the grade of a Class C misdemeanor, or for any Class C misdemeanor involving the duties and responsibilities of office or family violence to TCLEOSE within 30 days as mandated by 37 Tex. Admin. Code § 211.27.

In addition, an officer must report any arrest, charge or indictment for a criminal offense to the Aransas Pass Police Department as also required by the Conduct Policy.

910.2 PERSONNEL FILES DEFINED

Peace officer personnel records shall include any file maintained under an individual officer's name.

The personnel file may also contain:

(a) Personal data, including marital status, family members, educational and employment history or similar information.

(c) Employee advancement or promotion.

(d) Any other information the disclosure of which would constitute an unwarranted invasion of personal privacy.

910.3 EMPLOYEE RECORD LOCATIONS

Employee records will generally be maintained in any of the following:

Department File - That file which is maintained in the office of the Chief of Police as a permanent record of a sworn officer's employment with this department.

Nothing in this section is intended to preclude review of personnel files by the City Manager, City Attorney or other attorneys or representatives of the City in connection with official business.

910.5 REQUESTS FOR DISCLOSURE

Only written requests for the disclosure of any information contained in any peace officer personnel record will be considered. Since the format of such requests may be strictly governed by law, with specific responses required by Chapter 552 of the Tex. Gov't Code, all such requests shall be promptly brought to the attention of the Shift Commander, the Records Supervisor or other person charged with the maintenance of such records.

Upon receipt of any such request, the responsible person shall notify the affected employee as soon as practicable that such a request has been made.

The responsible person shall further ensure that an appropriate response to the request is made in a timely manner, consistent with applicable law. In many cases, this will require the assistance of an approved and available legal counsel.

All requests for disclosure, which result in access to an employee's personnel file, shall be logged in the corresponding file.

910.5.1 RELEASE OF CONFIDENTIAL INFORMATION

Except as provided by this policy or pursuant to lawful process, no information contained in any employee personnel file may be released if the disclosure would constitute a clearly unwarranted invasion of personal privacy, or would subject the employee to a substantial threat of physical harm. All information in the employee personnel file is to be made available to the employee or the employee's designated representative as public information (Tex. Gov't Code § 552.151, Tex. Gov't Code § 552.102).

No information from a personnel file shall be disclosed to any unauthorized person(s) without the express prior consent of the involved officer or written authorization of the Chief of Police or designee.

Information that relates to the home address, home telephone number, date of birth, or social security number of an employee, or that reveals whether the employee has family members is confidential and may not be disclosed to the public if the employee:

(a) Chooses to restrict public access to the information, and

(b) Makes timely notification to the Department, accompanied by evidence of the individual's peace officer status (Tex. Gov't Code § 552.1175 and Tex. Gov't Code § 552.024).

Employees who willfully destroy, mutilate, remove without permission or alter public information are subject to discipline and/or criminal prosecution (Tex. Gov't Code § 552.351).

Employees who distribute information considered confidential under the Government Code may be subject to discipline and/or criminal prosecution as well (Tex. Gov't Code § 552.352).

Requests for information that the Department seeks to withhold from public disclosure based upon the belief that the information qualifies as an exception under Chapter 552 Tex. Gov't. Code must be forwarded to the State Attorney General's office for a decision. The request for a decision from the Attorney General must be submitted within 10 business days of the written request for disclosure (Tex. Gov't. Code 552.301). Decisions adverse to the Department should be directed to the Administration Supervisor, who may further consult with counsel, as appropriate.

910.6 EMPLOYEE ACCESS TO HIS/HER OWN FILE

Any employee, or the employee's representative may request access to his/her own personnel file during the normal business hours of the individual responsible for maintaining such file (Tex. Gov't Code § 552.023).

Any employee seeking the removal of any item from his/her personnel file shall file a written request to the Chief of Police through the chain of command. The Department shall thereafter remove any such item if appropriate, or within 30 days provide the employee with a written explanation why the contested item will not be removed. If the contested item is not removed from the file, the employee's request and the department's written response shall be retained with the contested item in the employee's personnel file.

Employees may be restricted from accessing files containing any of the following information:

(a) Ongoing Internal Affairs investigations to the extent that it could jeopardize or compromise the investigation pending final disposition or notice to the employee of the intent to discipline.

(b) Confidential portions of Internal Affairs files that have not been sustained against the employee.

910.7 TYPES OF PERSONNEL FILES

The Department may maintain a personnel file on a peace officer, but may not release any information contained in the file to any agency or person requesting information relating to a peace officer except under provisions of Texas law or a lawful court order. Any request for information that is maintained in a peace officer's personnel file shall be forwarded to the Chief of Police or his/her designee for processing.

Peace officer personnel files can be located in any of the following places:

Evaluation of Employees

912.1 PURPOSE AND SCOPE

The Department's employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement.

912.2 POLICY

The Aransas Pass Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee’s position, without regard to sex, race, color, national origin, religion, age, disability or other protected classes.

912.3 EVALUATION PROCESS

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and civilian supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with a goal set outlining the amount of time for correction. Habitual issues with a non-probationary employee do not require a prescribed action for correction or a deadline for which such issue should be remedied, if the matters have been previously addressed.

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

912.3.1 EVALUATIONS OF COMMAND STAFF

The Assistant Chief of Police is in charge of evaluating the division commanders over patrol and investigations. The Chief of Police shall evaluate the Assistant Chief of Police, department secretaries, and the Dispatch supervisor. The Chief of Police shall be evaluated by the City Manager or his designee.

912.4 EVALUATION FREQUENCY

912.5 FULL TIME PROBATIONARY PERSONNEL

Civilian and sworn personnel are on probation for six months before being eligible for certification as permanent employees. These employees will be constantly evaluated and such evaluations will be in writing should a supervisor find the employee is deficient and in need of improvement. Just prior to the end of the six month probationary period, the employee shall be evaluated for completion of the probationary period. Should the employee show deficiencies that have been addressed, the employee may be dismissed; otherwise the employee may or have his/her probationary period extended or ended.

Sworn personnel whom undergo the Field Training Officer (FTO) Program are on probation for six months before being eligible for certification as permanent employees. These probationary officers are evaluated daily, weekly and monthly during the FTO Program period.

912.6 FULL-TIME REGULAR STATUS PERSONNEL

Regular employees are subject to three types of performance evaluations:

Regular - An Employee Performance Evaluation shall be completed a minimum of once each year by the employee's immediate supervisor in the month of June, and if performed twice a year, the month of December.

Transfer - If an employee is transferred from one assignment to another in the middle of an evaluation period and less than six months has transpired since the transfer, then an evaluation shall be completed by the current supervisor with input from the previous supervisor. Transferred employees enter the six month probationary period which will require an evaluation by their new supervisor before being released from the transfer probationary period.

Special - A special evaluation may be completed any time the rater or the rater's supervisor determine one is necessary due to employee performance that is deemed less than standard. Generally, the special evaluation will be the tool used to identify areas of performance that are deemed less than standard when follow-up action is planned (e.g., action plan, remedial training, retraining). The evaluation form and the attached documentation shall be submitted as one package.

912.6.1 RATINGS

When completing the Employee Performance Evaluation, the rater will place a check mark in the column that best describes the employee's performance. The definition of each rating category is as follows:

© 1995-2014 Lexipol, LLC

Above Expectation - Represents performance that is better than expected of a fully competent employee. Includes performance well beyond that required for the position and may include definitely superior or extraordinary performance. Written explanation shall be noted for such rating.

Satisfactory - Is the performance of a fully competent employee. It means satisfactory performance that meets the standards required of the position.

Needs Improvement - Is a level of performance less than that expected of a fully competent employee and less than standards required of the position. A needs improvement rating must be thoroughly discussed with the employee and written explanation shall be noted.

Unsatisfactory - Performance is inferior to the standards required of the position. It is very inadequate or undesirable performance that cannot be tolerated. Written explanation shall be noted for such rating.

Space for written comments is provided at the end of the evaluation in the rater comments section. This section allows the rater to document the employee's strengths, weaknesses and to identify areas where improvement is needed. Any rating marked unsatisfactory, needs improvement, or above expectation shall be substantiated in the rater comments section.

912.7 EVALUATION INTERVIEW

When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. The supervisor should discuss the results of the just completed rating period and answer any questions the employee may have. If the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor and employee will sign and date the evaluation. Permanent employees may also write comments in the Employee Comments section of the performance evaluation report.

912.7.1 DISCRIMINATORY HARASSMENT FORM

At the time of each employee’s annual evaluation, the reviewing supervisor shall require the employee to read the City/Department harassment and discrimination policies. Following such policy review, the supervisor shall provide the employee a form to be completed and returned by the employee certifying the following:

(a) That the employee understands the harassment and discrimination policies.

(b) Whether any questions the employee has have been sufficiently addressed.

(c) That the employee knows how and where to report harassment policy violations.

(d) Whether the employee has been the subject of, or witness to, any conduct that violates the discrimination or harassment policy which has not been previously reported.

© 1995-2014 Lexipol, LLC

The completed form should be returned to the supervisor (or other authorized individual if the employee is uncomfortable returning the form to the presenting supervisor) within one week.

The employee's completed answers shall be attached to the evaluation. If the employee has expressed any questions or concerns, the receiving supervisor or other authorized individual shall insure that appropriate follow up action is taken.

912.8 EVALUATION REVIEW

After the supervisor finishes the discussion with the employee, the signed performance evaluation is forwarded to the Division Commander. The Division Commander shall review the evaluation for fairness, impartiality, uniformity and consistency. The Division Commander shall evaluate the supervisor on the quality of the ratings given.

912.9 EVALUATION DISTRIBUTION

The original performance evaluation shall be maintained in the employee's division file in the division commander's office for the tenure of the employee's employment. A copy will be given to the employee and a copy will be forwarded to the Chief of Police.

Discriminatory Harassment

914.1 PURPOSE AND SCOPE

This policy is intended to prevent department members from being subjected to discrimination or sexual harassment.

914.2 POLICY

The Aransas Pass Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against employees in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The non-discrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject an employee to discipline.

914.3 DISCRIMINATION PROHIBITED

914.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by an employee that adversely affects an applicant or employee and is based on race, color, religion, sex, age, national origin or ancestry, genetic information, disability, military service, sexual orientation and other classifications protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an employee's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments, crude and offensive statements or remarks, making slurs or off-color jokes, stereotyping, engaging in threatening acts, making indecent gestures, pictures, cartoons, posters or material, making inappropriate physical contact, or using written material or department equipment and/or systems to transmit or receive offensive material, statements or pictures. Such conduct is contrary to department policy and to the department's commitment to a discrimination free work environment.

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation or opposed a discriminatory practice. Retaliation will not be tolerated.

914.3.2 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or an employee because of that person's sex.

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual or physical conduct of a sexual nature when:

(a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position or compensation.

(b) Submission to or rejection of such conduct by an employee is used as the basis for any employment decisions affecting the member.

(c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile or offensive work environment.

914.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

(a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC).

(b) Bona fide requests or demands by a supervisor that an employee improve his/her work quality or output, that the employee report to the job site on time, that the employee comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and employee.

914.4 RESPONSIBILITIES

This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and make the report to a higher ranking supervisor or manager. (c) Supervisors and managers must act promptly and responsibly in the resolution of such situations.

(d) Supervisors and managers shall make a timely determination regarding the substance of any allegation based upon all available facts.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling employees or issuing discipline, in a manner that is consistent with established procedures.

Various methods of resolution exist. During the pendency of any investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. Specific time limitations apply to the filing of such charges. Employees are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

916.3.1 USE OF MEDICATIONS

Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

928.1.1 AUTHORIZATION TO CARRY FIREARMS

Only sworn personnel who have met all state standards and have been authorized by the Chief of Police shall be able to carry a firearm both on and off duty. The general policy of the department is that officers both on and off duty shall carry their firearm on or about their person at all times; the exception being for times specifically prohibited by policy or law or when an officer would reasonably believe carrying a firearm would not be prudent given the circumstances surrounding the occasion.

928.1.2 ALIAS HANDGUN LICENSE

On written approval of the DPS director, the Department may issue to an officer an alias license to carry a concealed handgun to be used in supervised activities involving criminal investigations (Tex. Gov't Code § 411.198(a)).

928.1.3 CIVILIAN CARRY

Non-sworn staff shall not carry a firearm on or about their person while on duty. On or about the person includes inside any department owned vehicle used by the non-sworn employee. Any non-sworn employee who is licensed under state law to carry a concealed firearm, is permitted in carrying their firearm while off duty but shall not carry that firearm inside the police department, police department owned vehicles or at anytime while on duty.

In accordance with State law, no employee, while off duty, can be forbidden from carrying a firearm inside his/her personally owned vehicle while that vehicle is park or driven upon city owned property unless other wise prohibited by law.

928.2 SAFE HANDLING OF FIREARMS

The intent of this policy is to promote proper firearm safety on and off duty. Employees shall maintain the highest level of safety when handling firearms and shall consider the following:

928.2.1 SAFETY CONSIDERATIONS

It shall be the responsibility of the releasing officer to make sure that persons from outside agencies do not enter the jail section with any firearm.

(f) Officers shall not use any automatic weapon, heavy caliber rifle, gas or other type of chemical weapon from the armory, except with approval of a supervisor.

(g) Any weapon authorized by the Department to be carried on- or off-duty, that is found by the officer to be malfunctioning or needing service, shall not be carried. It shall be promptly presented to the Armorer for inspection. Any weapon determined to be in need of service or repair during an inspection by the Armorer, will be immediately removed from service. If the weapon is the officer's primary duty weapon, a replacement weapon will be issued to the officer until the duty weapon is serviceable.

928.2.2 STORAGE OF FIREARMS AT HOME

Officers shall ensure that all firearms and ammunition are locked and secured while in their possession, homes, vehicles or any other area under their control in a manner that will keep them inaccessible to children and irresponsible adults.

All other weapons, including but not limited to, edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by department policy, may not be carried by personnel in the performance of their official duty without the express written authorization of the employee’s Division Commander. This exclusion does not apply to the carrying of a single folding pocketknife that is not otherwise prohibited by law.

(e) Prior to carrying any off-duty firearm, the officer shall demonstrate to the Armorer that he/she is proficient in handling and firing the firearm and that it will be carried in a safe manner.

(f) The officer will successfully qualify with the firearm prior to it being carried and thereafter once every year. The range qualification dates will be specified by the Armorer.

(g) A complete description of the firearm shall be contained on the qualification record approved by the Armorer.

(h) If any member desires to use more than one firearm while off-duty, he/she may do so, as long as the officer meets all the requirements set forth in this policy for each firearm used.

(i) Officers shall only carry department-authorized ammunition.

(j) When armed, whether on- or off-duty, officers shall carry their badge and department identification.

928.3.4 AMMUNITION

Officers shall carry only department-authorized ammunition. Officers shall be issued fresh duty ammunition in the specified quantity for all department-issued firearms during the officer's first scheduled qualification each year. Officers carrying personally owned, authorized firearms of a caliber differing from department-issued firearms shall be responsible for obtaining fresh duty ammunition in accordance with the above at their own expense. Replacements for unserviceable or depleted ammunition issued by the Department shall be dispensed by the Armorer when needed and in accordance with established policy.

928.3.5 ALCOHOL AND DRUGS

Weapons shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs that would tend to adversely affect the officer's senses or judgment.

928.3.6 LASER SIGHTS

Laser sights may only be installed on a weapon carried on or off duty after the sights have been examined and approved by the Armorer.

(a) Any approved laser sight shall only be installed in strict accordance with manufacturer specifications.

(b) Once approved laser sights have been properly installed on any weapon, the officer shall qualify with the weapon to ensure proper functionality and sighting of the weapon prior to carrying it.

Except in an approved training situation, an officer may only activate a laser sight when the officer would otherwise be justified in pointing a weapon at an individual or other authorized target.

928.4 FIREARMS PROFICIENCY

The Chief of Police will designate a primary designated firearms proficiency officer who will be responsible for maintaining department records of firearms proficiency for each officer. Officers shall, in addition to regularly required firearms qualification, annually demonstrate proficiency to the proficiency officer for each authorized firearm he/she carries (Tex. Occ. Code § 1701.355).

The firearms proficiency officer shall keep accurate records of quarterly qualifications, repairs, maintenance and training as required by law. The course of fire shall meet or exceed the minimum standards required by law. Separate firearms proficiency tests must be demonstrated and conducted for each weapon used, such as a handgun, shotgun, patrol rifle or fully automatic weapon (37 Tex. Admin. Code § 217.21).

At least annually, all personnel carrying a firearm will receive training on the Department Use of Force Policy and demonstrate their knowledge and understanding of the policy (Tex. Occ. Code § 1701.355).

In the event that the above requirements present a hardship, the Department may request in writing that TCLEOSE waive an officer's annual demonstration of weapons proficiency requirement (Tex. Occ. Code § 1701.355(b) and 37 Tex. Admin. Code § 217.21(e)).

928.4.1 QUARTERLY QUALIFICATION

All sworn personnel are required to qualify annually and show weapons proficiency with their duty weapon on an approved range course or as directed by the Training Coordinator. In addition to regular qualification schedule, the Armorer shall be responsible for providing all sworn personnel with regular practical training designed to simulate field situations, including shoot-no-shoot situations and shooting at moving targets or while moving while shooting at a static target.

928.4.2 NON-QUALIFICATION

If an officer is unable to qualify for any reason, including injury, illness, duty status or scheduling conflict, that officer shall submit a memorandum to his/her immediate supervisor prior to the end of the required shooting period.

Members who do not possess a certificate of firearms proficiency or who fail to qualify over a year period will be relieved from field assignment and appropriate disciplinary action may follow.

Sworn members who fail to qualify on their first shooting attempt shall be provided remedial training until proficiency is demonstrated and will be subject to the following requirements:

(a) Additional range assignments may be required until consistent weapon proficiency is demonstrated.

(b) Members shall be given credit for a range qualification after remedial training and a qualifying score is obtained.

(c) No range credit will be given for the following:

    1. Unauthorized range make-up.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

2. Failure to qualify after remedial training.

928.4.3 SHOOTING RANGE AVAILABLE

All officers within the Aransas Pass Police Department have a free membership at the Schwenke's Rifle & Pistol Shooting Range located in Aransas Pass, Texas due to a paid contractual agreement between the police department and range management. Officers need to sign in and show police department ID before entering the range.

Officers are encouraged to practice their shooting skills with their duty and off-duty firearms on a regular basis throughout the year.

928.5 WARNING AND OTHER SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the officer reasonably believes that they appear necessary, effective and reasonably safe.

928.6 DESTRUCTION OF ANIMALS

Officers are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances in which officers have sufficient advance notice that a potentially dangerous animal may be encountered, officers should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, TASER device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any officer from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

928.6.1 INJURED ANIMALS

With the approval of a supervisor, an officer may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

928.7 REPORT OF FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shooting Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

(a) If on-duty at the time of the incident, the member shall file a written report with his/her Division Commander or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(b) If off-duty at the time of the incident, a written report shall be submitted or recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

928.8 ARMORER DUTIES

The range will be under the exclusive control of the Armorer. All members attending will follow the directions of the Armorer. The Armorer will maintain a roster of all members attending the range and will submit the roster to the Training Coordinator after each range date. Failure of any officer to sign in and out with the Armorer may result in non-qualification.

The range shall remain operational and accessible to department members during hours established by the Department.

The Armorer has the responsibility of making periodic inspection, at least once a year, of all duty weapons carried by officers of this department to verify proper operation. The Armorer has the authority to deem any privately owned weapon unfit for service. The officer will be responsible for all repairs to his/her personal weapon, and it will not be returned to service until it has been inspected by the Armorer.

The Armorer has the responsibility to ensure each officer on a yearly basis can demonstrate proficiency in the care and cleaning of the weapon (37 Tex. Admin. Code § 217.21(b)(2)).

928.8.1 FIREARMS INSTRUCTOR PROFICIENCY

Each firearms instructor shall meet the proficiency requirements in 37 Tex. Admin. Code § 221.19.

928.9 MAINTENANCE AND REPAIR

Personal and department-owned firearms shall be inspected annually to determine the safety and functioning of the weapon (37 Tex. Admin. Code § 217.21(b)(1)).

Firearms carried on-duty shall be maintained in a clean, serviceable condition. Since the use of personally owned weapons is at the option of the individual officer, that officer will be responsible for the furnishing, maintenance and repair of such weapon.

928.9.1 REPAIR OR MODIFICATIONS OF DUTY WEAPONS

The Armorer shall be the only person authorized to repair or modify any department-owned weapon for which the Armorer is certified as an armorer.

All repairs and/or modifications of department-issued weapons not performed by the Armorer must be approved in advance by the Armorer and accomplished by a department-approved gunsmith who is certified to repair such firearm.

Any repairs or modifications to the officer’s personally owned weapon shall be done at his/her expense and must be approved by the Armorer.

928.10 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to personnel who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

(a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure purposes.

(b) Officers must carry their department identification card, which must contain a full-face picture, the officer's signature and the signature of the Chief of Police or the official seal of the Department, and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver’s license, passport).

(c) The Aransas Pass Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer’s travel. If approved, TSA will send the Aransas Pass Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message to airport personnel as authorization to travel while armed on the day of travel.

(d) An official letter signed by the Chief of Police authorizing armed travel must accompany the officer. The letter must outline the officer’s need to fly armed, must detail his/her itinerary and should include that the officer has completed the mandatory TSA training for law enforcement officer flying while armed.

(e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.

(f) It is the officer’s responsibility to notify the air carrier in advance. This notification can be accomplished by early check-in at the carrier’s check-in counter.

(g) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.

(h) Officers should not surrender their firearm but should try to resolve any problems through the flight captain, ground security manager or other management representative of the air carrier.

(i) Officers shall not consume alcoholic beverages while aboard an aircraft or within eight hours prior to boarding an aircraft.

928.11 CARRYING FIREARMS OUT OF STATE

© 1995-2014 Lexipol, LLC

to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B; 18 USC § 926C):

(a) The officer shall carry his/her department identification card whenever carrying a weapon.

(b) Qualified retired officers shall also carry certification of having met firearms qualification within the past 12 months.

(c) The officer is not the subject of any current disciplinary action.

(d) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.

(e) The officer will remain subject to this and all other department policies (including qualifying and training).

(f) Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Visiting active and retired peace officers from other states are subject to all requirements set forth in 18 USC § 926B and 18 USC § 926C.

928.12 PURCHASE OF DEPARTMENT FIREARMS BY RETIRED OFFICERS

A retired qualified officer, a retired qualified reserve officer or the spouse, child or parents of a deceased officer may purchase the officer's weapon from the Department. Any such sale is at the discretion of the Chief of Police and requires the written authorization of the Chief of Police.

Body Armor

930.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

930.2 POLICY

It is the policy of the Aransas Pass Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

930.3 ISSUANCE OF BODY ARMOR

The Administration supervisor shall ensure that body armor is issued to all officers when the officer begins service at the Aransas Pass Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Administration supervisor shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

930.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

(a) Officers shall only wear agency-approved body armor.

(b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.

(c) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.

(d) Body armor shall be worn when an officer is working in uniform or taking part in Department range training.

(e) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

930.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body armor should be conducted by officers and their direct line supervisors for fit, cleanliness and signs of damage, abuse and wear.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

930.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

930.4 ARMORER RESPONSIBILITIES

The Armorer should:

(a) Monitor technological advances in the body armor industry for any appropriate changes to Department approved body armor.

(b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.

(c) Provide training that educates officers about the safety benefits of wearing body armor.

Generally, one training bulletin is available for each day of the month. However, the number of DTBs may be adjusted by the Training Coordinator. Currently, all staff shall complete all posted DTB's by the end of each respective month, unless otherwise instructed by the Chief of Police or Training Coordinator.

Personnel assigned to participate in DTBs shall only use login credentials assigned to them by the Training Coordinator. Personnel should not share their password with others and should frequently change their password to protect the security of the system. After each session, employees should log off the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of the Department.

Employees who are assigned to participate in the DTB program should complete each DTB at the beginning of their shift or as otherwise directed by their supervisor. Employees should not allow uncompleted DTBs to build up over time. Personnel may be required to complete DTBs missed during extended absences (e.g., vacation, medical leave) upon returning to duty. Although the

It is the approving Supervisor's responsibility to insure that the work force does not fall below the requirements.

Sick Leave Policy

948.1 PURPOSE AND SCOPE

Employees of this department are provided with a sick-leave benefit that gives them continued compensation during times of absence due to personal or family illness. The number of hours available is detailed in the employee's respective personnel manual. Employees may also be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 CFR 825).

948.2 EMPLOYEE RESPONSIBILITIES

Sick leave may be used for absences caused by illness, injury, temporary disability, including pregnancy and maternity, or for medical, dental or vision exams, or medical treatment of the employee or the employee's immediate family when it is not possible to schedule such appointments during non-working hours.

Sick leave is not considered vacation, and abuse of sick leave may result in discipline and/or denial of sick-leave benefits. Employees on sick leave shall not engage in other employment or self-employment, or participate in any sport, hobby, recreational or other activity which may impede recovery from the injury or illness.

Upon return to work, employees shall complete and submit a leave request describing the type of leave used and the specific amount of time taken.

948.2.1 NOTIFICATION

Employees are encouraged to notify an immediate supervisor, the Shift Commander or other appropriate supervisor as soon as they are aware that they will not be able to report to work. At a minimum, employees shall make such notification no less than one hour before the start of their scheduled shift. If an employee is unable to contact the supervisor in the case of an emergency, every effort should be made to have a representative contact the supervisor.

When the necessity for leave is foreseeable, such as an expected birth or planned medical treatment, the employee shall, whenever possible, provide notice to the Department as soon as possible and with no less than 30-days notice of the intent to take leave.

948.3 EXTENDED ILLNESS

Employees on extended absences shall, if possible, contact their unit supervisor at three-day intervals to provide an update on their absence and expected date of return. Employees absent from duty due to personal illness in excess of three consecutive days may be required to furnish a statement from their health care provider supporting the use of sick leave and/or the ability to return to work.

Nothing in this section precludes a supervisor, with cause, from requiring a physician’s statement if three or fewer sick days are taken.

948.3.1 DOCTORS NOTICE REQUIRED

Any member of the department that calls in sick the day before going on his/her scheduled days off or the first day back to work after his/her regularly scheduled days off shall be required to present a doctor's notice to the department. This same practice shall be required for days taken off immediately before or immediately after the employees approved vacation time.

The doctors notice shall state that the employee was observed by the doctor or doctor's office and the employee is clear to return to work.

948.4 SUPERVISOR RESPONSIBILITY

Supervisors should monitor sick-leave usage and regularly review the attendance of employees under their command to ensure that the use of sick leave is consistent with this policy. Supervisors should address sick-leave use in the employee's performance evaluation when it has negatively affected the employee's performance or ability to complete assigned duties, and when unusual amounts of sick leave by the employee has had a negative impact on department operations. When appropriate, supervisors should counsel employees regarding the excessive use of sick leave.

Overtime Payment Requests

950.1 PURPOSE AND SCOPE

It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed and in effect through the collective bargaining agreement, or by allowing the accrual of compensatory time off. In order to qualify for either, the employee must complete and submit a Request for Overtime Payment as soon as practicable after overtime is worked.

950.1.1 DEPARTMENT POLICY

Because of the nature of police work and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practicable during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially between the supervisor and the employee by flexing a subsequent shift schedule to compensate for the time worked rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a form for such a period, the employee shall comply.

The individual employee may request compensatory time in lieu of receiving overtime payment, however, the employee may not exceed the number of hours identified by City Management.

950.1.2 WHEN OVERTIME IS ACCRUED

In accordance with City policy, all sworn staff members within the police department work 80 hour work periods. As a result, sworn staff must first physically work 80 hours before they accrue overtime in a two week period. Vacation and sick time used during the 80 hour two week period does not constitute "physically worked".

Non-sworn members within the department fall under the 40 hour work week methodology when calculating overtime.

950.2 REQUEST FOR OVERTIME COMPENSATION

Employees shall submit all overtime compensation requests to their immediate supervisors as soon as practicable for verification and forwarding to the Administration Division. Failure to submit a request for overtime compensation in a timely manner may result in discipline.

950.2.1 EMPLOYEES RESPONSIBILITY

Employees shall complete the requests immediately after working the overtime and turn them in to their immediate supervisor or the Shift Commander. Employees submitting overtime forms for

on-call pay when off-duty shall submit forms to the Shift Commander the first day after returning to work.

950.2.2 SUPERVISORS RESPONSIBILITY
The supervisor who approves the overtime request shall verify that the overtime actually was worked before approving the request.

After the entry has been made on the employee's time card, the overtime payment request form will be forwarded to the employee's Division Commander for final approval.

950.2.3 DIVISION COMMANDERS RESPONSIBILITY
Division Commanders, after approving payment, will then forward the form to the Chief of Police for review.

950.3 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time worked in an overtime status. In the case of being called in for case investigations or court, staff will be compensated with a 2 hour minimum. Canine call-outs will be compensated with a 1 hour minimum if the call-out was approved by the shift commander on duty. The supervisor will enter the actual time worked.

950.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR
When accounting for less than a full hour, time worked shall be rounded up to the nearest quarter of an hour as indicated by the following chart:

TIME WORKED	INDICATE ON CARD
1 to 15 minutes	.25 hour
16 to 30 minutes	.50 hour
31 to 45 minutes	.75 hour
46 to 60 minutes	1.0 hour

950.3.2 VARIATION IN TIME REPORTED
Where two or more employees are assigned to the same activity, case or court trial and the amount of time for which payment is requested varies from that reported by the other officer, the Shift Commander or other approving supervisor may require each employee to include the reason for the variation on the back of the request form.

950.4 ABUSE OR EXCESSIVE OVERTIME

Employees are to refrain from acquiring excessive overtime that could otherwise be avoided. Employees who are found to abuse overtime through poor time management while on duty, shall be disciplined appropriate. Fabricating or padding overtime is a form of dishonesty and will result in disciplinary action up to termination of employment.

Communicable Diseases

954.1 PURPOSE AND SCOPE

This policy is intended to provide guidelines for department personnel to assist in minimizing the risk of contracting and/or spreading communicable diseases and to minimize the incidence of illness and injury. Procedures shall comply with the minimum standards adopted under the Health and Safety Code (Tex. Health and Safety Code § 81.304).

The policy will offer direction in achieving the following goals:

(a) To manage the risks associated with bloodborne pathogens, aerosol transmissible diseases and other potentially infectious substances.

(b) To assist department personnel in making decisions concerning the selection, use, maintenance, limitations, storage and disposal of personal protective equipment (PPE).

(c) To protect the privacy rights of all department personnel who may be exposed to or contract a communicable disease during the course of their duties.

(d) To provide appropriate treatment and counseling should an employee be exposed to a communicable disease.

954.2 PROCEDURES FOR CONTACT WITH BLOOD OR BODY FLUIDS

All department personnel who may be involved in providing emergency medical care, or who come in contact with another person's blood or body fluids (e.g., during an altercation or while attending to any injured person), shall follow these procedures and guidelines.

954.2.1 EXPOSURE CONTROL OFFICER

The Chief of Police will assign a person as the Department's Exposure Control Officer. This officer shall be responsible for the following:

(a) The overall management of the bloodborne pathogen Exposure Control Plan (ECP) consistent with 29 CFR 1030 and Tex. Health Safety Code § 81.304.

(b) Establishing written procedures and a training program related to aerosol transmissible diseases.

(c) Working with management to develop and administer any additional related policies and practices necessary to support the effective implementation of this plan and remaining current on all legal requirements concerning bloodborne pathogens and other communicable diseases.

(d) Acting as a liaison during Occupational Safety and Health Administration (OSHA) inspections and conducting program audits to maintain an up-to-date Exposure Control Plan.

(e) Maintaining an up-to-date list of police personnel who requiring training, developing and implementing a training program, maintaining class rosters and quizzes, and periodically reviewing the training program.

(f) Reviewing and updating the Exposure Control Plan annually (on or before January 1 of each year).

Department supervisors are responsible for exposure control in their respective areas. They shall work directly with the Exposure Control Officer and the affected employees to ensure that the proper exposure control procedures are followed.

954.2.2 UNIVERSAL PRECAUTIONS

All human blood and body fluids, such as saliva, urine, semen and vaginal secretions, are to be treated as if they are known to be infectious. Where it is not possible to distinguish between body fluid types, all body fluids are to be assumed potentially infectious.

954.2.3 PERSONAL PROTECTIVE EQUIPMENT

Personal protective equipment is the last line of defense against communicable disease. Therefore, the following equipment is provided for all personnel to assist in the protection against such exposures:

- Not less than two pair of disposable latex gloves (keeping a box in the car is recommended).
- Safety glasses or goggles.
- Rescue mask with a one-way valve.
- Alcohol, or similar substance, to flush skin at emergency site. Maintaining alcohol-based hand wipes in the car is recommended.

The protective equipment is to be kept in each police vehicle. It should be inspected at the start of each shift and replaced immediately upon returning to the station if it is used or damaged during the shift, or as otherwise needed.

954.2.4 IMMUNIZATIONS

All department personnel who, in the line of duty, respond to emergency medical calls or may be exposed to or have contact with a communicable disease, shall be offered appropriate treatment and/or immunization (Tex. Gov't Code § 607.004).

954.2.5 WORK PRACTICES

All personnel shall use the appropriate barrier precautions to prevent skin and mucous membrane exposure whenever contact with blood or body fluid is anticipated.

Disposable gloves shall be worn on all medical emergency responses. Disposable gloves should be worn before making physical contact with any patient and/or when handling items (e.g., evidence, transportation vehicle) soiled with blood or other body fluids. Should one's disposable gloves become contaminated with blood or other body fluids, the gloves shall be disposed of as contaminated waste. Care should be taken to avoid touching other items (e.g., pens, books

Adoption Date: 2014/11/07

and personal items in general) while wearing the disposable gloves in a potentially contaminated environment.

All procedures involving blood or other potentially infectious materials shall be done in a way to minimize splashing, spraying or otherwise generating droplets of those materials.

Eating, drinking, smoking, applying lip balm and handling contact lenses shall be prohibited in areas where a potential for an exposure exists.

954.3 DISPOSAL AND DECONTAMINATION

The following procedures will apply to the disposal and decontamination after responding to an event that involved contact with a person's blood or body fluids:

954.3.1 USE OF WASTE CONTAINERS

Officers shall dispose of biohazards with the on-scene fire response vehicle, at the attending clinic or hospital with their approval, or in an appropriately marked biohazard waste container at the station immediately upon arrival.

The biohazard waste container located at the station shall be collapsible, leak-proof, red in color or appropriately labeled with a biohazard warning, and routinely emptied.

954.3.2 DECONTAMINATION OF SKIN AND MUCOUS MEMBRANES

Personnel shall wash their hands immediately, on-scene if possible, or as soon as possible following the removal of potentially contaminated gloves. Antibacterial soap and warm water or an approved disinfectant shall be used to wash one's hands, paying particular attention to the fingernails.

If an employee's intact skin contacts someone else's blood or body fluids or other potentially infectious materials, the employee shall immediately wash the exposed part of his/her body with soap and warm water and/or an approved disinfectant as soon as possible. If the skin becomes grossly contaminated, body washing shall be followed by an approved hospital strength disinfectant. If large areas of the employee's skin are contaminated, the employee shall shower as soon as possible, using warm water and soap and/or an approved disinfectant. Medical treatment should be obtained.

Contaminated non-intact skin (e.g., injured skin, open wound) shall be cleaned using an approved disinfectant and then dressed or bandaged as required. Medical treatment is required.

All hand, skin and mucous membrane washing that take place in the station shall be done in the designated cleaning or decontamination area. Cleaning shall not be done in the kitchen, bathrooms or other locations not designated as a cleaning or decontamination area.

954.3.3 SHARPS AND ITEMS THAT CUT OR PUNCTURE

All personnel shall avoid using or holding sharps (e.g., needles, blades) unless assisting a paramedic or collecting them for evidence. Unless required for evidentiary reasons related to evidence preservation, employees are not to recap sharps. If recapping is necessary, a one-

© 1995-2014 Lexipol, LLC

handed method shall be employed to avoid a finger prick. Disposal, when practicable, shall be into a puncture-proof biohazard container.

All sharps and items that cut or puncture (e.g., broken glass, razors and knives) shall be treated cautiously to avoid cutting, stabbing or puncturing one's self or any other person. In addition, if a sharp object contains known or suspected blood or other body fluids, that item is to be treated as a contaminated item. If the item is not evidence, touching it with the hands shall be avoided. Rather, use a device such as tongs or a broom and a dustpan to clean up debris. If the material must be hand held, protective gloves must be worn.

954.3.4 DISPOSABLE PROTECTIVE EQUIPMENT

Contaminated disposable supplies (e.g., gloves, dressings, CPR mask) shall be transported with the patient or suspect in the ambulance or police vehicle. The waste material shall then be disposed of in a biohazard waste container at the hospital or police station. Disposable gloves are to be worn while placing the waste into the biohazard waste container, placing the gloves in with the waste when through.

954.3.5 DECONTAMINATION OF PERSONAL PROTECTIVE EQUIPMENT

After using any reusable personal protective equipment, it shall be washed or disinfected and stored appropriately. If the personal protective equipment is non-reusable (e.g., disposable gloves), it shall be discarded in a biohazard waste container as described in Policy Manual § 954.3.4.

Any personal protective equipment that becomes punctured, torn or loses its integrity shall be removed as soon as feasible. The employee shall wash up and replace the personal protective equipment if the job has not been terminated. If this situation resulted in a contaminated non-intact skin event, Policy Manual § 954.3.2 shall be implemented.

Contaminated reusable personal protective equipment that must be transported prior to cleaning it shall be placed into a biohazard waste bag and transported in the ambulance, paramedic truck or police vehicle. Gloves shall be worn while handling the biohazard waste bag and during placement into the biohazard waste container, and then included in with the waste.

954.3.6 DECONTAMINATION OF NON-DISPOSABLE EQUIPMENT

Contaminated non-disposable equipment (e.g., flashlight, gun, baton, clothing, portable radio) shall be decontaminated as soon as reasonably practicable. If it is to be transported, it shall be done by first placing it into a biohazard waste bag.

Grossly contaminated non-disposable equipment items shall be transported to a hospital, fire station or police station for proper cleaning and disinfecting. Porous surfaces such as nylon bags and straps shall be brushed and scrubbed with detergent and hot water, laundered and allowed to dry. Non-porous surfaces (e.g., plastic or metal) shall be brushed and scrubbed with detergent and hot water, sprayed with a bleach solution, rinsed and allowed to dry. Delicate equipment (e.g., radios) should be brushed and scrubbed very carefully using a minimal amount of a type of germicide that is approved by the Environmental Protection Agency (EPA).

© 1995-2014 Lexipol, LLC

While cleaning equipment, pay close attention to handles, controls, corners and crevices. Equipment cleaning shall not be done in the kitchen, bathrooms or other areas not designated as a cleaning or decontamination area.

Contaminated equipment should be cleaned using an approved EPA germicide or a 1:100 solution of chlorine bleach (1/4 cup of bleach per one gallon of water), while wearing disposable gloves and goggles. Large particles of contaminants, such as vomit, feces and blood clots should first be removed (e.g., using a disposable towel or other means to prevent direct contact) and properly disposed of.

954.3.7 DECONTAMINATION OF CLOTHING

Contaminated clothing such as uniforms and undergarments shall be removed as soon as feasible and rinsed in cold water to prevent the setting of bloodstains. If the clothing can be washed in soap and hot water, do so as soon as possible. If the clothing must be dry cleaned, place it into a biohazard waste bag and give it to the Exposure Control Officer. The ECO will secure a dry cleaner that is capable of cleaning contaminated clothing, and inform them of the potential contamination. This dry cleaning will be done at the department's expense.

Contaminated leather boots shall be brushed and scrubbed with detergent and hot water. If the contaminant soaked through the boot, the boot shall be discarded.

954.3.8 DECONTAMINATION OF VEHICLES

Contaminated vehicles and components such as the seats, radios and doors shall be washed with soap and warm water and disinfected with an approved germicide as soon as feasible.

954.3.9 DECONTAMINATION OF STATION AND CLEANING AREA

The Exposure Control Officer shall designate a location at the station that will serve as the area for cleaning/decontamination. This area is to be used to keep equipment clean and sanitary and for the employees to wash any potential contamination from their bodies. This area is to be thoroughly cleaned after each use and maintained in a clean and sanitary order at all times and between each use. The application of cosmetics, smoking cigarettes and consuming food and drink are prohibited in this designated area at all times.

954.4 POST-EXPOSURE REPORTING AND FOLLOW-UP REQUIREMENTS

In actual or suspected exposure incidents, proper documentation and follow-up action must occur to limit potential liabilities and ensure the best protection and care for the employees.

954.4.1 EMPLOYEE RESPONSIBILITY TO REPORT EXPOSURE

The report shall be submitted to the employee's immediate supervisor. Additionally, employees should document in the exposure report whether they would like the person who was the source of the exposure to

be tested for communicable diseases, as provided for in this policy Tex. Health and Safety Code § 81.050.

954.4.2 SUPERVISOR REPORTING REQUIREMENTS

(a) Names and Social Security numbers of the employees exposed

(b) Date and time of incident

(c) Location of incident

954.4.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Any employee who was exposed or who suspected he/she was exposed should be seen by a physician (or qualified health care provider) as soon as possible. The employee may consent to having his/her blood tested by the health care provider following an exposure or suspected exposure to a reportable disease (Tex. Health and Safety Code § 81.050(k)).

The doctor or a qualified health care provider responsible for examining a potentially exposed officer shall review the supervisor's report, the employee's medical records relevant to the visit and examination. The doctor or facility is required to notify the health authority under certain conditions by completing a communicable disease notification report (25 Tex. Admin. Code § 97.11).

954.4.4 COUNSELING

The City's Risk Manager shall be responsible for maintaining the name and Social Security number of the employee and copies of any information provided to the consulting health care professional as a result of an exposure.

954.5 SOURCE TESTING

Testing for reportable diseases of a person who was the source of an exposure should be sought when it is desired by the exposed employee or when it is otherwise appropriate.

It is the responsibility of the ECO to ensure that the proper testing and reporting occur by assisting the exposed officer with the reporting requirements to the health authority (Tex. Health and Safety Code § 81.050), including:

(a) Documentation that the officer experienced the exposure in the course of his/her employment.

(b) Documentation of the officer's belief that the exposure places him/her at risk of a reportable disease.

If the ECO is unavailable to seek testing of the person who was the source of the exposure, it is the responsibility of the exposed employee's supervisor to ensure testing is sought.

The ECO should maintain contact with the health authority to verify whether testing of the source was accomplished, either voluntarily or by court order.

954.5.1 TEST RESULTS

An officer who is determined to have tested positive shall receive confidential notification from the health authority via his/her commanding officer (Tex. Health and Safety Code § 81.048). On-Duty Injuries

956.1 PURPOSE AND SCOPE

The purpose of this policy is to provide for the reporting of on-duty injuries, occupational illnesses or deaths to the Risk Management Office to ensure proper medical attention is received and to document the circumstances of the incident.

956.1.1 INJURY LEAVE

In accordance with current law and employee bargaining agreements, the Department will provide up to one year of injury leave at full salary, with no deduction of any other leave, to officers who are injured during the course and performance of duty, unless the officer's own gross negligence contributed to the injury or the injury is related to the performance of routine office duties (Tex. Gov't Code § 661.918).

956.2 WORKERS' COMPENSATION FUND REPORTS

956.2.1 INJURIES REQUIRING MEDICAL CARE

All work-related injuries and work-related illnesses requiring medical care must be reported to the Risk Management Office. A claim form shall be provided to the injured employee within 24 hours from the time the injury was discovered, excluding weekends and holidays.

956.2.2 ACCIDENT DEFINED

Accident - Is defined as any occurrence from which bodily injury or property damage may result, regardless of whether any injury or damage actually does occur (e.g., exposure where no immediate injury is apparent).

956.2.3 EMPLOYEE'S RESPONSIBILITY

Any employee sustaining any work-related injury or illness, as well as any employee who is involved in any accident while on-duty shall report such injury, illness or accident as soon as practicable to his/her supervisor.

Any employee observing or learning of a potentially hazardous condition is to promptly report the condition to his/her immediate supervisor.

Any employee sustaining a work-related injury or illness that requires relief from duty is required to be examined and treated by a physician.

Any employee sustaining a work-related injury or illness that requires relief from duty is also required to comply with department policies and directives relating to the duty to periodically call in during absences, as well as the duty to notify the Department of any change in condition or anticipated duration of the absence.

When appropriate, an employee being treated for an on-duty injury should inform the attending physician that a modified-duty assignment may be available at the Department. Modified-duty may be available for the employees whose injuries prevent resumption of regular duties.

An injured employee or employee who has suffered a work-related illness shall report as soon as practicable to his/her immediate supervisor the medical findings concerning the injury and the extent and duration of any work restrictions if they are known. In addition, such employees are required to promptly submit all medical releases, whether partial or full releases, to their supervisor.

956.2.4 SUPERVISOR'S RESPONSIBILITY

A supervisor learning of any work-related injury, illness or accident shall promptly prepare the Supervisor's Investigation Injury Report as outlined under Policy Manual § 956.2.1. Updated copies of forms for completion are provided by Risk Management and are kept in the commander's office. A digital copy shall also be made available online within our digital department folder.

For work-related accidents, injuries or illness not requiring professional medical care, a Supervisor's Report of Injury Form shall be completed. The completed form shall be forwarded to the supervisor's Division Commander, through the chain of command.

When an accident, injury or illness is reported initially on the Supervisor's Investigation Injury Report and the employee subsequently requires professional medical care, the State of Texas Employer's Report of Occupational Injury or Illness form shall then be completed. The injured employee shall also sign the form in the appropriate location.

Every injured employee must be provided with an Employee's Claim for Workers' Compensation Benefits Form within 24 hours, regardless of the nature of illness or injury.

Copies of any reports documenting the accident or injury should be forwarded to the Division Commander as soon as they are completed.

956.2.5 DIVISION COMMANDER RESPONSIBILITY

The Division Commander receiving a report of a work-related accident or injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Chief of Police.

956.2.6 CHIEF OF POLICE RESPONSIBILITY

The Chief of Police shall review and forward copies of the report to the Personnel Department. Any copies of the report and any related documents retained by the Department shall be filed in the employee’s confidential medical file and not in the employee’s personnel file (see Policy Manual §910).

956.3 INJURY NOT REQUIRING MEDICAL ATTENTION

Those injuries and illnesses not requiring medical attention shall be recorded on a Supervisor's Report of Injury Form. This form shall be completed and signed by a supervisor.

This form shall be signed by the affected employee, indicating that he/she desired no medical attention at the time of the report. By signing this form, the employee will not preclude his/her ability to seek medical attention later.

956.4 SETTLEMENT OF INJURY CLAIMS

Occasionally, an employee's work-related injury results from the negligent or wrongful act of another, for which the employee, the City and/or other insurers are entitled to recover civilly. To ensure that the City's interests are protected and that the employee has the benefit of the City's experience in these matters, the procedure outlined below is to be followed.

956.4.1 EMPLOYEE TO REPORT INITIAL CONTACTS

When an employee sustains work-related injuries caused by another person and is then approached by such person or an agent, insurance company or attorney and offered a settlement of claims, that employee shall take no action other than to make a written report of this contact to his/her supervisor as soon as practicable.

956.4.2 NO SETTLEMENT WITHOUT PRIOR APPROVAL

No less than 10 days prior to accepting and finalizing the settlement of any third party claim arising out of or related to an on-duty injury, the employee shall provide the Chief of Police with written notice of the proposed terms of such settlement. In no case shall the employee accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the City to determine whether the offered settlement will affect any claim the City may have regarding payment for damage(s) to equipment or reimbursement for wages against the person who caused the accident or injury, and to protect the City's right of subrogation, while ensuring that the employee's right to receive compensation for injuries is not affected.

Temporary Modified-Duty Assignments

958.1 PURPOSE AND SCOPE

The purpose of this policy is to establish procedures for assigning employees to modified duty. Temporary modified-duty assignments may be available to employees who have incurred a duty-related illness or injury and, due to restrictions or limitations, are unable to perform their regular assigned duties. Non duty related illnesses or injuries may also be considered for eligibility in accordance with this policy. Eligibility for modified-duty assignment is subject to the approval of the Chief of Police or authorized designee.

Modified-duty assignments are intended to provide an employee with the ability to continue working within the limits of his/her restrictions and limitations on a temporary basis, while providing the Department with a productive employee during the interim period.

The Department will engage in a good faith interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability.

958.2 POLICY

Subject to operational considerations, the Aransas Pass Police Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

958.3 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the Texas Commission on Human Rights Act shall be treated equally, without regard to any preference for a work-related injury (Tex. Labor Code § 21.001 et. seq.).

No position in the Aransas Pass Police Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or being otherwise limited in employing their peace officer powers.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

Temporary modified-duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.

958.4 PROCEDURE

Employees may request a temporary modified-duty assignment for short-term injuries or illnesses.

Employees seeking a temporary modified-duty assignment should submit a written request to their Division Commanders or the authorized designees. The request should, as applicable, include a certification from the treating medical professional containing:

(a) An assessment of the nature and probable duration of the illness or injury.

(b) The prognosis for recovery.

(c) The nature and scope of limitations and/or work restrictions.

(d) A statement regarding any required workplace accommodations, mobility aids or medical devices.

(e) A statement that the employee can safely perform the duties of the temporary modified-duty assignment.

The Division Commander will make a recommendation through the chain of command to the Chief of Police regarding temporary modified-duty assignments that may be available based on the needs of the Department and the limitations of the employee. The Chief of Police or the authorized designee shall confer with the Personnel Department or the City Attorney as appropriate.

Requests for a temporary modified-duty assignment of 20 hours or less per week may be approved and facilitated by the Shift Commander or Division Commander with notice to the Chief of Police.

958.4.1 MODIFIED-DUTY SCHEDULES

The schedules of employees assigned to modified duty may be adjusted to suit medical appointments or Department needs at the discretion of the Division Commander.

The employee and his/her supervisors should be informed in writing of the schedule, assignment and limitations and restrictions as determined by the employee's health care provider.

958.4.2 ACCOUNTABILITY

The employee's supervisor shall coordinate efforts to ensure proper time accountability and shall complete and process a change-of-shift/assignment form.

(a) Employees on modified duty are responsible for coordinating required doctor visits and physical therapy appointments in advance with their supervisor to appropriately account for any duty time taken. Doctor visits and appointments for treatment of injuries or illnesses that are not work related shall be arranged during off-duty time or otherwise charged to the employee's sick leave.

(b) Employees shall promptly submit a status report for each visit to their treating health care provider and shall immediately notify their supervisor of any change in restrictions or

limitations as determined by their health care provider. An employee assigned to a modified-duty assignment shall provide a duty status report to his/her supervisor no less than once every 30 days while the employee is on modified duty.

(c) Supervisors shall keep the Division Commander apprised of the employee's status and ability to perform the modified-duty assignment. Modified-duty assignments that extend beyond 60 days will require a written status report and a request for an extension to the Division Commander with an update of the employee's current status and anticipated date of return to regular duty. Extensions require approval of the Chief of Police.

(d) When it is determined that an employee on modified-duty will return to regular duty, the supervisor shall notify the Division Commander and complete and process a change of shift/ assignment form. All training and certification necessary for return to duty shall be reviewed and updated as necessary.

958.4.3 MEDICAL EXAMINATIONS

The Department reserves the right to require, prior to returning to full-duty status, a fitness-for-duty examination of any employee assigned to a modified-duty assignment or of any employee having been on such assignment. Such examinations shall be at the expense of the Department.

Prior to returning to full-duty status, employees shall be required to provide a statement signed by their health care provider indicating that they are medically cleared to perform the basic and essential job functions of their assignment without restriction or limitation.

958.5 ACCOUNTABILITY

Written notification of assignments, work schedules and any restrictions should be provided to employees assigned to temporary modified-duty assignments and their supervisors. Those assignments and schedules may be adjusted to accommodate department operations and the employee’s medical appointments, as mutually agreed upon with the Division Commander.

958.5.1 EMPLOYEE RESPONSIBILITIES

The responsibilities of employees assigned to temporary modified duty shall include, but not be limited to:

(a) Communicating and coordinating any required medical and physical therapy appointments in advance with their supervisors.

(b) Promptly notifying their supervisors of any change in restrictions or limitations after each appointment with their treating medical professionals.

(c) Communicating a status update to their supervisors no less than once every 30 days while assigned to temporary modified duty.

(a) Periodically apprising the Division Commander of the status and performance of employees assigned to temporary modified duty.

(b) Notifying the Division Commander and ensuring that the required documentation facilitating a return to full duty is received from the employee.

(c) Ensuring that employees returning to full duty have completed any required training and certification.

958.6 MEDICAL EXAMINATIONS
Prior to returning to full-duty status, employees shall be required to provide certification from their treating medical professionals stating that they are medically cleared to perform the essential functions of their jobs without restrictions or limitations.

The Department may require a fitness-for-duty examination prior to returning an employee to full-duty status, in accordance with the Fitness for Duty Policy.

958.7 MAINTENANCE OF CERTIFICATION AND TRAINING
Employees assigned to modified duty shall maintain all certification, training and qualifications appropriate to both their regular and temporary duties, provided the certification, training or qualifications are not in conflict with any limitations or restrictions. Employees who are assigned to modified duty shall inform their supervisor of any inability to maintain any certification, training or qualifications.

958.7.1 NOTIFICATION
Pregnant employees should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. If at any point during the pregnancy it becomes necessary for the employee to take a leave of absence, such leave shall be granted in accordance with the City's personnel rules and regulations regarding family and medical care leave.

(c) In the event the employee appears to be in need of immediate medical or psychiatric treatment, all reasonable efforts should be made to provide such care.

(d) In conjunction with the Shift Commander or employee's available Division Commander, a determination should be made whether the employee should be temporarily relieved from his/her duties.

(e) The Chief of Police shall be promptly notified in the event that any employee is relieved from duty.

Upon the recommendation of the Shift Commander or unit supervisor and concurrence of a Division Commander, any employee whose actions or use of force in an official capacity result in death or serious injury to another may be temporarily removed from regularly assigned duties and/or placed on paid administrative leave for the well-being of the employee and until such time as the following may be completed:

(a) A preliminary determination that the employee's conduct appears to be in compliance with policy.

(b) If appropriate, the employee has had the opportunity to receive necessary counseling and/or psychological clearance to return to full duty.

960.6 PHYSICAL AND PSYCHOLOGICAL EXAMINATIONS

(a) Whenever circumstances reasonably indicate that an employee is unfit for duty, the Chief of Police may serve that employee with a written order to undergo a physical and/or psychological examination in cooperation with the Personnel Department to determine the level of the employee’s fitness for duty. The order shall indicate the date, time and place for the examination.

(b) The examining physician or therapist will provide the Department with a report indicating that the employee is either fit for duty or, if not, listing any functional limitations which limit the employee's ability to perform job duties. Outside Employment

962.1 PURPOSE AND SCOPE

In order to avoid actual or perceived conflicts of interest for department employees engaging in outside employment, all employees shall initially obtain written approval from the Chief of Police prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy.

962.1.1 DEFINITIONS

Outside Employment - Is any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered.

Outside Overtime - Is any member of this department who performs duties or services on behalf of an outside organization, company or individual within this jurisdiction on behalf of the department. Such outside overtime shall be requested and scheduled directly through this department so that the Department may be reimbursed for the cost of wages and benefits. Since overtime payment is required, all such requests require approval from the Chief of Police.

962.2 OBTAINING APPROVAL

No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete an inner-office memorandum or email, which shall be submitted to the employee's immediate supervisor. The memorandum will then be forwarded through the appropriate chain of command to the Chief of Police for consideration.

If approved, the employee will be provided with a copy of the written approval either in writing or by email. Unless otherwise indicated, all approved outside employment will be valid for the terms established or no later than one calendar year unless otherwise specified by the Chief of Police. Any employee seeking to renew outside employment approval shall submit a new written request in a timely manner.

Any employee seeking approval of outside employment and whose request has been denied shall be provided with a written reason for the denial within 30 days of the application.

962.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If an employee's Outside Employment Application is denied or withdrawn by the Department, the employee may file a written notice of appeal to the Chief of Police within 10 days of the date of denial.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

If the employee's appeal is denied, the employee may file a grievance pursuant to the procedure set forth in the City Policy Manual.

962.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS
Any outside employment permit may be revoked or suspended after the employee has received written notification of the reasons for revocation or suspension. Revocation or suspension will only be implemented after the employee has exhausted the appeal process.

The outside employment may be revoked:

(a) Should an employee's performance decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of minimum competency, and the outside employment is directly related to the employee's performance. The Chief of Police may, at his/her discretion, notify the employee of the intent to revoke any previously approved outside employment permit(s). After the appeal process has concluded, the revocation will stand until the employee's performance directly related to the outside employment has been reestablished to the minimum level.

(b) If, at any time during the term of a valid outside employment permit, an employee's conduct or outside employment conflicts with the provisions of department policy, or any law.

(c) The outside employment creates an actual conflict of interest with the Department or City.

962.3 PROHIBITED OUTSIDE EMPLOYMENT

The Department expressly reserves the right to deny any outside employment request submitted by an employee seeking to engage in any activity which:

(a) Involves the employee's use of department time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage.

(b) Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department.

(c) Involves the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department.

(d) Involves time demands that would render performance of the employee's duties for this department below minimum standards or render the employee unavailable for reasonably anticipated overtime assignments and other job-related demands that occur outside regular working hours.

Adoption Date: 2014/11/07

962.3.1 OUTSIDE SECURITY EMPLOYMENT

Due to the potential conflict of interest no member of this department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service. Such outside overtime will be monitored by the Patrol Division Commander.

(a) The applicant will be required to enter into an indemnification agreement prior to approval.

(b) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.

(c) Should such a request be approved, any employee working outside overtime shall be subject to the following conditions:

1. The officer(s) shall wear the department uniform/identification.
2. The officer(s) shall be subject to the rules and regulations of this department.
3. No officer may engage in outside employment during or at the site of a strike, lockout, picket or other physical demonstration of a labor dispute.
4. Compensation for approved outside security services shall be pursuant to normal overtime procedures.
5. Outside security services shall not be subject to the collective bargaining process.
6. No officer may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Chief of Police.

962.3.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE

Any employee making an arrest or taking other official police action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to department policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment.

962.3.3 SPECIAL RESTRICTIONS

Except for emergency situations or with prior authorization from the Division Commander, undercover officers or officers assigned to covert operations shall not be eligible to work overtime or other assignments in a uniformed or other capacity which might reasonably disclose the officer's law enforcement status.

962.4 DEPARTMENT RESOURCES

Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee’s position with this department.

962.4.1 REVIEW OF FINANCIAL RECORDS

Employees approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest. Prior to providing written approval for an outside employment position, the Department may request that an employee provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the employee to provide the requested personal financial records could result in denial of the off-duty work request.

If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her personal financial records for review/audit. If the employee elects not to provide the requested records, the off-duty work permission may be revoked pursuant to Policy Manual § 962.2.2.

962.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS

If an employee terminates his/her outside employment during a permitted period, the employee shall promptly submit written notification of the termination to the Chief of Police through the appropriate chain of command. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment, including any change in the number of hours, type of duties or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

962.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY

Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing, within five days, whether they intend to continue to engage in outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any work-related doctor's orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding the permitted outside employment, a notice of intent to revoke the employee's permission will be forwarded to the involved employee. The revocation process outlined in Policy Manual § 962.2.2 shall be followed.

Criteria for revoking the outside employment permission while on disability status include, but are not limited to, the following:

(a) The outside employment is medically detrimental to the total recovery of the disabled employee, as indicated by the City's professional medical advisors.

Meal Periods and Breaks

964.1 PURPOSE AND SCOPE

This policy regarding meals and breaks, insofar as possible, shall conform to the policy governing all City employees.

964.1.1 MEAL PERIODS

Sworn employees and dispatchers shall remain on-duty subject to call during meal breaks. All other employees are not on call during meal breaks unless directed otherwise by a supervisor.

Uniformed patrol and traffic officers shall request clearance from Dispatch prior to taking a meal period. Uniformed officers shall take their breaks within the City limits unless they are on assignment outside of the City.

The time spent for the meal period shall not exceed 30 minutes.

964.1.2 15-MINUTE BREAKS

Each employee is entitled to a 15-minute break, near the midpoint, for each five-hour work period. Only one 15-minute break shall be taken during each five hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

Employees normally assigned to the police facility shall remain in the police facility for their breaks. This would not prohibit them from taking a break outside the facility if on official business.

Field officers will take their breaks in their assigned areas, subject to call, and shall monitor their radios. When field officers take their breaks away from their vehicles, they shall do so only with the knowledge and clearance of Dispatch.

964.1.3 ADMINISTRATIVE AND SECRETARIAL STAFF MEAL BREAKS

Lactation Break Policy

966.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee's infant child.

966.2 POLICY

It is the policy of this department to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing child for up to one year after the child's birth (29 USC § 207).

966.3 LACTATION BREAK TIME

A rest period should be permitted each time the employee has the need to express breast milk (29 USC § 207). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time.

Lactation breaks, if feasible, should be taken at the same time as the employee's regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled break time will be considered unpaid (29 USC § 207).

Employees desiring to take a lactation break shall notify Dispatch or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations.

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

966.4 PRIVATE LOCATION

The Department will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. The room or place should be in close proximity to the employee's work area and shall be other than a bathroom or toilet stall (Tex. Health and Safety Code § 165.003(a)(2)). The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207).

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied and there is a need for privacy. All other employees should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for employees assigned to the field may be taken at the nearest appropriate private area.

These employment practices include: recruiting, testing, hiring, compensation, assignment, use of facilities, access to training opportunities, supervision, performance appraisal, discipline and workplace safety and security.

970.1.1 DEFINITIONS

1. If circumstances require that such a supervisor/subordinate relationship exist temporarily, the supervisor shall make every reasonable effort to defer matters pertaining to the involved employee to an uninvolved supervisor.
2. When personnel and circumstances permit, the Department will attempt to make every reasonable effort to avoid placing employees in such supervisor/subordinate situations. The Department, however, reserves the right to transfer or reassign any employee to another position within the same classification in order to avoid conflicts with any provision of this policy.

(b) Employees are prohibited from participating in, contributing to or recommending promotions, assignments, performance evaluations, transfers or other personnel decisions affecting an employee who is a relative, or with whom they are involved in a personal or business relationship.

(c) Whenever possible, Field Training Officers (FTOs) and other trainers will not be assigned to train relatives. The FTOs and other trainers are prohibited from entering into or maintaining personal or business relationships with any employee they are assigned to train until such time as the training has been successfully completed and the employee is off probation.

(d) To avoid actual or perceived conflicts of interest, members of this department shall refrain from developing or maintaining personal or financial relationships with victims, witnesses or other individuals during the course of, or as a direct result of, any official contact.

(e) Except as required in the performance of official duties or, in the case of immediate relatives, employees shall not develop or maintain personal or financial relationships with any individual they know or reasonably should know is under criminal investigation, is a convicted felon, parolee, fugitive, or registered sex offender or who engages in serious violations of state or federal laws.

970.2.1 EMPLOYEE RESPONSIBILITY

Prior to entering into any personal or business relationship or other circumstance which the employee knows or reasonably should know could create a conflict of interest or other violation of this policy, the employee shall promptly notify his/her uninvolved, next highest supervisor.

Whenever any employee is placed in circumstances that would require the employee to take enforcement action or provide official information or services to any relative or individual with whom the employee is involved in a personal or business relationship, the employee shall promptly notify his/her uninvolved, immediate supervisor. In the event that no uninvolved supervisor is immediately available, the employee shall promptly notify dispatch to have another uninvolved employee either relieve the involved employee or minimally remain present to witness the action.

970.2.2 SUPERVISOR'S RESPONSIBILITY

Upon being notified of or otherwise becoming aware of any circumstance that could result in or constitute an actual or potential violation of this policy, a supervisor shall take all reasonable steps

Employee Speech, Expression and Social Networking

972.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

972.1.1 APPLICABILITY

This policy applies to all forms of communication including but not limited to film, video, print media, public or private speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file-sharing sites.

972.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Aransas Pass Police Department will carefully balance the individual employee’s rights against the Department’s needs and interests when exercising a reasonable degree of control over its employees’ speech and expression.

972.3 SAFETY

Employees should consider carefully the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of the Aransas Pass Police Department employees, such as posting personal information in a public forum, can result in compromising an employee’s home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee's family or

associates. Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

972.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT

To meet the department's safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, on a matter of public concern):

(a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Aransas Pass Police Department or its employees.

(b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Aransas Pass Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the Aransas Pass Police Department or its employees. Examples may include:

1. Statements that indicate disregard for the law or the state or U.S. Constitution.
2. Expression that demonstrates support for criminal activity.
3. Participating in sexually explicit photographs or videos for compensation or distribution.

(c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.

(d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.

(e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Aransas Pass Police Department.

(f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee (Tex. Penal Code § 39.06(a)(1)).

(g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Aransas Pass Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.

(h) Accessing websites for non-authorized purposes, or use of any personal communication device, game device or media device, whether personally or department-owned, for personal purposes while on-duty, except in the following circumstances:

1. When brief personal communication may be warranted by the circumstances (e.g., inform family of extended hours).
2. During authorized breaks; such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

972.4.1 UNAUTHORIZED POLITICAL ACTIVITY

Employees of the Aransas Pass Police Department may not engage in a political activity relating to a campaign for an elective office while in uniform or on-duty (Tex. Local Gov't. Code § 150.002). While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the Aransas Pass Police Department or identify themselves in any way that could be reasonably perceived as representing the Aransas Pass Police Department in order to do any of the following, unless specifically authorized by the Chief of Police:

(a) Makes a public political speech supporting or opposing a candidate.

(b) Distributes a card or other political literature relating to the campaign of a candidate.

(c) Wears a campaign button.

(d) Circulates or signs a petition for a candidate.

(e) Solicits votes for a candidate.

(f) Solicits campaign contributions for a candidate.

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization (e.g., bargaining group), is affiliated with this department, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Aransas Pass Police Department.

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized

bargaining unit or officer associations, on political subjects and candidates at all times while off-duty. However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

While out of uniform and not on active duty, an employee may engage in a political activity relating to a campaign for an elective office, except that the person may not solicit campaign contributions for a candidate other than from members of an employee organization to which that person belongs (Tex. Local Gov't. Code § 150.002; Tex. Local Gov't Code § 150.003).

972.5 PRIVACY EXPECTATION

Employees forfeit any expectation of privacy with regard to e-mails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system.

The Department reserves the right to access, audit and disclose for whatever reason any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Department, including the department e-mail system, computer network or any information placed into storage on any department system or device.

This includes records of all key strokes or web-browsing history made at any department computer or over any department network. The fact that access to a database, service or website requires a user name or password will not create an expectation of privacy if it is accessed through department computers or networks.

972.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

(a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.

(b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.

(c) Whether the speech or conduct would reflect unfavorably upon the Department.

(d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.

(e) Whether similar speech or conduct has been previously authorized.

(f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

Illness and Injury Prevention Program

974.1 PURPOSE AND SCOPE

The health and safety of the employees of the Aransas Pass Police Department are important to executive and management staff, and critical to the operation of this department and to the delivery of services to the community.

The purpose of this policy is to establish an ongoing and effective Injury and Illness Prevention Program (IIPP) for the Aransas Pass Police Department. This policy specifically applies to illnesses and injuries that result in lost time beyond the date of the incident or that require medical treatment beyond first aid. Though this policy provides the essential framework required for an IIPP, it may be supplemented by procedures outside the Policy Manual.

The IIPP guidelines are to be followed and adopted by all personnel. Supervisory and management personnel are charged with ensuring these guidelines and directives are implemented.

974.2 RESPONSIBILITY

The Administration Division Commander, acting as the Department's IIPP administrator, has the authority and responsibility for implementing the provisions of this policy and the IIPP. Supervisors are responsible for implementing and maintaining the IIPP in their work areas and for answering questions from employees about the IIPP.

974.3 COMPLIANCE

The Administration Division Commander is responsible for ensuring that all safety and health policies and procedures are clearly communicated and understood by all employees. The Administration Division Commander should take reasonable steps to ensure that all workers comply with safety rules and maintain a safe work environment, including, but not limited to:

(a) Informing workers of the provisions of the IIPP.

(b) Recognizing employees who perform safe work practices.

(c) Ensuring that the employee evaluation process includes the employee's safety performance.

(d) Ensuring the Department's compliance with mandates regarding bloodborne pathogens (Tex. Health & Safety Code § 81.303).

Supervisors are responsible for training, counseling, instructing or making informal verbal admonishments any time safety performance is deficient. Supervisors may also initiate discipline when it is reasonable and appropriate under the Conduct Policy.

All employees should use safe work practices, follow all directives and policies and assist in maintaining a safe work environment.

974.4 COMMUNICATION

Supervisors should establish and maintain communication with employees on health and safety issues. This is essential for an injury-free, productive workplace.

The Administration Division Commander should ensure that a system of communication is in place which facilitates a continuous flow of safety and health information between supervisors and employees. This system should include:

(a) New worker orientation, including a discussion of safety and health policies and procedures.

(b) Regular employee review of the IIPP.

(c) Workplace safety and health training programs.

(d) Regularly scheduled safety meetings.

(e) Posted or distributed safety information.

(f) A system for workers to anonymously inform management about workplace hazards.

(g) Consideration of a labor/management safety and health committee, which may:

1. Meet regularly.
2. Prepare a written record of the safety and health committee meeting.
3. Review the results of periodic scheduled inspections.
4. Review investigations of accidents and exposures.
5. Make suggestions to management for the prevention of future incidents.
6. Review investigations of alleged hazardous conditions.
7. Submit recommendations to assist in the evaluation of employee safety suggestions.
8. Assess the effectiveness of the Department's efforts to meet the mandates for bloodborne pathogens (Tex. Health & Safety Code § 81.303).

974.5 HAZARD ASSESSMENT

Safety inspections are crucial to a safe work environment. These inspections identify and evaluate workplace hazards and permit mitigation of those hazards. The Administration Division Commander should be responsible for these safety inspections.

In addition, the Administration Division Commander may contact the Occupational Safety and Health Consultation Program (OSHCON) for additional on-site consultations as necessary to satisfy agency needs. A consultation with OSHCON can be scheduled by filling out an online request at the Texas Department of Insurance website (https://wwwapps.tdi.state.tx.us/inter/perlroot/sasweb9/sasr/oshconrequest.html).

974.5.1 PATROL OFFICERS INSPECTION DUTIES

Officers are charged with daily vehicle inspection of an assigned vehicle and of personal protective equipment prior to working in the field. Officers should notify their supervisor if an unsafe condition cannot be immediately corrected.

974.5.2 SUPERVISOR ASSESSMENT DUTIES

Supervisors should inform the Administration Division Commander when the following occurs:

- New substances, processes, procedures or equipment that present potential new hazards are introduced into the work environment.
- New, previously unidentified hazards are recognized.
- Occupational injuries and illnesses occur.
- New and/or permanent or intermittent workers are hired or reassigned to processes, operations or tasks for which a hazard evaluation has not been previously conducted.
- Whenever workplace conditions warrant an inspection.

The Administration Division Commander should take appropriate action to ensure the IIPP addresses potential hazards upon such notification.

974.6 ACCIDENT/EXPOSURE INVESTIGATIONS

Any employee sustaining any work-related injury or illness, as well as any employee who is involved in any accident or hazardous substance exposure while on-duty should report such event as soon as practicable to his/her supervisor. Employees observing or learning of a potentially hazardous condition are to promptly report the condition to their immediate supervisor.

A supervisor receiving such a report should personally investigate the incident or ensure that an investigation is conducted. Investigative procedures for workplace accidents and hazardous substance exposures should include:

- A visit to the accident scene as soon as possible.
- An interview of the injured worker and witnesses.
- An examination of the workplace for factors associated with the accident/exposure.
- Determination of the cause of the accident/exposure.
- Corrective action to prevent the accident/exposure from reoccurring.
- A record of the findings and corrective actions taken should be documented on the appropriate form.

In conjunction with this investigation, the supervisor should proceed with the steps to report an on-duty injury as required by the On-Duty Injuries Policy (worker’s compensation) to avoid duplication and ensure timely reporting under that policy.

© 1995-2014 Lexipol, LLC

974.7 HAZARD CORRECTION

All employees should report and/or take reasonable steps to correct unsafe or unhealthy work conditions, practices or procedures in a timely manner. Employees should make their reports to a supervisor (as a general rule, their own supervisor).

Supervisors should make reasonable efforts to correct unsafe or unhealthy work conditions in a timely manner, based on the severity of the hazard. Hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering employees or property, supervisors should protect or remove all exposed workers from the area or item, except those who are necessary to correct the existing condition. Employees who are necessary to correct the hazardous condition should be provided with the necessary protection.

All significant actions taken and dates these actions are completed should be in the appropriate report, which should be forwarded to the Administration Division Commander via the chain of command.

974.8 TRAINING AND INSTRUCTION

The Administration Division Commander should work with the Training Coordinator to ensure that all workers, including supervisors, are trained on relevant safety topics and on general and job-specific workplace safety and health practices. Training should be provided as follows:

- To all new employees for those tasks that were not sufficiently covered by previous training from an academy or another training provider.
- To all workers given new job assignments for which training has not previously been provided.
- Whenever new substances, processes, procedures or equipment are introduced to the workplace and represent a new hazard.
- Whenever the Department is made aware of a new or previously unrecognized hazard.
- To supervisors to familiarize them with the safety and health hazards to which workers under their immediate direction and control may be exposed.
- To all workers with respect to hazards that are specific to each employee's job assignment.
- To provide an explanation of the IIPP, the Emergency Action Plan and the fire prevention plan; the measures for reporting any unsafe conditions, work practices and injuries; and the process for informing a supervisor when additional instruction is needed.
- Regarding the use of appropriate clothing, including gloves, footwear and personal protective equipment.
- To provide information about chemical hazards to which employees could be exposed.
- To provide information about the availability of toilet, hand-washing and drinking-water facilities.

- To provide information about provisions for medical services and first aid, including emergency procedures.
- To educate employees about the prevention of heat illness.

974.9 RECORD KEEPING

The Administration Supervisor should do the following to implement and maintain IIPP records:

(a) Make available an appropriate form to document inspections, any unsafe condition or work practice, and actions taken to correct unsafe conditions and work practices.

(b) Make available the appropriate form to document individual incidents or accidents.

(c) Develop an appropriate form to document the safety and health training of each employee. This form should include the employee's name or other identifier, training dates, type of training and training providers.

(d) Retain inspection records and training documentation for a minimum of one year.

Employees shall not copy or duplicate any copyrighted and/or licensed software except for a single copy for backup purposes. To reduce the risk of an agency computer virus infection, employees are not permitted to install personal copies of any software onto the agency's computers. If an employee must copy data onto a disk and download it on a non-agency computer, the employee shall scan the disk for viruses before reloading the data on an agency computer system.

No employee shall knowingly make, acquire or use unauthorized copies of computer software that is not licensed to the agency while on agency premises or on an agency computer system. The agency and individuals can be subject to civil damages per title copied, along with criminal penalties, including fines and imprisonment.

1000.6 PROHIBITED AND INAPPROPRIATE USE

Access to department technology resources, including Internet access provided by or through the Department, shall be strictly limited to department-related business activities. Data stored on or available through department systems shall only be accessed by authorized employees who are engaged in an active investigation, assisting in an active investigation or who otherwise have a legitimate law enforcement or department business-related purpose to access such data. Any exceptions to this policy must be approved by a supervisor.

An Internet site containing information that is not appropriate or applicable to department use and which shall not be intentionally accessed includes, but is not limited to, adult forums, pornography, chat rooms and similar or related web sites. Certain exceptions may be permitted with the approval of a supervisor as a function of an assignment.

Downloaded information shall be limited to messages, mail and data files. No copyrighted and/or unlicensed software program files may be downloaded.

Employees shall report any unauthorized access to the system or suspected intrusion from outside sources (including the Internet) to a supervisor.

1000.7 PROTECTION OF AGENCY SYSTEMS AND FILES

All employees have a duty to protect the system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care and maintenance of the system.

It is expressly prohibited for an employee to allow an unauthorized user to access the system at any time or for any reason.

Electronic Mail

1002.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the Department's electronic mail (e-mail) system by employees of this department. E-mail is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., Texas Public Information Act). Messages transmitted over the e-mail system must only be those that involve official business activities or contain information essential to employees for the accomplishment of business-related tasks, and/or communication directly related to the business, administration or practices of the Department.

1002.2 E-MAIL RIGHT OF PRIVACY

All e-mail messages, including any attachments, that are transmitted over department networks are considered department records and therefore are the property of the department. The Department reserves the right to access, audit or disclose, for any lawful reason, any message, including any attachment, that is transmitted over its e-mail system or that is stored on any department system.

The e-mail system is not a confidential system and therefore is not appropriate for confidential communications. If a communication must be confidential, an alternative method to communicate the message should be used instead of e-mail.

Employees using the department e-mail system shall have no expectation of privacy concerning communications transmitted over the system.

Employees should not use personal accounts to exchange e-mail or other information that is related to the official business of the Department.

1002.3 PROHIBITED USE OF E-MAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing or any other inappropriate messages on the e-mail system is prohibited and may result in discipline.

E-mail messages addressed to the entire department are only to be used for official business-related items that are of particular interest to all users. Users are reminded that all e-mail is subject to review and scrutiny with regard to appropriate content or violation of any prohibitions. In the event that a user has questions about sending a particular e-mail communication, the user should seek prior approval from the Chief of Police or a Division Commander. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user’s name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure will minimize the potential for misuse of an individual’s e-mail, name and/or password by others.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

1002.4 MANAGEMENT OF E-MAIL

Because the e-mail system is not designed for long-term retention of messages, e-mail that the employee desires to save or that becomes part of an official record should be printed and/or stored in another database. Users of e-mail are solely responsible for the management of their mailboxes. Messages should be purged manually by the user at least once per week. All messages stored in excess of one month will be deleted at regular intervals from the server computer.

1002.4.1 REGULAR USE OF E-MAIL

All department staff have assigned email addresses within the department for regular use of business communications. As a result, all staff are required to regularly check their email. When on duty, staff shall start their shift by checking their email and end their shift by checking their email. Email correspondence is frequently sent out by members of this department.

1002.4.2 STRICT PROHIBITED USE OF E-MAIL

No member of this department shall use department issued email accounts for personal matters. Staff shall not use department email for social media accounts or business accounts not directly used in the capacity of their job assignment. Violation of this policy could result in termination.

1002.5 CRIMINAL JUSTICE INFORMATION SERVICES (CJIS) INFORMATION OVER EMAIL

CJIS data in general can be defined as all TLET's recovered data, DL Photos, State Gang data, most all law enforcement only sensitive type data provided by a State or Federal law enforcement source. For more information on CJIS data, visit the FBI online at http://www.fbi.gov/about-us/cjis/ncic.

CJIS protected data shall not be disseminated over the department internet email system unless the following practices are followed:

(a) Use Microsoft Office Word version 2007 or newer and cut and paste your data into that Word document. Then click on the blue "File" tab. You will then see three medium size boxes in the middle. You will click on the "Protect Document" box and then select "encrypt with a password" in the drop-down list. Set your password and save the document. (A good password should have eight characters comprised of letters, upper and lowercase, numbers, and a symbol.)

(b) Next, attach the encrypted document to an email and send it off.

(c) Lastly, you will have to communicate the password to the document in a separate email or over the phone to the recipient.

Any electronic online communication of CJIS protected data outside the guidelines of this policy, shall be a violation of this policy.

Personal Communication Devices

1006.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCD) but is intended to include all mobile telephones, personal digital assistants (PDA) and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, e-mailing, using video or camera features, playing games and accessing sites or services on the Internet.

1006.2 POLICY

The Aransas Pass Police Department allows employees to utilize department-issued PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, employees are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the employee and the employee's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Employees who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

1006.3 PRIVACY POLICY

Employees shall have no expectation of privacy with regard to any communication made with or stored in or through PCDs issued by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities. The use of any department-provided or -funded PCD, computer, Internet service, telephone service or other wireless service while on-duty is without any expectation of privacy that the employee might otherwise have in any communication, including the content of any such communication. Communications or data reception on personal, password-protected, web-based e-mail accounts and any other services are subject to monitoring if department equipment is used.

In accordance with this policy, supervisors are authorized to conduct a limited administrative search of electronic files, without prior notice, consent or a search warrant, on department-issued or personally owned PCDs that have been used to conduct department-related business. Administrative searches can take place for work-related purposes that may be unrelated to investigations of employee misconduct and, as practicable, will be done in the presence of the

Adoption Date: 2014/11/07

affected employee. Prior to conducting any search of personally owned devices, supervisors shall consult with the Chief of Police. All such searches shall be fully documented in a written report.

1006.4 DEPARTMENT-ISSUED PCD

Depending on an employee's assignment and the needs of the position, the Department may, at its discretion, issue a PCD. Department-issued PCDs are provided as a convenience to facilitate on-duty performance only. Such devices and the associated telephone number shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless an employee is expressly authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

1006.5 PERSONALLY OWNED PCD

Employees may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

(a) Carrying a personally owned PCD is a privilege, not a right.

(b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.

(c) Employees shall promptly notify the Department in the event the PCD is lost or stolen.

(d) The PCD and any associated services shall be purchased, used and maintained solely at the employee's expense.

Except with prior express authorization from their supervisor employees are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If an employee is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements, or if the employee has prior express authorization from his/her supervisor, the employee may engage in business-related communications. Should employees engage in such approved off-duty communications or work, employees entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Employees who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate record keeping.

1006.6 USE OF PERSONAL COMMUNICATION DEVICES

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

(a) A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

(b) All PCDs in the workplace shall be set to silent or vibrate mode.

(c) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Employees shall endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.

(d) Employees may use a PCD to communicate with other personnel in situations where the use of the radio is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid or in lieu of regular radio communications.

(e) Officers are prohibited from taking pictures, video or making audio recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.

(f) Employees will not access social networking sites for any purpose that is not official department business.

(g) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any employee having knowledge of such conduct shall promptly notify a supervisor.

1006.7 SUPERVISORY RESPONSIBILITIES

Supervisors should ensure that members under their command are provided appropriate training on the use of PCDs consistent with this policy. Supervisors should monitor, to the extent practicable, PCD use in the workplace and take prompt corrective action if an employee is observed or reported to be improperly using a PCD. An investigation into improper conduct should be promptly initiated when circumstances warrant.

If, when carrying out any provision of this policy, the need to contact an employee who is off-duty arises, supervisors should consider delaying the contact, if practicable, until the employee is on-duty as such contact may be compensable.

1006.8 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, employees who are operating non-emergency vehicles should not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use. Hands-free use should be restricted to business-related calls or calls of an urgent nature.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

1006.9 OFFICIAL USE

Employees are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, employees shall conduct sensitive or private communications on a land-based or other department communications network.

The following situations are examples of when the use of a PCD may be appropriate:

(a) Barricaded suspects

(b) Hostage situations

(c) Mobile Command Post

(d) Catastrophic disasters, such as plane crashes, earthquakes, floods, etc.

(e) Major political or community events

(f) Investigative stakeouts

(g) Emergency contact with an allied agency or allied agency field unit

(h) When immediate communication is needed and the use of the radio is not available or appropriate and other means are not readily available

Concealed Handgun License

1008.1 PURPOSE AND SCOPE

The Director of the Department of Public Safety (DPS) is given the statutory discretion to issue a license to carry a concealed handgun to residents within the state. This policy will provide a guide for handling incidents involving a Concealed Handgun License (CHL) and a written process for the revocation or suspension of such licenses (Tex. Gov't Code § 411.186, 411.187).

1008.2 CONTACT OF A CONCEALED HANDGUN LICENSE HOLDER

An officer, acting in the lawful discharge of his/her official duties, is authorized to disarm a (CHL) holder any time when the officer has a reasonable belief that it is necessary for the protection of him/herself, the license holder or others. However, during routine contacts it is preferred to avoid such action (Tex. Gov't Code § 411.207).

(a) During traffic stops and contacts officers should:

1. Follow the seven-step violator contact.
2. If the driver advises he/she is a CHL holder, ask if he/she are currently carrying a handgun and where the handgun is located.
3. Caution the driver not to reach for, touch or display the weapon unless requested to do so.
4. Recognize that a CHL holder need not identify him/herself as a CHL holder if no handgun is in his/her possession.
5. Complete the traffic stop or contact in a normal manner unless there is reasonable need to disarm the CHL holder.

(b) During a response to a disturbance, officers should:

1. Ascertain during the initial contact if any of the parties present or involved in the incident are CHL holders and if they currently are in possession of a handgun.
2. Remove any handgun from the scene as safely and quickly as possible.
3. Assess and respond to violations of the CHL laws by a CHL holder who is involved in a disturbance, assault or similar situation or incident.

(c) Disarming a CHL Holder:

1. If an officer decides to disarm a CHL holder, it should be done in the safest, but least intrusive manner possible. Simply having the CHL holder move away from the location of a handgun should suffice in most situations. The less a gun is handled the less chance there is of an accidental discharge.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

2. In the case of a traffic stop, the best practice should be to place the weapon in the trunk of the licensee's vehicle if the officer is not comfortable having the handgun left in the passenger compartment.

1008.3 ARRESTED PERSONS

When a person is arrested for any offense that would qualify for suspension or revocation of a CHL under Texas Concealed Handgun Laws, a check shall be conducted to determine whether he/she has been issued a CHL. The arresting officer shall ensure that a check for a CHL be conducted regardless of whether the arrested person was in possession of a license or a handgun at the time of the arrest.

Offenses that qualify for suspension or revocation include:

- Any felony
- Any class A or B misdemeanor
- Any class C misdemeanors involving violence, assault, disorderly conduct or similar behavior.

Any handgun or CHL in possession of a person arrested for a qualifying offense shall be seized as evidence and booked into property (Tex. Gov't Code § 411.206).

If the offense does not qualify for suspension or revocation of a CHL and the arrested person holds a valid CHL, any handgun found in possession of the arrested person shall be placed into property for safekeeping.

1008.4 REVOCATION OF LICENSES

(a) An officer may request revocation of a CHL for any of the following reasons (Tex. Gov't Code § 411.186):

1. The licensee has violated any of the restrictions or conditions placed upon the license.
2. The licensee was not entitled to the license at the time it was issued.
3. The licensee gave false information on the application.
4. The license holder becomes ineligible for a license under Tex. Gov't Code § 411.172, unless the sole basis for ineligibility is that the license holder is charged with the commission of a Class A or Class B misdemeanor or an offense under Tex. Penal Code § 42.01, or of a felony under an information or indictment.
5. The license holder is convicted of an offense under Tex. Penal Code § 46.035.
6. The license holder engaged in conduct constituting a reason to suspend a license listed in Tex. Gov't Code 411.187(a) after the person's license has been previously suspended twice for the same reason.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

7. The licensee submitted an application fee that was not honored or reversed.

(b) If an officer believes there is reason to revoke the license, the officer shall:

1. Prepare an affidavit on form CR-88 provided by DPS stating the reason(s) for revocation.
2. Attach all related reports to the affidavit.
3. Submit the forms and reports to DPS no later than the fifth working day after the date the form is prepared.
4. Send a copy of the form and attachments to the licensee.

1008.5 SUSPENSION OF LICENSE

(a) An officer may request suspension of a CHL for any of the following reasons (Tex. Gov't Code § 411.187):

1. The license holder is charged with the commission of a Class A or Class B misdemeanor or an offense under Tex. Penal Code § 42.01, or of a felony under an information or indictment.
2. The license holder fails to notify the Department of a change of address or name, as required by Tex. Gov't Code § 411.181.
3. The license holder carries a concealed handgun under the authority of Tex. Gov't Code § 411.187 of a different category than the license holder is licensed to carry.
4. The license holder fails to return a previously issued license after a license is modified, as required by Tex. Gov't Code § 411.184(d).
5. The license holder commits an act of family violence and is the subject of an active protective order rendered under Title 4, Tex. Family Code.
6. The license holder is arrested for an offense involving family violence or an offense under Tex. Penal Code § 42.072, and is the subject of an order for emergency protection issued under Tex. Code of Crim. Pro. § 17.292.

(b) If an officer believes there is reason to suspend the license, the officer shall:

1. Prepare an affidavit on form CR-81 provided by DPS stating the reason(s).
2. Attach all related reports to the affidavit.
3. Submit the forms and reports to DPS no later than the fifth working day after the date the form is prepared.
4. Send a copy of the form and attachments to the licensee.

Retired Officer Concealed Handgun Licenses and WeaponsProficiency Certificates

1010.1 PURPOSE AND SCOPE

The purpose of this policy is to clarify the duties of the Aransas Pass Police Department that apply to officers who wish to carry a concealed handgun upon retirement. There are three statutory schemes by which a retiree may carry a concealed handgun, and each scheme carries its own independent authority. Each is addressed separately to ensure clarity, as qualifying retirees may seek to carry a concealed handgun under any of the applicable schemes.

1010.1.1 SUMMARY OF STATUTORY SCHEMES

The statutes which allow a retiree to carry a concealed handgun are summarized as follows:

(a) **Tex. Gov't. Code § 411.199** - An officer who was employed full time as a peace officer may apply for a concealed handgun license directly to the Department of Public Safety at any time after retirement. The Aransas Pass Police Department shall allow a retired officer an opportunity to annually demonstrate the required proficiency and report as required to the Department of Public Safety.

(b) **Tex. Occ. Code § 1701.357** - The Aransas Pass Police Department may allow an honorably retired officer with 15 years of service or more an opportunity to demonstrate weapons proficiency. The retiree may be able to carry a concealed handgun in Texas provided he/she meets all requirements under the authority of this section and Tex. Penal Code § 46.15.

(c) **18 USC § 926C** - The United States Code (federal law) carries its own authority for allowing former peace officers to carry concealed handguns in Texas and other states.

1010.2 LICENSURE UNDER TEX. GOV'T. CODE CHAPTER 411

1010.2.1 QUALIFIED RETIREES

Any honorably retired full-time sworn officer of this department, who was authorized to, and did, carry a firearm during the course and scope of employment, may apply for a concealed handgun license to the Department of Public Safety (Tex. Gov't Code § 411.199). Honorably retired includes all peace officers who were eligible to receive a service or disability pension or annuity, but shall not include any officer who retired in lieu of termination. No concealed handgun license shall be issued by the Department of Public Safety to any officer who retired because of a psychological disability.

The chief of police may disqualify an individual from receiving honorably retired status with proper cause.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

1010.2.2 CARRYING A FIREARM
An honorably retired officer eligible to sustain the honorably retired status, does not need a CHL license to carry a firearm. The honorably retired officer shall maintain a current copy of his/her firearms qualification form on hand while carrying a firearm.

1010.2.3 APPLICATION PROCESS
An honorably retired officer should apply directly to the Department of Public Safety to obtain a concealed handgun license under this statute.

The Administration Supervisor will ensure that the required statement regarding a retiree is submitted upon request, to the Department of Public Safety, pursuant to Tex. Gov't Code § 411.199, and includes, but is not limited to:

(a) Name and rank of the retiree.

(b) Status of the retiree prior to retirement.

(c) Whether the retiree was accused of misconduct at the time of retirement.

(d) Physical and mental condition of the retiree.

(e) Type of weapon the retiree had demonstrated proficiency with during the last year of employment.

(f) Whether the retiree is eligible for rehire, and if not, why not.

(g) Recommendation of the Chief of Police regarding issuance of a license to a retiree.

The Armorer will ensure that a retiree applying to the Department of Public Safety for a concealed handgun license be allowed reasonable opportunity to annually demonstrate the required proficiency under Tex. Gov't Code § 411.199(e). The Armorer will also ensure that the results are properly reported to the Department of Public Safety.

1010.3 LICENSURE UNDER TEX. OCC. CODE CHAPTER 1701

1010.3.1 QUALIFIED RETIREES
Under Texas Occ. Code § 1701.357, retired officers from the Aransas Pass Police Department may apply to the Administration Supervisor for an identification card and a weapons proficiency certification. The Administration Supervisor will ensure that the required application and supporting affidavit from the retiree are in order and that the request otherwise complies with Tex. Occ. Code § 1701.357.

The Armorer will ensure that a retiree applying for a weapons proficiency certification under this section be allowed reasonable opportunity to demonstrate the required proficiency under Tex. Occ. Code § 1701.357 every two years. The Armorer will also ensure that the results are properly reported to the Administration Supervisor.

The Administration Supervisor is responsible for issuing department identification cards with weapons proficiency endorsements. It is the responsibility of the retiree and the retiree alone to

© 1995-2014 Lexipol, LLC

ensure that he/she is complying with Tex. Penal Code § 46.15 and other relevant state laws when carrying a concealed handgun in Texas.

The Chief of Police may develop a process to issue proficiency certifications to retirees from other agencies by following the relevant portions of Tex. Occ. Code § 1701.357.

1010.3.2 APPLICATION PROCESS

A retired officer of the Aransas Pass Police Department must provide a sworn affidavit to the Administration Supervisor in order to apply for a proficiency certification under this section (Tex. Occ. Code § 1701.357). The retiree must submit a new affidavit each time he/she requests a new weapons proficiency certification. The sworn affidavit shall state that:

(a) The officer honorably retired after not less than a total of 15 years of service as a commissioned officer with one or more state or local law enforcement agencies.

(b) The officer's license as a commissioned officer was not revoked or suspended for any period during the officer's term of service as a commissioned officer.

(c) The officer has no psychological or physical disability that would interfere with the officer's proper handling of a handgun.

(d) The form must contain a signature of approval from the Chief of Police or his designee.

1010.4 18 USC 926C

Subject to 18 USC § 926C, qualified former officers of this department may be authorized to carry a concealed handgun in Texas and other states. The Administration Supervisor will allow former officers who are qualified under this code and who request it an opportunity to obtain a weapons proficiency certification.

The Armorer will ensure that a retiree applying for a weapons proficiency certification under this section be allowed reasonable opportunity to demonstrate the required proficiency annually. The Armorer will also ensure that the results are properly reported to the Administration Supervisor.

It is the responsibility of the retiree and the retiree alone to ensure that he/she is complying with 18 USC § 926C and other relevant state laws before carrying a concealed handgun in Texas or any another state.

1010.5 IDENTIFICATION CARDS AND WEAPONS PROFICIENCY CERTIFICATES

The Administration Supervisor is responsible for issuing identification cards and weapons proficiency certificates to qualifying retirees. The identification card issued to any qualified and honorably retired officer shall be at least 2 inches by 3 inches and contain the following (Tex. Gov't Code § 614.123):

(a) The full name of the honorably retired peace officer

(b) The name “Aransas Pass Police Department” prominently displayed

(c) The signature of the person authorizing the issuance of the card

(n) If applicable, a notation that, “This person qualifies as an honorably retired peace officer under Tex. Occ. Code § 1701.357” (Tex. Penal Code § 46.15)

1010.6 DENIAL, REVOCATION OR SUSPENSION OF CONCEALED HANDGUN LICENSEOR DEPARTMENT WEAPONS PROFICIENCY CERTIFICATION

The concealed handgun license for any officer retired from this department may be denied, revoked or suspended upon a showing of good cause. Good cause, if challenged, shall be determined in the following manner (Tex. Gov't Code § 411.180):

(a) In the event that a CHL is initially denied, the retired officer shall have 30 days from the date of denial to submit a written request for a hearing.

(b) A hearing may be scheduled in the justice court of the county where the retired officer resides and must be held within 60 days. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right (Tex. Gov't Code § 411.180(g)).

(c) A party adversely affected by the justice court's ruling may appeal the ruling to the county court within 30 days (Tex. Gov't Code § 411.180(e)).

1010.6.1 DENIAL, REVOCATION OR SUSPENSION OF A CONCEALED HANDGUN LICENSE ISSUED BY THE DEPARTMENT OF PUBLIC SAFETY

The denial or revocation of a retiree's concealed handgun license is handled by the Department of Public Safety. Any employee of the Aransas Pass Police Department who is informed or believes that the retiree may not qualify for a concealed handgun license obtained from the Department of Public Safety should notify a supervisor promptly. The supervisor should forward the information

© 1995-2014 Lexipol, LLC

to the Administration Supervisor. The Administration Supervisor should investigate and forward relevant information to the Department of Public Safety (Tex. Gov't Code § 411.186).

1010.6.2 DENIAL OR REVOCATION OF A WEAPONS PROFICIENCY CERTIFICATE ISSUED BY THE ARANSAS PASS POLICE DEPARTMENT

Tex. Occ. Code § 1701.357(c) mandates that an agency establish written procedures for the denial of a certificate of proficiency. A weapons proficiency endorsement under Tex. Occ. Code § 1701.357 for any officer retired from this department may be denied or revoked upon a showing of good cause. (This process relates only to weapons certifications issued under this code and does not relate to concealed handgun licenses issued by the Department of Public Safety).

A weapons proficiency certification issued by the Aransas Pass Police Department may also be immediately revoked by the Shift Commander when the conduct of a retired peace officer compromises public safety. Good cause exists when the retiree has submitted a false affidavit or has a psychological or physical disability that would interfere with the ability of the retiree to properly handle a handgun. Good cause, if challenged, shall be determined in the following manner:

(a) In the event that weapons proficiency is initially denied, the retired officer shall have 15 days from the date of denial to request a formal hearing. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right. The hearing should, absent written agreement between the parties, be held no later than 120 days after the request by the retired officer for a hearing is received.

(b) Prior to revocation of any weapons proficiency certification, the Department shall provide the affected retiree with written notice of a hearing by either personal service or first class mail, postage prepaid, return receipt requested, to the retiree's last known address.

1. The retiree shall have 15 days from the date of service to file a written request for a hearing.
2. The hearing shall, absent written agreement between the parties, be held no later than 120 days after the request by the retired officer for a hearing is received.
3. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right.
4. The hearing for the denial or revocation of any weapons proficiency certification shall be conducted before an impartial hearing officer.
5. The decision of such hearing officer shall be binding on the Department and the retiree.
6. Any retiree who waives the right to a hearing or whose weapons certification has been revoked at a hearing shall immediately surrender his/her identification card. The Department will then reissue a new identification card, which shall be stamped #No Weapons Proficiency.#

© 1995-2014 Lexipol, LLC

(c) Employees who have reason to suspect that a retiree has psychological or physical disability that would interfere with the retiree's proper handling of a handgun should notify the Shift Commander as soon as practical. The Shift Commander should take the following steps:

1. Promptly investigate the matter.
2. If warranted, contact the retiree in person and advise him/her in writing that:
    (a) His/her weapons proficiency endorsement is immediately and temporarily revoked.
    (b) The retiree shall have 15 days to respond and request a hearing to determine if the temporary revocation should become permanent.
    (c) If the retiree fails to request a hearing within the 15-day period, the retiree will forfeit the right to a hearing and the weapons proficiency endorsement will be permanently revoked.

(d) In the event that personal contact with the retiree cannot be achieved in a reasonably timely manner, the Shift Commander should attempt to make the above notice of temporary suspension through another peace officer. For example, if a retiree is arrested or detained by a distant agency, the Shift Commander may request that a peace officer of that agency act as the department's agent to deliver the written notification.

(e) Notification of the temporary suspension should also be promptly mailed to the retiree via first class mail, postage prepaid, return receipt requested.

(f) The Shift Commander should document in a memo the investigation, actions taken and, if applicable, any notification made to the retiree. The memo should be forwarded to the Chief of Police.

1010.7 RETENTION OF RECORDS

Records pertaining to the issue of a concealed handgun license shall be maintained pursuant to the requirements of any other personnel record.

1011.3.1 BEST PRACTICES TO INSURE CJI SECURITY

- Periodically check to ensure Servers/Terminals/MDTs connected to the CJIS network are receiving the latest updates in regards to the Operating System & Antivirus software; ensure personal firewalls are enabled on MDTs; ensure Sessions are locked within thirty (30) minutes on non-dispatch Terminals. Take appropriate action if required.
- Periodically check physically secure location(s) to ensure safeguards such as locks are in working order; Doors are closed & properly secured; Terminals are not viewable by unauthorized personnel. Take appropriate action if required.
- Periodically check to ensure that all network components (routers, firewalls, switches) that process CJIS information are still supported by the manufacturer. If warranties/contracts are in place, ensure they are valid and not out of date. Take appropriate action if required.

- Periodically check pertinent documents to ensure they are up to date. Take appropriate action such as making editing changes or replacement if required
- Validate information system accounts at least annually and keep documentation.

1011.3.2 CJIS SECURITY INCIDENT HANDLING, RESPONSE PLAN

TLETS Security Incident Response Plan - There has been an increase in the number of accidental or malicious computer attacks against both government and private agencies, regardless of whether the systems are high or low profile. The following establishes an operational incident handling procedure for The Aransas Pass Police Department CJIS, TCIC/NCIC, and TLETS information systems that includes adequate preparation, detection, analysis, containment, recovery, and user response activities; track, document, and report incidents to appropriate Police Department personnel, TCIC agency officials and/or authorities. The LASO is the department's point-of-contact for security-related issues and will ensure the incident response reporting procedures are initiated at the local level.

As the criminal justice community becomes more dependent on global network technology, the reasons for the attacks can be accidental or malicious. The effects of these intrusions can range from embarrassment, to causing the inability to function, to the loss of human life. Because incidents can have many possible consequences that range from slight to catastrophic, priorities must be considered when evaluating and processing incidents. The following five priorities should be evaluated when an incident occurs:

Priority 1 - Protect human life and people's safety.

Priority 2 - Protect classified data.

Priority3 - Protect Sensitive But Unclassified data.

Priority 4 - Prevent damage to systems (e.g., loss or alteration of system software and files, damage to disk drives, etc.).

Priority 5 - Minimize disruption of computing resources.

Reporting Information Security Events - The department will promptly report incident information to appropriate authorities. Information security events and weaknesses associated with information systems shall be communicated in a manner allowing timely corrective action to be taken. Formal event reporting and escalation procedures shall be in place. Wherever feasible, the department will use email to expedite the reporting of security incidents. All Dispatchers will be made aware of the procedures for reporting the different types of event and weakness that might have an impact on the security of agency assets and are required to report any information security events and weaknesses as quickly as possible to the Support Services Supervisor. Reporting Procedures for Suspected and Actual Security Breaches:

- If you become aware of any policy violation or suspect that your password may have been used by someone else, first, change your password and, then, report the violation immediately to the Department's LASO.

Virus Reporting Procedures and Collection of Security Incident Information:

- Upon identifying a problem, disconnect the TLETS coax cable from the TLETS Hughes modem or notify personnel that have access the modem.
- Notify your appropriate Chain-of-Command.
- Notify the Local Agency Security Officer.
- Notify the TLETS Operations Intelligence Center (OIC) at 1-888-DPS-OIC0 (1-888-377-6420)
- Identify who will run your traffic in the meantime while you fix the problem.
- Compile information for completing an Information Security Response Form
- Suspected cause for incident (Name, virus, etc.)
- Was Antivirus software running at the time of infection?
- How and when the problem was first identified?
- Has Local IT staff been notified/are they involved?
- Number of workstations infected?
- Any other equipment infected?
- Action plan for removal.
- Will infected workstations be re-imaged before reconnection?
- When was the last update of signature files?
- When was the last operating system update?
- Was any CJIS data or personnel identification information compromised?
- The TLETS system will remain disconnected from TLETS until the LASO can guarantee your systems are free from virus infection.
- Once free from infection and given clearance by the CJIS Security Group on-call person, the system can be reconnected to TLETS and NLETS.

1011.4 ACOUNT MANAGEMENT

This agency shall manage information system accounts, including establishing, activating, modifying, reviewing, disabling, and removing accounts. This agency shall validate information system accounts at least annually and shall document the validation process. The validation and documentation of accounts can be delegated to local agencies.

Account management includes the identification of account types (i.e., individual, group, and system), establishment of conditions for group membership, and assignment of associated authorizations. This agency shall identify authorized users of the information system and specify access rights/privileges.

This agency shall grant access to the information system based on:

- Valid need-to-know/need-to-share that is determined by assigned official duties.
- Satisfaction of all personnel security criteria.

This agency responsible for account creation shall be notified when:

- A user's information system usage or need-to-know or need-to-share changes.
- A user is terminated or transferred or associated accounts are removed, disabled, or otherwise secured.

1011.5 ALL 802.11X WIRELESS PROTOCOLS

This agency shall follow the following protocol to insure security of wireless access points.

- Perform validation testing to ensure rogue APs (Access Points) do not exist in the 802.11 Wireless Local Area Network (WLAN) and to fully understand the wireless network security posture.
- Maintain a complete inventory of all Access Points (APs) and 802.11 wireless devices.
- Place APs in secured areas to prevent unauthorized physical access and user manipulation.
- Test AP range boundaries to determine the precise extent of the wireless coverage and design the AP wireless coverage to limit the coverage area to only what is needed for operational purposes.
- Enable user authentication and encryption mechanisms for the management interface of the AP.
- Ensure that all APs have strong administrative passwords and ensure that all passwords are changed in accordance CJIS policy.
- Ensure the reset function on APs is used only when needed and is only invoked by authorized personnel. Restore the APs to the latest security settings, when the reset functions are used, to ensure the factory default settings are not utilized.
- Change the default service set identifier (SSID) in the APs. Disable the broadcast SSID feature so that the client SSID must match that of the AP. Validate that the SSID character string does not contain any agency identifiable information (division, department, street, etc.) or services.
- Enable all security features of the wireless product, including the cryptographic authentication, firewall, and other privacy features.
- Ensure that encryption key sizes are at least 128-bits and the default shared keys are replaced by unique keys.

Adoption Date: 2014/11/07
© 1995-2014 Lexipol, LLC

- Ensure that the ad hoc mode has been disabled unless the environment is such that the risk has been assessed and is tolerable. Note: some products do not allow disabling this feature; use with caution or use different vendor.
- Disable all nonessential management protocols on the APs and disable hypertext transfer protocol (HTTP) when not needed or protect HTTP access with authentication and encryption.
- Enable logging (if supported) and review the logs on a recurring basis per local policy. At a minimum logs shall be reviewed monthly.
- Segregate, virtually (e.g. virtual local area network (VLAN) and ACLs) or physically (e.g. firewalls), the wireless network from the operational wired infrastructure. Limit access between wireless networks and the wired network to only operational needs.
- When disposing of access points that will no longer be used by the agency, clear access point configuration to prevent disclosure of network configuration, keys, passwords, etc.

1011.5.1 WIRELESS ACCESS RESTRICTIONS

No one is permitted to connect a personal devices or a public accessible devices to any wireless access point (WAP) that is connected to any criminal justice information network. These wireless access points can only be utilized from department issued devices, by authorized personnel and only for criminal justice purposes.

1011.6 LOCAL AGENCY SECURITY OFFICER (LASO)

- Identify who is using the CSA approved hardware, software, and firmware and ensure no unauthorized individuals or processes have access to the same.
- Identify and document how the equipment is connected to the state system.
- Ensure that personnel security screening procedures are being followed as stated in this policy.
- Ensure the approved and appropriate security measures are in place and working as expected.
- Support policy compliance and ensure CSA ISO is promptly informed of security incidents.

1011.7 DISPOSAL OF PHYSICAL MEDIA

Physical media shall be securely disposed of when no longer required, using formal procedures. Formal procedures for the secure disposal or destruction of physical media shall minimize the risk of sensitive information compromise by unauthorized individuals. Physical media shall be destroyed by shredding or incineration. Agencies shall ensure the disposal or destruction is witnessed or carried out by authorized personnel.
